Is the article which gives freshness and bloom to the complexion, such as cannot be produced by any other cosmetic now in use. No lady should be without it.
Price, 50 cents; for sale by apothecaries generally. Dr. G. B. Faustein,
Sole Agent for the United States.
No. 6 Tremont St., Boston. Room No 3.

TO THE LADIES.
Miss GUILD offers to the public her superior Crystal Palace Chart for CUTTING DRESSES, which is conceded by competent judges to surpass any invention of the kind ever offered to the American public. She feels fully warranted in saying that it is as perfect a fit as human ingenuity can render it, and should be in the possession of every lady. It is simple, easy, and graceful, adapted to all every form and size, from little girls of seven years to the largest adults. Directions printed in full on every Chart. None genuine unless the Crystal Palace is engraved on it, and the address of the inventress printed. Copyright secured, and no infringement allowed.
Agents are wanted in every part of the country. This Chart will be sent to any person on receipt of $2 addressed to
Miss LUCY GUILD, Rupert, Vt.
Ladies wishing a tape measure must inclose 16 cents extra.
Miss Guild warns people from buying, selling or using a chart called the National Chart by Miss Jane Eddy, Nashua, N. H., as it is an infringement of her copyright. Any person printing, selling or using the counterfeit chart will be prosecuted according to law. One Albert J. Warden has been extensively engaged in selling the counterfeit chart, and is supposed to be the perpetrator of the forgery. Any information leading to his arrest will be liberally rewarded.

NEW ADVERTISEMENTS.

VINELAND
FARM AND FRUIT LANDS,
In a mild and healthful climate. Thirty miles south of Philadelphia by Railroad, in New Jersey, on the same line of latitude as Baltimore, Md.
The soil is rich and *productive*, varying from a clay to a sandy loam. Adapted for Wheat, Grass Corn, Tobacco, Fruits and Vegetables. This is a *great fruit country*. Five hundred Vineyards and Orchards are now planted out by experienced fruit-growers. Grapes, Peaches, Pears, &c., produce immense profits. Vineland is already one of the most beautiful places in the United States. The entire territory, consisting of fifty square miles of land, is laid out upon a general system of improvements. The land is only sold to actual settlers with provision for public adornment of the place, on account of its great beauty, as well as other advantages, has become *the resort of people of taste*. It has increased 1500 inhabitants within the past three years. Churches, Stores, Schools, Academies, Societies of Art and Learning, and other elements of refinement and culture have been introduced. Hundreds of people are constantly settling. Hundreds of new houses are being constructed. Price of Farms, twenty acre lots and upward, $25 per acre. Five and ten acre lots, $30 per acre.
Fruits and Vegetables ripen earlier in this district than in any other locality north of Norfolk, Va. Improved places for sale.
Opening for all kinds of business. Lumber Yards, Manufactories, Foundries, Stores and the like; and Steam Power, with room, can be rented.
For persons who desire a mild and beautiful climate, and a good soil, in a country beautifully improved, abounding in fruits, and possessing all other social advantages, in the heart of civilization, it is worthy of a visit.
Letters answered, and the Vineland Rural, a paper giving full information, and containing Reports of Solon Robinson, sent to applicants.
Address CHAS. K. LANDIS, Vineland P. O., Landis Township, New Jersey.
From Report of Solon Robinson, Agricultural Editor of The Tribune: *It is one of the most scientific forlie tracts, in an almost temperate zone, and suitable condition for pleasant farming that we know of this side of the Western Prairies.* nl—dawGm

THE LIGHT OF THE WORLD.
DR. MAGGIEL'S
PILLS AND SALVE.
These Life-giving remedies are now, for the first time, given publicly to the world. For over a quarter of a century of private practice the ingredients in these
Life-giving Pills!
Have been used with the greatest success. Their mission is not only to prevent disease, but to cure. They search out the various maladies by which the patient is suffering, and re-invigorate the failing system. To the aged and infirm a few doses of these valuable PILLS will prove to be
A Very Fountain of Youth,
For in every case they add new life and vitality, and restore the waning energies to their pristine state. To the young and middle-aged, they will prove most invaluable, as a ready, specific, and sterling medicine. Here is a dream realized, that Ponce-de-Leon sought for three hundred years ago, and never found. He looked for a fountain that would restore the old to youth and make youth ever
AN ETERNAL SPRING!
It was left for this day and hour to realize the dream, and show, in one glorious fact, the magic that made it fair.
These Famous Remedies
Cannot stay the flight of years, but they can force back and hold aloof, diseases that might triumph over the aged and the young. Let none hesitate then, but seize the favorable opportunity that offers. When taken it proceeds—
FOR BILIOUS DISORDERS
Nothing can be more productive of cure than these Pills. Their action upon the system is felt at once; and the usual concomitants of this most distressing disease are removed. These remedies are made from the purest
VEGETABLE COMPOUNDS.
They will not harm the most delicate female, and can be given with good effect in prescribed doses to the youngest babe.
For Cutaneous Disorders
And all eruptions of the skin, the SALVE is most invaluable. It does not heal externally alone, but penetrates with the same searching effects to the very root of the evil.

Morning Chronicle.

Portsmouth, N. H.

SATURDAY, FEBRUARY 24, 1866.

On Washington's Birth Day, Thursday, at Washington, President Johnson, who is ex-officio President of the Washington National Monument Association, presided at its annual meeting. He was addressed by Mr. Fendall, the Senior Vice President present, and he spoke at length in reply, alluding to what he styled the "impediments being thrown in the way of the restoration of States," and expressing his hope that good citizens would labor to bring back all of the States into the fold of the Union.

The Memorial Service in honor of Henry Winter Davis was held in the Representatives' Hall; speaker Colfax presiding, and the orator, Senator Creswell of Maryland, delivering a very fine address.

The great event of the day was the democratic matinee at Grover's Theatre, where was enacted for the first time, by a new and splendid company, the roaring farce entitled "Indorsing the "President." Republicans were not there, but there was a houseful of people.

If, (says the Boston Advertiser's reporter,) there were few heretofore known as promoters of the cause of the Union, there were many known of all men as promoters, a year and a half ago, of peace at any price. If there was a noticeable absence of men who have worn the army blue, there was also a noticeable presence of men who wore rebel gray. It it was not easy to find those who fought under the stars and stripes, it was not difficult to find those who fought under the stars and bars.

On the stage and in front were numerous invited guests. There was not among them a single republican, and but two men distinctively known as unionists,—viz., a German brigadier-general and Green Clay Smith. There were, however, Senators Saulsbury, McDougal, Riddle and Hendricks; Representatives Brooks, Rogers, Grider, Hogan, Kerr, Ritter, Boyer, Marshall, Coffroth, Nicholson, Eldridge, Trimble and Strouse; Frank Blair, senior, Montgomery Blair, S. S. Cox and Ex-Judge Dunlap; every man of them a democrat or copperhead. There were also about fifty of the leading democratic politicians of the city, and finally the son of Senator Doolittle. The son-in-law of the President, Judge Patterson, occupied one of the private boxes as an invited guest.

The play had been cast with Senators Dixon, Cowan and Doolittle and Representative Raymond in the principal parts, but, after the fashions of all "stars" these gentlemen are subject to sudden and convenient illness, and neither of them was on hand! But other persons spoke.

Mr. Rogers, the arrant copperhead congressman from New Jersey, closed his part with an attack on the tyranny of the Lincoln administration, which brought the German Brigadier-General from Indiana and Hancock's Corps to his feet in an indignant protest, which he uttered in broken English, to the accompaniment of cries from all parts of the house, "Put him out, Put him out, D—n the Dutchman, knock him down," &c. This affair was not down on the bills. It closed the performance, and left the management in an unpleasant predicament, from which they will probably try to recover by giving their German patrons free tickets for the next appearance of their company.

After this there was a great procession which went to the White House, and addressed the President, who responded in a very singular speech.

☞ In New York city, on Thursday evening, a meeting was held at the Cooper Institute under the following call:

The citizens of New York, who sustained the national authority in the war against the rebellion, who approve the general principles announced by the President in his annual message to Congress, and also in his recent veto message, and who earnestly desire to promote harmony in the public councils of the country, to the end that full constitutional relations between the Federal government and all the States in the Union may be speedily established, are invited to assemble at the Cooper Institute on Thursday evening.

Mr. Seward was the orator, and endorsed the President's Veto; but we do not see that he endorses the Veto *Message*, which is another thing. The speaker then went on to prove that there was actually no difference of importance between the President and Congress, however much it might seem otherwise. He said both have got the Union restored as originally planned. It should be without slavery, secession, or compromise, not with freedmen and refugees abandoned to suffering and persecutions, but with freedmen employed in the production of self-sustaining industry, with refugees under the protection of law and order. He was very severe on Congress, and said:

I feel sure that the loyal men from the new loyal States will sooner or later be admitted into this Congress or the next.—When this is done the process of restoration will be complete, for that is all that remains to be done.

Gold, Friday, 137 1-4. It is said the U. S. Government have large quantities of gold this day, with a view to keep gold from rising, in consequence of the President's talk and action.

— A butcher was frozen to death on Thursday, while buying cattle, three miles from Chicago.

NOTES OF FORMER DAYS.

Collected and Collated by Uncle Toby.

Hon. Pierce Long—Rev. Joseph Walton—President Washington's visit to Portsmouth, 1789.

Hon. Peirce Long, died in April, 1787; during the Revolution he commanded a regiment,—was a member of the Old Continental Congress,—and was frequently in the Legislature of the State of New Hampshire.

The Independent Society in Pitt street, Portsmouth, invited Mr. Joseph Walton to take the pastoral charge of their church and congregation. He accepted their call, and was ordained by the church without a Council, or any other assistance, on the 22d of September, 1789.

The Watch house, which stood on the ledge of rocks in Court street, was taken down and rebuilt on the school-house lot in Buck street, and the rocks were entirely removed.

October 30th, 1789, the President of the United States, on his northern tour, arrived in Portsmouth. He was met at the line of the State, by the President and Council of this State, the Marshal of the district, and a great number of gentlemen of distinction, who waited upon him to this place, escorted by Colonel Cogswell's regiment of cavalry. Colonel Wentworth's independent company of horse met him at Greenland, and joined the escort; at the plains the military officers were drawn up, under command of Major General Cilley, to salute him as he passed. At his entrance into the compact part of the town, he was saluted by the discharge of thirteen cannon, from three companies of artillery in complete uniform, under command of Colonel Hackett. Congress street, through which he passed, was lined with the citizens of the town, the several trades being arranged alphabetically. "The bells rang a joyful peal, and repeated shouts from grateful thousands, hailed their deliverer welcome" to the town. The windows and doors of the houses, which he passed, were crowded with ladies desirous of beholding the man, whom all delighted to honor. A federal salute was fired from the fort, the ships in the harbor were decorated with colors, and everything wore the face of joy.

On his arrival at the State house, President Sullivan and the Council introduced him to the Senate chamber, from the balcony of which, he gratified an immense crowd of spectators, who covered the parade and the ajacent buildings, and who had collected to pay him their profound respects. Whilst in this situation, several odes, composed for the occasion, were sung in a superior style, accompanied by a band of music. A large body of troops, under command of General Cilley, passed him in review, and he was then conducted to his lodgings by President Sullivan, the Marshal of the district, and several other gentlemen, escorted by a company of infantry under arms. In the evening the State house was brilliantly illuminated; thirteen rockets ascended from the balcony, and other fire-works added to the beauty of the scene.

On Sunday, President Washington attended divine worship at Queen's chapel in the morning, and at the North Meeting House, in the afternoon.

In the forenoon on Monday, accompanied by General Sullivan, the honorable Mr. Langdon, the Marshal of the district, and the Consul of France, he made an excursion down the harbor; the seamen, who rowed the barge in which the President went, were dressed in white, the other barge was rowed by seamen clothed in round blue jackets. The gentlemen composing the band followed at a short distance and performed several select pieces of music on the water.

The President landed at Kittery, in the district of Maine, and after a short stay, returned by way of Little Harbor, where he made a visit to Colonel Michael Wentworth, at the romantic seat of the late Governor Benning Wentworth, an abode of elegance and hospitality; from thence he proceeded to town by land. A committee of the town waited upon the President and presented him a congratulatory address, to which he returned an affectionate answer.

On Tuesday, an elegant entertainment was given by President Sullivan and his Council to the President of the United States. Many of the officers of Government the Clergy the bar, and other gentlemen of distinction were present. In the evening the gentlemen of the town gave a splendid ball, which the President honored with his presence, where he was introduced to a brilliant circle of ladies. Everything was done to render the visit of their illustrious guest agreeable; every bosom glowed with gratitude at the sight of a man, who had rendered his country so many essential services; every tongue was emulous to speak his praise.

He left town early on Thursday morning to return to New York.

☞ Geo. C. Dame, 18 years of age, was accidentally shot dead by a friend named John Domingo, in Danvers, Mass., on Wednesday afternoon. Another warning against the careless handling of firearms.

Local.

In Board of Aldermen, Thursday evening, a petition of Lemuel B. Wiley and others for use of upper rooms of Hanover Street Schoolhouse for Society meeting, was referred to Committee on Schoolhouses.

A communication from City Marshal Kent relative to uncleanliness of the Police Stationhouse, was referred to Committee on Police.

Warrant for County Tax for 1866—$11,236.42—was referred to Finance Committee; also estimate from School Committee, Dist. No. 2.

An ordinance which had passed the Common Council, in amendment of ordinance No. 61, relative to Fire Police, placing the control of Fire Police under the City Marshal instead of Chief Engineer, was received, read and referred to Com. on Bills on second reading, who reported back the bill, with an amendment substituting the word "Aldermen" in lieu of "Chief Engineer," in the 7th and 8th lines of the first section. The bill was read a second time, and passed as amended.

A message was received from the Common Council, stating that that body had concurred in the amendment of the Board of Aldermen to bill entitled "An Ordinance in amendment of Ordinance No. 61."

A joint resolution which had passed the Common Council, inviting the Sons of Portsmouth abroad to unite with our citizens in a becoming celebration of the coming Fourth of July, was received, together with a resolution passed at a preliminary meeting of citizens on the 22d February, of which meeting Jos. P. Morse was President, and Chas. L. Tidd Secretary,—requesting the City Council to extend an invitation to the "Sons" to return the coming Fourth of July. Referred to Finance Committee to report in two weeks.

We believe it to be a nearly unanimous desire among our citizens that the "Sons" should come home on the next anniversary of the natal day of this Republic, and we trust that the Committee to whom the matter was referred will take such action as will ensure a day that shall be remebered with even greater delight than the first return. Portsmouth has the honor of being the *first* place to inaugurate so pleasing a festival, and we hope will not content herself with resting on that sprig of laurel when she should wear a full crown.

Billiards.—This game has now become too popular to be longer "barred out" of the list of inocent amusements, but there are but a very few who are able to afford the expense of a private table. We understand that the Piscataqua House has been leased by a company to be used as a billiard hall. It is to be furnished with tables of the most improved pattern, and, from the well-known character of the agent, will doubtless be maintained as a first class saloon.

Police Court, Feb. 23.—The case of Wm. H. Gray, on charge of theft of $213 from J. W. Grant, came up, but Mr. Grant having recovered his money, desired to press the case no farther, and a *nolle prosequi* was entered. Mr. Gray has confessed to having taken the money, but it was probably done under a temporary clouding of the intellect.

NEW HAMPSHIRE ITEMS.

—— The Manchester Mirror states that "a day or two ago, a gentleman came to this city from Henniker, and as he bore a very strong resemblance to a rogue for whom the police were on the watch, he was seized and locked up. He realized the joke and enjoyed it—never saying a word but what it was all right, and so remained a good part of the day, until by some means his captors learned that their victim was not the rogue they were after, and hastened to release him."

—— The barn of Joseph W. Coe, of Durham, near the Congregational Meeting House, was discovered on fire about 11 o'clock on Sunday night, and entirely consumed, with a large quantity of hay and one yoke of oxen. It was the work of an incendiary.

Correspondence of Chronicle.

Matanzas, Cuba, Feb. 9, 1866.

Messrs. Editors:—We are now enjoying the most pleasant portion of the year upon this island. It is so warm that a large number of the negroes and Chinamen wear no apparel whatever above the waist, except a hat; and children play about the streets entirely innocent of clothing—perfect little black and tan cupids. Yet we have a good sea-breeze every day, which prevents the intolerable heat one finds in the tropical latitudes on the continent.

The hundreds of steam engines are now busy grinding the cane crop, which turns out very large, notwithstanding the speculators in the North last summer said the drought [it rained more or less every day for seven consecutive weeks,] had badly damaged the sugar prospects.

The reception given Secretary Seward a short time since in Havana was one of the most brilliant affairs ever witnessed on the island. He was invited ashore by the Captain General in person, where he was received by the Cadets,—a new volunteer military organization, somewhat after our plan, and composed of both Spaniards and Cubans. The night he remained on land he was serenaded by five bands. He received a beautifully engraved card inscribed, "Washington in Glory, Lincoln in Glory, America in Glory, and Welcome to Seward." The reception was of a character which must have been pleasing and gratifying to the Secretary, even accustomed as he is to ovations.

On Sunday last the U. S. gunboat Muscoota came down from Havana. She is stationed at the Keys, and ran over to the island for recreation. A Spanish side-wheel war vessel left Havana at the same time, but the Muscoota arrived here an hour and forty minutes ahead of her.

And so Thomas Norton is dead. Again "Solemn sounds the funeral bell!"

and one of the most amiable families is rendered sad and desolate. I was shocked, and could scarcely believe it true. How silently and swiftly Time is passing, and what changes he is working. Here a friend, there an acquaintance, are one by one dropping away. These are the footfalls, the solemn tramp, tramp, of passing time. Oh, death! relentless and pitiless! Those who have lived long and happily together are parted, the families separated, and the broken fragments scattered. U. U.

Lyon's Periodical Drops!

THE GREAT FEMALE REMEDY FOR IRREGULARITIES

These Drops are a scientifically compounded fluid preparation, and better than any Pills, Powders or Nostrums. Being liquid, their action is direct and positive, rendering them a reliable, speedy and certain specific for the cure of all obstructions and suppressions of nature. This popularity is indicated by the fact that over 100,000 bottles are annually sold and consumed by the ladies of the United States, every one of whom speak in the strongest terms of praise of their great merits. They are rapidly taking the place of every other Female Remedy, and are considered by all who know aught of them, as the surest, safest and most infallible preparation in the world for the cure of all female complaints, the removal of all obstructions of nature, and the promotion of health, regularity and strength. Explicit directions stating when they may be used, and explaining when and why they should not, nor could not be used without producing effects contrary to nature's chosen laws, will be found carefully folded around each bottle, with the written signature of John L. Lyon, without which none are genuine. **Price $1.50.**

Prepared by Dr. JOHN L. LYON, 195 Chapel Street, New Haven, Conn, who can be consulted either personally, or by mail, (enclosing stamp,) concerning all private diseases and female weaknesses. **Price $1.50 per bottle.**

PHOTOLEUM.

This is a new discovery, the product of Petroleum, and affords the very best light of this enlightened age, has been thoroughly tested, and is offered with confidence as the most *economical, safe and valuable* illuminating oil ever before the public, giving a *soft, steady* and *brilliant* flame, surpassing even gas-light for reading and leaving all other oils far out of sight. It needs but a trial to convince the most skeptical of its superiority. *Photoleum* emits no sickening odor when burning, even with the smallest flame, rendering it invaluable as a sick room, neither does it chill the wick or smoke the chimney, so that once trimming will suffice for a week or more. Photoleum produces a flame that does not diminish, but continues the same until every drop of oil is consumed. It is, therefore, very desirable for lighting churches, railroad and horse cars, manufactories and public buildings. The public are invited to call and examine.

CLOCK'S Excelsior Hair Restorer

Is warranted to restore GRAY HAIR in all cases to its original color, whether black or brown.

It will not stain the skin or the finest linen:

It will instantly arrest the hair from falling off; causes hair to grow on BALD HEADS when fallen off by disease; and is a complete dressing for the hair, keeping it moist and glossy and perfumed longer than any other preparation in the market.

This article is warranted to do as represented, or the money will be refunded. It is positively the greatest discovery in hair preparations of the age.

Local.

ANOTHER STEP IN THE RIGHT DIRECTION.—Three false alarms of fire have occurred this month thus far, and have not only been the occasion of considerable excitement to our citizens, but an expense to the city in wear and tear of engines, &c. The alarms have all proceeded from the west end of the city, and the officers in that locality have been particularly instructed to ascertain if possible who the guilty parties were. On Thursday night officers Glines and Maloon heard the cry of fire about 11 o'clock, in the vicinity of the Concord Depot. It appeared to have been raised by two individuals only, and did not occasion a general alarm. They soon met two men by the names of Patrick Mead and James Hare, both of whom the officers suspected, but had no proof. They were however closely followed, and at half-past one were caught by Glines and Maloon in the act of crying fire on McDonough street, and were arrested. The neighborhood was informed that the alarm was false, and the culprits were taken to the Marshal's office. Judge Odell on Friday convicted them and fined them to the full extent of the law. In default of payment, they are now residing with the new Superintendent of the Almshouse.

RUNAWAY.—Quite an exciting scene was witnessed on the Square Friday morning, terminating with no serious result. A horse belonging to Mr. Buzzell, standing in front of the Post Office took a sudden start, wheeled quickly around in front of the Bank of New Hampshire, throwing the body of the wagon to which he was harnessed from the forward wheels, and scattering milk cans and a barrel of meal promiscuously out among the mud. Up the street he dashed, striking the lead horse of the Fort team in the collar with one of the forward wheels; navigated his way through a crowd of ox teams standing on the Square, and was brought to a sudden stop by attempting to pass between a yoke of oxen and the heavy wagon loaded with wood to which they were attached. The crash was loud, but the damage consisted of a broken axle. The horse has been driven here for two years in a milk wagon, but has never had such a freak before.

THE FAIR given by the ladies of the Universalist Society closed on Friday evening, (or, to be more precise, perhaps we should say, this morning; for midnight had come ere the dancers who ended the festivities ceased to keep step with the music,) and with its closing ended an entertainment which has proved pleasing to patrons and projectors, and whence will accrue a considerable sum to aid the object for which the fair was planned. The committe on decorations deserve much credit for the manner in which they performed their duties, in the short time allowed them, and—the reporter's getting sleepy.

☞ In Boston, on Wednesday, Patrick Walsh, a rigger, formerly of this city, while at work on board ship Ocean Rover, lying at Grand Junction wharf, fell from the maintopmast to the deck, a distance of seventy-five or eighty feet, causing his instant death. Mr. Walsh was about 27 years of age, and leaves a large circle of relatives and friends in this city to mourn his sad fate. His remains were brought to this city, and interred on Friday afternoon.

☞ The charge of a crime too disgusting for mention is being investigated by some of our most respected citizens. The details, as we have heard them, are more shocking than anything recorded of the Borgias, but we hope the examination may show the horror of the case to be exaggerated.

☞ The Rockingham Mills in this city are now running day and night. Such is the demand for their goods that they not only have no stock on hand, but, we understand, have orders some months in advance of their capacity for production.

☞ A correspondent thinks that all controversy about how many hours constitute a day's work might be equitably settled by paying workmen by the hour, and thus allowing each workman to adjust the length of days as he pleases.

☞ From A. Williams & Co., Boston, we have "Hours at Home," for March. This magazine has achieved a great popularity among readers of religious literature. Published by Chas. Scribner & Co., New York, at $3 a year. J F. Shores, Jr., has it for sale.

LOUISIANA.—Gen. Canby has issued an order giving colored congregations in Louisiana complete and absolute control over the church property in their possession, and trustees of such property appointed under laws of Louisiana which forbade slaves to hold property, are required to turn the same over to trustees elected by the colored congregations. Anything in the laws of the State of Louisiana prohibiting the incorporation of societies of colored persons for scientific or religious purposes, is declared inoperative and void.

WASHINGTON ITEMS, Friday, by Perley. The President's harangue of yesterday, as reported in the morning papers, creates much excitement.

There will be a caucus of the Union Senators and Representatives this evening in the hall of the House of Representatives.

President Johnson will soon issue a proclamation declaring that the republic is at peace, and that the war for the suppression of the rebellion is at an end.

He has notified Gen. Howard, Superintendent of the Freedmen's Bureau, that the expiration of the operations of that bureau, limited by law establishing it to one year after the close of the war, will be closed one year after the date of this proclamation.

— Of a man it was said: "Poor man, he toiled all day and night until he was forty, to gain his wealth, and he has been watching it ever since for his victuals and clothes."

AMERICAN LIFE DROPS—How quick their effect!

ROOT'S PESTACHINE—contains Pestachio nut oil.

SMITH'S CATARRH SNUFF is the best thing I know of for cold in the head or influenza. It is not irritating, it does not snap your head off with a big sneeze and then leave you worse than before, but one or two pinches will relieve the disagreeable feeling of fullness; and about half a dozen pinches cured the most severe cold I ever had. J. H. THACHER, Druggist.

Portsmouth, Feb. 16, 1866. F17

SMITH'S CATARRH SNUFF breaks up a cold in the head in a few minutes, thoroughly. If this is saying too much, ask Mr. J. S. HARVEY, Broker, of this city: he says it is so every time, and he would not be without it, even if it should cost five dollars a box. Try it. F17

SMITH'S CURATIVE COMPOUND will break up chills and fevers, by drinking it in warm water, in a few minutes. It will cure sore throat and croup in a few minutes, and thus prevent a lot of sickness. B. F. CHANDLER, Civil Engineer at the Portsmouth Navy Yard, had a Wen, so called by two surgeons, on his wrist, growing rapidly. It was entirely cured by Smith's Curative. Just ask Mr. Chandler if this is true. F17

BE CAREFUL.—Do not expose yourselves to the chilly March winds and the shaking weather which always heralds their approach. Keep your children warmly clad and close from exposure. For bad Coughs, sudden or obstinate Colds, Croup, and sore throat, use Coe's Cough Balsam.

If you have the *Dyspepsia*, or are troubled with food distressing you, rising and souring on your stomach, your bowels are out of order, you are bilious, constipated, and generally indispposed, use Coe's Dyspepsia Cure. It is the best medicine for stomach and bowel disorders in the world. feb19—1wdaw

The undersigned, having disposed of his stock of goods, may be found for the present at the Store of J. C. BUTLER, No. 18 Daniel St. All persons having an account with me are requested to call and settle. JAMES A. BLAISDELL.

Morning Chronicle.

TENNESSEE.—One evening last week a party of unknown armed men entered Clifton, in Wayne county, and rode up to the house of Mr. Hughes, late an officer in the rebel army, and sent a messenger in, and demanded that either he should appear at the door, or send out his coat that he had worn in the rebel service. Believing that the latter would be safest, he sent out his coat, when the men hung it up and fired a volley; after which they sent it in, telling him if he behaved himself all would be right; but if not, he would get the next volley through the heart.

After leaving the house they went to the residence of Dr. Fuller, who had been in the rebel army, and who had on one occasion sol cited and obtained the office of executioner to shoot a man, and called him out. On his appearance they "mounted" him with bowie knives, and literally cut him to pieces. The party then left. Both Hughes and Fuller had been connected with the rebel Conscription Bureau. It is believed that the party were relatives and friends of the Union man who was killed by Fuller, who was so anxious to play the executioner.—*Nashville Union.*

SEIZURE OF REBEL PROPERTY.—The Collector of New Orleans has seized $80,000 to $100,000 worth of army blankets, gray cloth and clothing, brought from Shreveport in the steamer Doubloon, the same being been smuggled into Texas from Mexico during the rebellion. They were once seized in Texas by the military authorities, but afterwards released to the owner's agent. The goods were then taken from one town in Texas to another, and offered for sale unsuccessfully, passing in their travels through Henderson, Marshall, and finally reaching Shreveport. A person there who knew about them, notified the Collector at New Orleans, and on their arrival at the latter place they were seized.

— Prince Esterhazy is negotiating a loan of £1,250,000, to pay off his debts. His jewels are valued at £320,000.

— A Connecticut paper says that under 'the head of "stationery," in the accounts of the State Senate, for the spring session, last year, were liquors to the amount of $300—which were dispensed to members of that body in the ante-room of the State House.

— The excavations now making at Pompeii have brought to light several vestiges of the ancient Christians. In the palace of the Edile Pansa, in the Via Fortuna, an unfinished sculptured cross has been found on one of the walls, as well as abusive inscriptions and caricatures ridiculing a crucified God.

SUFFERERS
From Dyspepsia
READ! REFLECT!! ACT!!!

FARRANT & CO

Gentlemen, I am a resident of Curacoa, and have often been disposed to write to you concerning the real value of your SELTZER APERIE. I as a remedy for indigestion and dyspepsia. I desire to express to you my sincere gratitude for the great benefit the SELTZER has done my wife.

For four or five years my wife has been sadly afflicted with Dyspepsia, and after being under the treatment of several Doctors for two or three years, she was finally induced to seek the advice of a learned Physician, Doctor Cabinlis, of Venezuela, who immediately treated her with your EFFERVESCENT SELTZER APERIENT. She began to improve at once and is now PERFECTLY WELL.

I feel it to be my duty for the good of humanity to make this statement, feeling that a medicine so valuable should be widely known.

Trusting that you will give this publicity, and repeating my earnest gratitude and thanks,

I am very respectfully yours,
S. D. C. HENRIQUES,
Merchant, Curacoa, S. A.

New York, June 28th, 1865.

WE ASK

The suffering millions in our land to give this remedy a trial, convinced that by its timely use many may be relieved, many cured of

Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Dizziness, Indigestion, Piles, Costiveness, Bilious Attacks, Liver Complaints, Rheumatic Affections, &c.

Read the Pamphlet of Testimonials with each bottle, and do not use the medicine against the advice of your Physician.

AMERICAN AND FOREIGN PATENTS.

R. H. EDDY,
Solicitor of Patents,
Late Agent of the U. S. Patent Office, Washington, under the Act of 1857.
78 State Street, opposite Kilby Street,
BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not unexcelled by any other, by any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The business practice of his connection during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure the attendance, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."

CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent and deserving*, and more capable of putting their applications in form to secure for them an early and favorable consideration at the Patent Office."

EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is now pending. Such unmistakeable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."

JOHN TAGGART

During eight months, the undersigned was clerk of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.

R. H. EDDY.

FREE SCHOOLS NOT WANTED.—The Maury county (Tenn.) Herald denounces common schools with great energy. "The direct tendency of all common schools," says the Herald, "is to weaken the ties and lessen the influence of the family. What the South needs, then, is some wise system, which, while it teaches a reasonable amount of reading, writing and cyphering, will preserve the moral and social integrity of her character—this system to be administered by men who are themselves honored types of that character. We do not want free schools." It is needless to add that this journal is in favor of an immediate restoration of the rebels to their position in the Union.

☞ In Alabama, an agent of the Freedmen's Bureau reports great destitution among the poor whites of Bibb, Shelby, Jefferson and Calhoun counties. Many are without homes to shelter them. On one road leading to Talladega he saw four families who were living in the woods, with no better shelter from the inclemency of mid-winter than huts of pine boughs. Quite a number are living in this manner, on the roads leading to the towns, most of whom are widows with families of children.

— A captain, who had a sound-sleeping mate, caught an Irish boy in the middle watch frying some pork and eggs he had stolen from the ship's stores, to whom he stated out, "You lubber you, I'll have none of that." "Faith, captain, I've got none for ye," replied the boy.

— At the dinner given by M. Pereire, in Paris, to the directors of the Credit Mobilier, M. Emile Girardin, who was present, astonished the guests by telling them a revolution was imminent. He added that on previous occasions he had made similar prophecies, and that they had always come true.

— At a party at the town of Avoca, five miles from Russellville, Ala., recently, thirteen persons, out of a company of thirty, were fatally poisoned from drinking whiskey which, it is supposed, had been drugged. Three of the musicians, who had drank very freely, died before day. The other victims lingered longer.

Important to the Afflicted.
DR. DOW continues to be consulted at his office, No. 7 and 9 ENDICOTT STREET, BOSTON, on all diseases of a PRIVATE OR DELICATE NATURE. By a long course of study and practical experience of unlimited extent, Dr. D. can now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of GONORRHŒA AND SYPHILIS.
SEMINAL WEAKNESS.—Dr. Dow devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.—Medicines sent to all parts of the country, with full directions for use, on receiving descriptions of your cases. Dr. Dow has also for sale the French Capotites, warranted the best preventive. Order by mail. Three or $1 and a red stamp.

Highly Important to Females
IN DELICATE HEALTH.
Dr. DOW, Physician and Surgeon, No. 7 Endicott Street, Boston, is consulted daily for all diseases incident to the female system. Dr. Dow has no doubt had greater experience in the cure of diseases of women than any other physician in Boston. Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment. Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.
N. B.—All letters must contain one dollar, or they will not be answered. Office hours from 8 A. M. to 9 P. M.

CERTAIN CURE
To all cases, or No Charges Made.
Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street. Those who need the service of an experienced physician and surgeon should give him a call.
P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

TO THE LADIES.
Miss GUILD offers to the public her superior Crystal Palace Chart for CUTTING DRESSES, which is conceded by competent judges to surpass any invention of the kind ever offered to the American public. She feels fully warranted in saying that it is as perfect a fit as human ingenuity can render it, and should be in the possession of every lady. It is simple, easy, and graceful, adapted to fit every form and size, from little girls of seven years to the largest adults. Directions printed in full on every Chart. None genuine unless the Crystal Palace is engraved on it, and the address of the inventress printed. Copyright secured, and no infringement allowed.
Agents are wanted in every part of the country. This Chart will be sent to any person on receipt of $2 addressed to
Miss LUCY GUILD, Rupert, Vt.
Ladies wishing a tape measure must inclose 15 cents extra.
Miss Guild warns people from buying, selling or using a chart called the National Chart by Miss Jane Eddy, Nashua, N. H., as it is an infringement of her copyright. Any person printing, selling or using the counterfeit chart will be prosecuted according to law. One Albert J. Warden has been extensively engaged in selling the counterfeit chart, and is supposed to be the perpetrator of the forgery. Any information leading to his arrest will be liberally rewarded.

VINELAND
FARM AND FRUIT LANDS,
In a mild and healthful climate. Thirty miles *south* of Philadelphia by Railroad, in New Jersey, on the same line of latitude as Baltimore, Md.
The soil is rich and *productive*, ranging from a clay to a sandy loam, suitable for Wheat, Grass Corn, Tobacco, Fruits and Vegetables. This is a *fruit country*. Five hundred Vineyards and Orchards have been planted out by experienced fruit-growers. Grapes, Peaches, Pears, &c., produce immense profits. Vineland is already one of the most beautiful places in the United States. The entire territory, consisting of fifty square miles of land, is laid out upon a general system of improvements. The land is only sold to actual settlers with provision for public adornment. The place, on account of its great beauty, as well as other advantages, has become *the resort of people of taste*. It has increased five thousand people within the past three years. Churches, Stores, Schools, Academies, Societies of Art and Learning, and other elements of refinement and culture have been introduced. Hundreds of people are constantly settling. Hundreds of new houses are being constructed. Price of Farm land, twenty acre lots and upward, $25 per acre. Five and ten acre and Village lots for sale.
Fruits and Vegetables ripen earlier in this district than in any other District north of Norfolk, Va. Improved places for sale.
Opening for all kinds of business. Lumber Yards, Manufactories, Foundries, Stores and the like; and Steam Power, with room, can be rented.
For persons who desire mild winters, a health ful climate, and a good soil, in a country beautifully improved, abounding in fruits, and possessing all other social privileges, in the heart of civilization, it is very desirable.
Letters answered, and the Vineland Rural, a paper giving full information, and containing Reports of solon Robinson, Agricultural Editor of The Tribune: *It is one of the most extensive fertile tracts, in an almost level position and suitable condition, for pleasant farming that we know of this side of the Western Prairies.* n1—dawtu

Life-giving Pills!
Have been used with the greatest success. Their mission is not only to prevent disease, but to cure. They search out the various maladies by which the patient is suffering, and re-invigorate the failing system. To the aged and infirm a few doses of these valuable PILLS will prove to be
A Very Fountain of Youth.
For in every case they add new life and vitality, and restore the waning energies to their pristine state. To the young and middle-aged, they will prove most invaluable, as a ready, specific, and sterling medicine. Here is a dream realized, that Ponce-de-Leon sought for three hundred years ago, and never found. He looked for a fountain that would restore the old to youth and make youth over
AN ETERNAL SPRING!
It was left for this day and hour to realize the dream, and show, in one glorious fact, the magic that made it fair.
These Famous Remedies
Cannot stay the flight of years, but they can force back and hold aloof, diseases that might triumph over the aged and the young. Let none hesitate then, but seize the favorable opportunity that offers. When taken as prescribed—
FOR BILIOUS DISORDERS
Nothing can be more productive of cure than these Pills. Their almost magic influence is felt at once; and the usual complaint of this most distressing disease are removed. These remedies are made from the purest
VEGETABLE COMPOUNDS.
They will not harm the most delicate female, and can be given with good effect in prescribed doses to the youngest infant.
For Cutaneous Disorders
And all eruptions of the skin, the SALVE is most invaluable. It does not heal externally alone, but penetrates with the most searching effects to the very root of the evil.

STATE ELECTION.

In less than three weeks our State election will take place. Although there is scarcely a doubt of the result, that Gov. Smyth will receive 5 or 6000 majority, yet this will not be accomplished if confidence in such result induces any to be absent from the polls.

The papers in other States are commenting on the prospect. The Portland Free Press says of the Senatorship:

The Legislature will no doubt be very largely Republican in both branches, and this surplus strength will possibly encourage a great deal of competition for the Senatorship. Mr. Senator Clark—who has proved himself the man on the floor of the Senate—will be a candidate for re election, but the greed for honors and the silly doctrine of rotation merely for rotation's sake, may deprive our sister State of a strong man to make room for one who will have to serve years in order to occupy the same high position and to secure for his state the same enviable measure of influence that has been secured by the present incumbent. There are at least three leading competitors now in the field against Mr. Clark. Who will win, the events of June next will show.

OUR STATE DEBT.—The Auditor reports the total amount to be $4,258,470 74. Since which the special Committee on the war debts of the loyal States, have reported and presented a bill to partially reimburse such States, by bonds bearing 5 per cent. interest, payable in twenty years, at the rate of $55 for each man duly enlisted into the Military and Naval service, reduced to an uniform standard of three years service. New Hampshire to receive bonds to the amount of $1,695,485—leaving the State obligations, these assets deducted, at $2,562,985 74. The towns are all more or less in debt; but the Government has been saved, and traitors humbled.

FRANKLIN HOUSE.—Messrs. Hadley & Perkins, with a courtesy which they well know how to dispense handsomely, gave a supper to the Railroad Conductors and a few friends on the evening of Washington's birthday. The Franklin House, under its present managers has acquired a deserved popularity for good fare and gentlemanly attention, and is receiving a good share of public patronage.

THE FREEDMEN'S BUREAU BILL.

Owing to the great interest awakened in this measure by the President's veto, we append a copy of the bill as it passed the Senate, as follows:

SECTION 1. That the act to establish a bureau for the relief of freedmen and refugees, approved March 3, 1865, shall continue in force until otherwise provided by law; shall extend to refugees and freedmen in certain parts of the United States, and the President may divide the section of country containing such refugees and freedmen into districts, each containing one or more States, not to exceed twelve in number; and by and with the advice and consent of the Senate, appoint an assistant Commissioner for each of said districts, who shall give like bonds and receive the same compensation and rations and perform the same duties by this and the act to which this is an amendment; or said bureau may, in the discretion of the President, be placed under a Commissioner and assistant Commissioners, to be detailed from the army; in which event each officer so assigned to duty shall serve without increase of pay or allowance.

Sec. 2. That the Commissioner, with the approval of the President, shall divide each district into a number of subdistricts, not to exceed the number of counties or parishes in each State, and shall assign to each sub-district at least one agent, either a citizen, officer of the army or enlisted man, who, if an officer, shall serve without additional compensation or allowance; and, if a citizen or enlisted man, shall receive a salary not exceeding $1500 per annum, and such agent shall, before entering on the duties of his office, take the oath prescribed in the first section of the act to which this is an amendment. Each assistant commissioner may employ not exceeding six clerks, one of the third class and five of the first class; and each agent of a sub-district may employ two clerks of the first class. And the President of the United States, through the War Department and the Commissioner, shall exercise the same jurisdiction and protection over all the employees, agents and officers of this bureau in the exercise of the duties imposed or authorized by this act or the act to which this act is supplementary.

Sec. 3. That the Secretary of War may direct such issues of provisions, and such transportation, hospitals, including medical stores and transportation, and afford such aid, medical or otherwise, as he may deem needful for the immediate and temporary shelter and supply of destitute and suffering refugees and freedmen and their wives and children, under such rules and regulations as he may direct.

Sec. 4. That the President be authorized to reserve from sale or from settlement, under the existing pre-emption laws, and to set apart for the use of freedmen and loyal refugees, unoccupied public lands in Florida, Mississippi and Arkansas, not exceeding forty acres to each family, and not exceeding forty acres each, to the loyal refugees and freedmen, who shall be protected in the use and enjoyment thereof for such term of time and on such annual rent, if any, as may be agreed upon between the Commissioner and such refugees and freedmen. The rental shall be based upon a valuation of the land to be ascertained in such manner as the Commissioner may, under direction of the President, by regulation prescribe, at the end of such term, or sooner if the Commissioner shall determine that the occupants of any parcels so assigned may purchase land and receive the title thereto from the United States in fee upon paying therefor the value of the land ascertained as aforesaid.

Sec. 5. That the occupants of land under Major General Sherman's special field order, dated at Savannah, January 16, 1865, may receive title to such lands after the expiration of the period of three years from the date of said order, and no person shall be disturbed in or ousted from said possessions during said three years, except in such manner as shall be made with the said occupant by the owner satisfactory to the Commissioner of the Freedmen's Bureau.

Provided, that whenever the former owners of lands occupied under Gen. Sherman's field order shall make application for restoration of said lands, the Commissioner is hereby authorized, upon agreement and with the written consent of said occupants, to restore said lands to the owner by rent or purchase, not exceeding forty acres for each occupant, or to set apart for them, out of the public lands assigned for freedmen, a quantity equal to the said lands, in acres each, upon the terms and conditions named in said section.

Sec. 6. That the Commissioner shall, under the direction of the President, procure in the name of the United States, by grant or purchase, such lands within the districts aforesaid as may be required for the purpose of freedmen dependent on the government for support, and he shall provide or cause to be built suitable asylums and schools. But no such purchase shall be made, nor contract for the same entered upon, and no expense incurred, until after appropriations shall have been provided by Congress for the general purposes of this act, out of which payments for said lands shall be made. And the Commissioner shall cause such lands, from time to time to be valued, alloted, assigned and sold in the manner and form provided in the preceding section, provided always that the said lands shall not be sold for less than the cost thereof to the United States.

Section 7 provides that in any State where the ordinary course of judicial proceedings has been interrupted by the rebellion, and wherein any of the civil rights belonging to white persons, relating to holding and conveying property, giving evidence, &c. is denied to negroes, it shall be the duty of the President of the United States, through the Commissioner, to extend military protection and jurisdiction over all cases affecting such persons so discriminated against.

Section 8 provides that no negro shall be by any local law subjected to involuntary servitude except as a punishment for such crimes as would subject a white man to the same penalty. The act repealed by the Senate to the effect that no person shall be deemed destitute, suffering or dependent upon the government who, being able to find employment, could by proper industry and exertion avoid such destitution, suffering and dependence.

SUFFERERS

From Dyspepsia

READ! REFLECT!! ACT!!!

TARRANT & CO

Gentlemen. I am a resident of Curacoa, and feelings often been disposed to write to you concerning the real value of your SELTZER APERIENT as a remedy for indigestion and dyspepsia. I deem it my duty to express my sincere gratitude for the great benefit the SELTZER has done my wife.

For four or five years my wife has been sadly afflicted with Dyspepsia, and after being under the treatment of several Doctors for two or three years, she was finally induced to seek the advice of a learned Physician, Doctor Cabinlis, of Venezuela, who immediately treated her with your EFFERVESCENT SELTZER APERIENT. She began to improve at once and is now PERFECTLY WELL.

I feel it to be my duty for the good of humanity to make this statement, believing it a medicine so valuable should be widely known.

Trusting that you will give this publicity, and repeating my earnest gratitude and thanks,

I am very respectfully yours,

S. D. C. HENRIQUER,

Merchant, Curacoa, S. A.

New York, June 28th, 1865.

WE ASK

The suffering millions in our land to give this remedy a trial, convinced that by its timely use many may be saved from untimely graves.

Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Dizziness, Indigestion, Piles, Costiveness, Bilious Attacks, Liver Complaints, Rhematic Affections, &c.

Read the Pamphlet of Testimonials with each bottle, and do not use the medicine against the advice of your Physician.

AMERICAN AND FOREIGN PATENTS.

R. H. EDDY,

Solicitor of Patents,

Late Agent of the U. S. Patent Office, Washington, under the Act of 1861.

78 State Street, opposite Kilby Street, BOSTON.

After an extensive practice of upwards of twenty years, continued in the Patent Office at the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign patents, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting the Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him, at his pleasure, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."

CHARLES MASON,

Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their application in form to secure for them an early and favorable consideration at the Patent Office."

EDMUND BURKE,

Late Commissioner of Patents

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is now pending. Such unmistakeable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges.' JOHN TAGGART

During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.

The Cherokee Pills are sold by all druggists at $1 per box, or six boxes for $5; or they are sent by mail, free of postage, in an ordinary letter, free from observation, by addressing the sole proprietor,

Dr. W. R. MERWIN, 37 Walker St., N. Y.

N. B.—Cherokee Pills No. 2 are prepared for *special cases*, when milder medicines fail; these are sent by mail, free of postage, on receipt of $5, *the price of each box.*

DR. WRIGHT'S

REJUVENATING ELIXIR,

Or, Essence of Life,

Cures *General Debility, Weakness, Hysterics in Females, Dizziness, Headache, Weak Back and all Nervous Diseases.* It restores new life and vigor to the aged, causing the hot blood of youth to course the veins, restoring the *Organs of Generation, removing Impotency and Debility, restoring Manliness in the system and and full vigor*, thus proving a *perfect Elixir of Life.* It gives a perfect *Sterility* and Barrenness in both sexes. To the young, middle-aged, and aged, there is no greater boon than this Elixir of Life. It gives a release of life, causing the weak and debilitated to have renewed strength and vigor, and the entire system to feel life and health and pleasure.

"As the Phenix rises from the ashes, so does this Elixir rejuvenate the system and give new life"—Medical Times.

Price, one bottle $2; three bottles $5; sent by express to any address.

Our agents are sold and recommended by all respectable druggists in every part of the civilized globe; some unprincipled dealers, however, try to deceive their customers by selling cheap and worthless compounds in order to make money. Be not deceived—ask for these medicines and take no others. If the druggist does not keep them, write to us, and we will send them by express, carefully packed, free from observation. We will be pleased to receive letters from invalids in regard to any disease with which ladies or gentlemen are afflicted. Address all letters for medicines, pamphlets, or advice, to the sole proprietor,

Dr. W. R. MERWIN, 37 Walker St., N. Y.

HIGHLY IMPORTANT

—TO—

UNFORTUNATE FEMALES!

DR. BRISCOE'S FEMALE PILLS are surpassed by virtue and efficacy in removing all complaints, of whatever nature, incident to females. They continue, with the usual success, to medically and surgically remove Obstructions, Engorgements, Leucorrhœa, Whites, General Debility, &c., and suppressions of all kinds; also all complaints of the Lungs, Liver, Kidneys, Spleen, Bladder, &c.

His medicines will be sent to any part of the country by express or mail; addressed by a communication stating particulars, will receive prompt attention.

Office, No. 23 Endicott street.

Persons at a distance can consult Dr. BRISCOE, by letter, describing the case, and have the medicines securely put up, and forwarded to any part of the United States, with full directions for use. Office arranged with separate apartments, so that patients can see none but the Doctor himself.

Address Dr. BRISCOE, at No. 23 Endicott St., Boston, Mass., stating symptoms. All communications are confidential.

Patients furnished with rooms and board if desired, and secrecy observed in every case.

Office hours from 9 A. M. to 9 P. M.

Boston, July 16, 1865. 17hS1y

DR. M. BRISCOE still continues his successful treatment of all Private Diseases and also Female Complaints, at his old established office, No. 23 Endicott street.

N. B.—The sick and afflicted will do well to give him a call. A short consultation will cost you nothing, but a word of friendly advice may save you years of suffering.

P. S.—Ladies who wish to stay in the city under a few days, can be furnished with kind nurses. Charges moderate.

RESULTS OF A DOG FIGHT.—A revolting dog prize fight, for $500 a side, took place near Chicago, on Wednesday, between a Boston and a Chicago animal. The fight lasted two hours and a half, resulting in several fights among the brutal spectators, the killing of the Chicago dog, and the death of the victor in a few hours from the horrible injuries received in the contest. The result is thus summed up: Two dogs killed, three men stabbed, two houses gutted, four horses stolen, one landlord robbed, sundry pockets picked, and $10,000 gambled away on the fight.

— A gentleman says he has been able to teach mutes to speak. Now let him turn his attention to a quick method of teaching speakers to be mute.

— Gen. Butler, it is said, proposes to build a mill on the Dutch Gap Canal. If he should go to that place there would be a "mill" probably at once.

— A poor Irishman who applied for a license to sell ardent spirits, being questioned as to his moral fitness for the trust, replied, "Ah! sure it is not much of a character a man wants to sell rum."

— The pompous epitaph of a close-fisted citizen closed with the following passage of Scripture: "He that giveth to the poor, lendeth to the Lord." "Dat may be," soliloquized Sambo, "but when dat man died, de Lord didn't owe 'im a red cent."

— During the examination of a witness as to the locality of the stairs in a house, the counsel asked him: "Which way did the stairs run?" The witness replied: "One way they run up stairs, but the other way they ran down stairs." The learned counsel winked his eyes, and then took a look at the ceiling.

— Quail are so numerous in California that the vine growers have to hire men to drive them away, or have their grapes all devoured.

— In the small island of Iona, on the coast of Scotland, sixty-one kings lie buried—forty-eight were Scotch, eight Norwegian, four Irish, and one French.

— A company of communists living at Wallingford, Conn., who ignore rum, tobacco, tea, coffee and pork, managed to bring their expenses for food and clothing last year to two dollars and forty cents per week, or thirty-four and a half cents per day, for each person.

— A Louisville paper says that there is an old man, upward of ninety years of age, residing in the neighborhood of Knoxville, Tennessee, who is known by the name of "Grandpa Davis." His wife has given birth to twenty-nine children, twenty-eight of whom are living. They furnished the Union army in the late war with twenty-five recruits.

— The vaults of the Bank of France which contain more money than any other single spot on the face of the globe, are accessible through an iron door, which has three keys, and these keys are kept by three leading officers. The iron staircase which leads to the vault can be detached and by chemical apparatus a supply of deadly gas be made to permeate every part, destroying human life in a few seconds, while the whole can be submerged in ten minutes.

— It is reported in Paris that the telegraph office there is about to introduce stamps for franking telegrams similar to postage stamps. There will be four kinds of these stamps, of which the value will be twenty-five centimes, fifty centimes, one franc, and two francs respectively. The introduction of telegraph stamps into this country would prove very convenient to merchants and brokers.

TO THE LADIES.
Miss GUILD offers to the public her superior Crystal Palace Chart for CUTTING DRESSES, which is conceded by competent judges to surpass any invention of the kind ever offered to the American public. She feels fully warranted in saying that it is as perfect a fit as human ingenuity can render it, and should be in the possession of every lady. It is simple, easy, and graceful, adapted to fit every form and size, from little girls of seven years to the largest adults. Directions printed in full on every Chart. None genuine unless the Crystal Palace is engraved on it, and the address of the inventress printed. Copyright secured, and no infringement allowed.
Agents are wanted in every part of the country. This Chart will be sent to any person on receipt of $2 addressed to
MISS LUCY GUILD, Rupert, Vt.
Ladies wishing a tape measure must inclose 15 cents extra.
Miss Guild warns people from buying, selling or using a chart called the National Chart by Miss Jane Eddy, Nashua, N. H., as it is an infringement of her copyright. Any person printing, selling or using the counterfeit chart will be prosecuted according to law. One Albert J Warden has been extensively engaged in selling the counterfeit chart, and is supposed to be the perpetrator of the forgery. Any information leading to his arrest will be liberally rewarded.

VINELAND
FARM AND FRUIT LANDS,
In a mild and healthful climate. Thirty miles *south* of Philadelphia by Railroad, in New Jersey, on the same line of latitude as Baltimore, Md.
The soil is rich and productive, varying from a clay to a sandy loam, suitable for Wheat, Grass Corn, Tobacco, Fruits and Vegetables. This is a great *fruit country*. Five hundred acres and Orchards have been planted out by experienced fruit-growers. Grapes, Peaches, Pears, &c., produce immense profits. Vineland is already one of the most beautiful places in the United States. The entire territory, consisting of fifty square miles of land, is laid out upon a general system of improvements. The land is only sold to actual settlers with provision for public adornment. The place, on account of its great beauty, as well as other advantages, has become *the resort of people of taste*. It has increased five thousand people within the past three years. Churches, stores, Schools, Academies, Societies of Art and Learning, and other elements of refinement and culture have been introduced. Hundreds of people are constantly settling. Hundreds of new houses are being constructed. Price of Farm land, twenty acre lots and upwards, $25 per acre. Five and ten acre and Village lots for sale.
Fruits and Vegetables ripen earlier in this district than any other. Vineland is nearly north of Norfolk, Va. Improved places for sale.
Opening for all kinds of business. Lumber Yards, Manufactories, Foundries, Stores and the like; and Steam Power, will find none to be rented.
For persons who desire mild winters, a healthful climate, and a good soil, in a country beautifully improved, abounding in Churches, possessing all other social privileges, in the heart of civilization, it is worthy of a visit.
Letters answered, and the Vineland Rural, a paper giving full information, and containing Reports of Solon Robinson, sent to applicants.
Address CHAS. K. LANDIS, Vineland P. O., Landis Township, New Jersey.
From Report of Solon Robinson, Agricultural Editor of The Tribune: *It is one of the most extensive fertile tracts, in an almost level position and suitable condition for pleasant farming that we know of this side of the Western Prairies.* nl—dawGm

THE LIGHT OF THE WORLD.
DR. MAGGIEL'S
PILLS AND SALVE.
These Life-giving remedies are now, for the first time, given to the world. For over a quarter of a century of private practice the ingredients in these
Life-giving Pills!
Have been used with the greatest success. Their mission is not only to prevent disease, but to cure. They search out the various maladies by which the patient is suffering, and re-invigorate the failing system. To the aged and infirm a few doses of these valuable PILLS will prove to be
A Very Fountain of Youth,
For in every case they add new life and vitality, and restore the waning energies to their pristine state. To the young and middle aged, they will prove most invaluable, as a ready, specific, and sterling medicine. Here is a dream realized, that Ponce-de-Leon sought for three hundred years ago, and never found. He looked for a fountain that would restore the old to youth and make youth ever
AN ETERNAL SPRING!
It was left for this day and hour to realize the dream, and show, in one glorious fact, the magic that made it fair.
These Famous Remedies
Cannot stay the flight of years, but they can force back, and hold aloof, diseases that might triumph over the aged and the young. Let none hesitate then, but seize the favorable opportunity that offers. When taken as prescribed—
FOR BILIOUS DISORDERS
Nothing can be more productive of cure than these Pills. Their almost magic influence is felt at once; and the usual concomitants of this most distressing disease are removed. These remedies are made from the purest
VEGETABLE COMPOUNDS.
They will not harm the most delicate female, and can be given with good effect in prescribed doses to the youngest.
For Cutaneous Disorders
And all eruptions of the skin, the SALVE is most invaluable. It does not heal externally alone, but penetrates with the most searching effects to the very root of the evil.
DR. MAGGIEL'S PILLS
Invariably Cure the Following Diseases:
Asthma,
Bowel Complaints,
Coughs,
Colds,
Chest Diseases,
Costiveness,
Dyspepsia,

Morning Chronicle.

Portsmouth, N. H.

TUESDAY, FEBRUARY 27, 1866.

☞ A correspondent of the New York Times says the following dispatch was received in Washington from Secretary Seward:

"NEW YORK, Feb. 22, 1866

It is all right and safe. The Union is restored and the country is safe. The President's speech is triumphant, and the country will be happy. (Signed) W. H. SEWARD."

Is this the same Secretary who told us, nearly five years ago, that the rebellion would be subdued in sixty days? And is he the same man who told us years before, that there was a "Higher Law" than any human constitution or contrivance? If so does he believe now, that his new prophecy will prove strong enough to overrule the Divine Law.

☞ The Laconia Democrat has a rich article of disclosures made in Court at Concord, in the Palmer suit against the city, for damages by the destruction of the Democratic Standard, which the article avers was *really* a republican concern, tho' the Palmers claimed to own it. The Democrat says:

"That our readers may know the parties to this corrupt proceeding, we give the names of a few *republicans* in the different parts of the State who paid for the Standard, and the number of copies each took, when the number was given in evidence:". Among the list appears, "G. H. Rundlett, Portsmouth, 100."

We think that our friend Rundlett may be somewhat astonished to find himself classed among the republicans—or might have been, before the President's summerset. The Laconia paper adds:

The democrats do not approve of mob law, but in this particular case the mobbed party has no claim to sympathy from that party.

'Squire George, the plaintiff's attorney, is supposed to be a Democratic politician of tolerable standing. But what nonsense is this about "democrats not approving of mob law?" We remember (says Uncle Toby) the mob that burned the U. S. Bank sign—the eagle and flag; the mob that cut the coats and held back the voters in Jefferson Hall; the mob that surrounded houses and howled out their drunken rage against quiet citizens; and last but not least, the anti-draft mob:—all in Portsmouth, and all claiming to be Democrats. Their papers never condemned one of them.

GEORGIA.—The address of Alex. H. Stephens, delivered before the Georgia Legislature on the 22d inst., is five columns long. He urges patience, and says that with good government their desolated fields, villages and cities will soon rise from their ruins. One of our present duties is this: We should accept the issues of the war, and abide by them in good faith. This, I am fully persuaded, it is your purpose to do as well as that of your constituents. He then alludes to the revocation of the secession ordinance, and says:

"Whether Georgia by the action of her convention of 1861 was ever set rightfully out of the Union or not, there can be no question that she is now in, so far as depends upon her own will, and I deem the whole United States therefore is now without question our country, to be cherished and defended as such by all our hearts and by all our arms.

"One of the results of the war is a total change in our whole internal policy. Our former social fabric has been entirely subverted. The relation heretofore under our old system between the African and European races no longer exists. Slavery, as it was called, or the status of the black race, their subordination to the whites, upon which all our institutions rested, is abolished forever, not only in Georgia, but throughout the limits of the United States. This change should be received and accepted as an irrevocable fact.

"He considered the future dark and gloomy, and says his only hope is in the peaceful re-establishment of good government and its peaceful maintainance afterwards; and further, the most hopeful prospect to this age now is the restoration of the old Union, and with it the speedy return of fraternal feeling throughout the length and breadth of the land. Should the Government be restored to its former functions, and all the States brought back to their practical relations under the Constitution, our situation will be greatly changed from what it was before. A radical and fundamental change has been made in the organic law.

"We shall have lost what was known as our peculiar institution, which was so intertwined with the whole framework of the State body politic; we shall have lost nearly half the accumulated property of the country, but shall have still left the essentials of free government contained and embodied in the old Constitution, untouched and unimpaired as they came from the hands of the Fathers."

☞ American fishermen have been warned off from the Canada shore.

Correspondence of the Chronicle.

NEW YORK, Feb. 23.

Overture.—The subscriber particularly invites the attention of the public to the remarkable fact that in the following communication there isn't anything said about the "City Farm!"

Yesterday—Big Johnson meeting at Cooper Institute; speech by Sec. Seward. Reception to Gen. Grant by the Union League. Military out. Business suspended. Fireworks all over town in the evening.

Reduced—8th Ave. car-fare to five cents.

Just come—Fresh strawberries at Taylor's.

Gone (for good?)—"444."

Melted away—All the skating.

Twenty-nine days' skating this winter more than for five years before.

There is a man in this city who will be 119 years old if he lives till the 30th inst.

There are a great many travellers in town from Southern cities.

The South is taking considerable quantities of merchandise.

Maggie Mitchell is also "taking" at Niblo's. Somebody says Maggie Mitchell is 35 years old.

It surprised a good many to learn that Miss Bateman is not twenty-one.

Edwin Booth's "Richelieu"—The finest performance the world ever saw—superior even to his "Hamlet."

Wood's Minstrel Hall, opposite the St. Nicholas, is now Wood's Theatre.

Owens is still looking for the "pesky cuss who stole his barryl of apple sarse out of the rail cend of his waggin'," at the "Broadway."

Mismaned.—The "*Con*-cord" should be the *Dis*-cord R. R.

Two more new sleeping cars on the Springfield & Worcester line for Boston.

Electrical—Attaching light(e)ning conductors on the Concord Road.

New Book by Miss Muloch—"A Noble Life."

Talked about—Iron arch bridges for foot passengers over Broadway, at some street intersections.——Extension of 6th Avenue, south to West Broadway, via McDougal and Sullivan streets.——A new avenue, named "Lafayette," from City Hall to Astor Place or Union Square, via Elm and Crosby streets, and Lafayette Place.——The widening of Park Row at Broadway, by cutting away the front of the old Museum lot.——An aerial Broadway R. R. Cars running on four tracks, on an iron trestle work, from the Battery to Central Park,—over the carriages, and level with the second stories, reached at each corner by stairways. All of which are possible.

The largest daily paper published—The New York Times. [The N. Y. Times is larger.—ED.]

☞ Josh Billings says a great many hens die every year with the throat disease; but that eggs packed in equal parts of salt and lime water, with the other end down, will keep for an indefinite number of years, unless disturbed.

It is generally noticed that on the X—ten cent—currency there is no word "cents."

Silver mining speculation is running high.

In 1815 there was a stone bridge on Broadway—over a creek where Canal St. now is in this city. Very few buildings above Canal street, and a wooden tavern with a swinging sign, stood on a hill at the corner of Broadway and Grand streets, where now stands the brown stone store of Brooks Bros. Only fifty years ago!

Working admirably—The new paid Fire Department. Costs less than the old volunteer organization, and is "eminently more respectable."

A sight for a Wellington or a Napoleon—Gen. Grant elbowing his way alone thro' a Broadway crowd.

Were all the "bottles tightly corked" at Washington yesterday, the 22d?

Boston Traveller—"Keep off the grass." Stop clipping items without credit. N.

GEN. GRANT'S VIEWS ON THE FREEDMEN'S BILL AND SOUTHERN REPRESENTATION.—The Washington correspondent of the Cincinnati Commercial writes on the 16th inst.:

Hon. Ben. Eggleston, an old friend of Gen. Grant and his family, called on the General a day or two ago, and had a little social chat with him on the condition of the country. He asked him what he thought of the Freedmen's Bureau bill. Grant replied that he liked it very well, except that he thought it ought to be entirely in the hands of the army, instead of, as it is, half civil and half military. As the civil authorities could do nothing without the military, in regulating the relations between the freedmen and the people of the South, he believed that instead of civil agents and sub-agents, the entire machinery ought to be worked by the army.

On the subject of admitting the Southern States to representation, Grant said he was in favor of letting any loyal man in the South vote for Congressmen, and if they elected loyal men, all right. Eggleston asked him—a little surprised at this apparent conservatism—how many loyal men he thought had been elected in the South. "About six, including Tennessee," said Grant. As to withdrawing the troops from the South, as some were in favor of, Grant said he had no idea of doing anything of the kind. He couldn't tell when it might be done, but evidently not just yet.

GOLD, Monday, 137.

ASSASSINATION.—In President Johnson's great speech to the Washington copperheads he says:

Men may talk about beheading, and about usurpation, but when I am beheaded, I want the American people to be the witness. I do not want it by inuendoes and indirect remarks in high places, to be suggested to men who have assassination brooding in their bosoms. "There is a fit subject"—others have exclaimed—"the Presidential obstacle must be gotten out of the way." What is that but—to make use of strong words—inciting to assassination? No doubt, I say, the intention was to incite to assassination, so that the obstacle which the people had placed here could be got out of the way. Are the opponents of this Government not yet satisfied? Are those who want to destroy our institutions, and to change the character of the Government, not satisfied with the quantity of blood that has been shed? Are they not satisfied with *one martyr* in this place? Does not the *blood of Lincoln* appease their vengeance and their wrath? Is the thirst still unslacked? Do they still want more blood? Have they not honor and courage enough to seek to attain the end other wise than through and by the hand of the assassin?

Surely Mr. Johnson is in no danger of martyrdom now! The confederates of the assassins who murdered Lincoln were the *very mob* to whom President Johnson poured out this trash! The men in this city who rejoiced over Lincoln's death, and would have rejoiced at Johnson's as well, are now loud and boisterous in Johnson's praise. Franklin Pierce sees gleams of light in his message, and the sheets which denounced and opposed him all through the war, now say, "Stand by the President." He is in no danger whatever, except from his own suicidal folly, in warming into life a nest of vipers and copperheads who may yet sting him to death. U. T.

NEW HAMPSHIRE ITEMS.

—— The heavy rains last week made a great freshet in the Connecticut river, carrying away the toll bridge between Conish, N. H., and Windsor, Vt., also a railroad bridge near the latter place on Sunday morning.

—— We learn that Mark Shinborn, the German Jew, convicted of the robbery of the Savings Bank at Walpole, and who made his escape from the jail at Keene on the day of his conviction, has been caught again, and is now safely lodged in his old quarters.

—— A Concord letter says that there was on Friday an attachment of the property of Robert N. Corning, Esq., postmaster, to the amount of $75,000, for alleged complicity in frauds and larcenies as conductor on the Concord railroad, extending back for a series of years.

EXTRAORDINARY RESURRECTION.—Four days after the rebels fired on Fort Sumter, a son of Mrs. Duncan of Mecca, Ohio, enlisted for the war. He joined a Western regiment, and after being in several battles, was reported killed at the battle Stone river. His body was brought home and interred. Afterward intelligence was brought to the parents by returned Union prisoners that their son was not dead, but in a rebel prison in Georgia. Other prisoners, returning from there last spring, brought the sad news of his death to the sorely distressed family. When the war closed an opportunity was offered to penetrate the rebel lines. Mr. Duncan went down and had his son brought home again and buried. Having had him buried twice, as was supposed, it was natural that they should be reconciled to their loss; but a few days ago their son Bob, in spite of wounds, and deaths, and funerals, came "marching home," and is now enjoying the hospitality of the parental roof. His case is a strong one, but it is only one of many of the same kind which the history of the war reveals.

A GENUINE OLD FOGY.—There lives a man in the town of Marion, Wis., who is sixty years old, and who never went to a bar of any kind and took a drink of ardent spirits; never attended a theatre or show of any description; never took a chew of tobacco or smoked a pipe or cigar; never went to a ball or danced a step; never played a game of cards, billiards, dominoes, dice or checkers, or any game whatever that is played for money; never courted but one woman, whom he married and lives with yet; never joined any order or organization except the Christian Church, of which he is yet a member; and never had his name in a newspaper but once, and that was when he was married, and so refuses to give his name for publication now.

THE PITHOLE FIRE.—We mentioned in our issue of Saturday the fire at Pithole and the discovery of oil wells in places where they had never been known to exist before. The wells were dug for water, and have always produced it until the occasion referred to, when they suddenly exchanged it for oil. A poor Irishwoman is the lucky owner of one, which is only sixteen feet deep, and is pumping a barrel every ten minutes. She was offered $5000 on the spot, which she refused to take.—One man, who has a pump in his house, pumped his sink full several times, but could get nothing to put it in and had to hold up. "There's no ill wind but blows somebody good."—*Erie Dispatch.*

PHOTOLEUM.

This is a new discovery, the product of Petroleum, and throws the very best light of like intensity ever yet discovered. Thoroughly tested, and is offered with confidence as the most *excellent, safe* and *valuable* illuminating oil ever before the public, giving a *soft, steady* and *brilliant* flame, surpassing even gas-light for reading and leaving all other oils far out of sight. It needs but a trial to convince the most skeptical of its superiority. *Photoleum* emits no sickening odor when burning, even with the smallest flame, rendering it invaluable in a sick room, neither does it chill the wick or smoke the chimney, so that one trimming will suffice for a week or more. Photoleum produces a flame that does *not diminish*, but continues the same until every drop of oil is consumed. It is, therefore, very desirable for lighting churches, railroad and horse cars, manufactories and public buildings. The public are invited to call and examine.

Manufactured and for sale by the AMERICAN PHOTOLEUM COMPANY. Office at U. F. WYMAN & CO.'S, 97 Water Street, Boston.

Perry's Moth and Freckle Lotion.

This is a delightful preparation for removing Moth, or Mothpatch, (also called Liver Spots,) Tetter, Tetter or Freckles, are often very annoying, particularly to ladies of fair complexion, for the discolored spots show more clearly on the face of a blonde than of a brunette, but they greatly mar the beauty of either, and any preparation that will effectually remove them, *without injuring the texture or color of the skin*, is certainly a desideratum. Dr. PERRY, the celebrated dermatologist, who has made diseases of the skin a speciality, has discovered a remedy for these discolorations, which is at once *perfectly reliable and harmless*.

Lyon's Periodical Drops!

THE GREAT FEMALE REMEDY FOR IRREGULARITIES

These Drops are a scientifically compounded fluid preparation, and better than any Pills, Powders or Nostrums. Being liquid, their action is direct and positive, rendering them a reliable, speedy and certain specific for the cure of all obstructions and suppressions of nature. Their popularity is indicated by the fact that over 100,000 bottles are annually sold and consumed by the ladies of the United States, every one of whom speak in the strongest terms of praise of their great merits. They are rapidly taking the place of every other female Remedy, and are considered by all who know aught of them, as the surest, safest and most infallible preparation in the world for the cure of all female complaints, the removal of all obstructions of nature, and the promotion of health, regularity and strength. Explicit directions stating when they may be used, and explaining when and why they should not, nor could not be used without producing effects contrary to nature' chosen law, will be found accompanying each bottle, with the written signature of JOHN L. LYON, without which none are genuine. **Price $1.50.**

Prepared by Dr. JOHN L. LYON, 195 Chapel Street, New Haven, Conn, who can be consulted either personally, or by mail, (enclosing stamp,) concerning all private diseases and female weaknesses. **Price $1.50 per bottle.**

BRANDRETH'S PILLS, INFLUENZA, DIPTHERIA. In inflammatory affections, when no bleeding is permitted, a free use of these Pills soon modifies the alarming symptoms, and perseverance, according to the directions, usually quickly cures, and certainly nothing is risked in using Brandreth's Pills. For cold, influenza, diptheria, pains of the head, dizziness and apoplexy, no medicine can be compared to them. In erysipelas, fever and ague, small pox, and in all the diseases of childhood, their use insures a speedy recovery of health.—They produce these results simply by taking from the blood its impurities, leaving

☞ The Glass Blowers, now exhibiting at the Temple, have presented Mayor Bailey with a very elaborate pipe of their manufacture. It is about three feet in length, with as many crooks and turns for the air passage as an ophiclside, and is really beautiful, though we don't puff such things.

☞ Attention is called to the advertisement of Mr. Marden in another column. An opportunity is offered a smart man to make a fortune upon the Vance Pump, Mr. Marden's reason for selling being that he is about to remove from the city. There is also a large variety of other property offered for sale.

☞ We learn that the new musical Society in Exeter is to be called the Rockingham Music Association, and the managers have decided to have an Advisory Committee of nearly forty members, one at least in each town in the County. They are now meeting to sing from the Oratorio Chorus Book, under the direction of the Rev. Mr. Chickering, once in two weeks. Our correspondent thinks they will have to study it some; but adds that there is no great interest in anything without some work.

"GREAT VICTORY FOR THE SOUTH."—Under this heading the Norfolk (Va.) Post thus begins an editorial on the President's veto of the Freedmen's Bureau bill:

"Since the morning of July 22, 1861, when the news of the great Southern victory achieved by Beauregard over McDowell, and the awful rout of the Federal army on the plains of Manassas, was borne through the South, on the wings of the wind, as it were, carrying joy and jubilation into every loyal Southern household, and gladdening every true Southern heart, there has been no news received with so much rejoicing by the people of the South, as that contained in the dispatch informing them the President had vetoed the Freedmen's Bureau bill. This is the greatest victory they have achieved during the war—greater than any of the feats of arms of Stonewall Jackson or of Robert E. Lee; and it has given them more pleasure than had General Lee been elected Governor of Virginia. They have found an ally in the President worth more to them than the alliance of France or England, and now begin to see, even as they saw foreshadowed at Manassas, the final triumph of the great Southern cause."

Every man in New Hampshire should read and ponder the above, which is by no means the only shout of rebel victory. Pollard, the ex-rebel editor of the Richmond Examiner, who was silenced by General Grant, but reconstructed by the President, pours out a stream of the same sort, and such an echo may be expected from every disloyal and traitorous press in the land.

☞ The Universalist of last week says:

As we are getting ready for the press, the news reaches us that President Johnson has vetoed the Freedmen's Bureau Bill—thus arresting, as far as his official act can do so, this great Measure of Freedom and Humanity. That many ex-rebels—some of them formerly officers and soldiers in the rebel armies—serenaded him, was as natural as the expression of disappointment which fell from the lips of the tried friends of liberty and equal rights. That the President has virtually gone over to the enemy is now palpable (though he himself may not be aware of the fact), thus losing the noblest opportunity for an honored name in history that was ever vouchsafed a mortal. Utterly incompetent to see the path of justice, when the issue is between the rights of the negro and the wretched prejudices against the negro, of "the poor white," he fails his country in the hour of its greatest need. We have read the veto message;—it is confused, badly written, and even impertinent in presuming to lecture Congress as to its duties, and every way unworthy the presidential office.

— The last bit of Parisian drollery is due to an organ grinder; he has on his instrument an opera score on which he keeps his eyes, turning the page at the proper time, while with the other hand he grinds out music. He has made a good deal of money, for the spectacle is laughable.

The organ-grinder has perhaps been beaten by a priest in one of the chapels on the Norman coast; his organ was completely out of repair, nevertheless he could not allow Christmas to pass by unhonored. What should he do but borrow an immense speaking trumpet from an old captain. He chaunted the whole mass through the speaking trumpet! It need not be said that nobody slept that day in church. His parishioners think seriously of suing him for damages; since Christmas day all of them have been hard of hearing.

— Among the great wonders of the world is the J. Monroe Taylor Gold Medal Soap, and a great wonder it is, that any sane person will have any other as long as that is to be had; it makes happy wives, happy daughters, and happy husbands, and washing day more like a gala day than a working day; it is a perfect panacea, and will go farther and do better than any other soap made. Try it. 52

— In Baltimore, a fire occurred early last Saturday morning, in which two men, a woman and infant, and three young girls, were burnt to death, or smothered, in one house.

— The U. S. Treasury is said now to contain $150,000,000.

CAUGHT HIM.—We are told a good story of how an injured wife caught a run away husband, on the arrival of the last steamer from Europe at this port. It appears that an intimacy had grown up between her worser half and a fair young widow, who, rather than undergo the horrors of single blessedness, consented to elope, and accordingly both took passage for this side of the "big pond," in the steamship Belgian. The deserted wife learning of their flight took passage in the steamship Moravian, which, owing to some of the Belgian's machinery getting out of order, arrived here some twenty four hours before the Belgian, and on her arrival the wife stationed herself on the wharf, and as the guilty couple walked out on the gangway, confronted them face to face. The consternation and shame of the elopers can be better imagined than described.—*Portland Advertiser.*

THE EIGHT HOUR LAW.—The ordinance providing that from and after March 1, 1866, no employees in any of the *departments* of this corporation shall be required to labor, or render more than eight hours' service per day; and that no reduction shall be made in the wages of any person on account of the reduction in the hours of labor, and providing that said ordinance shall *not* apply to *mechanics* or *workingmen* in the employ of any contractor under the city, has passed both branches of the city council, and only requires the signature of the mayor to become a law of the corporation.—*Baltimore Sun.*

This is a *famous* law:—shortening the day of the officers, clerks, &c., but *not* shortening that of the mechanic or workingmen outside.

RAMBLES ABOUT PORTSMOUTH, No. 160.

The Old Welch House on Bridge street—Johnny Cunningham.

Who that has passed through Bridge street in the past century, has not noticed the long, low black house, with a camel-back ridgepole, and on the street, next South of that on the corner of Hanover street? Passing this spot a few days since, we were surprised to find that the house had disappeared, and nothing left but a stout chimney with bricks set in clay.

Of the exact date when this old house was built we have no record. The first occupant we can find was Benjamin Welch. He was born about 1710, and probably he located here as early as 1740. He occupied it in the time of the Revolution. There was no house nearer to it on the South than the Call mansion; and on the North and East were none nearer. Our old folks can yet remember when this house set thus by itself, with several handsome trees on the North side, (where the corner house now stands,) under which the patriarchal proprietor might frequently be seen sitting enjoying the clear prospect of Christian shore, before any railroad depot, or distillery was built; before the first grave was made in the old North Burying ground, or even a bridge built where the mill now stands. He too, could see the full tides by their free ingress, flowing nearly up to his premises.

For many years there was a well curb just inside the door on the street, at which the wayfarers, from a spring in the cellar, quenched their thirst, and the wants of the house were supplied.

This was a cottage of the olden time—and it probably was not wholly without its romance, although its history is not all recorded. Before that broad fire place happy faces have shone, and as the story of the "Regulars" has been there told, fearful eyes have been looking out to see if they were coming. Here "olive plants" might be seen around the family board. Among the daughters was Betty, whose bright eyes and comely person, as well as her pleasant manners, were the attraction of the foreign gardener of Col. George Boyd. Whether Johnny Cunningham met Betty Welch first at the well, or whether he had fell in love with the cottage in the distance as he tilled the great garden of Col. Boyd, (extending from the mill to the depot,) history does not inform us,—but the fact that he here won her heart and hand is better established.

Johnny Cunningham, as he was familiarly called when the writer knew him, was a small man, his head generally turbaned with his handkerchief, sans suspenders, quick in his movements, strong nervous temperament, and very irritable at small matters. He was of Irish descent, but found in England by Col. Boyd and sent here before the Revolution to be his gardener—for which business he had been educated. As a penman few could surpass him. We recollect an illustrative anecdote of the old man. He had been at work for Maj. Wm. Gardner one day, and presented his bill. Maj. G. was struck with the bold beauty of the writing, and priding himself on his own skill with his pen, inquired of the little rough man, who made out his bill for him? *Myself, sir.* The Maj. expressed doubts, and to test him, asked him to go to his desk and write his name. Your penknife, if you please, said Johnny. Having adjusted the nib to his liking, the pen was applied to the paper, and Maj. Gardner soon saw in the freedom and ease with which his letters were cut, a penman whom he could not excel. The bill was paid, and a dollar extra added as an acknowledgement of his skill.

After Johnny's marriage, the trees on the North of the house were cut down, and he built the two story house now standing there. How long he occupied we know not. He for many years rented it, and lived in the old house. They had one son, Andrew, to whom he gave a good education. He died in early manhood. After the death of his wife Betty, he chose to put his effects into the care of the town, and take up his residence at the town farm, where he had opportunity under the charge of Superintendent Morrison, to follow his favorite pursuit of gardening when he had the inclination—and if his hoe or a spade was ever out its place when he wanted it, there would be no peace on the farm until the article was found. That hitching up of his pants, that extension of the arm, that flash of the eye, and that quick expression of irritation when the boys asked of him the hour, none who ever knew him will ever forget. He died about twenty years ago, at the age of 94 years. Thus the old house and its inmates have now all passed away.

THE SPECIFIC PILL. Two To Six BOXES OF THE SPECIFIC PILL is usually sufficient to effect a prompt and radical cure of SPERMATORRHŒA, or SEMINAL WEAKNESS, and is equally the SPECIFIC REMEDY for every species of *Genital or Urinary Irritability*. Involuntary or *Nightly Seminal Emissions*, from whatever cause *produced*, or however severe, will be speedily relieved, and the organs restored to healthy action.

SUFFERERS
From Dyspepsia
READ! REFLECT!! ACT!!!

TARRANT & CO

Gentlemen. I am a resident of Curacoa, and have often been disposed to write to you concerning the real value of your SELTZER APERIENT as a remedy for indigestion and dyspepsia. I desire to express to you, my sincere gratitude for the great benefit the SELTZER has done my wife.

For four or five years my wife has been sadly afflicted with Dyspepsia, and after being under the tre tment of several Doctors for two or three years, she was finally induced to seek the advice of a learned Physician, Doctor Gubbins, of Venezuela, who immediately treated her with your EFFERVESCENT SELTZER APERIENT. She began to improve at once and is now PERFECTLY WELL.

I feel it to be my duty for the good of humanity to make this statement, feeling that a medicine so valuable should be widely known.

Trusting that you will give this publicity, and repeating my earnest gratitude and thanks,

I am very respectfully yours,
S. D. C. HENRIQUEZ,
Merchant, Curacoa, S. A.

New York, June 28th, 1865.

WE ASK

The suffering millions in our land to give this remedy a trial, convinced that by its timely use many may be relieved, many cured of

Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Dizziness, Indigestion, Piles, Costiveness, Bilious Attacks, Liver Complaints, Rheumatic Affections, &c.

Read the Pamphlet of Testimonials with each bottle, and do not use the medicine against the advice of your Physician.

AMERICAN AND FOREIGN PATENTS.
R. H. EDDY,
Solicitor of Patents,
Late Agent of the U. S. Patent Office, Washington, under the Act of 1857,
78 State Street, opposite Kilby Street, BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services more moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

Inventors will save a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person more competent and worthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakeable proof of great talent and ability on his part leads me to recommend inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART

During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.

CHEROKEE CURE,
THE GREAT
INDIAN MEDICINE,
Cures all diseases caused by self-abuse, viz:—*Spermatorrhœa, Seminal - Weakness, Night - Emissions, Loss of Memory, Universal Lassitude, Pains in the Back, Coldness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Pale Countenance, Insanity, Consumption*, and all diseases that follow as a sequence of youthful indiscretions.

The Cherokee Cure will restore health and vigor, stop the emissions, and effect a permanent cure after all other medicines have failed. Thirty-two page pamphlet sent in a sealed envelope, free to any address.

Price $2 per bottle, or three bottles for $5. Sold by all druggists; or will be sent by express to any portion of the world, on receipt of price, by the sole proprietor,
Dr. W. R. MERWIN, 37 Walker St., N. Y.

Cherokee Remedy,
Cures all Urinary Complaints, viz: *Gravel, Inflammation of the Bladder and Kidneys, Retention of Urine, Strictures of the Urethra, Dropsical Swellings, Brick Dust Deposits*, and all diseases that require a diuretic, and when used in conjunction with the

CHEROKEE INJECTION,
does not fail to cure *Gonorrhœa, Gleet and all Mucous Discharges* in Male or Female, curing *recent cases in from one to three days*, and is especially recommended in those cases of *Floor Albus or Whites in Females*. The two medicines used in conjunction will not fail to remove this disagreeable complaint, and in those cases where other medicines have been used without success.

Price, Remedy, One Bottle, $2, Three Bottles, $5.
" Injection, " $2, " " $5.

The Cherokee "*Cure*," "*Remedy*," and "*Injection*" are to be found in all well regulated drug stores, are recommended by physicians and druggists all over the world, for their intrinsic worth and merit. Some unprincipled dealers, however, try to deceive the public by selling cheap and worthless compounds,—in order to make money—in place of these. *Be not deceived.* If the druggists will not buy them for you, write to us, and we will send them to you by express, securely packed and free from observation. We treat all diseases to which the human system is subject, and will be pleased to receive full and explicit statements from those who have failed to receive relief heretofore. Ladies or gentlemen can address us in perfect confidence. We desire to send our thirty-two page pamphlet free to every lady and gentleman in the land. Address all letters for pamphlets, medicines, or advice, to the sole proprietor,
Dr. W. R. MERWIN, 37 Walker St., N. Y.

HIRING LABORERS IN GEORGIA.—The Memphis Post says that Maj. A. T. Reeves, late of the Freedmen's Bureau, has returned to that city from Georgia with 200 laborers for plantations at the West. They were obtained mostly in Elbert County, where the people at first attempted to put a stop to the Major's operations, but a guard of soldiers furnished by Gen. Tillson protected him from the threatened violence, and the negroes came in freely. Many of the freedmen were working for two to six dollars per month, having been frightened into making contracts by being told that if they failed to do so by the 1st of January, the Government would send them to Cuba and sell them into slavery. One first-class hand, who came with the Major, had hired for fifteen dollars per year. In this benighted region there seems to be no knowledge that the war has ceased. Greenbacks are refused on all occasions. Not a pound of butter, or a dozen of eggs can be bought in all the county with national currency. In the lower counties a better feeling exists, and the freedmen readily get $15 per month.

EARLY RISING.—Early rising gives long days, invigorating light in abundance, and healthy cheeks. This beautiful passage from Bulwer's Caxtons is worthy of perpetual remembrance:

"I was always an early riser. Happy the man who is! Every morning day comes to him with a virgin's love, full of bloom and purity and freshness. The youth of nature is contagious, like the gladness of a happy child. I doubt if any man can be called 'old' as long as he is an early riser and an early walker. And youth!—take my word for it—youth in dressing gown and slippers, dawdling over breakfast at noon, is a very decrepit, ghastly image of the youth which sees the sun blush over the mountains and the dews sparkle upon blossoming hedgerows."

— The New Bedford Mercury says great excitement was produced in Fall River Friday by the discovery that an old resident had suddenly disappeared, and that about $30,000 of forged paper was left behind.

— The Portland Transcript says at the corner of Green and Cumberland streets there is a spring of water which never freezes in the coldest weather, but jets up through the paving stones like a miniature fountain.

— A weaver in a Scotch manufacturing town has been presented by his fellow workmen with a silver snuff box for his pluck and independence in refusing to remove his pig sty when ordered to do so by the sanitary authorities.

— In Pawtucket, Mary Elizabeth Tarpey, a little girl about nine years old, attempted to revive a fire by pouring kerosene upon it from a can, when an explosion took place, setting fire to her clothing, and she was burned to a crisp. She lived but a short time. Her aunt, Mrs. Muldoon, (who was intoxicated) was burnt on her hands, trying to quench the flames, and two little children who were present were also burned.

— The papers everywhere are going it strong on smart old women, but an Auburn correspondent of the Lewiston Journal "goes better," as follows: "We have a man in our village, seventy-one years of age, who last week, stood two flour barrels on their heads, laid a stick across them, stood with his feet together, and jumped free and clear over the stick. Now, if any other portion of Androscoggin county has a man of that age who can perform the same feat, they will confer a favor by bringing him out."

TO THE LADIES.
Miss GUILD offers to the public her superior Crystal Palace Chart for CUTTING DRESSES, which is conceded by competent judges to surpass any invention of the kind ever offered to the American public. She feels fully warranted in saying that it is as perfect a thing as human ingenuity can render it, and should be in the possession of every lady. It is simple, easy, and grace ful, adapted to fit every form and size, from little girls of seven years to the largest adults. Directions printed in full on every Chart. None genuine unless the Crystal Palace is engraved on it, and the address of the inventress printed. Copyright secured, and no infringement allowed.
Agents are wanted in every part of the country. The Chart will be sent to any person on receipt of $2 addressed to
Miss LUCY GUILD, Rupert, Vt.
Ladies wishing a tape measure must inclose 15 cents extra.
Miss Guild warns people from buying, selling or using a chart called the National Chart by Miss Jane Eddy, Nashua, N. H., as it is an infringement of her copyright. Any person printing, selling or using the counterfeit chart will be prosecuted according to law. One Albert J. Warren has been extensively engaged in selling the counterfeit chart, and is supposed to be the perpetrator of the forgery. Any information leading to his arrest will be liberally rewarded.

VINELAND
FARM AND FRUIT LANDS,
In a mild and healthful climate. Thirty miles *south* of Philadelphia by Railroad, in New Jersey, on the same line of latitude as Baltimore. This is a *great fruit country*. Five hundred Vineyards and Orchards have been planted out by experienced fruit-growers. Grapes, Peaches, Pears, &c., produce immense profits. Vineland is already one of the most beautiful places in the United States. The entire territory, consisting of fifty square miles of land, is laid out upon a general system of improvements. The land is only sold to actual settlers with provision for public adornment. The place, on account of its great beauty, as well as other advantages, has become *the resort of people of taste*. It has increased five thousand people within the past three years. Churches, Stores, Schools, Academies, Societies of Art and Learning, and other elements of refinement and culture have been introduced. Hundreds of people are constantly settling. Hundreds of new houses are being constructed. Price of Farm land, Twenty acre lots and upward, $25 per acre. Five and ten acre and Village lots for sale.
Fruits and Vegetables ripen earlier in this district than in any other locality north of Norfolk, Va. Improved places for sale.
Opening for all kinds of business. Lumber Yards, Manufactories, Foundries, Stores and the like; and Steam Power, with room, can be rented.
For persons who desire mild winters, a healthful climate, and a good soil, in a country beautifully improved, abounding in fruits, and possessing all other social privileges in the heart of civilization, it is worthy of a visit.
Letters answered, and the Vineland Rural, a paper giving full information, and containing Reports of Colon Robinson, sent to applicants.
Address CHAS K. LANDIS, Vineland P. O., Landis Township, New Jersey.
Reports of Colon Robinson, Agricultural Editor of The Tribune: *It is one of the most extensive fertile tracts, in an almost level position and suitable condition for pleasant farming that we know of this side of the Western Prairies.* n1—dawtu

THE LIGHT OF THE WORLD.
DR. MAGGIEL'S
PILLS AND SALVE.
These Life-giving remedies are now, for the first time, given publicly to the world. For over a quarter of a century of private practice the ingredients in these
Life-giving Pills!
Have been used with the greatest success. Their mission is not only to prevent disease, but to cure. They search out the various maladies by which the patient is suffering, and eradicate the failing system. To the aged and infirm a few doses of these valuable PILLS will prove to be
A Very Fountain of Youth,
For in every case they add new life and vitality, and restore the waning energies to their pristine state. To the young and middle aged, they will prove most invaluable, as a ready, specific, and sterling medicine. Here is a dream realized, that Ponce-de-Leon sought for three hundred years ago, and never found. He looked for a fountain that would restore the old to youth and make youth ever
AN ETERNAL SPRING!
It was left for this day and hour to realize the dream, and show, in one glorious fact, the magic that made it fact.
These Famous Remedies
Cannot stay the flight of years, but they can force back and hold aloof, diseases that might triumph over the aged and the young. Let none hesitate then, but seize the favorable opportunity that offers. When taken as prescribed—
FOR BILIOUS DISORDERS
Nothing can be more productive of cure than these Pills. Their almost magic influence is felt at once; and the usual concomitants of this most distressing disorder are removed. These remedies are made from the purest
VEGETABLE COMPOUNDS.
They will not harm the most delicate female, and can be given with good effect in prescribed doses to the youngest babe.
For Cutaneous Disorders
And all eruptions of the skin, the SALVE is most invaluable. It does not heal externally alone, but penetrates with the most searching effects to the very root of the evil.

Morning Chronicle.

Portsmouth, N. H.

WEDNESDAY, FEBRUARY 28, 1866.

IN THE U. S. SENATE, Feb. 26, on motion of Mr. Lane of Kansas, the credentials of Messrs. Baxter and Snow, Senators from Arkansas, were taken from the files, the object being their reference to the Judiciary Committee.

Mr. Clark moved to table them. Negatived, 29 to 17.

Mr. Lane moved to admit them to seats on the floor. Tabled, 27 to 18.

The concurrent resolution that no Senator or Representative from any seceded State be admitted until such State has been declared entitled to representation, was taken up.

Mr. Sherman spoke in favor of the President's reconstruction policy, yet he was in favor of the Freedmen's bill, and voted for it and against the veto; but he considered that the President exerted only his constitutional right in exercising the veto power. While he thought there was much that was ridiculous in the President's speech of the 22d, there was yet much in it worthy of consideration, prompted as it was by the President's desire to see the Southern States speedily restored to their constitutional relations. While he (Sherman) was anxious to see a mode adopted by which loyal Southern men might be admitted to Congress, he never would consent to the admission of any man who had taken part in the rebellion, and would never vote for the repeal of the test oath. He also favored voters, and not population, as the basis of representation, though he should probably vote for the proposition now in the Senate recognizing population as the basis. He did not believe that Mr. Sumner's proposition to declare suffrage by act of Congress, was practiceable.

IN THE HOUSE, Mr. Beaman introduced a bill to continue in force and amend the Freedman's Bureau bill.

Mr. McClurg offered a resolution instructing the Committee on Reconstruction to inquire whether the late seceded States are still in contumacy, and if so to inquire into the expediency of levying a contribution on the disloyal inhabitants thereof to defray the extraordinary expenses of the Government.

On motion of Mr. Schenck the resolution was referred without instructions—yeas 102, nays 27.

THE ANNUAL STATE ELECTION in New Hampshire, comes in course next Tuesday, when it is proposed to re-elect Gov. Smyth, by an *increased* majority, on the part of those who elected him last year;—and to *diminish* his majority, on the part of those who opposed him then. Both parties put the election on National grounds rather than local or State;—and both, in their platforms, propose to sustain the President, on certain *conditions*, which differ very widely: those who have nominated Gov. Smyth, propose to go with him "in all his efforts to restore harmony and mutual trust between the different sections of the Union on the principles of universal liberty and *exact justice* to all."

Those who have nominated Mr. Sinclair, on the other hand, propose to support President Johnson "in his efforts to secure an *immediate representation* of all the States in Congress." Both parties took care to shun the folly of endorsing him *in toto*, or of promising to support whatever he might propose.

We should prefer justice, equity and honesty, to the success of any candidate, or any party; and we would uphold our Representatives, Senators, and President, so far and only so far, as they try to do *justice*, and restore the Union in *righteousness*. We would have them, also, as a matter of prudence, get as near this mark as they can, when obstacles of any kind prevent a perfect work. U. T.

☞ The intense excitement in Washington is abating. Sherman and Cox have poured some oil on the troubled waters;—and the appearances on Monday and Tuesday were, that both the President and the leaders in Congress were disposed to abate somewhat of their extravagances, and instead of trying to disagree as much as possible, were trying to find out what they can agree upon.

— The paper mill of J. B. Warriner & Co. at South Willbraham, Ma., was burned Friday night. Loss $5000; insured for $3500.

— Gov. Orr of South Carolina has vetoed a bill establishing police regulations for the freedmen of that State, which were similar to those which controlled them as slaves. He says that having become free, they are entitled to security in their new rights. This was the first bill ever vetoed by a South Carolina Governor.

TORNADO AT KNOXVILLE.—A terrible tornado is reported to have passed over Knoxville, Tennessee, Saturday morning, blowing down from thirty to forty houses and destroying much other property; but no loss of life is mentioned.

Correspondence of the Chronicle.

Building—Political—Local—Theatrical.

RYE, Feb. 24.

Mr. Editor:—The fine weather of the past week has been very favorable for building operations, and has been improved by those who were ready to take advantage of it. As a whole, the season thus far has been one of the best that I ever knew for out-door work. The mills are doing a heavy business since the late thaw. The only saw-mill in town a few days ago had *fifteen hundred* logs to saw—which is enough to keep it running day and night for several months. Unless the Spring should prove one of abundant rains, considerable lumber will have to "lay over."

The near approach of Election is heralded with much less than the usual excitement; and it is not probable that a very full vote will be cast on either side. We do not see how the politicians can get up much of a fight, as both of the platforms squarely endorse the President. It is gratifying, however, to see the old stagers of the democracy—the same men who, a few months ago, could not say anything bad enough about Andy Johnson—come up so valiantly to the support of a President elected by Republican votes: the more so as the "loaves and fishes" are all in the hands of their opponents, and are likely to remain so. If they will only continue to support our President under similar circumstances, they will prove themselves the most disinterested political party on record. Politics being so harmonious, we suggest that our citizens devote more time to the consideration of local affairs. There are many matters of importance that must necessarily come up for discussion, that cannot and ought not to have a political bearing. The questions are wholly local, and as such should be dealt with in a liberal manner, irrespective of partizan motives. In the election of town officers, it matters not whether Mr. A. is a Democrat or Mr. B. a Republican, so long as he is a man of integrity, and has at heart the welfare of the interests confided to his charge. Let us all—as in many instances in the past—throw aside all political prejudice, and remember that in spite of political difference, we are one in the very important matter of local interests. Rye is fast becoming noted as a place of Summer resort, and is destined to be one of the best watering places in the country. It should be the constant care of the town authorities to make every needed improvement on the coach roads, (the main one of which in one place is *sixteen feet wide*,) and to lay out new roads whenever they are absolutely needed, and the public interests will be benefitted. A liberal and just local legislation will invite immigration, build up the town, and add thousands of dollars to our taxable wealth.

Your correspondent "E." takes issue, and criticizes my criticisms of the *Theatre Comique*, and doubts whether they were the result of occular observation. I can assure "E." that I witnessed the performance in question, and notwithstanding his white-washing statements, still adhere to my previously-expressed opinions that the *Theatre Comique* is in many respects a "tough" place, and will add that some of Kate Pennoyer's "dancing," or posturing, would cause a modest lady to hide her face behind her fan, if she had one. This *modest* young female managed to get her toes higher than the noses of the surrounding performers several times in succession—much to the delight of the gay old birds (and young ones too) who sat in the orchestra chairs beneath, and plied their opera glasses with a range of vision very nearly approaching the perpendicular. If the performances witnessed by my unknown friend "E." were anything like those on the evening of Jan. 30, I am sure such *prominent* scenes could not have escaped his "careful observation;" but from his apparent standpoint, I presume he would not consider the performers as "at all inclined to display an undue portion of the charms that nature dispenses to the female sex," while a dress that never got more than thirty-six inches above the ankle I suppose would evince a peculiar modesty on the part of the wearer. I never meant to convey the impression that good ballet dancing was in disrepute, or that respectable people did not visit the Theatre Comique—and if such an impression has gained credence, my letter was unfortunately worded. I have no doubt that a great many respectable people frequently visit the place; and I agree with "E." that the pantomime was excellent, and in a great measure atones for the manifest indelicacy and indifferent performance of the ballet. Hoping that this "explanation" will be entirely satisfactory to "E.," I remain Yours Truly, BUGGINS.

WASHINGTON ITEMS, Monday.—The coppery Representative Rogers of New Jersey addressed the House on the question of universal suffrage and constitutional amendments. Some amusement was created by his welcoming Raymond of New York into the Democratic ranks.

Gen. Steedman of Ohio had an interview with the President. Western men say that he is to be made Secretary of War.

NEW HAMPSHIRE ITEMS.

—— Last June session our Legislature passed a law fining a man $10 for each pickerel caught by him in March, April or May; the fines to go to the County.

—— Sucker Village is a great place for pickerel. Two lots were recently caught there—24 in one lot, weighing 35 pounds; and 13 in the other, with a weight of 21 pounds.

EMMIGRATION TO MEXICO.—The Richmond Enquirer does not believe much in emigration to Mexico, and tells discontented Virginians that if they go they "will find in that once favored but now rather desolate region a very large number of impecunious Confederates, and among them, sad to tell, that venerable warrior of the West, old "Daddy Price," bitter as possible toward the Yankees, but shivering in his bitterness within the walls of an old log hut, whose sole roofing consists of a tent fly. For the past two months those horrible rains peculiar to that blessed clime have prevailed—misty, searching, chilling, penetrating—rendering the very life of those unaccustomed to such long continued gloom miserable in the extreme."

☞ In Washington, on Monday, more than half a dozen letters were received by Representative McKee of Kentucky, detailing outrages committed against the freedmen of that State in various parts of his district. One case of shooting two negroes and robbing them had occurred, and upon the arrest of the perpetrators of the act by the officers of the Bureau, they were discharged by a writ of habeas corpus, sued out and tried before a Circuit Judge of the State Court. Another was where a party of white men went to the house of an old man nearly eighty years of age, and a freeman nearly all his life, and robbed him of him of his money and kicked him to death and then raked coals from the fire and putting him on them roasted first one side and then the other. They also burned two other negroes nearly to death, putting out the eyes of one, and boasted that they not only intended to drive out the negroes, but intended also to drive out certain whites.

☞ A correspondence between Henry A. Wise and Fernando Wood is published, the former asking for political information, and the latter replying that the present is an interregnum to be followed by such measures as will adapt the fundamental form of government to the new order of things. State sovereignty and slavery have both been decided against. For the former we must bereafter have unity, and for the latter freedom. He adds, this consolidation is not inconsistent with free Government nor with Republicanism.

☞ John Minor Botts has just issued an address to the people of Virginia. He says: "I would forfeit forty seats in the Senate—aye, the Presidency itself—if it were offered to me to-morrow, sooner than see that element of secession-Democracy raised to power again, except that such a position would enable me to crush it the more effectually than by another means."

— Bread, Biscuit, Cakes and Puddings, going through the process of baking, change all the substance of Herrick Allen's Gold Medal Saleratus into carbonic acid gas, which then passes away, so that there is not a particle of it remaining in the food in which it is used, thereby making it perfectly wholesome and healthy, and peculiarly adapted to weak stomachs and dyspeptic persons. Grocers and Druggists sell it. 53

DR. SIMEON SWETT'S

FAMILY MEDICINES

Need only be known to be universally esteemed.

FAMILY PILL.—The Pills are wholly Vegetable, and although effective, are an easy and safe physic for the most feeble constitutions, and have proved effectual for the following Diseases: Headache, Dysentery, Fits, Pain in the Side, Stomach and Bowels, Jaundice, Liver and Spinal Complaints, and all kinds of Bilious Disorders.

N. B.—Every one who buys and uses these Pills, shall have all the pay refunded, if he finds them not worth all they cost.

DR SWETT'S PANACEA, for Cancers, Leprosy, Salt Rheum or King's Evil, Erysipelas or St Anthony's Fire, Canker in the Throat or Mouth, Rising in the Head, Sore Eyes and Consumptive Complaints.

VEGETABLE ANTI-DYSPEPTIC BITTERS.

HUMOR WASH.—This preparation speedily cures sores and pimples of the face. Its immediate efficacy is its recommendation

COMPOUND CORDIAL OF DANDELION, SPIKENARD AND BONESET—a remedy unsurpassed for Liver Complaints, such as Costiveness, Dizziness and pain in the Head, Stomach and Side, Universal Debility, and the whole family of Consumptive Complaints.

NERVE LINIMENT, highly recommended for Rheumatism, Pain in the Head, Breast, Back or Joints, Stiff Neck, Sore Throat, Croup, the Piles, Sprains, &c.

ISRAEL MARDEN & CO.,

No. 39 Congress St., Portsmouth, N. H.,

—DEALERS IN—

S. Vance's Submerged Well PUMP.

This unsurpassable invention, now being first introduced, will, it is believed, supersede all other Well Pumps now in use.

ITS ADVANTAGES.

FIRST, SIMPLICITY.—This Pump is composed of but three parts, and is so simple in its construction that any one can easily put it together.

SECOND, DURABILITY.—Its peculiar construction, and the fact that it is always submerged combine to make it the most durable of all Pumps yet invented.

THIRD, NEVER FREEZES.—The valves are so constructed that, when not in motion, they allow all the water above to pass down into the well, and thus prevent freezing.

FOURTH, POWER.—For the amount of power applied, this Pump excels anything known. It throws one-third more water than ordinary pumps, and works so easily that even a child can pump without fatigue. It is in this way the greatest labor-saving pump now offered to the public.

FIFTH, IT IS INVALUABLE.—For a well pump it is invaluable, as all the iron which is submerged consists of but three small pieces, and those galvanized. It can in no way corrode, consequently it brings up pure water at every stroke.

SIXTH, CHEAPNESS.—This Pump is so made that it costs but a trifle, and is warranted to keep in use for years. No repairs at all are needed. It is very light, and thus the cost of transportation is very small.

☞ Manufactured by S. VANCE & CO., No. 31 Liberty Street, Newburyport, and for sale in Portsmouth by the Sole Agents for N. H.,

ISRAEL MARDEN & CO.,
39 Congress Street.

☞ We are permitted to refer to Mr. MONROE HOLMES and to Mr. FRANK W. MILLER of the Daily Chronicle, who have these new Pumps in use on their premises,—for testimony to their excellence.

Lyon's Periodical Drops!

THE GREAT FEMALE REMEDY FOR IRREGULARITIES.

These Drops are a scientifically compounded fluid preparation, and better than any Pills, Powders or Nostrums. Being liquid, their action is direct and positive, rendering them a reliable, speedy and certain specific for the cure of all obstructions and suppressions of nature. Their popularity is indicated by the fact that over 100,000 bottles are annually sold and consumed by the ladies of the United States, every one of whom speak in the strongest terms of praise of their great merits. They are rapidly taking the place of every other female Remedy, and are considered by all who know aught of them, as the surest, safest and most infallible preparation in the world. Invaluable in all female complaints, the removal of all obstructions of nature, and the promotion of health, regularity and strength. Explicit directions stating when they may be used, and explaining when and why they should not, nor could not be used without producing effects contrary to nature's chosen law, will be found carefully folded around each bottle, with the written signature of JOHN L. LYON, without which none are genuine. **Price $1.50.**

Prepared by Dr. JOHN L. LYON, 195 Chapel Street, New Haven, Conn, who can be consulted either personally, or by mail, (enclosing stamp,) concerning all private diseases and female weaknesses. **Price $1.50 per bottle.**

MAGGIEL'S

Spring and Summer Remedies.

"*Great oaks from little acorns grow.*" The worst diseases known to the human race spring from causes so small as to almost defy detection. The volumes of scientific lore that fill the tables and shelves of the medical fraternity only go to prove and elaborate these facts. Then guard yourselves while you may. The smallest pimple on the skin is a tell tale and indicator of disease. It may fade and die away from the surface of the body, but it will reach the vitals, perhaps, at last, and death be the result and final close. MAGGIEL'S BILIOUS, DYSPEPTIC and DIARRHŒA PILLS cure where all others fail. While for Burns, Scalds, Chilblains, Cuts, and all abrasions of the skin, MAGGIEL'S SALVE is infallible. Sold by J. MAGGIEL, 43 Fulton street, New York; PARSONS and HAGERS in this city, and all Druggists, at 25 cents per box. decseodawly

Perry's Moth and Freckle Lotion.

☞ Chloasma, or Mothpatch, (also called Liver-spot,) and Lentigo, or freckles, are often very annoying, particularly to ladies of light complexion, for the discolored spots show more plainly on the face of a blonde than of a brunette; but they greatly mar the beauty of either and any preparation that will effectually remove them, *without injuring the texture or color of the skin*, is certainly a desideratum. Dr. B. C. Perry, who has made diseases of the skin a speciality, has discovered a remedy for these discolorations, which is at once prompt, infallible and harmless.

Prepared by B. C. PERRY, Dermatologist, No. 49 Bond Street, New York, and for sale by all druggists; price $2 per bottle. Call for PERRY'S MOTH & FRECKLE LOTION.

Local.

☞ A movement is on foot in this city to start a Workingmen's Protective Union Grocery Store, with a view to obtain the staple articles of life at a much cheaper rate than that at which they are now purchased. A meeting having for its object the ultimate establishment of the above mentioned institution was held at Rechab Hall on Saturday evening last. Mr. W. F. Laighton was chosen Chairman and Wm. C. Hatch, Secretary. A committee of five were appointed who nominated Moses Lord, President; Joshua Stackpole, Vice President; Oliver G. Fernald, Secretary; Isaac Dow, Samuel W. French, Alonzo F. Craig, A. J. Hill and Wm. F. Laighton, Directors.—We learn that another meeting is to be held at the same place on Thursday evening next at half past seven.

NOT SO.—It has been reported that a certain individual who has recently left the city, was aided or escorted away by the City Marshal. Such is not the case. The individual referred to left Portsmouth in a wagon for Kittery, and took the Eastern train at that station. The City Marshal was a passenger on the same train, from Portsmouth, on business, and this accounts for his interview with the person. As some blame has been attached to the Marshal for allowing the person to leave the city, it is but justice to say that no legal complaint was made against the party, and therefore no cause existed for his detention by the officers of the law.

POLICE COURT, Feb. 27th.—John H. Stringer, for assaulting Frank Sambells, a colored barber, on the night of the Democratic celebration, was fined $7 and costs, $4.80 more. Stringer had kept pretty shady ever since the affair happened, hoping to elude the officers, but Johnson and Sides "holed" him in Bow street on Monday night.

William Atkins, cook at the City Farm, celebrated the departure of the old and arrival of the new Superintendent by "going on a bust." His purse has replenished the City Treasury to the tune of "six eighty-six."

☞ At an adjourned meeting of the Fire Police, held at the Common Council Room Tuesday evening, the following officers were elected:

Chief Marshal—Jonathan Dearborn.
Assistant Marshals—Samuel Rowell, Alfred T. Joy, John H. Slater, Chas. A. Shannon, Ezra A. Stevens.
Secretary—Henry C. Walker.

Messrs. James C. Brown, Chas. A. Shannon, Wm. H. Sise, E. Washington Brown and Wm. G. Nowell were appointed a committee to draft By-Laws.

Messrs. Chas. C. Akerman, Wm. H. Sise and Harry S. Vanderbilt were appointed a committee on Badges.

☞ The check-list notices on our fourth page are of interest to all voters whose residences have been changed, as well as to those whose names have never before been placed upon the lists.

☞ The alarm of fire this morning about 3 o'clock, was caused by smoke coming up from the cellar of Mr. W. I. Trafton's jewelry store, in the Franklin House building. The flames, if there were any, were soon squelched by the Firemen.

IMPORTANT LEGAL DECISION.—While the rebellion was in existence, there were no United States courts held in the Southern States, and therefore no place for the Supreme Court to send its decrees of confirmation or rejection on those cases originating in courts there.

A few days since a written opinion was rendered by the Supreme Court, deciding that it would try those cases set one side during the war, and try them in their order, whenever parties interested appeared before the Court. Also, that cognizance would would be taken of all questions brought up from the existing courts in those States the same as from any other State. To this opinion Chief Justice Chase announced in court that he disagreed and did not concur. The associate justices were of one mind—all concurred in that opinion and overruled the Chief Justice. His dissenting, standing as he did alone, does not affect anything. It is therefore settled that the Supreme Court from this time forth treats those States as States in the Union, having never been out, and President Johnson is sustained by the highest judicial tribunal in the land in treating the eleven States engaged in the rebellion as still in the Union, never having lost their status as such.

So says an exchange; and if so, it follows as we have contended, that we have really *coerced the States* back into some sort of obedience, tho' Pres. Buchanan said we had no right to do so, and tho' the copperheads told us again and again it could not be done. But what then? tho' the rebel States were never out of the Union as Mexico and Canada are out,—does *anybody* believe that they are and *have been* all the time in it, as Vermont and New York were in it? No. The Judges themselves cannot believe it: the President doesn't believe it: nobody believes it. We have not been great sticklers for any abstract theory,—but have always preferred the idea that they were in the Union as States, exactly as a murderer or thief is in the State as a man and citizen,—and that they should be held awhile for their own and the public good,—exactly as the criminal is held awhile for his own safety and that of the community.

If thy heart yearns for love, be loving; if thou would'st free mankind, be free; if thou would'st have a brother frank to thee, be frank to him. "But what will people say?" Eternal and sure is this promise, "Blessed are the meek, for they shall inherit the earth." Only have faith in this, and thou wilt live high above the rewards and punishments of that *spectral giant*, which men call society. Be found with thine own conscience in that circle of duties, which widens over, till it enfolds all beings and touches the throne of God.—*L. M. Child.*

TELL YOUR NEIGHBORS—It is the duty of every one who has suffered from the terrible ravages of that most horrible of all diseases, Dyspepsia, and who has been cured by Coe's Dyspepsia Cure, to tell their friends and neighbors of it. "Do unto others as you would have others do unto you," is the golden rule.

Every one that has ever used it, knows of its wonderful curative powers in Dyspepsia, Indigestion, Flatulency, Sick Headache, Sour Stomach, Heartburn, Cholera Morbus, and we might say, every disease that arises from a disordered state of the stomach and bowels. F26eodawlw

Holloway's Pills and Ointment.—Burns, Scalds, Wounds, Bruises, &c.—No more flattering testimonials can be adduced of the immediate relief which Holloway's Medicines afford to sufferers from these terrible calastrophes, than the readiness with which medical men use them in private practice for all such accidents. The grand feature in the Ointment is that it leaves neither scar nor blemish of the skin. No family should be without a supply of these invaluable remedies. Sold by all Druggists. f24-1w

OUTRAGE UPON A TEACHER.—A letter from Woodstock, (Va.,) dated Feb. 13, written by a responsible person, says:

"Last Wednesday evening, the 7th inst., Mr. George H. Hammond, a Missionary teacher of the freedmen, while quietly occupied at his boarding place, was violently assailed by a band of some fifteen ruffians armed with pistols and clubs who, with oaths and violently abusive language, led him away to the Shenandoah river, and, after immersing him several times, threatened to shoot him unless he should leave the place within three days. Mr. Hammond was sent out some two months ago by the American Missionary Association. The above occurred in Page county, Va., at a place called Massanutton. In view of such outrages as these can any reasonable man doubt the necessity of immediate and decisive measures being taken by Congress for the suppression of the violent animosity of those who are still rebels, as much now as ever they were, and for the protection of the rights of the colored people and of the loyal whites?"

A CAREFUL CONGRESSMAN.—There is a member of Congress from one of the New England States who is so fearful of committing himself, he declines to give an opinion upon the most ordinary topic. The other day he was accosted familiarly by a friend who said inquiringly, "We are likely to have a pleasant spell of weather?" "Why, really," replied the slow coach, "I cannot say; you must ask some older member of Congress than I am."

SUFFERERS

From Dyspepsia

READ! REFLECT!! ACT!!!

TARRANT & CO

Gentlemen, I am a resident of Curacoa, and have often been disposed to write to you concerning the real value of your SELTZER APERIENT as a remedy for indigestion and dyspepsia. I desire to express to you my sincere gratitude for the great benefit the SELTZER has done my wife.

For four or five years my wife has been sadly afflicted with Dyspepsia, and after being under the treatment of several Doctors for two or three years, she was finally induced to seek the advice of a learned Physician, Doctor Cabinlis, of Venezuela, who immediately treated her with your EFFERESCENT SELTZER APERIENT. She began to improve at once and is now PERFECTLY WELL.

I feel to be my duty for the good of humanity to make this statement, feeling that a medicine so valuable should be widely known.

Trusting that you will give this publicity, and repeating my earnest gratitude and thanks,

I am very respectfully yours,

S. D. C. HENRIQUES,
Merchant, Curacoa, S. A.

New York, June 28th, 1865.

WE ASK

The suffering millions in our land to give this remedy a trial, convinced that by its timely use many may be relieved, many cured of

Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Dizziness, Indigestion, Piles, Costiveness, Bilious Attacks, Liver Complaints, Rhematic Affections, &c.

Read the Pamphlet of Testimonials with each bottle, and do not use the medicine against the advice of your Physician.

AMERICAN AND FOREIGN PATENTS.

R. H. EDDY,

Solicitor of Patents,

Late Agent of the U. S. Patent Office, Washington, under the Act of 1857,

78 State Street, opposite Kilby Street, BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other Agency of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to secure a late a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."

CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in form to secure for them an early and favorable consideration at the Patent office."

EDMUND BURKE,
Late Commissioner of Patents

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and a very reasonable charge."

JOHN TAGGART

During eight months, the subscriber, in course of his large practice, has obtained the spoil nations SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.

The Chronicle.

☞ When the cholera was at its height at Marseilles, a convict, whose last hour was at hand, summoned one of the guards, and after swearing him to secrecy, told him that he once committed a great burglary at Grenoble, and had secreted the $3000 he had carried off in a quarry near Grenoble. He told the guard he would give it to him upon condition he distributed $1000 in legacies; he wrote these legacies on a bit of paper, and thereon traced a plan of the quarry where the treasure was concealed. The convict gave minute instructions, and suggested to the guard the propriety of obtaining a leave of absence, which would enable him to get the treasure without attracting suspicion. They talked together for a long time, the convict's voice becoming constantly weaker; he gave a deep sigh, bent over his head, and remained motionless. The guard, sure of his death, gave him to the hospital men, who, in that busy moment, had time only to cover the corpse's face with a sheet. The guard at once asked leave of absence. It was refused. He deserted.

When he reached Marseilles he was footsore and penniless, and it became necessary for him to seek an accomplice. He found one in his inn-keeper; they, after a long discussion, agreed upon their respective parts in the division of the property, and agreed further to hold no account of the legacies of the convict. They set out for the county in which Grenoble is situated, and hunted over every mile of it, to discover at last that the deceased convict had humbugged them. The inn-keeper, who was largely out of pocket, (he had paid all the expenses) was so angry with the guard that, morning and night he thrashed him soundly, and as the guard was not patient under thrashing, the two parties had a severe fight morning and night. When they returned to Marseilles the guard was arrested as a deserter, and when he was committed to jail he was informed that the convict was not dead, had not had the least attack of cholera, and had already played the same trick successfully on three other guards.—*Cor. N. O. Pic.*

— The Empress Eugenie has made another sensation in the fashionable world.—A Paris correspondent of the *Nord* writes: "A terrible rumor was circulating yesterday in the saloons. Crinoline is in danger. Neither the Empress nor her ladies of honor wore it at the dinner on Monday at the Tuileries. You here see the consequences of that reform at the court which, if it be continued, will completely destroy unhappy crinoline."

Important to the Afflicted.

DR. DOW continues to be consulted at his office, Nos 7 and 9 ENDICOTT STREET, BOSTON, on all diseases of a PRIVATE OR DELICATE NATURE. By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of GONORRHŒA AND SYPHILIS.

SEMINAL WEAKNESS.—Dr. Dow devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Patients who wish to remain under the Doctor's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.—Medicines sent to all parts of the country, with full directions for use, on receiving descriptions of your cases. Dr. Dow has also for sale the French Capotes, warranted the best preventive. Order by mail. Three or $1 and a red stamp.

Highly Important to Females
IN DELICATE HEALTH.

Dr. DOW, Physician and Surgeon, No. 7 Endicott Street, Boston, is consulted daily for all diseases incident to the female system. Dr. Dow has no doubt had greater experience in the cure of diseases of women than any other physician in Boston. Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment. Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain one dollar, or they will not be answered. Office hours from 8 A. M. to 9 P. M.

CERTAIN CURE
in all cases, or No Charges Made.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street. Those who need the service of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

TO THE LADIES.
Miss GUILD offers to the public her superior Crystal Palace Chart for CUTTING DRESSES, which is conceded by competent judges to surpass any invention of the kind ever offered to the American public. She feels fully warranted in saying that it is as perfect a fit as human ingenuity can render it, and should be in the possession of every lady. It is simple, easy, and graceful, adapted to every form and size, from little girls of seven years to the largest adults. Directions printed in full on every Chart. None genuine unless the Crystal Palace is engraved on it, and the address of the inventress printed. Copyright secured, and no infringement allowed.
Agents are wanted in every part of the country. This Chart will be sent to any person on receipt of $2 addressed to
Miss LUCY GUILD, Rupert, Vt.
Ladies wishing a tape measure must inclose 15 cents extra.
Miss Guild warns people from buying, selling or using a chart called the National Chart by Miss Jane Eddy, Nashua, N. H., as it is an infringement of her copyright. Any person printing, selling or using the counterfeit chart will be prosecuted according to law. One Albert J. Wardea has been extensively engaged in selling the counterfeit chart, and is supposed to be the perpetrator of the forgery. Any information leading to his arrest will be liberally rewarded.

VINELAND
FARM AND FRUIT LANDS,
In a mild and healthful climate. Thirty miles south of Philadelphia by Railroad, in New Jersey, on the same line of latitude as Baltimore, Md.

The soil is rich and *productive*, varying from a clay to a sandy loam, suitable for Wheat, Grass Corn, Tobacco, Fruits and Vegetables. This is a *great fruit country*. Five hundred Vineyards and Orchards have been planted out by experienced fruit-growers. Grapes, Peaches, Pears, &c., produce immense profits. Vineland is already one of the most beautiful places in the United States. The entire territory, consisting of fifty square miles of land, is laid out upon a general system of improvements. The land is only sold to actual settlers with a view to permanent adornment. The place, on account of its great beauty, as well as other advantages, has become *the resort of people of taste*. It has increased five thousand people within the past three years. Churches, Stores, Schools, Academies, Societies of Art and Learning, and other elements of refinement and culture have been introduced. Hundreds of people are constantly settling. Hundreds of new houses are being constructed. Price of farm land, twenty acre lots and upward, $25 per acre. Five and ten acre and Village lots for sale.

Lots in the village sold earlier in this district than in any other locality north of Norfolk, Va. Improved places for sale.

Opening for all kinds of business. Lumber Yards, Manufactories, Foundries, Stores and the like; and Steam Power, with room, can be rented.

For persons who desire a mild climate, healthful climate, and a good soil, in a country beautifully improved, abounding in fruits, and possessing all the advantages of society in the heart of civilization, it is worthy of a visit.

Letters answered, and the Vineland Rural, a paper giving full information, and containing Reports of Solon Robinson, sent to applicants.

Address CHAS. K. LANDIS, Vineland P. O., Landis Township, New Jersey.

From Report of Solon Robinson, Agricultural Editor of The Tribune: *It is one of the most extensive farm tracts, in as almost perfect a state of subsoiling, and possessing the pleasant farming that we know of this side of the Western Prairies.* n1—dawe2m

THE LIGHT OF THE WORLD.
DR. MAGGIEL'S
PILLS AND SALVE.
These Life-giving remedies are now, for the first time, given publicity to the world. For over a quarter of a century of private practice the ingredients in these
Life-giving Pills!
Have been used with the greatest success. Their mission is not only to prevent disease, but to cure. They search out the various maladies by which the patient is suffering, and re-invigorate the failing system. To the aged we confirm a few doses of these valuable PILLS will prove to be
A Very Fountain of Youth,
For in every case they add new life and vitality, and restore the waning energies to their pristine state. To the young and middle-aged, they will prove most invaluable, as a speedy, specific, and sterling medicine. Here is a dream realized, that Ponce-de-Leon sought for three hundred years ago, and never found. He looked for a fountain that would restore the old to youth and make youth ever
A SELF-ETERNAL SPRING!
It was left for this day and hour to realize the dream, and show, in one glorious fact, the magic that made it fair.
These Famous Remedies
Cannot stay the flight of years, but they can force back and hold aloof, diseases that might triumph over the aged and the young. Let none hesitate then, but seize the favorable opportunity that offers. When taken as prescribed—
FOR BILIOUS DISORDERS
Nothing can be more productive of cure than these Pills. Their almost magic influence is felt at once; and the usual concomitants of this most distressing disease are removed. These remedies are made from the purest
VEGETABLE COMPOUNDS.
They will not harm the most delicate female, and can be given with good effect in prescribed doses to the youngest child.
For Cutaneous Disorders
And all eruptions of the skin, the SALVE is most invaluable. It does not heal externally alone, but penetrates with the most searching effects to the very root of the evil.
DR. MAGGIEL'S PILLS
Invariably Cure the Following Diseases;
Asthma,
Bowel Complaints,
Coughs,
Colds,
Chest Diseases,
Costiveness,
Dyspepsia,

Morning Chronicle.

Portsmouth, N. H.

THURSDAY, MARCH 1, 1866.

WASHINGTON ITEMS, Feb. 27.—The Boston Herald's correspondent says:

Congressman Laflin was informed by the President to-day that he had no desire to disrupt the Union party, and he trusted the organization would stand by him.

[We would, that both should *stand* by the *Right*, fulfill their guarantees, and *agree* on the nearest approach to equity which they can carry through.]

— A large and enthusiastic Union meeting has been held at Springfield, Ill. A series of resolutions were passed, strongly condemning the recent action of President Johnson, and heartily endorsing the action of Congress.—*Exchange.*

But on the other hand, every unconverted rebel and copperhead in the land condemns Congress and cheers the President.

☞ Gen. Grant has been visiting in New York city. He did not attend the Seward Johnson meeting. During his visit Gen. Grant has been presented by several of leading wealthy citizens with a purse of $100,000.

Gen. Grant was accidentally shot in the hand Tuesday, by the explosion of a new rifle, which he was examining. The wound was not serious and did not prevent his attending the reception at Brooklyn given in his honor.

LEGISLATION FOR FREEDMEN.—Ex-Governor Brown writes to a committee of the Georgia Legislature, who questioned him, that it is injudicious to pass any freedmen's code or any law that discriminates between the races, so far as the courts are concerned. He says all they want is a short statute extending the provisions of the penal code to all persons of African descent, and extending to them all the civil rights enjoyed by white persons.

☞ In New York, Judge Barnard of the Supreme Court has decided that the courts have no authority to discharge minors from the army. The power rests alone in the Secretary of War.

A LUCID DIRECTION.—The late Dr. H. Ware, when once asked by a parent to draw up a set of rules for the government of children, replied by an anecdote:

"Dr. Hitchcock," he said, "was settled in Sandwich, and when he made his first exchange with the Plymouth minister, he must needs pass through the Plymouth Woods—a nine miles' wilderness, where travellers almost always get lost, and frequently came out at the point they started from. Dr. H. on entering this much dreaded labyrinth, met an old woman, and asked her to give him some directions for getting through the woods so as to fetch up at Plymouth rather than Sandwich.

"'Certainly,' she said, 'I will tell you all about it, with the greatest pleasure. You will just keep right on till you get some ways into the woods, and you will come to a place where several roads branch off. Then you must stop and consider, and take the one that seems to you most likely to bring you out right.'

'He did so, and came out right.' Dr. Ware added, "I have followed the worthy and sensible old lady's advice in bring up my children. I do not think anybody can do better; at any rate, I cannot.' Good common sense, doubless, is often better than all set rules; but the thing is to have it.

WHETHER GOV. BROWNLOW ENDORSES THE PRESIDENT.—Gov. Brownlow of Tennessee, having been asked this question, says in the Knoxville Whig:

"In answering the question, we would be pleased to have some one say what that policy is, and what is contemplated by it. We endorse all the orders, proclamations and speeches of the President, as reported and published, while he was Military Governor of Tennessee. Throughout that entire period he contended that treason should be stamped with infamy; that leading, intelligent, conscious traitors should be tried and punished; that treason should be made odious, and the demands of justice satisfied by punishing its guilty authors, that all the guaranties of the Government, in fact as well as in form, be placed beyond the danger of recall; and that if there were but 5000 loyal men in Tennessee they should control the State; and further, that rebels should occupy the back seats. We are on this platform, and if the President is still on this platform we are with him. If his reconstruction policy proposes to reverse this policy and to abandon this platform, we are not with him, nor are the loyal and true men of Tennessee."

In another article, Gov. Brownlow says:

"Our mind is made up—we are with the Union party in Congress, and with them we intend to sink or swim. The people are also with them, and for the country, and against its enemies, and the men who refused to vote men and money to carry on the war. This latter class are the men most loud in their praise of the President, laboring day and night to create a split between him and the party that elected him and saved the country."

— It is given out from high Congressional circles that the Reconstruction Committee have decided to recommend the admission of the Tennessee delegation as soon as the constitutional amendment now pending in the House is disposed of.

— A great haul of gamblers was made in Salem on Saturday evening last; at $12.39 each, their fines amounted to $446.04.

GOLD, Wednesday, 136 7-8.

NEW HAMPSHIRE ITEMS.

—— New Hampshire election occurs on the 2d Tuesday, 13th day, of March; not on the 6th.

—— Mayor Humphrey of Concord declines a re-election. Alderman Prescott is spoken of as his successor, also ex-Mayor Willard, City Marshal Pickering and others.

GREENBACK CURRENCY IN THE GOLD REGIONS.—The Supreme Court of Nevada has reaffirmed its late decision that the Specific Contract Law is unconstitutional, and that greenbacks must be accepted at par in payment of debt; and the merchants, bankers, &c., have reaffirmed their decision that whoso offers greenbacks shall be branded as no better than a thief, and be ruled out in all future business transactions. The situation is exciting, and the whole Pacific coast is stirred by the discussion of greenbacks vs. gold. The Nye County (Nevada) Herald thinks the decision of the Court will be the means of introducing a greater abundance of money, and at a cheaper rate of interest.

DISCHARGE OF NEGRO TROOPS.—About twenty thousand colored troops, from the Department of Texas, are to arrive shortly at City Point, to be paid off and mustered out of service. A number of vessels have already arrived, and active preparations are going on with a view to carrying out the order disbanding these troops.

THRIVE SLOWLY.—It is dangerous for a man to grow rich and strong faster than he grows good. I do not think it is wise to grow rich too fast, at any rate. I do not mean to say that there may not be men of such stature that they can grow rich rapidly without being hurt by their riches; but generally God makes the road to wealth one of care, so that the process is one of education, and so that, when a man had attained his competence, he has gone through that which is a strengthener, stiffener, and which prevents his being much injured by it; but when men come into the possession of wealth without having earned it, because they have not received that education which is necessary to enable them to administer it properly.—*Beecher.*

— At San Francisco, Hon. Cornelius Cole, the recently elected U. S. Senator, spoke in the Assembly Chamber last Saturday evening. He was opposed to restoring the leaders of the rebellion to political power. There was no necessity for haste in reconstruction.

— The Saco Democrat states that on Friday last, as some boys were at play on the logs near Hobson's Mills in that town, they in some way started the logs, one of which rolled over a little boy aged 7 years, son of Lewis Garret, breaking his neck and killing him instantly.

— A drunken man was taken from a house of ill fame to the lockup in Washington, the other night, where upon him were found a roll of three thousand dollars and a paper showing that he was a Judge of a United States court in a Western State. The awed policeman took him home.

— Mr. Garrison lectured at Brooklyn Tuesday night. He endorsed Congress and denounced the President and Secretary Seward, saying: "We have not a sober man in the Presidential chair," and that it would have been "far better for Seward to have died beneath the assassin Payne than have survived and forwarded such a besotted telegram to the Presidential leader of the rebel and copperhead forces of the country."

— Who can say that the J. Monroe Taylor Gold Medal Soap is not a messenger of peace, when they behold the smile of joy with which it is welcomed by every one who uses it, from the printer's devil to the merry house-maid? It is an invaluable companion from the cellar to the roof. We do not hesitate to pronounce it by far the best soap in the world, and worth five times the price asked for it. 53

PERRY DAVIS' PAIN KILLER.—We have often spoken of this great medicine in terms of very high praise, and we have as often felt that all we could say in its favor would not do it full justice. It is one of those medicines of which we can speak—and speak decisively—from experience; for we have repeatedly taken it, and invariably with the best results and the greatest satisfaction. We always keep it on hand, ready for an emergency, and we regard it not only as one of the very best and most reliable of medicines in use for various ills, but as one of the cheapest, also. Its cost, by the way—that is the cost of all the ingredients of which it is composed—has been considerably increased, but the price of the medicine has been but very little advanced. It is not likely that the popularity of Davis' Pain Killer will in any measure decrease, or that the demand for it will in the slightest degree decline, until some other specific for allaying pain and curing the various complaints for which it is so generally used, shall be discovered, of equal potency with it—of which there seems to be little probability. As a remedy for stomach complaints, such as dysentery, diarrhea, &c., the Pain Killer is without doubt unsurpassed, and everywhere most deservedly in demand. One, two or three doses of a spoonful each, in a wine-glass of milk and water, with a little sugar, have repeatedly, within our knowledge, effectually cured serious trouble of this kind. Judgment should undoubtedly be used in not checking certain stages of diarrhea too suddenly; but taken at the proper time, the Pain Killer will act like a charm, and frequently cure when nothing else will.—*Providence Advertiser.*

Correspondence of the Chronicle.

BALTIMORE, Feb. 25.

Editors Chronicle:—The President's recent veto and speech has caused considerable feeling here; and it is a noticeable fact that every person who sympathized with the South during the war, as well as all of the returned rebel soldiers, cordially approve his course, and enthusiastically endorse him as being the very man they want for President; and, as it is well known to all Northerners who have had any experience in the South, that they hate a Yankee with a ten-fold more intensity now than ever before the war, it is a fact to be regretted that the President should have felt compelled to adopt the course he has, and thereby cause a breach between himself and the great party that elected him.

To relate one or two little instances, which show the love these rebels have for the Union. On the 22d inst, in a public saloon in this city, a party of young men were singing national airs, including the "Star Spangled Banner," in which nearly all joined. After they got through, a returned rebel soldier struck up the "Stars and Bars," in which he was joined by several others. Of course it led to a disturbance, and the first thing the reconstructed brethren knew, they were lying on the floor, and there was every prospect of a serious row; but the police happening in, the matter was quieted down. But afterwards, not being satisfied with being whipped, they boasted that had there been a few more of their friends with them, they would have shown the Union men what they could have done. Again, a party of the "reconstructed," drinking at one of the most prominent bars in the city, one of them proposed the health of the "Southern Confederacy," when one of the party remarked that he was afraid that was a thing of the past, and no hope of its ever being established; whereupon the returned Baltimore rebel says, "Can the Lamb and Lion lie down together?" Such little items and expressions show very plainly the feeling among those who fought against the Union; and is it right or just that they, while entertaining such sentiments, should be allowed to participate in a government which for four years they have been trying to destroy?

Returned rebel soldiers, wearing the grey uniforms which they wore while fighting against the Union, are seen on the streets every day. Photographs of Gens. Lee, Jackson, and Jeff. Davis, are displayed in the windows of disloyal shopkeepers, and in some of the hotels. Newspapers have editorials every day, breathing defiance against those who always during the war labored and spoke for the Union; and all of these are now shouting in praise of the President, and calling him a second Jackson,—forgetting the abuse they heaped on him all the while the war was going on, and the ridicule with which they assailed him at the time he was inaugurated as Vice President of the United States. But that the rebels may yet be brought to punishment, and that some plan may be adopted to reconcile the present difficulties between the President and Congress, is without doubt, the earnest desire of all who love the Union. Truly Yours, R. C.

FATAL EXPLOSION.—A terrific explosion occurred Monday evening at the furnace of J. & H. J. Neilly, in Middletown, Penn., resulting in the complete destruction of the furnace, the death of five men, and wounding of six others. There were eight boilers in this furnace. One was raised through the building and carried 500 yards, lodging in the Pennsylvania Canal. The other boilers were carried in various directions, some of them passing through houses and other buildings. A portion of one boiler was hurled through a room in which there were two women lying sick, but fortunately, did not hit them. The bridge over the Union Canal was carried away and many of the dwellings in the vicinity more or less shattered by the fragments. The whole town was shaken by the force of the explosion. The loss exceeds $50,000. The owners will rebuild immediately.

FIRES AT ST. LOUIS, MO.—A dispatch of Feb. 27 says:

The loss by the steamboat fire last night, including the cargoes of the Dictator and Luna, and the freight burned on the levee, is estimated at $750,000. The insurance on the Dictator is $112,000. The other vessels were not insured. The insurance on the freight, if any, has not been ascertained.—The malleable iron works of Fox & Co. were burned yesterday afternoon. Loss about $15,000; insured.—The flouring mill of Obermeyer & Co., and the Mansion school house, were burned at 2 o'clock this morning. Loss about $40,000; insured for $27,000.

☞ A great fire occurred on Monday evening, in 3d Street, Philadelphia, burning Roberts' hardware store, Kent's dry goods store, &c. Loss $800,000: partly insured. 25 firemen were hurt, and one or more killed.

☞ Wm. Mitchell, aged 45, died in Newburyport Feb. 25, and Sarah, his daughter, aged 19 years, died on the 24th. They had one funeral, on the 28th.

☞ The wife of Ossian E. Dodge the vocalist, died at St. Paul, Minn., Feb. 5, aged 33.

☞ St. Johnsbury Centre, Vt., was the scene of a big row recently. The teacher of a school there has compelled his pupils to present written excuses from their parents when they desired to be absent. One of the "big boys" who had asked to be dismissed without such a document, was given time to go home after it, and returned with a revenue stamp attached to the paper. Schoolmaster took this as an insult, and pitched into the lad with a poker. The boy ran and the teacher after him. They brought up in a shed near by, and fought—the one with the poker and the other with an axe helve, both receiving some pretty hard hits. They were finally separated, and the boy taken to his home, while the teacher was taken to the school house. After an ineffectual attempt to resume school-keeping, he took to his heels, the boys after him, "spiling for a fight." Finding there was a heavy storm brewing, teacher left town in the next train, a strong guard escorting him to the train as protection against the boys.

THE CABINET.—The N. Y. Tribune says three members of the Cabinet who contemplated resigning have concluded to await the action of the President. It is not improbable that he will remove one in a few days.

PHOTOLEUM.

This is a new discovery, the product of Petroleum, and stands the very test light of this enlightened age, has been thoroughly tested, and is offered with confidence as the most *excellent, safe and reliable* illuminating oil ever before the public, giving a *soft, steady* and *brilliant* flame, surpassing even gas light for reading and leaving all other oils far out of sight. It needs but a trial to convince the most skeptical of its superiority. *Photoleum* emits no sickening odor when burning, even with the smallest flame, rendering it tenable in a sick room, neither does it char the wick or smoke the chimney, so that once trimming will suffice for a week or more. Photoleum produces a flame that does not *diminish*, but continues the same until every drop of oil is consumed. It is, therefore, very desirable for all churches, railroad and horse cars, manufactories and public buildings. The public are invited to call and examine.

Manufactured and for sale by the AMERICAN PHOTOLEUM COMPANY (Office at U. F. WYMAN & Co.'s, 57 Water street, Boston.

Lyon's Periodical Drops!

THE GREAT FEMALE REMEDY FOR IRREGULARITIES

These Drops are a scientifically compounded fluid preparation, and better than any Pills, Powders or Nostrums. Being liquid, their action is direct and positive, restoring them a reliable, speedy and certain specific for the cure of all obstructions and suppressions of nature. Their popularity is indicated by the fact that over 100,000 bottles are annually sold and consumed by the ladies of the United States, every one of whom speak in the strongest terms of praise of their great merits. They are rapidly taking the place of every other Female Remedy, they are considered by all who know aught of them, as the surest, safest and most infallible preparation in the world for the cure of all female complaints, the removal of all obstructions of nature, and the promotion of health, regularity and strength. Explicit directions accompany each bottle, which should not, nor could not be used without producing effects contrary to natural and divine laws, will be found carefully folded around each bottle, with the written signature of JOHN L. LYON, without which none are genuine. **Price $1.50.**

Prepared by Dr. JOHN L. LYON, 195 Chapel Street, New Haven, Conn., who can be consulted either personally, or by mail, (enclosing stamp,) concerning all private diseases and female weaknesses. **Price $1 50 per bottle.**

Sold by Druggists everywhere.

MAGGIEL'S

Spring and Summer Remedies.

"*Great oaks from little acorns grow.*" The worst diseases known to the human race spring from causes so small as to almost defy detection. The volumes of scientific lore that fill the tables and shelves of the medical fraternity only go to prove and elaborate these facts. Then guard yourselves while you may. The smallest pimple on the skin is a tell tale and indicator of disease. It may fade and die away from the surface of the body, but it will reach the vitals, perhaps, at last, and death be the result and final close. MAGGIEL'S BILIOUS, DYSPEPTIC and DIARRHEA PILLS cure where all others fail. White for Burns, Scalds, Chilblains, Cuts, and all abrasions of the skin, MAGGIEL'S SALVE is infallible. Sold by J. MAGGIEL, 46 Fulton street, New York, HASTON and TRACHER in this city, and all Druggists, at 25 cents per box. decsod4w ly

Perry's Moth and Freckle Lotion.

☞ Chloasma, or Mothpatch, (also called Liver-spot,) and Lentigo, or Freckles, are often very annoying, particularly to ladies of light complexion, for the discolored spots show more plainly on the face of a blonde than of a brunette; but they greatly mar the beauty of either and any preparation that will effectually remove them, *without injuring the texture or color of the skin*, is certainly a desideratum. DR. B. C. PERRY, who has made diseases of the skin a specialty, has discovered a remedy for these discolorations, which is at once prompt, infallible and harmless.

Prepared by B. C. PERRY, Dermatologist, No. 49 Bond Street, New York, and for sale by all druggists; price $2 per bottle. Call for PERRY'S MOTH & FRECKLE LOTION.

Sold by all Druggists in Portsmouth and elsewhere. lyndsc—oct19

A Card to Invalids.

A Clergyman, while residing in South America as a missionary, discovered a safe and simple remedy for the Cure of Nervous Weakness, Early Decay, Diseases of the Urinary and Seminal Organs, and the whole train of disorders brought on by baneful and vicious habits. Local.

POLICE COURT, Feb. 27.—Timothy O'Brien, who was waking the echoes of the night, in the vicinity of the Eastern Depot, last evening, was arrested by Officers Burns and Miles, and this morning received a fine of $6 86 as a reward of merit for his improved vocalization. O'Brien "walked up to the Captain's office," and settled, and promised to do better in future.

Rufus Morton, of York, Me., arrived in the city yesterday, and upon taking some "S. T.—1860.—X.," or other alcoholic mixture, became oblivious, during which time he was guilty of very indecent conduct on the sidewalk on Market street. Rufus was mulcted in the sum of $6 86,—a lesson which we hope will be a benefit to him and all others of like nature.

GREAT CRY AND LITTLE WOOL.—Considerable excitement occurred at the Temple on Tuesday evening, from the fact that a man reported his pocket had been picked of the sum of eighty dollars. The Police were notified, but from circumstances, did not credit the story. They subsequently ascertained that a sister of the gentleman had taken his wallet, in order that he might not lose it, and the officers consider it a judicious act on her part.

☞ The fire in Mr. Trafton's jewelry shop, on Congress street, Tuesday night or Wednesday morning, apparently caught from a defective chimney letting out flames or burning soot between the floors. The smoke ascending into the Franklin House overhead, drove out Marshal Kent, and the great conflagration which was so imminent, was stayed. Mr. Trafton's stock was much damaged by smoke and water. Insured $1000 in the New England, and $800 in the Union Company.

☞ A correspondent suggests that "a Ladies' Ante-room is very much needed at the Temple—as there is now only one ante-room, uncarpeted, and otherwise suitable for a lady in Concert dress." But this is a mistake—there are two ante rooms, such as they.

☞ We learn that Knight's Cornet Band have made an engagement to play for the procession in Boston on the 17th of March, St. Patrick's Day. Ditto the Portsmouth Cornet Band, we believe.

☞ At a meeting of the members of St. John's (Episcopal) Church in this city, on Monday afternoon, it was voted to increase the salary of their pastor from $2000 to $2500 for the ensuing year.

☞ We learn that Mr. Moses Lord, who was nominated as President of the Workingmen's Protective Union, declines the nomination.

TENNESSEE.—Gen. Clinton B. Fisk, Assistant Commissioner of the Freedmen's Bureau for Tennessee, reports to Gen. Howard, under a late date, encouragingly on freedmen's affairs within that State, and says there is a great advancement in education, industry and good order. There are but few dependents upon Government charity within the State. Organizations among the freedmen themselves for the relief of their own poor have rendered valuable service. The Nashville Provident Association, a society conducted by the colored people of that city, has its coal and wood depots, soup houses, physicians, &c. This society relieves the suffering poor without distinction of color, and its daily reports exhibit that a greater number of white than of colored persons are its beneficiaries. Many widows and orphans, whose husbands and fathers fell fighting to perpetuate slavery, have been fed and warmed through the kindly offices of this association. The Legislature has, by recent enactment, admitted colored persons to the rights of suitors and witnesses in the Courts of the State, and the law will become operative at an early date. Preparations are being made for vigorous industry during the coming year; fences are being rebuilt, plantations stocked, and a general determination manifested to redeem the waste places, repair the desolation of war, and again place the Commonwealth on the high road to prosperity.

CALEB CUSHING pleaded for the liquor trade, before the Supreme Court at Washington, Monday. The Boston Herald's correspondent says:

His first point was that a license had always, from the time when English law began to take form, been held to be an authorization. He then passed to a consideration of the "saving clause." In the revenue law a "saving clause," he contended, could never be so construed as to work the defeat of the whole law, and if Massachusetts might by one prohibitory law defeat the collection of a portion of the revenue, the eleven States to which disloyalty is imputed may by other prohibitory laws defeat the collection of the whole. In dwelling upon the point Mr Cushing made a furious onslaught on the doctrine of *State Rights.*

Mr. Cushing, as a lawyer, might make just as furious an onslaught on the other side, for a consideration: but it is rather droll for Mr. Cushing, the politician, to attack State Rights! We rather think he did not; but only attacked the absurd doctrine of State Sovereignty.

☞ The agents of the Post Office Department lately advertised the lettings of over 700 routes in the States of Mississippi, Louisiana, Arkansas, Alabama and Georgia. Those routes were extensively advertised, but only 184 were let, and on 518 the people are still destitute of postal facilities, either because railroads and stages will not carry the United States mails or because they cannot on account of the test oath. Secretary Dennison refuses to allow any contractor, post master, or mail messenger to handle the mails without first having taken the oath.

HASHEESH CANDY.

This great Oriental vitalizer and genial nervine is now imported and prepared by the SYLVAN ORIENT COMPANY of Boston, in such a shape as to render it one of the most powerful and certain remedies for certain diseases, and at the same time a pleasant and delightful confection.

HASHEESH CANDY

Has no equal in the world for the cure of Nervousness, Restlessness, General Debility, Low Spirits, Loss of Appetite, Headache, Diarrhœa, Chills and Fever, Neuralgia, Rheumatism, Gout, Weakness of the Back, Coughs, Asthma, Soreness of Lungs or Chest, Impotence, Dyspepsia, Nervous Debility, &c. &c.

HASHEESH CANDY

Is used by Clergymen, Lawyers, and all Literary Men, for its genial and healthy influence on the mind; and by sick people, because it restores them to health; and by eradicating disease does not leave the system in a state of prostration from the effects of medicine.

Sold by all Druggists. Imported only by the

Morning Chronicle.

THE OLDEST MAN IN AMERICA.—There now resides in Kansas City, Missouri, perhaps the oldest man now alive in America. His name is Jose Penno, a native of Lower Canada. He remembers when Lower Canada was invaded by Gen. Montgomery, in 1775, but does not remember his age at that date; says he recollects that he was in the woods splitting rails, when the news came of the advance of Montgomery upon Quebec. At the close of the American Revolution he left Canada and settled in the then Louisiana Territory, west of the Mississippi, from which time he was almost continuously, for about fifty years, in the employment of various fur companies as trapper in the mountain regions of the West. During this time he was at the battle of New Orleans under Gen. Jackson, and states that then (1815) he was very gray-headed. The old man, although almost a second time a child, enjoys fine health, and busies himself in the care of his little house and garden. He is kindly cared for by a family in whose employ he had been for many years as a trapper. He must be at least one hundred and twenty years old.

☞ The Railroad Bridge, across the Hudson river, at Albany, has been so far completed that trains of cars now run across:—an improvement long desired.

SUFFERERS

From Dyspepsia

READ! REFLECT!! ACT!!!

TARRANT & CO

Gentlemen. I am a resident of Curacoa, and have often been disposed to write to you concerning the real value of your SELTZER APERIENT. It as a remedy for indigestion and dyspepsia. I desire to express to you my sincere gratitude for the great benefit the SELTZER has done my wife.

For four or five years my wife has been sadly afflicted with Dyspepsia, and after being under the care of several Doctors for two or three years, she was finally induced to seek the advice of a learned Physician, Doctor Cabialla, of Venezuela, who immediately treated her with your EFFERVESCENT SELTZER APERIENT. She began to improve at once and is now PERFECTLY WELL.

I feel it to be my duty for the good of humanity to make this statement, feeling that a medicine so valuable should be widely known.

I rusting that you will give this publicity, and repeating my earnest gratitude and thanks,

I am very respectfully yours,
S. D. C. HENRIQUER,
Merchant, Curacoa, S. A.

New York, June 28th, 1865.

WE ASK

The suffering millions in our land to give this remedy a trial, convinced that by its timely use many may be relieved, many cured of

Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Dizziness, Indigestion, Piles, Costiveness, Bilious Attacks, Liver Complaints, Rheumatic Affections, &c.

Read the Pamphlet of Testimonials with each bottle, and do not use the medicine against the advice of your Physician.

AMERICAN AND FOREIGN PATENTS.

R. H. EDDY,

Solicitor of Patents,

Late Agent of the U. S. Patent Office, Washington, under the Act of 1857,

78 State Street, opposite Kilby Street, BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Reports, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largestin New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in all the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

Inventors, on a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."

CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *worthy*, and I may add capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."

EDMUND BURKE,
Late Commissioner of Patents

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is now pending. Such unmistakeable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."

JOHN TEGGART

During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.

CHEROKEE CURE,

THE GREAT

INDIAN MEDICINE,

Cures all diseases caused by self-abuse, viz:—*Spermatorrhea, Seminal Weakness, Night Emissions, Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Pale Countenance, Insanity, Consumption* and more premature deaths than all the rest of the list put together, follow as a sequence of youthful indiscretions.

The Cherokee Cure will restore health and vigor, stop the emissions, and effect a permanent cure after all other medicines have failed. Thirty-two page pamphlet sent in a sealed envelope, free to any address.

Price $2 per bottle, or three bottles for $5. Sold by all druggists; or will be sent by express to any portion of the world, on receipt of price, by the sole proprietor,

Dr. W. R. MERWIN, 37 Walker St., N. Y.

Cherokee Remedy,

Cures all Urinary Complaints, viz: *Gravel, Inflammation of the Bladder and Kidneys, Retention of Urine, Strictures of the Urethra, Dropsical Swellings, Brick Dust Deposits,* and all diseases that require a diuretic, and when used in conjunction with the

CHEROKEE INJECTION,

does not fail to cure *Gonorrhea, Gleet and all Mucous Discharges* in Male or Female, curing *recent cases in from one to three days,* and is especially recommended in the cases of *Fluor Albus or Whites in Females.* The two medicines used in conjunction will not fail to remove this disagreeable complaint, and in those cases where other medicines have been used without success.

Price, Remedy, One Bottle, $2, Three Bottles, $5.
Injection, " " $2, " " $5.

The Cherokee "*Cure*," "*Remedy*," and "*Injection*" are to be found in all well regulated drug stores, and are recommended by physicians and druggists all over the world, for their intrinsic worth and merit. Some unprincipled dealers, for profit, try to deceive their customers, by selling cheap and worthless compounds,—in order to make money—in place of these. Do not be deceived. If the druggists will not buy them for you, write to us, and we will send them to you by express, securely packed, free from observation. We treat all diseases to which the human system is subject, and will be pleased to receive full and explicit statements from those who have failed to receive relief heretofore. Ladies or gentlemen can address us in *perfect confidence.* We desire to send our thirty-two page pamphlet free to every lady and gentleman in the land. Address all letters for pamphlets, medicines, or advice, to the sole proprietor,

Dr. W. R. MERWIN, 37 Walker St., N. Y.

LINES

Found on the back of a one-dollar bill, (Citizens' Bank, Sanbornton, N. H.)

And thou must go, my beautiful,
To pay remorseless dun.
Most pure lover from my hand,
My cherished only "1."

Thou wert as good as "X" or "V,"
For thou wert all I had,
But now, poor 1 too free in this way,—
Confound it, 'tis too bad!

The rich have stores of larger bills,
And double eagles too,
But they can't feel the love I felt,
My flimsy rag, for you.

But go away, I cannot smile,
For really 'tis no joke.
To think I am, when thou art gone,
Decidedly "dead broke."

☞ One of the most curious articles of an exhibition, now being held in England, is a steam engine and boiler, in minature, and described as the "smallest steam engine in the world." It stands scarcely two inches in height, and is covered with a glass shade. The fly wheel is made of gold, with steel arms, and makes seven thousand revolutions per minute. The engine and boiler are fastened together with thirty eight miniature screws and bolts, the whole weighing thirteen grains, or under one quarter of an ounce. The manufacturer says that the evaporation of six drops of water will drive the engine eight minutes. This dwarfi piece of mechanism was designed and made by a clock manufacturer in Horsford, England.

NIGHT, THE POOR MAN'S FRIEND.—Night levels all artificial distinctions. The beggar on his pallet of straw snores as soundly as a king on a bed of down. Night—kind, gentle, soothing, refreshing night—the earthly paradise of the slave, the sweet oblivion of the worn soul; the nurse of romance, of devotion, how the great panting heart of society yearns for night and rest. Sleep is God's special gift to the poor; for the great there is no time fixed for repose; quiet they have none, and instead of quietly waiting the approach of events, they fret and repine, and starve sleep, and chide the lazy hours, and thus make tomorrow were big with the fate of some hereafter. The torrent of events goes roaring past, keeping eager expectation tiptoe, and drives timid slumber away.

FARM AND FRUIT LANDS.
In a mild and healthful climate. Thirty miles south of Philadelphia by Railroad, in New Jersey, on the same line of latitude as Baltimore, Md.
The soil is rich and productive, varying from a clay to a sandy loam, suitable for Wheat, Grass Corn, Tobacco, Fruits and Vegetables. This is a great *fruit country*. Five hundred Peach orchards and orchards have been planted out by experienced fruit growers. Grapes, Peaches, Pears, &c., produce immense profits. Vineland is already one of the most beautiful places in the United States. The entire territory, consisting of fifty square miles of land, is laid out equal to a grand system of improvements. Its land is only sold to actual settlers with provision for public adornment. The place, on account of its great beauty as well as other advantages, has become *the resort of people of taste*. It has increased five thousand people within the past three years. Churches, Stores, Schools, Academies, Societies of Art and Literature, and other elements of refinement and culture have been introduced. Hundreds of people are constantly settling. Hundreds of new houses are being constructed. Price of farm land, twenty acre lots, $10 per acre. Five and ten acre and Village lots for sale.
Fruits and Vegetables ripen earlier in this district than in any other country north of Norfolk, Va. Improved places for sale.
Opening for all kinds of business. Lumber Yards, Manufactories, Foundries, Stores and the like; and Steam Power, with room, for sale cheap.
For persons who desire mild winters, a health ful climate, and a rapidly growing, in a country beautifully improved, abounding in fruit, possessing all other social privileges, in the heart of civilization, it is worthy of a visit.
Letters answered, and the Vineland Rural a paper giving full information, and containing Reports of actual Settlers, sent to applicants.
Address CHAS. K. LANDIS, Vineland, P. O., Landis township, New Jersey.
From Report of Nelson Robinson, Agricultural Editor of The tribune: *It is one of the most attractive fertile tracts, in an almost level position and suitable conditions for pleasant farming that we know of this side of the Western Prairies.* M1—dawtfm

THE LIGHT OF THE WORLD.
DR. MAGGIEL'S
PILLS AND SALVE.
These Life-giving remedies are now, for the first time, given publicly to the world. For over a quarter of a century of private practice the ingredients in these
Life-giving Pills!
Have been used with the greatest success. Their mission is not only to prevent disease, but to cure. They search out the various maladies by which the patient is suffering, and re-invigorate the failing system. To the aged and infirm a few doses of these valuable PILLS will prove to be
A Very Fountain of Youth,
For in every case they add new life and vitality, and restore the waning energies to their pristine state. To the young and middle-aged, they will prove most invaluable, as a ready, specific, and sterling medicine. Here is a dream realized, that Ponce-de-Leon sought for three hundred years ago, and never found. He looked for some certain that would restore the old to youth and make youth perfect.
AN ETERNAL SPRING!
It was left for this day and hour to realize the dream, and show, in one glorious fact, the magic that made it fair.
These Famous Remedies
Cannot stay the flight of years, but they can force back and hold aloof, diseases that might triumph over the aged and the young. Let none hesitate then, but seize the favorable opportunity that offers. When taken, the result is secured—
FOR BILIOUS DISORDERS
Nothing can be more productive of cure than these Pills. They act upon the stomach, influence is felt at once; and the usual concomitants of this most distressing disease are removed. These remedies are made from the purest
VEGETABLE COMPOUNDS.
They will not harm the most delicate female, and can be given with the good effect in prescribed doses to the youngest babe.
For Cutaneous Disorders
And all eruptions of the skin, the SALVE is most invaluable. It does not heal externally alone, but purifies the blood, most searching effects to the very root of the evil.

Morning Chronicle.

Portsmouth, N. H.

FRIDAY, MARCH 2, 1866.

IN THE U. S. HOUSE OF REPRESENTATIVES, Feb. 28, consideration of Bingham's Constitutional Amendment was resumed.

Mr. Rogers made a personal explanation. He had been mistakenly represented as endorsing the speech of Secretary Seward, which he would be *ashamed* to do. He endorsed Mr. Raymond. He also had been represented as wanting the rebel debt paid, whereas he opposed its payment.

Mr. Woodbridge addressed the House in support of the amendment, and was followed by Mr. Bingham on the same side.

Mr. Bingham's hour having expired, his time was extended. He was frequently interrupted by questions and points of order.

Mr. Conkling obtained the floor. He said that as one of the committee, he had agreed to the amendments being reported, but he did not concur in the report. He moved that the whole subject be postponed until the second Tuesday in April next.

Mr. Eldridge moved to lay the whole subject on the table. Lost—41 to 110.

Mr. Conkling's motion was adopted—113 to 36.

[Only one member of the democratic party voted *for* the postponement, and only four republicans voted nay. This looks as if the lovers of discord between the President and Congress were not likely to be gratified.]

The indications are, from what has fallen from the Reconstruction Committee, that a bill will soon be reported providing for the recognition of the State of Tennessee and the consequent admission of her Senators and Representatives to Congress.

MEXICO AND WEST INDIES.—By the way of Havana, we have Imperial reports of Maximilian's victories in Mexico.

Guadaloupe statistics to Jan. 1st show 1100 deaths from cholera. Advices to the 17th say the pestilence was decreasing, but had made its appearance in Dominica.

Two American war steamers were at St. Thomas; 5 more were expected.

News from Hayti says Geffrard is making an excursion along the coast in a new war steamer, stopping at all the ports.

The cholera was feared at Havana.

A sort of cattle disease had appeared at Sierra Morena; a large number of oxen had died within 24 hours.

Three escaped convicts from Tortugas had been picked up in a small boat at sea, a negro named Jeff. Berry, and two whites named Adair and Swinton. The names, however, are supposed to be false. They were returned to Key West. It was at first reported that one of the whites was Spangler. The whites intended to sell their comrade.

☞ A letter from Vicksburg supplies the following synopsis of the by-laws adopted by a company of Mississippi State militia recently organized at the capital of that State: "1. The company votes *to* adopt the regulations and tactics of the *Confederate army.* 2. No one admitted as a member of the company who was not in the Confederate army, or who was not *friendly to the Confederate cause.* Motto—'Try us.' 3. *The uniform to be grey*, but the button and insignia of rank to be the same as in the United States army."

☞ The *habeas corpus* has been suspended in Ireland. 100 arrests were made in Dublin, Feb. 17, among them Col. John William Byron, late of the U. S. army. United States bonds have advanced a shade in England, and cotton declined a farthing. It is said Russia and the Pope have closed their diplomatic intercourse; and that Austria is willing to send soldiers to Mexico, if M. will pay expenses.

☞ The New York Post states that the Morris Insurance Co. will be wound up: two receivers have been appointed, one by a City Judge, and one by the State,—out of which may grow a law suit.

☞ The Governor and Council of Massachusetts have appointed April 13, as the day for hanging Green, the Malden murderer.

☞ At the great Coal Auction in New York, Feb. 28, the fall in price from January sale was about $2, on the average.

GOLD, Thursday, 136 1-8.

— The Newburyport Herald entered upon its 71st volume on the 1st inst.

— Hon Caleb Cushing has contributed $3000 towards the erection of three Episcopal chapels in Washington.

— A letter from Frankfort-on-the-Maine says the emigration from Europe to this country in 1866 will reach at least 100,000 persons.

— A fair held by the ladies of the 2d Universalist Society in Lowell, (Rev. John G. Adams pastor) held Feb. 22, yielded, net income, $1000.

— A London journal says that city must be relieved by the widening of old streets and the creation of capacious new ones to carry off the overflowing streams of traffic, and adds: "We must accomplish these objects by some means, or London will be choked by its myriads of passengers, as the whale is said to be choked by shoals of herrings."

☞ The Concord Patriot, in alluding to the Palmer Case, publishes a list of alleged supporters of the late Democratic Standard newspaper, in which is included the name of Col. Kent, the editor of the Lancaster Republican, who was then Clerk of the N. H. House of Representatives, as a subscriber for 50 copies. But, as was to be expected, he says he "never paid one cent toward supporting the disunion concern, and never received any of its exchange issues, except one copy as a weekly exchange." Well, nobody, not even the Patriot, ever thought that he did, or any other Republican—notwithstanding all the copperhead lies.

The case of this "Standard" (or Palmer, its publisher and pretended owner,) vs. the city of Concord, for damages by the mob which sacked the office, has resulted in a disagreement of the jury; and the Monitor says that on the question of liability, they stood seven to five.

Now our benign Br. Foster, of the Stars and Bars in this city, after vainly trying to get the man whom he charges with being the ringleader in the mobbing of his office, indicted by a grand jury, we hear has commenced action in the courts, against the City of Portsmouth, for heavy damages. But this Concord similar case don't look very promising for him, does it? We told him, long ago, he would never recover on it, if he did from it; and we now advise him to save his costs—though probably it won't cost him much to sue.

NEW HAMPSHIRE ITEMS.

—— The present Postmaster of Amherst having announced his intention to resign, a meeting of the Republican voters of the town was lately held to give expression to their preference for a successor. By nearly a unanimous vote, E. D. Boylston, of the Cabinet, was recommended for the position. A good situation, and we are glad to see one who has devoted his best days to the public good, thus honored and appreciated.

—— A company of Volunteer Militia (Infantry), to be located at New-London, and designated the "Messer Rifles," in honor of Colonel Richard H. Messer, has been organized as follows: Andrew J. Sergeant, Captain; Joseph M. Clough, First Lieutenant; Oliver K. Russell, Second Lieutenant. The rank and file to number forty-eight.

—— Mr. John Jenness, who resides in Manchester, went into a stupor of sleep on Tuesday, Feb. 20th, from which all endeavors to wake him have proved futile. Medical gentlemen who have visited him pronounce his case hopeless.

—— The Congregational Church at Hinsdale, have given a call to Rev. J. S. Batchelder, of West Springfield, Mass., to become their pastor at a salary of $1000.

INSTALLATION AT CONCORD, N. H.—Rev. J. F. Lovering of Jamaica Plain, Ms., late an army chaplain, was installed as pastor of the Unitarian Church at Concord on Tuesday evening. The reading of the Scriptures was by Rev. L. Stone of Charlestown, N. H.; the sermon by Rev. Wm. P. Tilden of Boston; the installation prayer by Rev. James DeNormandie of Portsmouth; the Charge by Rev. Augustus Woodbury of Providence, R. I.; the Right hand of Fellowship by Rev. William B. Smith of Walpole, Mass.; the Address to the People by Rev. G. H. Hepworth of Boston, and the concluding Prayer by Rev. Charles B. Ferry of Peterborough. The services were of a highly interesting character.

☞ The London Times of the 12th ult. speaking of the nature of the charges brought against the British government in the case of the Shenandoah, says that the force of recent evidence, if true, cannot be denied. It is to to the effect that all the nineteen men who sailed in the Shenandoah were British subjects; and that they were reinforced by fifty or sixty stowaways, all British subjects, at Melbourne. These facts, established on the affidavit of a sailor named Temple, are of such nature that the Times is obliged to condemn very strongly this transparent fraud and call for immediate inquiry. It says, also, that the possibility of amending ther Foreign Enlistment Act ought to be entertained by English Legislature *motu proprio*, and without awaiting the action of the United States Government.

☞ The Waco Register, of the 3d inst., notes the signs of a heavy emigration to Texas from all the other Southern States, especially in the spring. From Louisiana and Arkansas they were already beginning to arrive. A large portion of the plantations below Waco, on the Brazos, are already in the hands of strangers. The owners of the lands divided them into small lots which they rented to poor men, who are going to cultivate them in cotton. The Register says there are 400,000 acres of the richest cotton land, untouched by the plowshare, on the Brazos river alone.

— In Milford, Mass., last Saturday evening, a bright and promising daughter of Moses Harris, was shockingly burned by the fall of a kerosene lamp, and died in a few hours. Mr. Harris, in trying to quench the flames, was himself badly burned.

THE CATTLE DISEASE.

As there is considerable apprehension among our cattle raisers that the plague now raging in England, Russia, France and India may reach this country, it is proper that they should use every means to prevent its introduction. The disease has produced an extraordinary fatality in Europe and Asia, and it is probable that it would prove just as destructive in America. Some of the most experienced and distinguished men of foreign countries have endeavored to discover the mysteries of this plague among the brute creation. James Thacker, Veterinary Surgeon, and a man of close observation and high abilities in the Madras Presidency, has been engaged in watching the progress and effects of the disease. Colonel Dennison, of H. B. M. Fifty-second Regiment, stationed at Ootacamund, Neilgherries, forwards to London the result of Surgeon Thacker's investigations, and indorses his mode of treatment, and coincides with his theories respecting the disease.

Thacker says that the murrain is an epidemic, contagious, typhoid fever, which commences in a general congestion, with a mucous discharge from the eyes and nostrils, followed by inflammation of the "abomasum" or last compartment of the stomach and intestines. In the first stages the attack is shown by shivering fits, but little appetite, dullness, drooping ears, weeping eyes and quickening pulsation. In the second stage the appetite is quite gone, the nose dry and hot, with thick discharges of mucus; and, in the third stage, the victim quietly dies, the pulse being gradually imperceptible. The attacks last from seven to fourteen days before death ensues. Surgeon Thacker gives the following as his mode of treatment, and remarks:

"As this is an inflammatory disease, the sedative and narcotic class of medicines are most appropriate; of those easily procured in the bazaars, and with which I have been most successful, the following may be given morning and evening: Camphor, 2 drachms; nitre, 2 drachms; datoora, 1 drachm; cheraryto, 2 drachms; arrack, 4 oz. Dissolve the camphor in the arrack, carefully powder and mix the other ingredients, then add two quarts of gruel, and carefully pour down the throat with a drenching horn.

When diarrhœa commences it is not desirable to attempt suddenly to arrest it, as it is an effort of nature to relieve the system; but if allowed to go on to any larger amount the debility produced would impede recovery, so that after it has existed about twenty-four hours the following, finely powdered, may be added to the preceding prescription: — Opium, 1 drachm; catecho, 3 drachms.

As soon as there are symptoms of improvement, the medicines should be diminished or discontinued, as the recovery is generally very rapid, and requires nothing beyond supporting the strength with gruel, to which may be added the dose of arrack in extreme weakness. As soon as the animal shows the slightest inclination for food, he should be frequently supplied with small quantities of green grass, raggy, sugar cane or cholum.

The following is the proper method of making gruel:—One pound of jonna, or any other wholesome grain, should be ground to a fine meal, and this meal be gradually mixed in two quarts of boiling water, to be given when cold.

In administering a drench, should the operation cause the animal to cough, the head should be immediately released, and no attempt made to continue giving the remedy for a few minutes; persistence in pouring down the draught at such a time would probably result in the suffocation of the animal."

The disease has made fearful havoc in India, Russia, France and England, and it may be that it will reach the United States. Forewarned is forearmed, and our cattle dealers and those engaged in raising beeves and keeping dairies should be on the *qui vive*, and prepared to meet and baffle its progress in case it should extend to our shores.

MORRIS INSURANCE CO.—A New York item of Feb. 27, says, "The Morris Insurance Co. has suspended by order of the Bank Superintendent, in consequence of impaired capital. It is presumed that it will soon be in a condition for business again."

THE COTTON CROP IN LOUISIANA.—We have a letter dated Baton Rouge, Feb. 6, in which the writer, who has good opportunity for obtaining information, says:

"The prospect for a good crop the coming season is promising, and even at this early day the planters are making preparations to plant the largest amount of land they can find hands to work. Cotton will be the principal crop this year in this part of the State, and I am informed that nothing but cotton will be raised throughout the State."

— Fifty-four workmen lost their lives by the burning of a building in Cronstadt recently. There were three doors to the building, but only one was unlocked, and this opened inward. The unfortunate men, pressing forward in crowds, kept it closed, and it had at length to be broken down, but fifty-four men had already perished.

— George Peet, keeper of a hotel at Owasco Lake, N. Y., has been arrested for the murder of his wife by poison. He had been living in criminal relations with a servant girl, for which he was once arrested. His wife two or three times commenced proceedings for divorce, but suspended them upon his promise to reform.

— While congratulating those who have the good fortune to be born beautiful, we, on the other hand, pity the household which has not had the good fortune to obtain a paper of Herrick Allen's Gold Medal Saleratus. Go immediately to your Grocer and get a paper, and, our word for it, you will never use any other. It has been analyzed by one of the most distinguished chemists in the country, and pronounced perfectly harmless, and to produce one-eighth more Bread or Biscuit from the same barrel of flour than can be procured with any other; besides it only takes about one-half the quantity. No. 39 Congress St., Portsmouth, N. H.,

—DEALERS IN—

S. Vance's Submerged Well PUMP,

This unsurpassable invention, now being first introduced, will, it is believed, supersede all other Well Pumps now in use.

ITS ADVANTAGES.

FIRST, SIMPLICITY.—The Pump is composed of but three parts, and is so simple in its construction that any one can easily put it together.

SECOND, DURABILITY.—Its peculiar construction and the fact that it is always submerged combine to make it the most durable of all Pumps yet invented.

THIRD, NEVER FREEZES.—The valves are so constructed that, when not in motion, they allow all the water above to pass down into the well, and thus prevent freezing.

FOURTH, POWER.—For the amount of power applied, the Pump excels anything known. It throws one-third part more water than ordinary pumps, and works so easily that even a child can pump without fatigue. It is in this way the greatest labor-saving pump now offered to the public.

FIFTH, IT IS INVALUABLE.—For a well pump it is invaluable, as all the iron which is submerged consists of but three small pieces, and these galvanized. It can in no way corrode, consequently it brings up pure water at every troke.

SIXTH, CHEAPNESS.—This Pump is so made that it costs but a trifle, and is warranted to keep in use for years. No repairs at all are needed. It is very light, and thus the cost of transportation is very small.

☞ Manufactured by S. VANCE & CO., No. 31 Liberty Street, Newburyport, and for sale in Portsmouth by the Sole Agents for N. H.,

ISRAEL MARDEN & CO.,

39 Congress Street.

☞ We are permitted to refer to Mr. MONROE HOLMES and to Mr. FRANK W. MILLER of the Daily Chronicle, who have these new Pumps in use on their premises,—for testimony to their excellence.

OF NEW YORK.

F. S. WINSTON, President.

Cash Assets Feb. 1st, 1866, OVER	$14,500,000
Current Income past Year, over	4,000,000

A policy issued in 1843 to a gentleman for $10,000 on the life plan, his age being 40, paid yearly $320. Up to this time, February 1st, he has paid 23 payments, amounting in all to $7,360. In case of his death his policy stands as follows:

Original Policy,	10,000
Dividends added 20 years,	8,088 70
Making the present value of his policy in case of his death,	$18,088 70
Dividend Additions,	$8,088.70
Whole Amount Paid,	7,360.00
Am't added more than paid in,	728.70

For the last three years his annual cash dividend has been $432, while his payment was only $320 a year, showing an actual profit earning on his yearly payment of 135 per cent.

We Challenge any other Company to show equal Success on a Policy of the same kind.

Lyon's Periodical Drops!

THE GREAT FEMALE REMEDY FOR IRREGULARITIES.

These Drops are a scientifically compounded fluid preparation, and better than any Pills, Powders or Nostrums. Being liquid, their action is direct and positive, rendering them a reliable speedy and certain specific for the cure of all obstructions and suppressions of nature. Their popularity is indicated by the fact that over 100,000 bottles are annually sold and consumed by the ladies of the United States, every one of whom speaks in the strongest terms of praise of their great merits. They are rapidly taking the place of every other Female Remedy, and are considered by all who know aught of them, as the surest, safest and most infallible preparation in the world. for the cure of all female complaints, the removal of all obstructions of nature, and the promotion of health, regularity and strength. Explicit directions stating when they may be used, and explaining why and why they should not, nor could not be used without producing effects contrary to nature's chosen laws, will be found carefully folded around each bottle, with the written signature of JOSE L. LYON, without which none are genuine. **Price $1.00.**

Prepared by Dr. JOSEPH L. LYON, 196 Chapel Street, New Haven, Conn, who can be consulted either personally, or by mail, (enclosing stamp) concerning all private diseases and female weaknesses. **Price $1.50 per bottle.**

Perry's Moth and Freckle Lotion.

☞ Chloasma, or Mothpatch, (also called Liver spot,) and Lentigo, or Freckles, are often very annoying, particularly to ladies of light complexion, for the discolored spots show more plainly on the face of a blonde than of a brunette; but they greatly mar the beauty of either and any preparation that will effectually remove them, *without injuring the future color of the skin*, is certainly a desideratum. DR. B. C. PERRY, who has made diseases of the skin a speciality, has discovered a remedy for these disfigurations, which is at once prompt, infallible and harmless.

POLICE COURT, March 1st.—A special session of the Police Court was held on Thursday at 12 o'clock, Judge Bufford presiding, His Honor Judge Odell being necessarily absent.

Frank A. Varney was tried for obtaining money under false pretences, and held to bail in the sum of $200 for his appearance at the S. J. Court at the next term. The bail was given. The circumstances of the case we learn are as follows: Last Monday morning, two young men presented a bank book to the clerk of the Portsmouth Savings Bank, and drew on account the sum of $5. In the afternoon, the same parties went to the Bank and drew the balance, $202 more; the morning visit seemingly having been a "feeler." It soon became known that the money had been fraudulently obtained, the bank book having been stolen from a lady in this city. The matter was placed in the hands of the City Marshal's forces, and this arrest is one of the consequences. The other principal and a confederate left the city for the South on the afternoon that the money was taken from the bank, and previous to the Police having any knowledge of the transaction. Varney, in his own behalf, states that he went to the bank in company with the party who got the money, with perfectly innocent intentions, not knowing but what the bank book was his rightful property. Varney's case will go to the Grand Jury next month.

☞ The Portsmouth Philharmonic Society have voted to give a Concert in Dover, as soon as arrangements can be made, probably in the course of a couple of weeks. They will go by cars, stop at the American House, and return in a special train in the evening.

The lady members of this Society, evidently mean that it shall be a live organization, and to do their part towards it. By the constitution, ladies were exempt from all expense; but at their own request, and by their votes only, the constitution has been amended, and now both sexes are treated alike, as to fees of membership and fines. In regard to the Dover Concert, also, the ladies refused to allow the gentlemen to shoulder all the responsibility, as was intended, and insisted on sharing it with them. With such spirited lady members, who wonders at the unprecedented success of this new Society.

☞ Mr. Samuel F. Cobb advertises the Agency of the favorite Florence Sewing Machine—and at his handsomely filled Store, 29 Market Street, has besides his usual stock of musical wares, a great variety of other goods, including Window Shades in numerous styles. Mr. Cobb is one of our best shopkeepers, and has one of the finest stores in the city.

Col. A. J. Beck has removed his carriage manufactory to the rear of J. H. Thacher's store, on Pleasant street. The Colonel is not only one of the nicest mechanics in the city; but also, which is still better, one of the best men we have.

☞ There is a large and deep bed of Peat in Rye, said to be superior quality for condensing, on land of Mr. Joseph Jenness. Worthy the attention of all who are interested in the Peat business.

☞ A movement is making to call a general town-meeting of the citizens to consider the matter of a new City Hall. If Portsmouth don't need one, we shouldn't like to live in a city which does. And if we can't afford one, let us sell out to a new population, which *can* afford to have things decent, like other similar places.

QUICK WORK.—Just *twenty-two minutes* from the time the North Church bell gave the alarm of fire, (which was the first alarm given,) on Wednesday morning, Granite State Engine Company, No. 5, had a stream on the fire, and the balance of the department immediately thereafter.

IN BOARD OF ALDERMEN, on Thursday evening, the following petition was received:

To the Honorable Board of Mayor and Aldermen of the City of Portsmouth:

We the undersigned, citizens of Portsmouth and legal voters, believing that it is the general wish of our citizens that some immediate measures be taken for the construction of a suitable building, which shall be ornamental and useful as a public place for lectures, amusements, &c.—of which we are greatly in need: respectfully request your honorable body to issue a warrant for a legal meeting of the inhabitants of this city, in accordance with the twelfth section of the act entitled "An act to establish the City of Portsmouth," which provides that your honorable body "shall issue their warrant for a legal meeting of the inhabitants qualified to vote, whenever requested so to do, in writing, by fifty legal voters"—at as early a date as possible, to determine by ballot the following proposition, viz:

"Is it expedient to build a new City Hall, to be paid for out of the treasury of the City of Portsmouth?"

Portsmouth, N. H., March 1, 1866.

Signed by 66 legal voters of this city.

Voted, to issue a warrant for an election to be held at the Court House, on Tuesday the 20th inst, at 10 o'clock in the forenoon, in accordance with the above petition.

☞ The agent of the Franklin House property informs us that he has had a survey of the premises occupied by Mr. Trafton made by two well-known builders, who were not able to find any defect in the chimney, near which the fire occurred.

☞ "The great Pan-tec-na-the-ca"—which is great in name at any rate, and doubtless a good show also, is to be unrolled in the Temple all next week, commencing Tuesday evening.

— It is said that the story of Gen. Grant's having accidentally shot himself is a canard—probably got up by some person who had something to advertise, and given to the public by parties credulously or otherwise influenced.

— In Charleston, S. C., a few days ago, Judge Aldrich sentenced a white man, convicted of robbery, to receive thirteen lashes on the bare back, in accordance with the State law. Gen. Bennett interfered and prevented the infliction of the punishment, declaring that "it was against the spirit of the civilization that pervades society at the present day."

TELL YOUR NEIGHBORS.—It is the duty of every one who has suffered from the terrible ravages of that most horrible of all diseases, Dyspepsia, and who has been cured by Coe's Dyspepsia Cure, to tell their friends and neighbors of it. "Do unto others as you would have others do unto you," is the golden rule.

Every one that has ever used it, knows of its wonderful curative powers in Dyspepsia, Indigestion, Flatulency, Sick Headache, Sour Stomach, Heartburn, Cholera Morbus, and we might say, every disease that arises from a disordered state of the stomach and bowels. F26eodawlw

A. R. HALLET,
Teacher of the Piano-forte, Organ, Harmony, and Cultivation of the Voice, will receive Pupils at EXCHANGE HALL, Chronicle Building, on and after MONDAY, Feb. 26th. F21

Morning Chronicle.

☞ An Albany, N. Y. correspondent says:

The Legislature adjourned last Saturday over the holidays, after passing the "Health bill," and since then President Johnson's veto of the Freedmen's Bureau bill has been the general topic of conversation in political circles, and those men who stood by the government during the dark days of the rebellion seem determined to sustain the action of Congress, and especially the soldiers, who have not forgotten "Andersonville" and "Belle Isle." Next Monday the Legislature again meets, when action will be taken upon the veto message, and the general opinion seems to be that Senator Ira Harris and the members of Congress who voted for the bill from this State will be sustained by a large majority in both the Senate and House of Assembly. Never, since the disastrous defeat at Bull Run of the Union army, have the classes of people known during the war as "Copperheads" been more jubilant; even Vallandigham has come out of his retirement, and cordially indorses the President's policy of reconstruction.

MORE TRUTH THAN POETRY.—A poet, in the Nebraska News, concludes a long poem with the following lines:

"Well such is life! Whom the Gods love die
Young. Whom they hate, live and prosper,
And are elected delegates to Congress
From the several Territories.

That reminds one of Hook, who meeting a group of playful boys, patted them tenderly on their heads, remarking; "Poor little fellows! How sad to think they may be up to be members of Parliament!"

— The courthouse, jail and Sheriff's residence in Flint, Michigan, were burnt last Wednesday, the object of the incendiary being to destroy a pair of boots which form an important link in the evidence against certain robbers. The boots were saved.

QUICK CURES AND LOW PRICES.

Over Twenty Thousand Patients Cured Annually!

DR. TELLER treats patients by mail or be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the safest as well as the latest remedies for these diseases. Sufferings and expense to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.

In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Blotches, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.

YOUNG MEN.

Young Men addicted to secret habits, who have impaired their health, are cautioned against the ruin their minds, thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. Teller, they will find a friend to console and a Physician who has cured thousands in almost every part of the United States, who applied to Dr. T. broken down in health, now rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.

DR. TELLER'S GREAT WORK.

A book for everybody.—Starling disclosures. Dr. Teller's great work on Manhood, married or those contemplating marriage—200 pages full of plates—price 25 cts. Sent to all parts, under seal, by mail, postpaid. 50,000 copies sold the past year. The single Married and the Married Happy. A lecture on Love, or how to choose a Partner—a complete work on Midwifery. It contains hundreds of secrets, never before published. Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps inclosed, will secure a copy by return mail. Dr Teller has devoted a lifetime to the cure of those diseases upon which his books treat.

TO THE LADIES.

Dr. Teller still remains the only Agency in America, for the sale of Dr. Vichot's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.

CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent by mail or express, to any part of the world, secure from curiosity or damage.

Office hours from 8 A. M. to 8 P. M., and on Sundays from 9 to 5 P. M.

N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

SUFFERERS

From Dyspepsia

READ! REFLECT!! ACT!!!

TARRANT & CO

Gentlemen. I am a resident of Curacoa, and have often been disposed to write to you concerning the real value of your SELTZER APERIENT as a remedy for indigestion and dyspepsia. I desire to express to you my sincere gratitude for the great benefit the SELTZER has done my wife.

For four or five years my wife has been sadly afflicted with Dyspepsia, and after being under the tre tment of several Doctors for two or three years, she was finally induced to seek the advice of a learned Physician, Doctor Cabalin, of Venezuela, who immediately treated her with your EFFERVESCENT SELTZER APERIENT. She began to improve at once and is now PERFECTLY WELL.

I feel it to be my duty for the good of humanity to make this statement, feeling that a medicine so valuable should be known to all.

Trusting that you will give this publicity, and repeating my earnest gratitude and thanks,

I am very respectfully yours,

S. D. C. HENRIQUER,
Merchant, Curacoa, S. A.

New York, June 28th, 1866.

WE ASK

The suffering millions in our land to give this remedy a trial, convinced that by its timely use many may be relieved, many cured of

Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Dizziness, Indigestion, Piles, Costiveness, Bilious Attacks, Liver Complaints, Rheumatic Affections, &c.

Read the Pamphlet of Testimonials with each bottle, and do not use the medicine against the advice of your Physician.

AMERICAN AND FOREIGN PATENTS.

R. H. EDDY,

Solicitor of Patents,

Late Agent of the U. S. Patent Office, Washington, under the Act of 1857;

78 State Street, opposite Kilby Street,

BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, all accessible to inventors, are granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."

CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them as early and favorable consideration at the Patent office."

EDMUND BURKE,
Late Commissioner of Patents

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."

JOHN TAGGART

During eight months, the subscriber, in course of his large practice, made on *sixteen* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.

BENJAMIN SCOTT, Esq., F. S. A., chamberlain of the city of London, has recently delivered a very interesting lecture in that city on the question—"Did the Pilgrim Fathers persecute the Quakers?" To which he plainly proved an answer in the negative. He showed, from recent examination of important documents, that historians had confounded the Pilgrim Fathers—who were Separatists—with the Puritans, who remained in the Church of England as long as possible, and who advocated a union of Church and State. The founders of the settlement of Plymouth were Separatists, and sailed in the Mayflower in 1620. The first Puritans sailed in 1629, and founded Boston. When the Quakers first appeared in Boston in 1656, the last of the Pilgrim Fathers was dead, and their descendants were many of them roughly handled by the Puritans for assisting the Quakers and boldly opposing persecution. Plymouth had then ceased to be an independent settlement, and was part of the New England Confederation. The lecturer quoted the instances of Isaac Robinson, a Separatist (who was removed from his office and lost his position as a magistrate for opposing the enactment of a persecution law,) and of Cudworth and Hatherly, also Separatists, who were both punished for sheltering friends. As a proof of the necessity of properly distinguishing between these two names, he adduced a picture in the corridor of the House of Lords, the lettering under which had been "Landing of a Puritan Family," but which had been altered, on the matter being properly explained to the Commissioners, to "Landing of Pilgrim Fathers." Mr. Scott concluded by saying that the question was one which some might think trifling, but it was one of truth and justice, and in history no truth was unimportant. Dr. Waddington said that there were papers preserved in America which showed how the great battle of religious liberty had been fought there by the Separatists against the Puritans. Full light would never be thrown on this struggle until England and America both agreed upon giving all these documents to the world.

— Gen. Stephen Elliott, Jr., the rebel commander of Fort Sumter, died at Aiken, S. C., Feb. 21. The Agusta (Ga.) Constitutionalist says: "His name and fame have become history, and will be forever coupled with the stubborn, glorious defense of Fort Sumter."

Important to the Afflicted.
DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, BOSTON, on all diseases of a PRIVATE OR DELICATE NATURE. By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of GONORRHŒA AND SYPHILIS.
SEMINAL WEAKNESS—Dr. Dow devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Indivduals who wish to be cured under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate—Medicines sent to all parts of the country, with full directions for use, on receiving descriptions of your cases. Dr. Dow has also for sale the French Capotes, warranted the best preventive. Order by mail. Three or $1 and a red stamp.
Highly Important to Females
IN DELICATE HEALTH.
Dr. DOW, Physician and Surgeon, No. 7 Endicott Street, Boston, is consulted daily for all diseases incident to the female system. Dr. Dow has no doubt had greater experience in the cure of diseases of women than any other physician in Boston. Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment. Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of Private diseases and Female Complaints, acknowledges no superior in the United States.
N. B.—All letters must contain one dollar, or they will not be answered. Office hours from 8 A. M. to 9 P. M.
CERTAIN CURE
in all cases, or No Charges Made.
Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street. Those who need the service of an experienced physician and surgeon should give him a call.
P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

TO THE LADIES.
Miss GUILD offers to the public her superior Crystal Palace Chart for CUTTING DRESSES, which is conceded by competent judges to surpass any invention of the kind ever offered to the American public. She feels fully warranted in saying that it is as perfect a fit as human ingenuity can render it, and should be in the possession of every lady. It is simple, easy, and graceful, adapted to fit every form and size, from little girls of seven years to the largest adults. Directions printed in full on every Chart. None genuine unless the Crystal Palace is engraved on it, and the address of the inventress printed. Copyright secured, and all infringement allowed.
Agents are wanted in every part of the country. This Chart will be sent to any person on receipt of $2 addressed to
Miss LUCY GUILD, Rupert, Vt.
Ladies wishing a tape measure must inclose 15 cents extra.
Miss Guild warns people from buying, selling or using a chart called the National Chart by Miss Jane Eddy, Nashua, N. H., as it is an infringement of her copyright. Any person printing, selling or using the counterfeit chart will be prosecuted according to law. One Albert A. Warden has been extensively engaged in selling the counterfeit chart, and is supposed to be the perpetrator of the forgery. Any information leading to his arrest will be liberally rewarded.

VINELAND
FARM AND FRUIT LANDS.
In a mild and healthful climate. Thirty miles *south* of Philadelphia by Railroad, in New Jersey, on the same line of latitude as Baltimore, Md.
The soil is rich and productive, being a clay to a sandy loam, suitable for Wheat, Grass Corn, Tobacco, Fruits and Vegetables. This is a *great fruit country*. Five hundred Vineyards and Orchards have been planted out by experienced fruit-growers. Grapes, Peaches, Pears, &c, produce immense profits. Vineland is already one of the most beautiful places in the United States. The entire territory, consisting of fifty square miles of land, is laid out upon a general system of improvements. The land is only sold to actual settlers with provision for public adornment. The place, on account of its great beauty, as well as other advantages, has become *the resort of people of taste*. It has increased five thousand people within the past three years. Churches, Stores, Schools, Academies, Societies of Art and Learning, and other elements of refinement and culture have been introduced. Hundreds of people are constantly settling. Hundreds of new houses are being constructed. Price of Farm land, twenty acre lots and upward, $25 per acre. Five and ten acre and Village lots for sale.
Fruits and Vegetables ripen earlier in this direction than any other place north of Norfolk, Va. Improved places for sale.
Opening for all kinds of business. Lumber Yards, Manufactories, Industrial Stores and the like; and Steam Power, with room, can be rented.
For persons who desire mild winters, a healthy climate, and a good soil, in a country beautifully improved, abounding in fruits, and possessing all other social privileges, in the heart of civilization, it is worth a visit.
Letters answered, and the Vineland Rural, a paper giving full information, and containing reports of Solons Robinson, Agricultural editor of The Tribune; *It is one of the most extensive fertile tracts, in an almost level position and suitable condition for pleasant farming that we know of this side of the Western Prairies.* m1—dawem

THE LIGHT OF THE WORLD.
DR. MAGGIEL'S
PILLS AND SALVE.
These Life-giving remedies are now, for the first time, given publicly to the world. For over a quarter of a century of private practice the ingredients in them
Life-giving Pills!
Have been used with the greatest success. Their mission is not only to prevent disease, but to cure. They search out the various maladies by which the patient is suffering, and *re-invigorate* the failing system. To the aged and infirm a few doses of these valuable PILLS will prove to be
A Very Fountain of Youth,
For in every case they add new life and vitality, and restore the waning energies to their pristine state. To the young and middle-aged, they will prove most invaluable, as a ready, specific, and sterling medicine. Here is a dream realized, that Ponce-de-Leon sought for three hundred years ago, and never found. He looked for a fountain that would restore the old to youth and make youth eve
AN ETERNAL SPRING!
It was left for this day and hour to realize the dream, and show, in one glorious fact, the magic that made it fair.
These Famous Remedies
Cannot stay the flight of years, but they can force back and hold aloof, diseases that might triumph over the aged and the young. Let none hesitate then, but seize the favorable opportunity that offers. When taken as prescribed
FOR BILIOUS DISORDERS
Nothing can be more productive of cure than these Pills. They will immediately relieve the patient at once; and the usual concomitants of this most distressing disease are removed. These remedies are made from the purest
VEGETABLE COMPOUNDS.
They will not harm the most delicate female, and can be given with good effect in prescribed doses to the youngest babe.
For Cutaneous Disorders
And all eruptions of the skin, the SALVE is most invaluable. It does not heal externally alone, but penetrates with the most searching effects to the very root of the evil.

Morning Chronicle.

Portsmouth, N. H.

SATURDAY, MARCH 3, 1866.

☞ A great Union-Republican-Johnson meeting, was held at New Haven, Conn., Wednesday evening,—which was called for "all those who approved of the late war in defense of the Union, and who, now that the national arms have triumphed, desire the speedy restoration of the great American people—North and South, East and West, to a condition of friendly intercourse, full commercial and political relations, and restoration of all the States of the Union to every right heretofore enjoyed by them, consistent with the safety of all classes and with the spirit and letter of the Constitution, and who would sustain the President of the United States in efforts to establish the Government upon these principles."

Their resolutions are:

That no good reason exists for the disruption of that patriotic and powerful party which has carried the country safely through the peril of civil war, and to which alone can be safely entrusted the work of establishing peace on a just and firm foundation throughout the land.

That, in the opinion of this meeting, the President and Congress have the same great object in view; that no vital difference of principles exists between them; and that all attempts to excite among loyal men distrust of the President or of Congress are mischievous in tendency and ought to be suppressed.

That without intending reflections upon any loyal men, and with expression of profound regret at the personal difficulties which have arisen between the President and certain members of Congress, we feel bound to declare that Andrew Johnson has never yet betrayed, and, in our opinion, never will betray any trust confided to him, &c. &c.

That every shade of opinion among loyal men deserves forbearance, and that it is the duty of the Union men of Connecticut at this time, by acting in the spirit of this resolution, and by unitedly supporting and triumphantly electing their nominees, to exhibit an example of the strength produced by tolerance toward honest differences of opinion, combined with determined unity of movement in the hour of action.

Senator Doolittle made a speech, and so did Rev. Dr. Bacon. Senator D. was courteous toward Congress, even to Mr. Sumner, at the same time that he took a favorable view of President Johnson, and would persuade all his audience to uphold him *and* Congress, as noted in the 1st and 2d resolutions. He said:

"But some people say that the Democrats are coming over to Mr. Johnson. Well, where else can they go? (Applause.) They cannot do better than to surrender to our Administration, The Democratic party is dissolved. Can they get together again and declare the war a failure: (Great Applause.) Neither Mr. Lincoln nor Mr. Johnson had departed from the platform of 1864. What did it contain? The constitutional amendment was a part of it."

Rev. Dr. Bacon in his speech, said among other things:—"He did not appear here to support President Johnson, or Congress, but to deprecate a conflict between the two departments of the Government. * * * Now I am sure that the worst State of the South can send no *worse* men to Congress than the State of Connecticut would, should it, in the coming election, fall into the hands of the party that is opposed to, and trying to defeat General Hawley. (Tremendous and long continued applause.) * * * The war is not over yet, for President Johnson says so. The war that will drive out of the South all the Union men with fire and sword, will break out anew if the troops should be soon removed from the rebel States. But this does not prove that there should be no Senators or Representatives from those States in Congress.

Mr. Johnson has declared that treason shall be made odious and shall be punished; and in his *unfortunate* speech of the 22d of February he has renewed that promise, and I believe he will stand by it. We ought to have an amendment to the Constitution, that no person shall be taxed to pay any other person for levying war on the nation. (Applause.) The State of war will not cease till we have redeemed our pledge to our ally, the negro, who was our friend in the war, but our enemy before that time, because we were his; for we gave him no protection and he owed no allegiance to our Government.

At the close of the speaking, the resolutions were adopted. The reporter for the Boston Journal says, "The meeting was not enthusiastic, and radical ideas and names, when mentioned, called forth striking manifestations of applause."

AT WASHINGTON, March 1, the House passed the Deficiency Appropriation Bill. Among the items agreed to were $5000 for repairs of the U. S. Court House in Boston and the same amount for repairs of the Court House in Portland.

The Committee appointed at the late mass meeting in Baltimore to endorse the President, waited upon the executive and presented resolutions. The President's reply was but a repetition of his recently expressed views. He said that the trouble now was caused by men who before the war tried to break up the Union to get rid of slavery; who acted for the Union during the war but who now that peace had come, desired to prevent a restoration of the Union.

Correspondence of the Chronicle.

NEW ORLEANS, Feb. 18.

Editors Chronicle:—Tuesday, the 13th, was Mardi-gras, or Shrove Tuesday. It was celebrated in our goodly village in some such style as you may remember to have seen it six or seven years agone. A greater number of people were on the street than I remember to have seen in twenty-odd years' residence here. It appears as if all the hardships, griefs and sorrows of the last five years had been sunk in oblivion, and every one—high and low, rich and poor, male and female, white and black—had abandoned themselves to the enjoyment of one day of reckless mirth and jollity. Wherever you happened to be amid the immense throng, nothing but happiness was apparent, and smiles illumined every countenance. Maskers in every sort of costume and domino, and of every age, sex, condition and color, were parading the streets from morning till night.—But *the* costume that struck me as the most ridiculous was worn by a great many sight-seers of the "female persuasion." It consisted of tight laced, red-topped gaiter boots, double skirts, with a reef taken in the top one, and a bob tailed over-coat. On the back of the head was fastened a large bunch of moss that grows so luxuriantly on our swamp cypress trees—I suppose it was *moss*, but I did not examine it, and there certainly was too much of it to be all hair—and the whole was surmounted by a bandeau of ribbons, with a feather stuck in the top. Those dressed in this manner did not wear masks. More's the pity.

In the evening the "Mistick Krewe of Comus" gave us one of their unique processions, which was witnessed by all in the city and the "rest of mankind." The streets through which the procession passed were literally jammed with human beings; while the windows, balconies, and even the roofs of the houses, were covered with the living mass. The interregnum of five years has played sad havoc with this as well as other customs of our *ancien regime*, and therefore the procession was not so perfect in its getting up, nor as complete in its numbers, as in former seasons.

At night balls were held in almost every available hall in the city. They were very numerously attended, and in the early hours of the morning, the votaries of Terpsichore found themselves encroaching very materially upon the sombre ceremonies of Ash Wednesday.

The M. W. Grand Lodge of the State of Louisiana commenced its session in the Masonic Hall in this city on the 12th. It was very numerously attended, there being 80 out of 112 Lodges represented. This being the first convocation since 1862 in which all the Lodges of the State have had an opportunity of participating, the occasion has been one of great interest and importance to the members of the Order. During the Session, a well-deserved and very complimentary resolution of thanks to a worthy brother of New Alstead, in your State, was passed, for returning the jewels of one of the country lodges, which had been carried away during our late troubles.

The weather, which has been remarkably mild all winter, took a change a day or two ago. And such a change! Old winter has shown himself in real earnest, and home-made ice has been manufactured in larger quantities than we have any use for just now. But I perceive by the telegraph that the same "cold snap" prevails throughout the country.

Business, however, is brisk, and our merchants are marshaling their forces for an active spring campaign.

Geo. Frank Gardner, of Port Hudson fame, has opened an office in this city as draughtsman and architect. H.

THE CABINET.—The Washington correspondent of the New York Times, referring to the rumors of decided differences between the President and Secretary Stanton, says "there is the highest authority for stating that Mr. Stanton fully approves the President's action, and it is also true that the entire Cabinet are a unit on the same question. The President is fully sustained by his Cabinet." How far this may be true, we cannot say:—but it is highly probable that the late firing of guns is a waste of powder.

—John Jennings, of Manchester, whom we mentioned as being in a stupor from which he could not be aroused, died on Monday afternoon without returning to consciousness.

—The Columbus Citizen says, deliberately: From a close observation of events and the great number of marriages now taking place throughout the State, we are of the opinion that there will be equally times in Texas before the end of the year.

— The furniture manufacturers of Pittsburg and Allegheny have resolved to reduce the wages of the workmen fifteen per cent., to take effect on and after the 1st of March.

— According to the Home Journal the reason why so many Americans are going abroad, is in the fact that a family can live in England or France on the rent of their house in New York.

GOLD, Friday, 136.

For the Chronicle.

SPEAK KINDLY.

Speak kindly! what a gentle word
In burdened hearts hath often wrought
Twere hard to tell;—it may have stirred
The depths of springs well nigh forgot:

Those mystic fountains of delight,
Which care and toil obscure and choke—
Beclouding day, and beckoning night
To clothe the life with gloom's dun cloak.

Yes—words are potent to produce
Joy's genial mien, grief's rueful mood,
Whichever form may shape their use—
The mindfu. mode, or manner rude.

Life's hasting sun will soon go down;
Night cometh on with rapid stride;
'Tis well if sunset show no frown—
If twilight into starlight glide!

Speak words of cheer to fainting hearts;
Give oil of joy and love's pure wine,—
And when the day of life departs,
What thou hast dealt will e'er be thine.

Communication.

Editor Chronicle:—It is stated that the affairs of the Morris Ins. Co. of New York are in such a condition that the concern must close up. A leading New York paper says: "It is not improbable that other insurance companies which still continue to do business in this city are sufficiently insolvent to call for a winding up of their affairs by the State authorities." The Morris failed by "recklessness in *underwriting*," as the Superintendent of the State Insurance Department says. There are a large number of policy holders here, and it is said that one of the hardest sufferers by a late conflagration has a large unpaid claim for insurance against the defunct concern.

Now is it not well for our community to pause and consider the result of cheap insurance. These companies from New York, with their flashy show bills and immense statistics of assets, having killed off our mutual companies, have a large field of business in our State. But what security have the insured in case of loss? Where can they secure a claim, provided the General Agent or the Board of Trustees (comprising of course the first men in New York; the second men never get elected, or perhaps electing a second man at once makes him a first man,) refuse or postpone payment. There is no property in New England to be attached. They operate under no liability here. The agents may pity the loser, but they pay only in regrets. Yet our people are paying out liberally to help along the very concerns which, if called upon to pay their losses, would collapse like a boy's balloon with a cut in it.

Several gentlemen, it is said, are willing to go to Concord this year to make wholesome laws. I think that it is far more important to get some security that our insurance will be paid by those foreign companies of no antecedents, which, by taking excessive amounts, induce incendiarisms, and by insuring less than can be afforded, injure the old established companies, in which we have confidence, and rob our community; than it is to elect Smith or Jones Senator, either of whom, while fighting Andy and Gideon Welles, will not be able to get one of the promised ones a job on the Navy Yard. SUFFERER.

☞ It will be seen that the Boston Music School announces the Spring Term to open in April. This institution was founded in 1857, and is yearly gaining in strength and growing in public favor and artistic estimation. Prof. B. F. Baker, the best conductor of a choir or chorus we ever saw, is at the head of the corporation,—having numerous able assistants; and nowhere in the country are such advantages offered for procuring a musical education,—vocal or instrumental, partial or thorough. From personal acquaintance and knowledge, we commend the Boston Music School to all interested.

☞ The Pistols and other implements and goods advertised by Messrs. Remington, of Ilion, N. Y., are very nicely made and beautifully finished, and may be depended upon as excellent in every respect.

— Provincetown has more church accommodations in proportion to the inhabitants than any other place in Massachusetts, probably. With a population of 3500, she has church sittings for 2500. A new Methodist church, to cost $40,000, is now in course of erection.—*Exch.*

[We can add, that the actual attendance on public worship there, has usually been larger in proportion to population, than in most places.]

☞ The Fenian Circles, all over the United States, are greatly excited by the suspension of habeas corpus in Ireland, and call for instant action.

THE WAY STORIES TRAVEL.—A recent letter from Paris says that public opinion in France, has received with great horror the particulars of the sale, by their fathers and mothers, of the unfortunate young girls of Massachusetts to the semi-barbarous settlers of the territory of Washington.

— It seems that the inventor of the J. Monroe Taylor Gold Medal Soap has but one idea in view, which is to get up the best and most reliable soap in the world. We speak from experience when we say it has no equal, and no well regulated family should be without it, there is no soap to be compared with it. Every husband should make it a point to see that the household is supplied with a box of it without delay. 54

PHOTOLEUM.

This is a new discovery, the product of Petroleum, and affords the very best light of this enlightened age, has been thoroughly tested, and is offered with confidence as the most *excellent, safe* and *valuable* illuminating oil ever before the public, giving a *soft, steady* and *brilliant* flame, surpassing even gas-light for reading and leaving all other oils far out of sight. It needs but a trial to convince the most skeptical of its superiority. *Photoleum* emits no sickening odor when burning, even with the smallest flame, rendering it invaluable in a sick room, neither does it char the wick or smoke the chimney, so that one trimming will suffice for a week or more. Photoleum produces a flame that does *not diminish*, but continues the same until every drop of oil is consumed. It is, therefore, very desirable for lighting churches, railroad and horse cars, manufactories and public buildings. The public are invited to call and examine.

Manufactured and for sale by the AMERICAN PHOTOLEUM COMPANY. Office at U. F. WYMAN & CO.'s, 37 Water Street, Boston.

Spring and Summer Remedies.

"Great oaks from little acorns grow." The worst diseases known to the human race spring from causes so small as to almost defy detection. The volumes of scientific lore that fill the tables and shelves of the medical fraternity only go to prove and elaborate these facts. Then guard yourselves while you may. The smallest pimple on the skin is a tell tale and indicator of disease. It may fade and die away from the surface of the body, but it will reach the vitals, perhaps, at last, and death be the result and final close. Special Notices.

A Household Necessity exists for the Use of Durno's Catarrh Snuff.

Which, in the first stages of a cold, acts like magic—Headache, Hoarseness, Diptheria, and Bronchitis, Sore Eyes, Deafness, Bad Taste and Smell, being the result of Catarrh. This snuff removes and prevents all these, and insures a healthy Head. Its effects are pleasant and safe, even for infants who suffer from snuffles.

It has the highest professional testimonials.—Sold by all Druggists, or sent by mail to all parts of U. S., for 30 cts. for one Box, or $1 for four Boxes. Address JAS DURNO,
P. O. Box 1235, New York.
Wholesale, by D. BARNES & CO., 21 Park Row, New York. spndawlymy28

ALLCOCK'S POROUS PLASTERS
CURE LUMBAGO, PAINS OF THE SIDE, VARICOSE VEINS, SORE CHEST, &c.

An Electrician, who has great experience of their effects in *local rheumatism*, in *tic doloreaux*, and deep seated nervous and other pains, and in affections of the kidneys, etc., etc., attributes all their sedative, stimulative, and pain relieving effects to their *electric* qualities. He asserts they restore the healthy electric condition (equilibrium) of the part, and *that* being restored, pain and morbid action cease.

LAME BACK.

Brandreth House, N. Y., Nov. 23, 1859.
T. ALLCOCK & Co.—Gentlemen: I lately suffered severely from a weakness in my back. Having heard your plasters much recommended in cases of this kind, I procured one, and the result was all that I could desire. A single Plaster cured me in a week.
Yours respectfully, J. G. BRIGGS.

CLOCK'S
Excelsior Hair Restorer
Is warranted to restore GRAY HAIR in all cases to its original color, whether black or brown.
It will not stain the skin or the finest linen.
It will instantly arrest the hair from falling off; cause hair to grow on BALD HEADS when fallen off by disease; and is a complete dressing for the hair, keeping it moist and glossy and preserved longer than any other preparation in the market.
This article is warranted to do as represented, or the money will be refunded. It is positively the greatest discovery in hair preparations of the age.

Local.

☞ A friend whose advice we value very highly, counsels us not to agitate the subject of a City Hall, "at this time," and under our present circumstances of City debt, &c. Well, it was no affair of ours, starting the ball; but a man who cared much for his horse wouldn't keep him in such a mean-looking edifice as our City Building. As to debt, both our friend and ourselves will be buried before we see the end of that—thanks to the rebels—and taxes will rather increase than diminish, not only here, but the land over. And well they may, so that they only come from objects worth paying for. Cheap rents and low taxes may not be, and generally are not, any sign of prosperity, nor of enterprise, in any people; and if this city can't afford to have the public comforts that all other similar places do have, pray let us know the reason why? We think it can, and should be glad of a chance to pay our tribe toward a City Hall, and shall so vote if we can get a chance. All who think otherwise, will vote nay; and the idea is, we suppose, simply to get the voice of the sovereign people, to decide the matter.

As to the absurdity of the thing, we will only say, that if we owned the City of Portsmouth, we would build a handsome City Hall, bridge both Mill Ponds, lay out a Park near the South pond, and make several other such improvements—and have no doubt it would "pay" handsomely in dollars and cents, in the increase of population, &c., not to mention the satisfaction and enjoyment of the investment.

But our heart is not at all set on a new City Hall, and we probably shall not have a word more to say about it, except to report the action of the citizens' meeting. Our columns, however, as usual, are open to the discussion of the subject, pro and con.

IN BOARD OF ALDERMEN, Thursday evening, petition of Samuel Baker for purchase of two Snow Ploughs by the city, was referred to Com. on Streets.

A bill was received from the Common Council, which had passed that Board, entitled "An Ordinance relating to the Superintendent of the Almshouse and City Farm." Read once referred to Com. on Bills on second reading.

The following joint resolution was passed in concurrence with a vote of the Common Council:

Resolved, by the City Council of the City of Portsmouth, that the Committee on City Lands and Buildings be and said Committee are hereby authorized and required to determine the tenancy at will of the present occupants of the Brick Market, and to require said occupants to quit and deliver up the possession of said Market to the City of Portsmouth, and to give the proper notices to said occupants to quit, and to bring the proper actions to enforce the determination of said tenancy for and in the name of the City.

Voted, That Com. on City Lands and Buildings be requested to furnish an estimate of cost of alterations of basement of City Rooms, with the plans and specifications.

☞ Rev. Stephen Kraszney, a Hungarian exile, will lecture in the Temple to-morrow (Sunday) evening; also in the Christian Church in the morning, and in the Unitarian Church in the afternoon. Mr. Kraszney lectured in the Universalist Church a few weeks ago, and our townsman, Benjamin Cheever, was so highly pleased with the noble sentiments and genuine oratory of the lecture, that he invited the speaker to revisit Portsmouth, generously offering the free use of the Temple, so that all our citizens may have the opportunity of hearing him—an opportunity which they will gladly embrace, knowing that they cannot often hear the pleadings of a living voice from that land which has suffered so terribly under the rod of oppression.

FOUR WORTHIES.—Four of the roughest looking individuals that have graced the Station House for a long time were arrested on Bridge street yesterday afternoon. They were all drunk, and are doubtless "professionals." Two of them broke out of their cell last night, through the ceiling overhead, and down into an unoccupied one adjoining, but did not escape. They will be tried to-day, at 10 o'clock, at the Court House. City Marshal Kent thinks they are "Knucks" from Lawrence. Burglars' tools were found on one of them.

POLICE COURT, March 26.—Nathaniel M. Danielson was fined $6.86 for being drunk and disorderly in Richard Mayo's house on Daniel street.

Frank Gray got a little off his equilibrium on South Mill Bridge, and was arrested by Marsh and Burns. His fine was $6.86.

Joseph Fayban went into Dr. Edney's in a state of intoxication, thereby disturbing the tranquility of the house. He, too, was fined $6.86; and not having the "wherewith," he has joined the 12-hour league at the Almshouse.

☞ Mr. Wendell offers a large variety of goods at auction this morning. Also, sales in the afternoon and evening.

☞ Betton & Co. have auction sales this day and evening.

CREDITABLE.—A young man, not a resident of this city, but who enlisted here in 1863 in the 3d N. H. Regiment, came to the Station House on Monday, destitute. He lost a leg at the battle of Drury's Bluff. The City Marshal investigated his case, ascertained that he was a worthy man, and sent him to a boarding house; and informing Col. Jackson of the fact, the Colonel has secured him a chance on the Navy Yard, under Constructor Davidson. That's right.

☞ The New firm of Thompson Bros., at their chambers No. 8, Daniel street (formerly Mr. Meinerth's) offer for sale a variety of desirable articles, named in their advertisement. The fak they speak of, appears to be of a very fine quality.

☞ The nice brick House, No. 33 Daniel Street, is advertised to be sold at Auction at noon to-day.

GRANT RIGHT.—Some time since, the publication of the Richmond Examiner, edited by Pollard, who did all in his power to "fire the Southern heart," was suspended by order of Gen. Grant, for disloyal utterances. Pollard came to Washington and begged off with President Johnson, who revoked the order, and let the publication go on. Pollard makes the following disclosure, which shows how little sympathy Gen. Grant has with disloyalty, North or South. Copperheadism is welcome to what satisfaction it can get from this disclosure of Pollard's:

"I saw that officer (Gen. Grant) but once, when he refused emphatically to revoke the order for the seizure of the office. It was evident that I had nothing to hope from him, for he said to me expressly that, if he had authority, he would that day suppress the New York News, the Cincinnati Enquirer and the Chicago Times, adding that the "copperhead papers of the North," as he designated them, were doing quite as much harm as the papers in the South. Deriving no satisfaction from him, I was forced to go to the President."

NORTHERN MEN AT THE SOUTH.—A Southern planter, who says he has always been a Union man, writes to the Savannah Republican, that so far from discouraging Northern immigration, the secessionists of Southern Georgia are willing and anxious that Northern men should locate among them, and by their capital, energy, and industry help build up and develop the resources of the country. Many owners of plantations are too poor to stock and cultivate them properly, and are anxious to sell. It is not too late to buy for this year, as the season for planting lasts from the 20th of April to the 15th of May.

SUFFERERS
From Dyspepsia
READ! REFLECT!! ACT!!!

TARRANT & CO

Gentlemen. I am a resident of Curacoa, and have often been disposed to write to you concerning the real value of your SELTZER APERIENT as a remedy for indigestion and dyspepsia. I desire to express to you my sincere gratitude for the great benefit the SELTZER has done my wife.

For four or five years my wife has been sadly afflicted with Dyspepsia, and after being under the treatment of several Doctors for two or three years, she was finally induced to seek the advice of a learned Physician, Doctor Cabialis, of Venezuela, who immediately treated her with your EFFERVESCENT SELTZER APERIENT, and she began to improve at once and is now PERFECTLY WELL.

I feel it to be my duty for the good of humanity to make this statement, feeling that a medicine so valuable should be widely known.

Trusting that you will give this publicity, and repeating my sincerest gratitude and thanks,

I am very respectfully yours,
S. D. C. HENRIQUEZ,
Merchant, Curacoa, S. A.

New York, June 28th, 1865.

WE ASK

The suffering millions in our land to give this remedy a trial, convinced that by its timely use many may be relieved, many cured of

Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Dizziness, Indigestion, Piles, Costiveness, Bilious Attacks, Liver Complaints, Rheumatic Affections, &c.

Read the Pamphlet of Testimonials with each bottle, and do not use the medicine against the advice of your Physician.

AMERICAN AND FOREIGN PATENTS.

R. H. EDDY,
Solicitor of Patents,
Late Agent of the U. S. Patent Office, Washington, under the Act of 1837.
78 State Street, opposite Kilby Street,
BOSTON.

After an extensive practice of upwards of twenty years, continues to procure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Foreign Countries, place him at advantage, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."

CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them as early and favorable consideration at the Patent Office."

EDMUND BURKE,
Late Commissioner of Patents

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is now *pending*. Such numerous proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART

During eight months, the subscriber in course of his large practice, made no *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.

CHEROKEE CURE,
THE GREAT
INDIAN MEDICINE,

Cures all diseases caused by self-abuse, viz:—*Spermatorrhœa, Seminal Weakness, Night Emissions, Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Pale Countenance, Insanity, Consumption*, and all diseases that follow as a sequence of youthful indiscretions.

The Cherokee Cure will restore health and vigor, stop the emissions, and effect a permanent cure after all other medicines have failed. Thirty-two page pamphlet sent in a sealed envelope, free to any address.

Price $2 per bottle, or three bottles for $5. Sold by all druggists; or will be sent by express to any portion of the world, on receipt of price, by the sole proprietor,

Dr. W. R. MERWIN, 37 Walker St., N. Y.

Cherokee Remedy,

Cures all Urinary Complaints, viz: *Gravel, Inflammation of the Bladder and Kidneys, Retention of Urine, Stricture of the Urethra, Dropsical Swellings, Brick Dust Deposits*, and all diseases that require a diuretic, and when used in conjunction with the

CHEROKEE INJECTION,

does not fail to cure *Gonorrhea, Gleet and all Mucous Discharges* in Male or Female, curing recent cases *from one to three days*, and is especially recommended in those cases of *Fluor Albus or Whites in Females*. The two medicines used in conjunction will not fail to remove this disagreeable complaint, and in those cases where other medicines have been used without success.

Price, Remedy, One Bottle, $2, Three Bottles, $5.
" Injection, " $2, " " $5.

The Cherokee "*Cure*," "*Remedy*," and "*Injection*" are to be found in all well regulated drug stores, and are recommended by physicians and druggists all over the world, for their intrinsic worth and merit. Some unprincipled dealers, however, try to deceive their customers, by selling their worthless compounds,—in order to make money—in place of these. *Be not deceived.* If the druggists will not keep the genuine, we will send them to you by express, securely packed and free from observation. We treat all diseases to which the human system is subject, and will be pleased to receive full and explicit statements from those who have failed to receive relief heretofore. Ladies or gentlemen can address us in *perfect confidence*. We desire to send our thirty-two page pamphlet free to every lady and gentleman in the land. Address all letters for pamphlets, medicines, or advice, to the sole proprietor,

NICE PLACE.—According to the New Orleans Picayune, things appear to be managed with a high hand in Brownsville. The sergeant of the military patrol, of the 7th Vermont, in attempting to arrest some men of the 27th Ohio, at a fandango, was knocked down with brickbats and beaten by the Ohioans, and the Vermonter let the assailants escape.

A lieutenant of the 116th was assaulted in the evening on the Square, by several men in uniform, his revolver taken from him and placed against his head, his pocket-book, watch, etc., rifled, and he was then led below town, his shoulder straps cut off, and he left to his meditations.

The thieves got so bold about the city market, that a special policeman was placed there, but the thieves stole his revolver from his belt.

The Brownsville jail holds fourteen men accused of murder.

The body of Sergeant Nath'l G. Windson, 4th Wisconsin cavalry, was found six miles below Brownsville, hung to a tree. He was bearer of dispatches from General Wright to Gen. Clark, at Clarksville, concerning the Bagdad affair. He left Brownsville two hours after Mr. Hermann J. F. Burgmester, clerk to Dwege, Oetling & Co., who was going to Clarksville to give evidence about the Bagdad affair. Mr. Burgmester was lassoed and then beaten to death. His body was found twelve miles below Brownsville, within a mile of a military post. He was buried on the 7th with Masonic honors, all the principal citizens of Brownsville and Matamoras attending the funeral. Over four hundred persons were present.

— Sambo had been whipped for stealing his master's onions. One day he brought a skunk in his arms. Says he, "Massa, here's de chap dat steal de onions, Whew! smell him bref!"

— Among the curiosities lately placed in a museum is a mosquito's bladder, containing the souls of twenty four Government contractors, and the fortunes of twelve editors. It is nearly half full.

Important to the Afflicted.
DR. DOW continues to be consulted at his office, No 7 and 9 ENDICOTT STREET, BOSTON, on all diseases of a PRIVATE OR DELICATE NATURE. By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of GONORRHŒA AND SYPHILIS.
SEMINAL WEAKNESS—Dr. Dow devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, and unfits the unfortunate victim for business or society. Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms and charges for board moderate.—Medicines sent to all parts of the country, with full directions for use, on receiving descriptions of your case. Dr. Dow has also for sale the French Capottes, warranted the best preventive. Order by mail. Three or $1 and a red stamp.
Highly Important to Females
IN DELICATE HEALTH.
Dr. DOW, Physician and Surgeon, No. 7 Endicott Street, Boston, is consulted daily for all diseases incident to the female system. Dr. Dow has no doubt had greater experience in the cure of diseases of women than any other physician in Boston. Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment. Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.
N. B.—All letters must contain one dollar, or they will not be answered. Office hours from 8 A. M. to 9 P. M.
CERTAIN CURE
in all cases, or No Charges Made.
Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street. Those who need the service of an experienced physician and surgeon should give him a call.
P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

TO THE LADIES.
Miss GULD offers to the public her superior Crystal Palace Chart for CUTTING DRESSES, which is conceded by competent judges to surpass any invention of the kind ever offered to the American public. She feels fully warranted in saying that it is as perfect a fit as human ingenuity can render it, and should be in the possession of every lady. It is simple, easy, and graceful, adapted to all every form and size, from little girls of seven years to the largest adults. Directions printed in full on every Chart. None genuine unless the Crystal Palace is engraved on it, and the address of the inventress printed. Copyright secured, and no infringement allowed.
Agents are wanted in every part of the country. This Chart will be sent to any person on receipt of $2 addressed to
Miss LUCY GULD, Rupert, Vt.
Ladies wishing a tape measure must inclose 15 cents extra.
Miss Guld warns people from buying, selling or using a chart called the National Chart by Miss Jane Eddy, Nashua, N. H., as it is an infringement of her copyright. Any person printing, selling or using the counterfeit chart will be prosecuted according to law. One Albert J. Warden has been extensively engaged in selling the counterfeit chart, and is supposed to be the perpetrator of the forgery. Any information leading to his arrest will be liberally rewarded.

VINELAND
FARM AND FRUIT LANDS.
In a mild and healthful climate. Thirty miles south of Philadelphia by Railroad, in New Jersey, on the same line of latitude as Baltimore, Md.
The soil is rich and *productive*, varying from a clay to a sandy loam, suitable for Wheat, Grass Corn, Tobacco, Fruits and Vegetables. This is a *great fruit country*. Five hundred Vineyards and Orchards have been planted out by experienced fruit growers. Grapes, Peaches, Pears, &c., produce immense profits. Vineland is already one of the most beautiful places in the United States. The entire territory, consisting of fifty square miles of land, is laid out upon a general system of improvements. The land is only sold to actual settlers with the provision for partial payment. The place, on account of its great beauty, as well as other advantages, has become *the resort of people of taste*. It has increased five thousand people within the past three years. Churches, Stores, Schools, Academies, societies of Art and Learning, and other elements of refinement and culture have been introduced. Hundreds of people are constantly settling. Hundreds of new houses being constructed. Price of farm lands, twenty acre lots and upward, $25 per acre. Five and ten acre and Village lots for sale.
Fruits and Vegetables reach earlier in this district than in any other locality north of Norfolk, Va. Improved places for sale.
Opening for all kinds of business. Lumber Yards, Manufactories, Foundries, Stores and the like; and Steam Power, with room, can be rented.
For persons who desire a mild winter, a healthful climate, and a good soil, in a country beautifully improved, abounding in fruits, and possessing all other social privileges, in the heart of civilization, it is worthy of a visit.
Letters answered, and the Vineland Rural, a paper giving full information, and containing Reports of Orlando Robinson, sent to applicants.
Address CHAS. K. LANDIS, Vineland P. O., Landis Township, New Jersey.
From Report of Solon Robinson, Agricultural Editor of The Tribune: *It is one of the most extensive fertile tracts, in an almost level position and suitable condition for pleasant farming that we know of this side of the Western Prairies.* m1—dawów

THE LIGHT OF THE WORLD.
DR. MAGGIEL'S
PILLS AND SALVE.
These Life-giving remedies are now, for the first time, given publicly to the world. For over a quarter of a century of private practice the ingredients in these
Life-giving Pills!
Have been used with the greatest success. Their mission is not only to prevent disease, but to cure. *They search out the deadly malady* by which the patient is *suffering*, and re-invigorate the failing system. To the aged and infirm a few doses of these valuable PILLS will prove to be
A Very Fountain of Youth,
For in a very case they add new life and vitality, and restore the waning energies of their primitive state. To the young and middle-aged, they will prove most invaluable, as a ready, specific, and sterling medicine. Here is a dream realized, that Ponce-de-Leon sought for three hundred years ago, and never found. He looked for a fountain that would restore the old to youth and make youth ever
AN ETERNAL SPRING!
It was left for this day and hour to realize the dream, and show, in one glorious fact, the magic that made it fair.
These Famous Remedies
Cannot stay the flight of years, but they can force back and hold aloof, diseases that might triumph over the aged and the young. Let none hesitate then, but seize the favorable opportunity that offers. When taken as prescribed—
FOR BILIOUS DISORDERS
Nothing can be more productive of cure than these Pills. Their almost magic influence is felt at once; and the usual concomitants of this most distressing disease are removed. These remedies are made from the purest
VEGETABLE COMPOUNDS.
They will not harm the most delicate female, and can be given with good effect in prescribed doses to the youngest babe.
For Cutaneous Disorders
And all eruptions of the skin, the SALVE is most invaluable. It does not heal externally alone, but penetrates to the most searching effects to the very root of the evil.
DR. MAGGIEL'S PILLS
Invariably Cure the Following Diseases:
Asthma,
Bowel Complaints,
Coughs,
Colds,
Chest Diseases,
Costiveness,
Dyspepsia,
Diarrhœa,

Morning Chronicle.

Portsmouth, N. H.

MONDAY, MARCH 5, 1866.

CONGRESS is at work, as well as it can under difficulties. Perley says that early this week, the Joint Committee on Reconstruction will report a resolution in favor of the admission of loyal Senators and Representatives from Tennessee, and she will be represented, but only in accordance with her own laws, by loyal men.

The Senate, on Friday evening, after a seven hours' session passed the House concurrent resolution declaring that no Representative shall be admitted from any ex rebel State until Congress declares said State entitled to representation in Congress.

Yeas—Messrs. Anthony, Brown, Chandler, Clark, Conness, Cragin, Cresswell, Fessenden, Foster, Grimes, Harris, Henderson, Howe, Kirkwood, Lane of Indiana, Morrill, Nye, Poland, Pomeroy, Ramsey, Sherman, Sprague, Sumner, Trumbull, Wade, Weller, Williams, Wilson and Yates—29.

Nays—Messrs. Buckalew, Cowan, Davis, Dixon, Doolittle, Guthrie, Hendricks, Johnson, Lane of Kansas, McDougall, Morgan, Nesmith, Norton, Riddle, Saulsbury, Stewart, Stockton and Van Winkle—13.

Absent—Messrs. Foot (who is sick), Howard (who has gone home to attend his wife's funeral) and Wright (who is sick)—3.

This does not need the President's signature. The debate that preceded this vote was sharp and spicy.

Senator Davis advocated a *confederacy* of copperhead, conservative and ex-rebel Senators, who should claim to be *the Senate*, and should be acknowledged as such by the President! Here are his words:

Here, sir, is a provision in the Constitution which requires the President to communicate to the two Houses of Congress information as to the state of the Union, and to recommend to them such measures as he shall deem proper and expedient. What does this require him to do? He has to ascertain who composes the two Houses of Congress. It is his right. It is his constitutional function to ascertain who constitute the two Houses of Congress. The members of the Senate who are in favor of the admission of the Southern Senators could get in a conclave with those Southern Senators any day, and they would constitute a majority of the Senate. The President of the United States has the constitutional option—it is his function—it is his power—it is his right—and I would *advise* him to exercise it. He has the right any day to ascertain, where there are different bodies, members of the Senate contending, which is true Senate. If the Southern members, and those who are for admitting them to their seats, constitute a majority of the whole Senate, the President has a right—and, by the Eternal! he ought to exercise that right, forthwith—to-morrow—or any other day, to recognize the opposition here, and the Southern members as a majority of the Senate.

Senator Fessenden of Maine defended the object and action of the Reconstruction Committee, in one of his short and clear speeches. He said:

It was chosen to examine an important question, but not in any way to interfere with the separate action of the Houses on the credentials and qualifications of members who may subsequently present themselves. All that the Committee was chosen to do was to examine the question, not to judge of qualifications. Some, said Mr. Fessenden, have undertaken to say that this joint committee has delayed action; on the contrary it is the President who has delayed action by not responding to the calls of the Senate and of the House for the very information upon which alone the committee could act. Three times has this information been asked for—on the 5th of January by the Senate, on motion of Mr. Sumner; on the 12th of January, on motion of *Mr. Raymond*, and again on the 27th of February, on motion of Mr. Sumner.

This information is exactly what the Joint Committee needed, yet the President, who alone has it, has not furnished it, neither has he informed us that in his opinion it would be incompatible with the public interest so to furnish it. It is the President who has all the correspondence—all the telegrams—all the facts. He knew what the Provisional Governors had done—whether or not they had taken the test oath. We have heard that Mississippi had elected as her Governor General Humphreys—a man covered all over with treason—and that in spite of the remonstrances of Judge Sharkey. Is this so? The President alone knows officially. He knows whether Mississippi has a Constitution, whether she has a Governor; whether that Governor was a rebel, and whether he has been pardoned. We of the Joint Committee can learn nothing. We have labored diligently every morning for two hours, and have sat on Saturdays, while other gentlemen have not visited the Capitol. We have four sub-committees, to facilitate labor, but we can do nothing without the information which the President has thus far refused to give us.

☞ At Baltimore, March 1, the meeting called to sustain the reconstruction policy of Congress was held in the Front street Theatre, where Lincoln and Johnson were nominated. The spacious building was densely packed, and great enthusiasm manifested. Senators Cresswell of Md., Trumbull of Ill., and Nye of Nevada; and Representatives McKee of Ky., F. Thomas and J. S. Thomas of Md., and others, spoke. Mr. Trumbull reviewed the recent speech of Sec. Seward at New York.

THE MOON STORY.—It is now said that a February without a full moon, though rare, may come more than once in an ordinary lifetime.

NOTES OF FORMER DAYS.

Collected and Collated by UNCLE TOBY.

Population of Portsmouth in 1790—Incendiary fire—Parishes Incorporated—Jacob Sheafe—John Parker.

The population of Portsmouth,—A. D. 1790—was 4720.

On Tuesday night following the 13th day of July, 1790, a wicked attempt was made to burn the town. A box, made of boards, about two feet square, open on one side, filled with birch bark, tar, and other combustibles on fire, was set, the open part against the barn of Oliver Whipple, Esq., in Jaffrey street. The fire burned nearly through the clapboards and boards of the building, where the box came in contact with it, and the flames ascended to the ridgepole. The fire was soon discovered, and extinguished before it had done much damage.

In 1791, the society, which usually met in the North meeting-house for public worship, was incorporated by an act of the Legislature by the name of the North Parish.

The Episcopal Society, which had usually met in Queen's Chapel for public worship, was incorporated by an act of the Legislature, by the name of St. John's Church.

Jacob Sheafe, Esq., died the 26th of June, 1791, in the seventy sixth year of his age. He was the second son of the honorable Sampson Sheafe; was born at New Castle in the year 1715. Having been bred a merchant, he settled in this town, and engaged largely in mercantile business, which he pursued with reputation and success until his death. Governor Wentworth appointed him Commissary of the New Hampshire forces at the capture of Louisburgh. In 1767, he was elected one of the Representatives of Portsmouth; and was re-elected every year afterwards until 1774.

John Parker, Esq. departed this life, after a short illness, on the 4th of October, 1791. He was the second son of the Hon. William Parker, and was born in Portsmouth the 16th of November, 1732. He received the rudiments of his education at the grammar school under the care of the Rev. Doctor Langdon, and was removed from school to the Counting house of Col. Nathaniel Sparhawk of Kittery Point, who was extensively engaged in navigation and fishery; with whom he served his apprenticeship under indentures "to learn the art, trade, and mystery of a merchant." After his apprenticeship had expired, he performed a number of voyages as master of a ship. In 1763, he entered into partnership in trade with William Rhodes, under the firm of Rhodes & Parker; which connexion continued four or five years, but proved unfortunate, owing to some severe losses which they suffered at sea. Governor Wentworth appointed him Sheriff of the province in 1771, and Sheriff of Rockingham, after the province was divided into counties. When the government was assumed by the people at the commencement of the revolution, he was reappointed by the authority of the State, Sheriff of Rockingham; and when the Federal government went into operation, President Washington appointed him Marshal of the district of New Hampshire. He held these offices during life, and discharged the several duties of them with fidelity and care. He likewise had the direction of an insurance office, and conducted the business of it with accuracy and skill. He was never married, but his house was the asylum of the widow and orphan, and the children he took the charge of were nourished and educated with paternal care. His benevolence was not confined to his relations, but extended in many instances to strangers, who partook largely of his bounty. In the walks of private life, his virtues were conspicuous. He was a social companion, an accomplished gentleman, a disinterested friend. A very numerous and extensive acquaintance mourned his loss.—*Adams.*

WASHINGTON ITEMS.—Hon. James Johnson, late Provisional Governor of Georgia, who is now in Washington, says the condition of affairs in that State is very far from being as satisfactory as when the civil government was first restored. He speaks of Freedmen's Bureau as an absolute necessity, both for the Union men and the blacks, and that it is very important that more troops be sent into the State at once.

The Washington correspondent of the Philadelphia Ledger says the Peace Proclamation is ready and may be shortly looked for to make its appearance. The President in this document declares the war as successfully closed, peace restored to the country, and the Southern States entitled to representation in the councils of the nation.

[These two paragraphs present a strong contrast. If the former is fact, the latter is insanity.]

—Jeff. Davis vetoed more bills during the short provisional rebel *regime*, than all the Presidents of the United States put together, from Washington to Lincoln inclusive, and no attempt to pass a single bill over his head was ever made.

Local.

POLICE COURT, March 3d.—The "four worthies," of whom we made mention Saturday, were brought into Court handcuffed by Officers Sides and Pickering. The Court Room was crowded, to get a peep at the "birds." Samuel Penman was first arraigned on a charge of being drunk and disorderly. He was a tall, lank, cadaverous, piratical-looking craft—and pleaded guilty. He has served one term in the Cambridge Jail for larceny, under the name of William Otis. He has several aliases, and is a rough customer. He was fined $8.74, and ordered to jail until paid.

John Robinson, alias "Dick" Robinson, was next ordered to "stand up" and answer to a like complaint. He was a short, stumpy, stoop-shouldered fellow, with a huge "black eye," which he received in payment of resisting an officer. He pleaded guilty, and was fined $8.74, and ordered to jail.

John Penman, who glories in being the brother of "Sam," and says that "Hi" Hayes knows that he can lick his weight in wild cats, and pitch more hay than any man in Rockingham County,—when called upon to plead to the charge of drunkenness, in a stentorian voice cried out "Guilty." John is as large as the City Marshal, but not as "homely," (that is, if we believe the decision of the Committee in the Glass Blower's exhibition,) has a large Roman nose, hangdog look, and an eye duplicating Robinson's, which he obtained in the same manner. He, too, was fined $8.74, and ordered to jail.

James Welch, on a similar charge, pleaded guilty, and received the same sentence as his illustrious companions and confederates. He is a small fellow, with a very red face—fruit of "Richards' Xtract of Rye"—and has a low, cunning look, with a sharp eye, always on the look-out for the main chance.

John Penman was then brought up on a second complaint, for assaulting an officer, and fined $3.86, and twenty days in jail in addition.

John Penman and James Welch were then jointly tried for breaking out of the Station House, and ordered to give bonds in the sum of $200 each for their appearance at the next term of the Supreme Judicial Court. Inasmuch as they had no chance to "make a haul" after their arrival in the city before their arrest, and have no "pals" to bail them, they have all been sent to the *Hotel de Joy*. Good riddance.

NEW HAMPSHIRE ITEMS.

—— The Free Masons of Paper Mill Village, Alstead, have provided themselves with a new lodge room.

—— Mr. Thos. M. Palmer, of Concord, died last Sunday. He was one of the Democratic Standard family, and it is said was hurt in the riot.

—— E. W. Hough, of Lebanon, while logging on Wednesday last, had a leg broken—the breaking of a chain letting a log back upon him.

—— A Folsom & Son, whose manufactory in Dover was recently burned, are erecting a large mill in Roxbury, for the manufacture of oil cloths.

—— The residence of Mr. John Adams, at Manchester, was destroyed by fire on Wednesday. Mr. Adams was so severely burned while endeavoring to secure some valuables, that he has become speechless. Loss $1500; no insurance.

—— Mr. David H. Sumner, of Claremont, proposes to draw and pile up ten cords of seasoned hard wood, to be distributed by the Selectmen of the town among the destitute and needy as they may deem proper.

—— The snow plow on the Passumpsic road, near Newport, the other morning, threw out of a snow drift on the track, an Irishman named Carney, who, overcome by whiskey, had lain down on the road. He proved to be badly frozen, and is not expected to live.

—— Moody Kent, the rich bachelor of New Hampshire, has devised to the Asylum for the Insane about $250,000; to the Reform School $3000, income to be used as premiums to best reformed scholars; $500 each to six academies, for medals; and many legacies of moderate size to relatives. The Statesman says he used to move from town to town, and from district to district, to avoid taxation! Miserable old creature! How absurd to call such a man rich.

—— Rev. A. C. Bradley was installed as Pastor of the Universalist Societies in Kensington and Kingston, at the Union Church in Kensington, Feb. 28th, at 11 o'clock A. M. Reading of Scriptures, B. F. Eaton, Dover; Prayer, Rev. Geo. Osgood, Kensington; Sermon, Rev. A. J. Patterson, Portsmouth; Installing Prayer, Rev. T. Borden, Newburyport; Right Hand of Fellowship, Rev. W. W. Wilson, West Haverhill; Address to Society, Rev. T. Borden, Newburyport; Benediction by the Pastor.

—— Among the patents granted in the week ending Feb. 27, were the following:

W. W. Barnes of Lyme, N. H., for improvement in machines for raking and loading hay.

Alvah Tucker of Gilford, N. H., for improvement in bolt heading machines.

Alpheus Dollof of Lake Village, N. H., for improvement in potato diggers.

Lyon's Periodical Drops!

THE GREAT FEMALE REMEDY FOR IRREGULARITIES.

These Drops are a scientifically compounded fluid preparation, and better than any Pills, Powders or Nostrums. Being liquid, their action is direct and positive, rendering them a reliable, speedy and certain specific for the cure of all obstructions and suppressions of nature. Their popularity is indicated by the fact that over 100,000 bottles are annually sold and consumed by the ladies of the United States, every one of whom speak in the strongest terms of praise of their great merits. They are rapidly taking the place of every other Female Remedy, and are considered by all who know the value of them, as the surest, safest and most infallible preparation in the world, for the cure of all female complaints, the removal of all obstructions of nature, and the promotion of health, regularity and strength. Explicit directions stating when they may be used, and explaining when and why they should not, or could not be used without producing effects contrary to nature's chosen laws, will be found carefully folded around each bottle, with the written signature of JOHN L. LYON, without which none are genuine. **Price $1.50.**

Prepared by Dr. JOHN L. LYON, 195 Chapel Street, New Haven, Conn., who can be consulted either personally, or by mail, (enclosing stamp,) concerning all private diseases and female weaknesses. **Price $1.50 per bottle.**

Sold by Druggists everywhere.

Perry's Moth and Freckle Lotion.

☞ Chloasma, or Mothpatch, (also called Liverspot,) and Lentigo, or Freckles, are very annoying, particularly to ladies of light complexion, for the discolored spots show more plainly on the face of a lady than on that of a brunette; but they greatly mar the beauty of either and any preparation that will effectually remove them, *without injuring the texture or color of the skin*, is certainly a desideratum. DR. B. C. PERRY, who has made diseases of the skin a speciality, has discovered a remedy for these discolorations, which is at once prompt, infallible and harmless.

Prepared by B. C. PERRY, Dermatologist, No. 49 Bond Street, New York; and for sale by all druggists; price $2 per bottle. Call for

"THE FATHERS."—A few days since, we had the pleasure of reciprocating the cordial and earnest grasp of the hand of the oldest man in this city—Capt. Daniel Fernald, in the store beneath our office. Mr. Fernald is 98 years and three months old, and is yet hale and hearty—having walked to and from his residence, half a mile or so, with little fatigue; and conversed about old times with vivacity and intersest.

He *told* us he well remembered leaning over a wall to see Ruth Blay hung (?) (1768), and the rope being cut when the reprieve came, too late. He also thought he recollected *us* perfectly well, when our name was called to him—and instanced our sign with Mr. Brewster in Ladd street, "Miller & Brewster," we don't know how many years ago; but we told him we thought he must be mistaken, and that that must have been "the old gentleman."

Mr. Fernald bids fair to make out his century at least, being less decrepit and more cheerful than many men much younger. The veteran is especially worthy public mention by the press, for besides remembering the old printers, he is connected with the craft himself—his son being publisher of the Boston Wide World newspaper.

Singularly enough, while Capt. Fernald was in Messrs. Ham and Preston's store, Mr. Benjamin Akerman, aged 90, was also there; and it was entertaining to the "young folks" present to see the meeting of these old acquaintances. We believe these are the two oldest men in the city; and Mr. Akerman, until within a short time, has regularly attended to his business as shoemaker and surveyor.

Among our old citizens, a step lower down the ladder, or higher up,—either you please—we may perhaps be excused for mentioning Mr. James Dennett, who has long been one of our "admirations;" and who, although upwards of 84 years of age, is still ready, able and willing to do his full day's work regularly at his joiner's bench or elsewhere. He, too, has a son connected with the printing profession—Mr. Chas. B. Dennett, now out West, be believe, and who was the fastest and most enduring handpressman we ever heard of.

Mr. Nathaniel Folsom, another of the hale and hearty old gents whom we have always enjoyed meeting, [we believe his age is 82,] has been for several weeks confined to his home by sickness. His birthday was the same of the month with Lincoln's, and he took the ringing of the bells to be in *his* honor, according to his old jocular disposition.

Mr. Reed V. Rand, well known as one of our most skillful architects, and who, although we think he is about 76 years old, has just finished the construction of Mr. Parrott's splendid mansion, is another instance of enduring and capable old age—if a man who keeps his spirits as young as Mr. Rand, can ever be called "old." We regret to learn that he has recently been seriously ill.

These are not *all* the smart old men we have, by a great sight; but a remark or two concerning them has been suggested by meeting the venerable couple first named. We hope none of our old friends will object to this honorable mention in public—but when we gave the full list of old folks, a few years ago, some of them thought it an awful thing. F.

☞ The Federal Fire Society had their semi-annual Dinner at the Rockingham House, on Thursday afternoon; and from the well known ability of that hostelry to furnish a rich bill of fare, and the capability of that famous organization for enjoying it—there need be no question but they had a fine time.

The Mechanic Fire Society had *their* quarterly meeting and supper at the same place, on Friday evening; and we *know* made out well—especially that new member for whom the clerk "Jimmy" laid out that nice plate of Charlotte Russe, which we believe the Rockingham beats the world on. Isaiah Wilson was elected President, in place of Thomas Norton deceased; and Mr. Bufford, to be one of the Wardens in place of Mr. Wilson. The company dispersed early and in good condition, as becomes the "Mechanics."

OLD CUSTOMHOUSE.—A telegram from Hon. E. H. Rollins, received from Washington on Saturday evening, announced to the board of directors of the new Co-operative Grocery Store that instructions had been forwarded to Collector Upham to lease to them for a term of years the Old Customhouse, for their use as a store.

☞ The entertainment of Music and Tableaux, at the Temple to-night, is in charge of some of our most skilful and eminent artistes in their respective lines; in itself and its object is especially worthy of patronage; and will be a very interesting and enjoyable occasion.

☞ The three-story brick House of Mr. James A. Blaisdell, No. 30 Daniel Streeet, was on Saturday knocked off to Mr. N. F. Mathes, by Autioneer Wendell, for $3300.

HIGAWAY ROBBERY.—John L. Allen, who is attached to the schooner M. Sewall, now lying at the Concord Railroad Wharf, was knocked down on Market street, between Deer and Russell streets, on Thursday night about 12 o'clock, by two men, and then robbed. Mr. Allen informed the City Marshal, stating that the person who knocked him down was Charles N. Clifford and giving a description of the other man, whom he did not know. On Saturday Clifford was arrested by Marshal Kent and Officer Sides, who shortly after arrested Patrick Sheehan, on suspicion that he was the other party in the robbery. Clifford and Sheehan were placed in separate cells at the Station House, and several other persons locked up with them. Allen was sent for and requested to look in the Station House and see if he could identify any of the men as the persons who robbed him. He immediately identified Clifford, and on passing around saw Sheehan, when he said, "That is the man who took the money out of my pocket—I am sure of it." On Saturday night they were arraigned before Judge Odell, and in default of $1000 bail were retained in custody.

Trial to-day at 10 o'clock.

ATTEMPTED SUICIDE.—On Saturday afternoon Eben Marshall attempted to commit suicide by hanging, at his residence on Jewell's Court. He was conveyed to the Station House, but had hardly been there fifteen minutes before he repeated the attempt, using his suspenders for its accomplishment. The suspenders broke, letting him down, and he lives—perchance, to try again.

☞ The Portsmouth Philharmonic Society are to give their Concert in Dover, on the evening of Tuesday March 20th instant.

☞ We understand that Rev. I. F. Waterhouse has tendered his resignation to his society in this city.

GOLD, Saturday, 134 1-4. Sent to Europe $61,700.

☞ In China, the Imperial army is said to have gained the victory in a battle with the rebels, 2000 of whom were killed.

HASHEESH CANDY.

This great Oriental vitalizer and genial nervine is now imported and prepared by the ORIENTAL ORIENT COMPANY of Boston, in such a shape as to render it one of the most powerful and certain remedies for certain diseases, and at the same time a pleasant and delightful confection.

HASHEESH CANDY

Has no equal in the world for the cure of Nervousness, Restlessness, General Debility, Low Spirits, Loss of Appetite, Headache, Diarrhœa, Chills and Fever, Neuralgia, Rheumatism, Gout, Weakness of the Back, Coughs, Asthma, Soreness of Lungs or Chest, Impotence, Dyspepsia, Nervous Debility, &c. &c.

HASHEESH CANDY

Is used by Clergymen, Lawyers, and all Literary Men, for its genial and healthy influence on the mind; and by the sick, because it restores them to health; and by eradicating disease does not leave the system in a state of prostration from the effects of medicine.

Sold by all Druggists. Imported only by the

The burning oil well near Franklin, Pa. is a curious phenomenon. It caught fire two weeks ago and has been burning with unabated vehemence ever since, defying all attempts to quench it. The flames cover a tract of 40 feet square and mount 60 to 100 feet high, emitting so much light that newspapers may be read by it in the night, four or five miles distant. The earth is bare for 100 feet from the well, the trees are budding and the grass growing in the vicinity, from its heat, and the spectacle is attracting crowds of spectators.

NAVAL MATTERS.—Secretary Welles has ordered the steamers Saco and Marblehead to be fitted out as practice vessels for the Naval Academy, Annapolis. The sidewheel steamer Coeur De Leon, and the sloop Granite, which were transferred from the Light House Board to the Navy Department during the war, are being put in complete order and will soon be returned to their former service.

SUFFERERS

From Dyspepsia

READ! REFLECT!! ACT!!!

TARRANT & CO

Gentlemen, I am a resident of Curacoa, and have often been disposed to write to you concerning the real value of your SELTZER APERIENT as a remedy for indigestion and dyspepsia. I desire to express to you my sincere gratitude for the great benefit the SELTZER has done my wife.

For four or five years my wife has been sadly afflicted with Dyspepsia, and after being under the treatment of several Doctors for two or three years, she was finally induced to seek the advice of a learned Physician, Doctor Cabiallo, of Venezuela, who immediately treated her with your EFFERVESCENT SELTZER APERIENT. She began to improve at once and is now PERFECTLY WELL.

I feel it to be my duty for the good of humanity to make this statement, feeling that a medicine so valuable should be widely known.

Trusting that you will give this publicity, and repeating my earnest gratitude and thanks,

I am very respectfully yours,

S. D. C. HENRIQUER,

Merchant, Curacoa, S. A.

New York, June 28th, 1865.

WE ASK

The suffering multitude in our land to give this remedy a trial, convinced that by its timely use many may be relieved, many cured of

Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Dizziness, Indigestion, Piles, Costiveness, Bilious Attacks, Liver Complaints, Rheumatic Affections, &c.

Read the Pamphlet of Testimonials with each bottle, and do not use the medicine against the advice of your Physician.

AMERICAN AND FOREIGN PATENTS.

R. H. EDDY,

Solicitor of Patents,

Late Agent of the U. S. Patent Office, Washington, under the Act of 1857,

78 State Street, opposite Kilby Street, BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal opinions rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that his fees are lower than the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable* and *successful* practitioners with whom I have had official intercourse."

CHARLES MASON,

Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in form to secure for them early and favorable consideration at the Patent Office."

EDMUND BURKE,

Late Commissioner of Patents

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."

JOHN TAGGART

During eight months, the subscriber, in course of his agency practice, has to my knowledge argued cations SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.

CHEROKEE CURE,

THE GREAT

INDIAN MEDICINE,

Cures all diseases caused by Indiscretion, viz:—*Spermatorrhœa, Seminal - Weakness, Night - Emissions, Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Pale Countenance, Insanity, Consumption, Epilepsy, and all diseases that follow as a sequence of youthful indiscretions.*

The Cherokee Cure will restore health and vigor, stop the emissions, and effect a permanent cure after all other medicines have failed. Thirty-two page pamphlet sent in a sealed envelope, free to any address.

Price $2 per bottle, or three bottles for $5. Sold by all druggists; or will be sent by express to any portion of the world, on receipt of price, by the sole proprietor,

Dr. W. R. MERWIN, 37 Walker St., N. Y.

Cherokee Remedy,

Cures all Urinary Complaints, viz: *Gravel, Inflammation of the Bladder and Kidneys, Retention of Urine, Stictures of the Urethra, Dropsical Swellings, Brick Dust Deposits,* and all diseases that require a diuretic, and when used in conjunction with the

CHEROKEE INJECTION,

does not fail to cure *Gonorrhœa, Gleet and all Mucous Discharges* in Male or Female, curing *recent cases in from one to three days*, and is especially recommended in those cases of *Fluor Albus or Whites in Females.* The two medicines used in conjunction will not fail to remove this disagreeable complaint, and in those cases where other medicines have been used without success.

Price, Remedy, One Bottle, $2, Three Bottles, $5.
" Injection, " $2, " $5.

The Cherokee "*Cure*," "*Remedy*," and "*Injection*" are to be found in all well regulated drug stores, and are recommended by physicians and druggists all over the world, for their intrinsic worth and merit. Some unprincipled dealers, however, try to deceive their customers, by selling cheap and worthless compounds,—in order to make money—in place of these. *Be not deceived.* If the druggists will not buy them for you, write to us, and we will send them to you by express, securely packed and free from observation. We treat all diseases to which the human system is subject, and will be pleased to receive full and explicit statements from those who have failed to receive relief heretofore. Ladies or gentlemen can address us in *perfect confidence.* We desire to send our thirty-two page pamphlet free to every lady and gentleman in the land. Address all letters for pamphlets, medicines, or advice, to the sole proprietor,

Dr. W. R. MERWIN, 37 Walker St., N. Y.

VOL. XXVII. PORTSMOUTH, N. H. TUESDAY, MARCH 6, 1866. No. 55.

The Chronicle.

☞ The Congregational (Trinitarian) Ministers in Boston, with lay delegates from their churches, have held a Council, which, after several meetings, have come to the public result that something must be done. The result says:

We call the attention of the churches to the imperative duty of entering upon new and more earnest courses of action. We are beset on one side by Rationalism and infidelity, on the other side by superstition, and on every side by worldliness, ungodliness and vice.

This for the outside: now for the inside.

There are many of the nominal members of the Churches of Christ whose daily lives are at war with the plain command of the Gospel. Trifling causes are sufficient to prevent nominal Christians from attending the services of God's sanctuary and the weekly meetings for prayer. Prominent among the evils with regard to which there can be no trifling and no compromise, are two. We refer to the neglect of daily secret prayer and of the daily study of God's word.

The Result recommends Prayer Meetings, lay preaching, Sabbath School instruction, protracted meetings, union of effort,—and especially that pastors should preach on select subjects, thus:

We recommend great plainness and distinctness in preaching upon those grand and solemn doctrines of the Bible: Man's total alienation from God; His divine justice in the eternal punishment of the wicked; the new birth; salvation through faith in Christ.

These primal truths of God's word, and Christ stern and awful warnings of a nominal and merely formal worship of God, should be preached afresh, without any *compromises* with pride, *heresy* or worldliness; and God's ministers should be sustained and supported by Christians in this high duty.

— The publishers of the Daily Voice have commenced the issue of a weekly paper.

— A firm in London began business three years ago on a capital of about six hundred and fifty dollars, and failed about three weeks ago for more than a million.

— Mrs. Catharine Fay, an old lady residing in Rochester, N. Y., was burned to death on the 23d inst. She laid down on a lounge to sleep, with matches in her pocket, and in moving about they ignited.

—DEALERS IN—
S. Vance's Submerged Well PUMP.
This unsurpassable invention, now being first introduced, will, it is believed, supersede all other Well Pumps now in use.
ITS ADVANTAGES.
FIRST, SIMPLICITY.—This Pump is composed of but three parts, and is so simple in its construction that any one can easily put it together.
SECOND, DURABILITY.—Its peculiar construction, and the fact that it is always submerged, combine to make it the most durable of all Pumps yet invented.
THIRD, NEVER FREEZES.—The valves are so constructed that, when not in motion, they allow all the water above to pass down into the well, and thus prevent freezing.
FOURTH, POWER.—For the amount of power applied, this Pump excels anything known. It throws one-third part more water than ordinary pumps, and works so easily that even a child can pump without fatigue. It is in this way the greatest labor-saving pump now offered to the public.
FIFTH, IT IS INVALUABLE.—For a well pump it is invaluable, as all the iron which is submerged consists of but three small pieces, and these galvanized. It can in no way corrode, consequently it brings up pure water at every stroke.
SIXTH, CHEAPNESS.—This Pump is so made that it costs but a trifle, and is warranted to keep in use for years. No repairs at all are needed. It is very light, and thus the cost of transportation is very small.
☞ Manufactured by S. VANCE & CO., No. 31 Liberty Street, Newburyport, and for sale in Portsmouth by the Sole Agents for N. H.,
ISRAEL MARDEN & CO.,
39 Congress Street.
☞ We are permitted to refer to Mr. MONROE HOLMES and to Mr. FRANK W. MILLER of the Daily Chronicle, who have these new Pumps in use on their premises,—for testimony to their excellence.

TO THE LADIES.
Miss GUILD offers to the public her superior Crystal Palace Chart for CUTTING DRESSES, which is conceded by competent judges to surpass any invention of the kind ever offered to the American public. She feels fully warranted in saying that it is as perfect a fit as human ingenuity can render it, and should be in the possession of every lady. It is simple, easy, and graceful, adapted to fit every form and size, from little girls of seven years to the largest adults. Directions printed in full on every Chart. None genuine unless the Crystal Palace is engraved on it, and the address of the inventress printed. Copyright secured, and no infringement allowed.
Agents are wanted in every part of the country. This Chart will be sent to any person on receipt of $2 addressed to
Miss LUCY GUILD, Rupert, Vt.
Ladies wishing a tape measure must inclose 15 cents extra.
Miss Guild warns people from buying, selling or using a chart called the National Chart by Miss Jane Eddy, Nashua, N. H., as it is an infringement of her copyright. Any person printing, selling or using the counterfeit chart will be prosecuted according to law. One Albert J. FARM AND FRUIT LANDS,
In a mild and healthful climate. Thirty miles south of Philadelphia by Railroad, and Ten Hours' ride from the same line of latitude as Baltimore, Md.
The soil is rich and *productive*, varying from a clay to a sandy loam, peculiarly adapted for Wheat, Grass Corn, Tobacco, Fruits and Vegetables. This is a *great fruit country*. Five hundred Vineyards and Orchards have been planted the past season, of all fruit-growers. Grapes, Peaches, Pears, &c., produce immense profits. Vineland is already one of the most beautiful places in the United States. The entire territory, consisting of fifty square miles of land, is laid out upon a general system of improvements. The land is only sold to actual settlers with provision for public adornment. The place, on account of its great beauty, as well as other advantages, has become *the resort of people of means*. It has increased five thousand people within the past three years. Churches, Stores, Schools, Academies, Societies of Art and Literature, and other institutions of refinement and culture have been introduced. Hundreds of people are constantly settling. Hundreds of new houses are being constructed. Price of Farm Lands varies from acre lots and upward, $25 per acre. Five and ten acre and Village lots for sale.
Persons who purchased earlier in this district than in any other locality north of Norfolk, Va. Improved places for sale.

THE LIGHT OF THE WORLD.
DR. MAGGIEL'S
PILLS AND SALVE.
These Life-giving remedies are now, for the first time, given publicly to the world. For over a quarter of a century of private practice the ingredients in them

Life-giving Pills!
Have been used with the greatest success. Their mission is not only to prevent disease, but to cure. They search out the various maladies by which the patient is suffering, and invigorate the failing system. To the aged and infirm a few doses of these valuable PILLS will prove to be

A Very Fountain of Youth,
For in every case they add new life and vitality, and restore the waning energies to their pristine state. To the young and middle-aged, they will prove most invaluable, as a ready, specific, and sterling medicine. Here is a dream realized, that Ponce-de-Leon sought for three hundred years ago, and never found. He looked for a fountain that would restore the old to youth and make youth stay

AN ETERNAL SPRING!
It was left for this day and hour to realize the dream, and show, in one glorious fact, the magic that made it fair.

These Famous Remedies
Cannot stay the flight of years, but they can force back and hold aloof, diseases that might triumph over the aged and the young. Let none hesitate then, but seize the favorable opportunity that offers. When taken, as prescribed,

FOR BILIOUS DISORDERS
Nothing can be more productive of cure than these Pills. The almost magic influence is felt at once; and the usual concomitants of this most distressing disease are removed. These remedies are made from the purest

VEGETABLE COMPOUNDS.
They will not harm the most delicate female, and the most decided effect is prescribed doses to the youngest babe.

For Cutaneous Disorders
And all eruptions of the skin, the SALVE is most invaluable. It does not heal externally alone, but penetrates with the most searching effects to the very root of the evil.

TUESDAY, MARCH 6, 1866.

THE NORTHERN PACIFIC RAILROAD.—The excitements of war having died from the land, leaving to the legislative and executive departments of Government, the task of reconstruction and the settlement of minor questions brought on by the violence which has been the cause of so much bloodshed and misery,—the attention of our whole people is once more being directed toward internal improvements, which have been lost sight of in part in the exciting events which have engrossed the public mind. Principal among these improvements is the long-talked-of and much-needed railroad which shall unite the Atlantic and Pacific slopes. The practicability of such an enterprise having become manifest, the attention of statesmen and capitalists was at an early date directed to the explorations of the proposed routes across the continent; deeming that the most feasible which presented the least obstacles to the construction of the road, the best facilities for procuring material, and the most favorable climate and fertile soil:—the former lessening the cost of the undertaking, the latter inviting emigration from the old settled States of the Union and the populous countries of Europe.

In 1853—'55, Gov. Stevens of Oregon and Lieut. Mullen, U. S. A., thoroughly explored a Northern route to the Pacific, and found the country peculiarly adapted to the construction of a railroad, and the maintenance of a population along the whole route. The valuable reports of explorations along this and other routes were published by authority of Congress, and placed before the people, awaking a great interest in the construction of a Pacific Railroad. The reports of Gov. Stevens were replete with valuable information, and exhaustive in details on all subjects having the remotest connection even, with the construction of a railroad. He refers frequently to the presence of innumerable herds of bison along this route, furnishing meat without the trouble of transportation. At Lake Jessie, east of the Missouri river, he makes mention of seeing an immense herd of buffalo, numbering 200,000, quietly grazing in the vicinity, some of whom were brought down by the rifles of the hunters, furnishing the whole party with an excellent meal, when cooked in true hunter's style.

From the reports, placed before the public, it was at once seen that the most practicable route for a railroad to the Pacific, was north of the 45th parallel, combining the advantages of climate, soil, and economy of construction. Accordingly Congress passed an act in 1864, incorporating the Northern Pacific Railroad, with a capital of one hundred million dollars: and President Lincoln approved the bill in July of the same year. Among its provisions is a grant of land giving the right of way to this company, extending two hundred feet on either side of the railroad, and in addition every alternate section of public land, not mineral, to the amount of twenty alternate sections a mile on each side in the States through which it may pass, in all some 47 millions of acres. These lands are all fit for cultivation, and make up one of the most beautiful sections of country in the world. In the interior are large rivers navigable for steamers and sailing vessels for hundreds of miles; numberless lakes miles in extent, in the waters of which are found pickerel, pike, bass, salmon, and many other varieties of fish; and ponds swarming with geese, ducks, swans, &c.

The water along the route is excellent—clear and pure,—and game abundant, including plover, prairie chickens, sheep, hares, elk, antelopes and deer. Of fruit there was found an abundance, of variety embracing wild cherries, gooseberries, strawberries, raspberries, and blackberries. The country is of prairie land, dotted with lakes and forests, mountain and valley, with scenery unsurpassed in grandeur and beauty. The cottonwood, elm, hawthorn, spruce, pitch and yellow pine, larch, vine maple, and cedars gigantic in size, were found along the route; and the minerals, gold, silver, copper, lead, iron, and coal, with deposits of limestone and marble in large quantities all through the mountains.

In regard to this route, Hon. Frank Fuller, in a speech before the Boston Board of Trade, thus expressed himself:

"Strangely enough, and doubtless uncontemplated by the originators of this plan for an union of the two great oceans, this road as projected follows the wavy outline of the isothermal temperate zone of the Northern Hemisphere, along which civilization makes the circuit of the globe. This zone contains the zodiac of empires. Along its axis appear the great cities of the world. Along this belt encircling the globe, we discover the chief centres of intelligence and power, and the greatest intensity of energy and progress. Along this axis, hardly varying an hundred leagues, civilization has travelled as by an inevitable instinct, since creation's dawn."

The Boston Board of Trade endorsed this route as the most practicable, in view of its greater proximity to Europe and Asia, being the shortest distance between the great water lines, and the shortest and most direct route between Asia and Europe.

Within the past two years the development of the country along this route has been rapid, owing to the rich discoveries of precious metals. The population of Montana has more than doubled within the past year; and almost as if by magic, Idaho, which three years ago was unknown, has now a population rising 40,000, and the yield of gold in these Territories is rapidly increasing with the steady tide of emigration. Commencing at Lake Superior, the Northern Pacific Railroad will pass through Minnesota, Dacotah, Montana, Idaho, and Washington, to a point on Puget Sound on the Pacific coast; with a branch by the valley of the Columbia river, to Portland in Oregon—a distance of 1764 miles.

New England and the States of the great North West have a deep interest in the construction of a railroad over this route, which shall furnish transportation by the most direct route from China and India, while its proximity to the British possessions secures the immense trade of those regions, which otherwise would seek an outlet by a railroad built on British soil. The completion of one section of the line, from the headwaters of the Missouri to those of the Columbia, a distance of 250 miles, will, without further delay, secure steam communication by rail and vessel from ocean to ocean. The completion of about 700 miles will connect the wagon road through the Rocky Mountains with all the railroads of the Northern and Eastern States.

The enterprise is an immense one, and in its results when successfully completed can hardly be estimated. With the liberal aid freely offered by the Government, it will be carried forward with renewed vigor. An increased emigration to the territories through which this railroad is to pass, will be stimulated by the rapid development of the country and the riches which yet lay hidden in the earth, as the construction of the railroad nears completion. The hitherto comparatively unsettled country of these great North Western Territories will become rapidly peopled, old Territories will don the garb of sovereign States, and come knocking at the doors of Congress, asking and obtaining admission as members of our Union, whose numbers are unlimited and power yet undisplayed.

NEW HAMPSHIRE ITEMS.

—— The Sentinel states that a dividend of ninety-one and fifty-eight one-hundredths per cent. has been ordered by the Court to be paid to the depositors and other creditors of the Walpole Savings Bank, which the assignee, Frederick Vose, Esq., of Walpole, will be prepared to pay in the course of this week. The losses of this bank, which made this order necessary, are those resulting from its robbery by Shinborn and White.

—— Canvas in N. H. for Governor:—Gov. Smyth 36,364; Sinclair 31,590; doubtful 1833. Dividing the doubtful equally, would give Gov. Smyth 4774. The Union Republicans of New Hampshire have confidence in Gov. Smyth, and in one another, and mean to re-elect him handsomely.

—— Two cows, one 3-year-old steer, and one yearling animal, the property of Mr. John Lovell of Claremont, were drowned in his barn Saturday week, by the great rise of the water of Sugar river. Mr. Dunsmore, of the same town, lost 164 sheep by the same cause, valued at $5 each.

—— Professor S. C. Bartlett, the new President of the University of Vermont and State Agricultural College, is a native of New Hampshire, and a graduate of Dartmouth College, of the class of 1836. He has also for four years been a Congregational minister.

—— It is reported that the canvass of voters in New Hampshire, just commenced by the Republican State Committee, shows the Union party to be relatively one thousand votes better off than they were in the canvass made last year.

—— Rev. Ira Bailey, of Barre, Mass., has accepted a call to be pastor of the (Unitarian) Congregational Society in Fitzwilliam, and is to begin his service there on the first Sunday in April.

☞ Strahan & Co., 178 Grand street, New York, publish in this country three of the best English Monthlies—"Good Words," edited by Norman Macleod, D. D.; "The Sunday Magazine," edited by Thos. Guthrie, D. D.; and "The Argosy," a magazine for the fireside or journey. The first two of these are finely illustrated, and any of them are furnished at 25 cents a copy or $3 a year. Jos. H. Foster is agent for this city.

☞ The New York Saturday Press comes to us in a new dress, and changed from 16mo to octavo in form. It is about as spicy as papers ever get to be in this country, and is published by Henry Clapp, Jr., at $5 per year.

— Nineteen government steamers were sold at auction, in Baltimore, Thursday, for $119,000.

POSTMASTER GEN. DENNISON has written a letter to Hon. Jas. H. Patterson, M. C., of New Hampshire, which may interest many of our readers, as it bears on our election. It is dated at the Post Office Department, March 3, and reads as follows:

SIR: I have your note of this morning informing me that gentlemen of position and character have written you that Democratic leaders of New Hampshire are attempting to influence the pending election in that State by declaring to postmasters that communications have been received from me, in which I declare, or at least intimate, that I have no sympathy with the Republican party, and do not wish postmasters to co-operate with that party in the present canvass, and that they will be removed from office if they do so, to which you add that, believing my views and wishes to greatly misrepresented by such statements, you would be glad to receive, if agreeable to me, a contradiction of them over my own name.

In reply let me say that you appreciate correctly my views and wishes on the subject you refer to. Not only are each and all the statements you mention wholly untrue, but it gives me pleasure to say that if I were a citizen of New Hampshire, I would vote the whole Union Republican ticket and contribute to its success by every honorable means in my power. I have never intimated to any postmaster in your State, or elsewhere, how I would like him to vote, and never expect to do so as long as I remain in my present official position; nor have I intimated to any Republican postmaster that to vote the Republican ticket would be followed by his removal from office, or to his prejudice in any way. To do so would imply at least a purpose on my part to dissolve my connection with the Union Republican party—a purpose which I have never entertained, and the possibility of which I cannot imagine. I believe that the interest and glory of the country essentially depend upon the vigorous maintenance and success of the Union Republican party, and its continued control of the Government for an indefinite term, and hence never expect to act with any other political organization as long as it exists.

COVODE'S REPORT.—On the 18th of December last the President, in reply to a resolution of the Senate asking among other things for copies of the reports of John Covode and Carl Schurz, said no reports from Hon. John Covode have been received." Now the Washington correspondent of the Boston Advertiser says, "There is unquestioned authority for saying that Mr. Covode did make a report, that he had some conversation with the President in respect to it, that he read its concluding part to the President and was by him directed to file it in the War Department. It was so filed, and was supposed to be there till within a very recent period. It is now stated that search has been made for it and that it is missing." Is the President getting oblivious or forgetful?

☞ A fatal accident occurred on the Fitchburg Railroad at South Acton, Mass., about noon Thursday, by which a woman and her young child were instantly killed. The child attempted to cross the track in front of the approaching train that left Boston at 11 o'clock, and the mother seeing that it was likely to be struck by the engine jumped forward to rescue it, and both were knocked down, run over and instantly killed. The husband of the woman died about a month since, and now eight children are left orphans.

☞ Perley's Washington dispatch of March 4, says, members of Congress who visited the White House Saturday declare that the President is decided in his hostility to treason, and that he emphatically declares that traitors must not be permitted to overthrow the Union, preserved with so great an expenditure of blood and treasure. He takes the liveliest interest in the coming elections in Connecticut and in New Hampshire.

☞ They do say that they very best place in Boston to buy Carpets, is at Messrs. Sweetser & Abbott's, on Bromfield Street, whose advertisement will be seen in another column. This house has sold a large number of Carpetings to citizens of Portsmouth; and as any and all advertisements should always be taken as special invitation to the readers in whose way they would naturally come, for their patronage,—so it is but reasonable to presume, that when any trader takes pains to circulate notices abroad, he will also be especially careful to satisfy the custom which follows his invitation.

And in this connexion, we take especial pleasure in calling attention to the new advertisement of Messrs. Beal & Hooper, whose manufactory and salesrooms of elegant Furniture, are among the most extensive in Boston.

BALLOT IN ALEXANDRIA, VA.—The Alexandrians had a primary election to determine on the nominees for the municipal officers to be chosen on Tuesday. The Journal of that city says a Yankee soldier attempted to offer his vote in the Third Ward and was immediately "hustled." Quite a large number of Confederate soldiers offered to vote at the same polls, and instead of being compelled to undergo the "hustling" process, they were cordially welcomed. Yet the Alexandrians have the impudence to ask Congress for an appropriation of $100,000 to repair their canal, and to rebuild a rotten aqueduct across the Potomac.

— A force of 3000 laborers is engaged in levelling the ramparts of Antwerp. One of the large forts has already disappeared.

— We would again call attention to this indispensable article of Gold Medal Soap, for the laundries and the ladies. What the dear creatures will do when the manufacturer, in the course of human events, steps into another sphere of being, we are at a loss to imagine. Make the most of him while you have a chance to do so, for nature, art, or science can never produce a second J. Monroe Taylor Gold Medal Soap. We cannot say half enough in its favor. After using, you will say the same. 55

MAGGIEL'S

Spring and Summer Remedies.

"*Great oaks from little acorns grow.*" The worst diseases known to the human race spring from causes so small as to almost defy detection. The volumes of scientific lore that fill the tables and shelves of the medical fraternity only go to prove and elaborate these facts. Then guard yourselves while you may. The smallest pimple on the skin is a tell tale and indicator of disease. It may fade and die away from the surface of the body, but it will reach the vitals, perhaps, at last, and death be the result and final close. MAGGIEL'S BILIOUS, DYSPEPTIC and DIARRHŒA PILLS cure where all others fail. While for Burns, Scalds, Chilblains, Cuts, and all abrasions of the skin, MAGGIEL'S SALVE is infallible. Sold by J. PHOTOLEUM.

This is a new discovery, the product of Petroleum, and affords the very best light of this enlightened age, has been thoroughly tested, and is offered with confidence as the most *excellent, safe* and *valuable* illuminating oil ever before the public, giving a *soft, steady* and *brilliant* flame, surpassing even gas-light for reading and leaving all other oils far out of sight. It needs but a trial to convince the most skeptical of its superiority. *Photoleum* emits no sickening odor when burning, even with the smallest flame, rendering it invaluable in a sick room, neither does it clog the wick or smoke the chimney, so that once trimming will suffice for a week or more. Photoleum produces a flame that does *not diminish*, but continues the same until every drop of oil is consumed. It is, therefore, very desirable for lighting halls and churches, railroad and horse cars, manufactories and public buildings. The public are invited to call and examine.

Manufactured and for sale by the AMERICAN PHOTOLEUM COMPANY. Office at U. F. WYMAN & CO.'s, 87 Water Street, Boston.

THE ROBBERY.—In the case of Charles N. Clifford and Patrick Sheehan, which came up for trial on Monday morning, considerable interest was manifested, the Court House being filled during the three hours in which the case occupied the attention of the Court. The evidence against the accused was very strong, and Judge Odell ordered them to give bail in $3000 each for their appearance at the April term of the S. J. Court, in default of which Sheriff Morse escorted them to Exeter on Monday evening, there to take up their abode in Jail until the sitting of the Court. The attendance of Mr. Allen, (the man whom they robbed,) as a witness has been provided for. This arrest will make quite an inroad upon the gang of roughs who have infested our city for some time past, and if the jury before whom they are tried per form their duty as well as our municipal officials have done, will go far to check the infringements upon good order.

☞ Acting Volunteer Lieut. Charles E. Ricker has been detached from the Portsmouth Navy Yard and ordered to report for duty immediately at the New York Yard on board the U. S. store ship Supply, bound for Hong Kong, China. In the departure of Mr. Ricker, Portsmouth loses one of her best citizens, and the Navy Yard an efficient and gentlemanly officer. We wish him the success he merits. Lieut. R. is succeeded by Ensign J. Louis Harris, who performs the duties of Check Officer and master of the Yard.

In the departure of Lieut. Nickerson we shall also lose an officer who has made many warm friends while here, by his invariable courtesy.

POLICE COURT, March 5th.—James Moore, a marine, was fined $6.86 for being drunk Sunday morning.

William Hamilton, do., do.

James Buchanan celebrated the ninth anniversary of his inauguration by "getting tight," and paid $6.86 for it.

Ebenezer Marshal, who did not succeed in hanging himself while in a state of delirium, was fined $6.86 for not doing so.

Leander Bennett, of French extraction, also paid $6.86 into the Treasury for singing a song on Islington street, contrary to the statutes made and provided.

EN ROUTE WEST.—A gentleman of this city was in Montreal last week, and at the Ottawa House met another gentleman formerly of this city, but for some two years a resident of Montreal. The following dialogue, which ensued between them, explains itself:

Montreal Gent— —— was here the other day, and acted very singularly; what is the matter?

Portsmouth Gent—Was he, indeed? I heard he was away. I guess he is all right.

Montreal Gent—I know better. What has he been doing? The man's half crazy. He made arrangements to stay here; but when he saw me, left on the next train for the West. I know something is up; what is it?

The Portsmouth gentleman then informed his friend what had happened.

☞ The new store which is being built by Mr. Charles W. Carter, on Congress Street, between Botton & Co.'s store and the Dew Drop Inn, is a very pretty building; and by filling up the gap between those houses, improves the appearance of the whole street there. Mr. Nathan Tarlton is the builder, and we understand that Messrs. Larrabee & Son are to remove their harness and saddlery establishment there. Mr. Carter has greatly improved the appearance of the old Melcher building, since his leasing the whole premises.

☞ The City Marshal and the Police Court have done the community here great service, in shutting up for trial two chronic criminals of the robber tribe, who were patrons of evil, and who richly merit a sentence of 25 years in the State prison. Men have been hung for much smaller crimes.

NAVAL.—Act'g Chief Engineer Samuel N. Hartwell has been honorably discharged the service.

Paymaster Wm. H. Thompson has been ordered to the bark J. C. Kuhn.

Act'g Vol. Lieut. Chas. C. Ricker has been detached from duty at this Yard, and ordered to the storeship Supply.

Act'g Vol. Lieut. Nickerson has been detached from duty on board receiving ship Vandalia, and ordered to the Port Royal.

☞ The "great" Panteonatheca, which opens at the Temple to-night, comes well recommended by the press, far and near, at any rate; and we should suppose must be a fine entertainment.

— Mrs. Jane G. Swisshelm was dismissed from her position as a clerk at Washington on Monday, by the Quartermaster General, with the approval of the Secretary of War, for disrespectful language against the President of the United States.

— The elevator in the ornamenting department of the Shaw & Clark's Sewing Machine Factory, in Biddeford, fell on Friday last, severely injuring Mrs. Robert McKnight, one of the operatives.

—Mr. Rogers, member of the House from New Jersey, said, in debate on Monday, that to prohibit the payment of the rebel debt "is the very emblem and quintessence of despotism and tyranny." Mr. Rogers aspires to be one of the leaders of the Democratic party, and is particularly officious in his advocacy of President Johnson's position at the present time. When he reaches this point, he and the President will part company.—*Boston Journal.*

Perhaps this may be so; but if the late rebel States shall be suffered to come into Congress with their *increased* representation, based on free negroes who can't vote, what is to prevent them from forming a *coalition* with northern copperheads and doe-faces, and voting to assume the rebel debt? And if any *change* is to be made, whereby they are to be prevented from such a course,—when? and by whom? is the change to be made? Suppose "all representatives who will take the oath of allegiance," (Pres. Johnson's latest test)—come in, it would not be possible to get *two-thirds* for any thing, and hardly so to get a majority for any good thing. We know how the President *speaks* against paying the rebel debt;—but if he should succeed in restoring the rebels to power, they would trample him under their feet the moment they were done using him for their purposes! They admire him now, very much in the same way that a thief admires the ladder by which he gets out over the prison wall: and would kick him down just as quickly.

CUBA.—A letter from Havana says there is no truth whatever in the stories of shipments of negroes from Mobile and other points at the South to Cuba for sale. There have been some isolated cases were refugees' families have arrived at Havana from the Southern States, having their house servants, who were nominally slaves, with them. But in every case where these have applied to our Consul General, they have been set at liberty and declared free. Many of them have been sent to New Orleans by our Consul. The Cuban planters and slaveholders would not buy such negroes nor allow them to mingle with the slaves on their plantations. [Doubtful.]

— The Philadelphia Press says that at the dinner of the Pennsylvania Democratic Club in that city on Washington's Birthday, Mr. Wm. B. Reed proposed as a sentiment—"To our illustrious statesman, now incarcerated in Fortress Monroe," which was received with three cheers for Jeff. Davis, by a portion of the company.

— A large meeting was held at Lewiston, Me., on Tuesday evening, at which speeches were made by Dr. Alonzo Garcelon, Wm. P. Frye, Esq, and others, and resolutions unanimously adopted in favor of equal rights, impartial suffrage, and in support of the Union majority in Congress.

— Archbishop McCloskey of New York denounced Fenianism, and called upon all Catholics to withdraw from it. His circular was read in all their churches; but the Fenian meeting at Jones' Wood was attended by over 100,000 persons last Sunday.

— The Ellsworth American says Mr. Leonard Carlton of Bluehill, aged 79 years, one day last week, ground his axe in the morning, travelled two miles to the woods, and chopped seven feet of cord wood, then travelled home again.

GOLD, Monday, 133 1-2.

Morning Chronicle.

THE PRESIDENT'S POSITION. — The Chicago Republican, since its receipt of the President's speech, says:

"We publish the following 'by authority.' A friend of the President called on him the other day, and in the course of earnest conversation, Mr. Johnson declared that he is a Republican, believes in the spirit and principles of that party, and intends to adhere to the Union party organization that nominated him at Baltimore on a platform that he heartily endorsed then and does now, in its entire length and breadth. He declared that he did not care for the proffered support of the copperhead democracy—that he despises them for their sympathies with the disunionists and rebels during the war, and cannot affiliate with them.

'My policy,' he said, 'is, and will continue to be, the old and declared policy of the Union party. Men like Sumner and Stevens, who accused me of deserting the party, are themselves guilty of its desertion. They are departing from the principles of the party,' not I. Let those who chose, follow them in their mad career—I cannot. I stand upon the platform of the Union, the Constitution, the laws and the speedy restoration of the whole nation upon an honorable, just and lasting basis of peace and the rights of all men. If friends desert me or enemies applaud me for this, I cannot help it. I know my duty and will perform it."

— Men and hyenas laugh; men, parrots and ravens talk; men and crocodiles cry; men, cats and lamas spit; men, grasshoppers and tobacco-worms chew tobacco.

CONUNDRUM BY A CREDITOR.—Why should every lamplighter be named William? Because Bills run up so quickly.—*Punch.*

— We affirm, without qualification, that all meetings from which either sex are excluded without justifiable reasons, are in danger of working ultimate injury to society.

— "Ah, doctaw, does the choleraw affect the highaw awda?" "No," replied the doctor to the exquisite, "but it's death on fools, and you'd better leave the city at once."

— "Ha," exclaimed Mr. John Thomas, standing with his coat-tails drawn towards and his back to the kitchen fire, "I've been'd a good deal about the cattle complaint, but am appy to say it aven't yet attacked my calves."—*Punch.*

— What singular creatures girls are. Offer one of them good wages to work for you, and then ten chances to one if the old woman can spare some of her girls. But just propose matrimony, and see if they don't jump at the chance of working a life time for their victuals and clothes.

QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!

DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private disease, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World), of obtaining the safest as well as the latest remedies for these diseases, after inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.

In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Blies, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.

YOUNG MEN.

Young Men addicted to secret habits, who have impaired their healths and destroyed the vigor of their minds, that unfitting them for the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to counsel and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. T. broken down in health, now rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.

DR. TELLER'S GREAT WORK.

A book for everybody.—Startling disclosures. Dr TELLER's great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts. Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married Happy. A lecture on Love, or how to choose a Partner—a complete work on Midwifery, it contains hundreds of secrets, never before published. Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, inclosed, will insure a copy by return mail. Dr TELLER has devoted a lifetime to the cure of those diseases upon which his books treat

TO THE LADIES.

Dr. TELLER still continues the only Agency in America, for the sale of Dr. Vichol's Italian Female Monthly Pills. The sale of more than 20,000 bottles establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions of nature.

CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. In the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.

Office hours from 8 A.M. to 8 P.M., and on Sundays from 2 to 5 P.M.

N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

SUFFERERS

From Dyspepsia

READ! REFLECT!! ACT!!!

FARRANT & CO

Gentlemen, I am a resident of Curacoa, and have often been disposed to write to you concerning the real value of your SELTZER APERIENT as a remedy for indigestion and dyspepsia. I desire to express to you my sincere gratitude for the great benefit the SELTZER has done my wife.

For four or five years my wife has been sadly afflicted with Dyspepsia, and after being under the treatment of several Doctors for two or three years, she was finally induced to seek the advice of a learned Physician, Doctor Carolus, of Venezuela, who immediately treated her with your EFFERVESCENT SELTZER APERIENT. She began to improve at once and is now PERFECTLY WELL.

I feel it to be my duty for the good of humanity to make this statement, feeling that a medicine so valuable should be widely known.

Trusting that you will give this publicity, and repeating my earnest gratitude and thanks,

I am very respectfully yours,
S. D. C. HENRIQUER,
Merchant, Curacoa, S. A.

New York, June 28th, 1866.

WE ASK

The suffering millions in our land to give this remedy a trial, convinced that by its timely use many may be relieved, many cared of

Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Dizziness, Indigestion, Piles, Costiveness, Bilious Attacks, Liver Complaints, Rheumatic Affections, &c.

Read the Pamphlet of Testimonials with each bottle, and do not use the medicine against the advice of your Physician.

AMERICAN AND FOREIGN PATENTS.

R. H. EDDY,

Solicitor of Patents,

Late Agent of the U. S. Patent Office, Washington, under the Act of 1857,

78 State Street, opposite Kilby Street,

BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions, and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but the majority of inventors have advantage for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."

CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in form to secure for them an early and favorable consideration at the Patent Office."

EDMUND BURKE,
Late Commissioner of Patents

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."

JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.

R. H. EDDY.

DR. KNIGHT'S HAIR DRESSING

DR. KNIGHTS' HAIR DRESSING

A VEGETABLE PREPARATION

For beautifying and promoting the luxuriant growth of the hair.

It prevents the hair from falling off or turning gray.

It removes dandruff, cleanses the scalp, cures nervous headache, and all those distressing affections induced by the use of oily or alcoholic Hair Dressings.

Its invigorating properties insure luxuriant locks, inclined to curl, and by its persistent use the hair is restored to bald heads when such a result is possible.

It is splendidly perfumed, will not stain or soil the skin or any article of apparel, and is universally approved—especially by ladies and children.

CHEROKEE PILLS,

Or Female Regulator,

Cure Suppressed, Excessive and Painful Menstruation, Green Sickness, Arrhœa and Spinal Affections, Pains in the Back, Sick-Headache, Giddiness, and all diseases that spring from Debility, by removing the cause and all the effects that arise from it. They are perfectly safe in all cases, *except when forbidden by directions*, and are easy to administer, as they are nicely *sugar-coated*. They should be in the hands of every Maiden, Wife, and Mother in the land.

Ladies can address us in perfect confidence, and state their complaints in full, as we treat all Female Complaints, and prescribe medicine suitable for all diseases to which they are subject.—Thirty-two page pamphlet, in a sealed envelope, free.

The Cherokee Pills are sold by all druggists at $1 per box, or six boxes for $5; or they are sent by mail, free of postage, in an ordinary letter, free from observation, by addressing the sole proprietor,

Dr. W. R. MERWIN, 37 Walker St., N. Y.

N. B.—Cherokee Pills No. 2 are prepared for *special cases*, when milder medicines fail; these are sent by mail, free of postage, on receipt of $5, *the price of each box.*

DR. WRIGHT'S

REJUVENATING ELIXIR,

Or, Essence of Life,

Cures General Debility, Weakness, Nervous Affections, Palpitation of the Heart and all Nervous Diseases. It removes the dullness from the eye, bring the aged, causing the hot blood of youth to course the veins, restoring the fire of youthful vigor, thus producing a perfect "*Elixir of Life*," removing *Sterility* and Barrenness in both sexes. To the young, middle-aged, and aged, there is no better remedy. It is called the "*Elixir of Life*." It gives a new lease of life, causing the weak and debilitated to have renewed strength and vigor, and the entire system to be filled with health and pleasure.

"As the Phenix rises from the ashes of its burning Sire, animated with new life"—so does this Elixir renovate the system and give full vigor, thus producing a perfect "Elixir of Life," removing Debility, restoring Manliness and Vigor, and removing Impotency and Sterility.

Price, one bottle $2; three bottles $5; sent by express to any address.

For sale by all druggists, and recommended by all respectable druggists in every part of the civilized globe; some unprincipled dealers, however, try to palm off on the unsuspecting public, worthless compounds in order to make money. Be not deceived—ask for these medicines and take no others. If druggists do not keep them, write to us, and we will send them by express, carefully packed, free from observation. We will be pleased to receive letters with statements in regard to any disease with which ladies or gentlemen are afflicted. Address all letters for medicines, pamphlets, or advice, to the sole proprietor,

Dr. W. R. MERWIN, 37 Walker St., N. Y.

☞ The Boston Journal, in an item on the Rochester, N.H., liquor cases and liquor men, says:

Most of them, however, finally made terms with the prosecuting officers. One was fined $50 and costs, and sentence suspended on the others on condition of agreeing to sell no more.

The accurate statement of the case is briefly this, viz: *Seven persons* plead *nolo con* to liquor indictments, and each of these *paid $50 fine.* Three of these had only *one* indictment against each. These paid the usual costs. The other four offenders had more indictments against them, one person had two; two persons had three each; and one eleven! Each of these plead *nolo con.* to all but each promised to sell no more; and each paid costs on all the indictments against him; and on these conditions sentence was suspended on them.

CHICAGO WHEAT AT MILWAUKEE.—Reports having gone abroad that the owners of rotten wheat at Chicago had shipped such grain to Milwaukee to get it inspected there, and then ship it to interior grades, the Chamber of Commerce of Milwaukee have investigated the subject and report in substance that only 33 car loads of Chicago wheat were sent up. This wheat would not pass in any grade in Milwaukee, and was sent back to Chicago to be used by distillers or left in sheds lying about the city. What these owners of wheat will do with the hundreds of thousands of bushels now rotting at Chicago is the question. This rotten grain must not be allowed to come to the eastern cities.—*Exchange.*

[How would it do to distill it, and sell the liquor for pure extract of Rye?]

—A pantomime entitled King Chess is playing at one of the London theatres: "The quaintness of the costumes, which represent all the pieces of the chessboard, produces much laughter. There are two rival courts who walk about a palace appropriately built with chess designs, and having for a floor the well known checkers of black and white. The courts are composed of fierce bishops, equine knights, courtier rooks, the white queen to king like Queen Elizabeth, and the funniest and most impish looking pawns imaginable. In one of the scenes the black king (chess himself) gives a check to the queen"—rather an impossible move in playing, but very effective in a pantomime."

Agents are wanted in every part of the country. The Chart will be sent to any person on receipt of $2 addressed to
MISS LUCY GUILD, Rupert, Vt.
Ladies wishing a tape measure must inclose 15 cents extra.
Miss Guild warns people from buying, selling or using a chart called the National Chart by Miss Jane Eddy, Nashua, N. H., as it is an infringement of her copyright. Any person printing, selling or using the counterfeit chart will be prosecuted according to law. One Albert J. Warden has been extensively engaged in selling the counterfeit chart, and is supposed to be the perpetrator of the forgery. Any information leading to his arrest will be liberally rewarded.

VINELAND
FARM AND FRUIT LANDS.
In a mild and healthful climate. Thirty miles *south* of Philadelphia by Railroad, in New Jersey, on the same line of latitude as Baltimore, Md.
The only land in the United States, varying from a clay to a sandy loam, suitable for Wheat, Grass Corn, Tobacco, Fruits and Vegetables. This is a *great fruit country.* Five hundred Vineyards and Orchards have been planted out by experienced fruit-growers. Grapes, Peaches, Pears, &c., produce immense profits. Vineland is already one of the most beautiful places in the United States. The entire territory, consisting of fifty square miles of land, is laid out upon a general system of improvements. The land is only sold to actual settlers with provision for public adornment. The place, on account of its great beauty, as well as other advantages, has become *the resort of people of taste.* It has increased five thousand people within the past three years. Churches, Stores, Schools, Academies, Societies of Art and Learning, and other elements of refinement and culture have been introduced. Hundreds of people are constantly settling. Hundreds of new houses are being constructed. Price of Farm land, twenty more lots and upward, $25 per acre. Five and ten acre and Village lots for sale.
Fruits and Vegetables ripen earlier in this district than in any other part of the country north of Norfolk, Va. Improved places for sale.
Opening for all kinds of business. Lumber Yards, Manufactories, Foundries, Stores and the like; and Steam Power, with room, can be rented.
For persons who desire mild winters, a healthful climate, and a good soil, in a country beautifully improved, abounding in fruits, and possessing all other social privileges, in the heart of civilization, it is worth a visit.
Letters answered, and the Vineland Rural, a paper giving full information, and containing Report of Soil, Climate, Products, &c., to Applicants.
Address CHAS. K. LANDIS, Vineland P. O., Landis Township, New Jersey.
From report of Solon Robinson, Agricultural Editor of The Tribune: *It is one of the most extensive fertile tracts, in an almost level position, and suitable condition for pleasant farming that we know of this side of the Western Prairies.* * ni—dawem

THE LIGHT OF THE WORLD.
DR. MAGGIEL'S
PILLS AND SALVE.
These Life-giving remedies are now, for the first time, given publicly to the world. For over a quarter of a century of private practice the ingredients in these
Life-giving Pills!
Have been used with the greatest success. Their *mission is not only to prevent disease, but to cure. They search out the various maladies by* which the patient is suffering, and re-invigorate the failing system. To the aged and infirm a few doses of these valuable PILLS will prove to be
A Very Fountain of Youth,
For in every case they add new life and vitality, and restore the waning energies to their pristine state. To the young and middle-aged, they will prove most invaluable, as a ready, specific, and sterling medicine. Here is a dream realized, that Ponce-de-Leon sought for three hundred years ago, and never found. He looked for a fountain that would restore the old to youth and make youth eternal.
AN ETERNAL SPRING!
It was left for this day and hour to realize the dream, and show, in one glorious fact, the magic that made it fair.
These Famous Remedies
Cannot stay the flight of years, but they can force back and hold aloof, diseases that might triumph over the aged and the young. Let none hesitate then, but seize the favorable opportunity that offers. When taken as prescribed—
FOR BILIOUS DISORDERS
Nothing can be more productive of cure than these Pills. The direct magic influence is felt at once; and the usual concomitants of this most distressing disease are removed. These remedies are made from the purest
VEGETABLE COMPOUNDS.
They will not harm the most delicate female, and can be given with good effect in prescribed doses to the youngest babe.
For Cutaneous Disorders
And all eruptions of the skin, the SALVE is most invaluable. It does not heal externally alone, but penetrates with the most searching effects to the very root of the evil.

Morning Chronicle.

Portsmouth, N. H.

WEDNESDAY, MARCH 7, 1866.

SEC. SEWARD'S POLICY.—Perley writes to the Boston Journal, as follows: "Secretary Seward, in an interview on Saturday with a leading member of the Pennsylvania delegation in the House of Representatives, brought up the question of reconstruction, and was very severe on Congress for their refusal to admit the Southern members. The Representative was of opinion that after four years of rebellion that has cost half a million of lives, and has entailed upon us a national debt of three thousand million of dollars, it was the duty of Congress to patiently examine into the exact condition of affairs, and only admit those Southern members to seats who were unmistakably loyal. At any rate he would never consent, for one, to have any one who had ever been a rebel, occupy a seat in Congress. Mr. Seward replied with a great deal of warmth that *the policy of the administration was his*; that Mr. Lincoln had adopted it, and that it was being carried out when he died. Mr. Johnson was merely continuing it, and the whole country would sustain it. As for rebels, there is not now a rebel in the republic, and the word should not be used. The Pennsylvania Congressman did not exactly indorse this assertion and withdrew."

It is worthy of remark that Wilkes' Spirit of the Times has all along attributed just such things to Sec. Seward, and in the Spirit of March 3 he charges it upon him, that he is doing them with the design to destroy the Republican party, in revenge for not being nominated for President in 1856;—that for this purpose he favored McClellan and Seymour, and defeated Wadsworth in New York; and that he (knowing Congress would resist, tho' be deceived Pres. Johnson by talking otherwise,) means to wreck Mr. Johnson on a *false hope* of re-election, and perhaps be elected himself. The Spirit proposes to heal the breach by electing Gen. Grant for the next President, on a one-term condition.

STATE OF TENNESSEE.—The Congressional Report on the condition of this State gives the testimony of Brevet Gen. Hatcher, who has been in service in Tennessee. He says, leaving out the eastern portion of the State, he should think it was largely opposed to the General Government, that there is no good feeling toward the Government and very little loyal feeling except in East Tennessee. The public sentiment in the latter is in the main loyal. He considers West Tennessee as disloyal as Mississippi. East Tennessee is the only portion of the State from which the United States troops could be withdrawn with safety.

General Thomas testifies that he does not think it would be safe at this time to remove the troops or withdraw martial law or restore the writ of habeas corpus. The full extent of East Tennessee is perfectly safe because the Union element preponderates. Middle Tennessee is disturbed by personal animosity and hatred much more than by the disloyalty of persons against the United States. The Union men in West Tennessee are in the minority, but the Union sentiment is gradually approaching a good loyal standard.

Gen. Fisk testifies that he has half a million of freedmen under his charge. The great mass of them are in good condition and improve, but they need the protection of the Government as much on account of the opposition manifested against them as from injustice to the negro. Those who evince that hostility to these persons say that they should be entirely driven from the State, and oppose the education of the negro and his obtaining justice before the law. All the freedmen in Tennessee who are able-bodied procure employment. The military should not be withdrawn nor martial law be removed, or the writ of habeas corpus be at present restored. As to loyalty, the majority of the people in Tennessee are opposed to the Government. If every man should vote as he pleased this fact would be manifested.

Col. William Spence, United States Senator elect, Patterson and others testify to the same effect.

☞ The singular speeches of the President have affected some of our good citizens with sorrow, and many with indignation, but few or none with fear. There are but two parties now in New Hampshire worth mentioning, viz., those who favor equal representation and equal laws,—and those who favor the new confederacy of copperheads and rebels proposed by Davis and Rogers.

GOLD, Tuesday, 132 7-8.

☞ Reports of victory to the Liberals, and defeat to the French, in Northern and Western Mexico, come to us via San Francisco.

— The longest single line of railroad in the United States is the Illinois Central, 708 miles; the New York Central being next, with 556 miles.

IN CONGRESS, Monday, March 5, the House passed the Army Appropriation Bill.

The Reconstruction Committee reported a Joint Resolution for admitting members of Congress from Tennessee, on certain conditions:

Tennessee to repudiate the rebel debt, to prohibit any payment for emancipated slaves, and to disfranchise for a term of years all of her citizens who have been engaged in rebellion. An attempt to require the State to adopt negro suffrage did not succeed. Such members of the committee as Boutwell, Conkling, and Washburn, of Illinois, did not agree with the report made to the House to-day, and it lies over pending a motion to recommit it again to the committee. The preamble and resolution have been submitted to the President by a member of the committee, and it is understood that the President does not approve of them, on the ground that they assume virtually that Tennessee is now out of the Union.

It was rumored on the floor of the House that the President had invited all the Southern Congressmen elect to visit Washington.

The House, by a very large majority, refused to allow a bill to be introduced which virtually proposed to increase the National Banking capital, and thus increase the volume of bank note circulation. It was one of the most significant as well as most decided votes of the session on financial matters.

It is generally conceded that the Blaine amendment to the Constitution will be defeated in the Senate. A full Senate contains fifty members, and seventeen votes will kill the amendment, being more than one-third. The eleven Democratic Senators will unquestionably vote against it, as will also, it is alleged, the following named Senators: Sumner, Dixon, Morgan, Cowan, Willey, Van Winkle, Henderson and Stewart, making nineteen in all. The remaining thirty-one, there is good reason to believe, will all vote for the amendment.

WASHINGTON ITEMS, Tuesday.—The Commissioner of the Freedmen's Bureau has issued a circular directing each Assistant Commissioner to consult the State laws with regard to marriage and divorce of white persons, and embody them for the benefit of the freedmen.

An important treaty between the Creek nation of Indians and the United States was signed Saturday afternoon. The Creeks, among other important stipulations, cede the west half of their domain, admit their emancipated negroes to equal civil rights, grant the right of way for the construction of a railroad through their country, and agree to such legislation on the part of Congress as may be necessary to establish a judicial system in the Indian territories, and a general council, with definite legislative powers, composed of delegates from each nation.

The Army bill, which passed the House, appropriates about $30,000,000.

—— Rev. Noah Hooper, of the Baptist Church in Exeter, has been presented with $293 by a party of his parishioners.

— The Houston Telegraph says that Meyers, the Houston deerstalker, has killed 6030 deer in nine years. In fourteen years he killed over 9000.

— Although many of the peach buds in Delaware were injured by the last cold weather, yet there are enough unhurt to insure a large crop.

— A suit raised against a steamboat company on the Mississippi, for loss of trunks containing a lady's wardrobe, brings out the fact that it was worth to her over $3400.

— At New York, March 5, fifteen hundred bales of cotton were burned. James Courtney has been arrested on suspicion of being the incendiary. There is much anxiety among insurance companies, as the loss is very heavy.

— The fact is brought out on the examination of witnesses before the Steamboat Inspector, that the pilot of the steamer Nannie Byers, which was sunk by the collision with the Hillman, was carried on board helplessly drunk, when the boat left Cincinnati.

— The ice gorge at Oil City, Pa., broke Saturday, the ice carrying away the Oil Creek Bridge, and crushing in three houses located on the bank of the stream. About fifty oil boats, and the tow-boat General Irvin, were crushed and sunk. The damages are estimated at from fifty to one hundred thousand dollars.

— At the post office at Gordonsville, Va., the other day, a well-dressed lady wanted the clerk to place a stamp on her letter, and produced at the window a neat portmonnaie, requesting the clerk to take out a proper amount of currency to pay for the stamp, saying with "honest pride" that so far her hands had "never been contaminated with the Yankee rags, and she wasn't going to begin."

— By the will of the late Joseph E. Worcester, LL.D, the celebrated lexicographer, which is dated December 24, 1862, he gives to the American Bible Society, formed in New York in 1816, and to the American Peace Society, incorporated by the legislature of Massachusetts, the copyright of his quarto dictionary of the English language, each to have one half of the annual income thereof, subject to any incumbrances, charges, or contracts existing at his death, said devise to take effect after the death of his wife.

☞ Messrs. George E. & F. W. Woodward, the great publishers and dealers in agricultural books, papers and periodicals, No. 37 Park Row, New York, have just issued a magnificently colored plate of the Delaware Grape, full size, on heavy royal paper, being the finest thing of the kind ever published in this country. Suitable for the adornment of any drawing room. Price per copy, mailed free, securely packed, three dollars. Price per copy, framed, packed and delivered by express, seven dollars. The enterprising publishers also have in preparation all the other leading grapes, same style and price.

The Messrs. Woodward are also publishers of the "Horticulturist," the favorite Monthly Magazine for every one who has a grapevine, a city yard, an acre lot, a garden, a vineyard, an orchard, a country seat, or a farm; who has a house to build, outbuildings to erect, or a home to beautify. Splendidly illustrated with designs and plans, and all new fruits, flowers, &c. 1866, $2.50; 1865, bound and postpaid, and 1866, $4.50; 1864 and 1865, bound and postpaid, and 1866, $6.

The fourth edition is now ready, of "Woodward's Country Homes," a new popular and practical book for every one, containing 122 designs and plans for country houses of moderate cost, with out-buildings and gates, and a full illustrated description of the Balloon Frame. Post-paid everywhere for $1.50, and well worth the money.

"The Gardner's Monthly," a reliable standard monthly periodical, devoted to all departments of horticulture, two dollars per annum; with the Horticulturist, four dollars per annum. Specimen copies, post-paid, twenty cents.

"Woodward's Graperies and Horticultural Buildings," a practical work giving full directions for designing, constructing and heating all classes of buildings, for growing plants and ripening fruit under glass. Sixty designs and plans, post-paid to any address, $1.50. Priced catalogue sent free to any address, of all publications on Agriculture, Horticulture, Architecture, Mechanics, Rural Economy, &c.

[Communication.]

Mr. Editor—There seems to be one astronomical calculation going the rounds of the newspapers in relation to the "moonless month of February" last, stating that the like of it never occurred, nor ever would for "two and a half million years to come!" I have before me three almanacs which will correct that mistake, viz.; in 1771 January had two full moons, February none, March two. The same occurred in 1798, also in 1809. Who has made the mistake, the old astromoners or the new? *

☞ A new patent Washer Cutter, manufactured by Messrs. King & Smith, Middletown, Conn., is a very useful little iron tool, to be used in a bitstock; and is handy, not only for cutting carriage washers, pump packing, and the like, but also as a marking-tool for circles, &c., for wood workers.

☞ Gen. Meade says, over his own signature, there is no truth in the report from Washington that he has consented at the request of the President to allow his name to be presented to the Democratic State Convention as a candidate for Governor. That convention nominated a Mr. Clymer.

Lyon's Periodical Drops!

THE GREAT FEMALE REMEDY FOR IRREGULARITIES

These Drops are a scientifically compounded fluid preparation, and better than any Pills, Powders or Nostrums. Being liquid, their action is direct and positive, rendering them a reliable, speedy and certain specific for the cure of all obstructions and suppression of nature. Their popularity is indicated by the fact that over 100,000 bottles are annually sold and consumed by the ladies of the United States, every one of whom speak in the strongest terms of praise of their great merits. They are rapidly taking the place of every other Female Remedy, and are considered by all who know aught of them, as the surest, safest and most infallible preparation in the world, for the cure of all female complaints, the removal of all obstructions of nature, and the promotion of health, regularity and strength. Explicit directions stating when they may be used, and explaining when and why they should not, accompany each bottle, without producing effects contrary to nature's chosen laws. will be found carefully folded around each bottle, with the written signature of Jonn L. Lyon, without which none are genuine. **Price $1.50.**

Prepared by Dr. JOHN L. LYON, 195 Chapel Street, New Haven, Conn., who can be consulted either personally, or by mail, (enclosing stamp,) concerning all private diseases and female weaknesses. **Price $1.50 per bottle.**

Perry's Moth and Freckle Lotion.

☞ Chloasma, or Mothpatch, (also called Liver-spot,) and Lentigo, or Freckles, are often very annoying, particularly to ladies of light complexion, for the discolored spots show more plainly on the face of a blonde than of a brunette; but they greatly mar the beauty of either and any preparation that will effectually remove them, *without injuring the texture or color of the skin,* is certainly a desideratum. Dr. B. C. Perry, who has made diseases of the skin a speciality, has discovered a remedy for these discolorations, which is at once prompt, infallible and harmless.

Messrs. Editors:—In justice to Mr. Frank A. Varney, a young man whose conduct and associations entitle him to this notice, we wish to make an explanation of his connection with the withdrawal of a sum of money, last Tuesday, upon a bank-book which it is asserted was stolen from Mrs. Plaisted of this city. In the forenoon of that day, Frank Plaisted, a son of this lady, came to Mr. Varney's store, and represented that he had deposited his bounty and prize money in the Savings Bank in his mother's name, and wanted to know how he could withdraw it. Mr. Varney explained the manner of doing it as well as he could, but Plaisted urged him to go with him to the Bank. To this Mr. Varney, after some solicitation, assented, having no knowledge or suspicion but what the money was the property of Frank, as he represented. Nothing occurred at the Bank to excite any suspicions to the contrary; the Bank officers do not pretend that Varney did or said anything while there inconsistent with this story, or that he received any of the money, to their knowledge. In fact, he has received of this money, or of any money from Mr. Plaisted, only the sum of one dollar and fifty-seven cents, which Plaisted owed him, and which he paid him after the withdrawal.

He has no knowledge of the young man who went away with Frank Plaisted having any connection with this affair; and the only evidence of it, is his having left the city with young Plaisted and having been in company with him during the day.

We are certain that the public, as well as any Court that may have the final right to determine this matter, will acquit Mr. Varney of any wrong, and find he has been drawn into the scrape simply by his desire to accommodate a young man whose story he had good reason to believe was a true one. JUSTICE.

Portsmouth, March 5, 1866.

☞ The tableaux and singing at the Temple, Monday evening, passed off very pleasantly. The great audience which should have attended, was much lessened by the blustering weather; and the proceeds can hardly result in more than $25 for the freedmen.

There was necessarily much waiting between the living pictures, but comparatively little of which of course could be filled up by a single lady soloist. But with the superb piano in the Temple, a live player could entertain an audience for a week—and if, among all our professors and amateurs, there is one thing in music which we lack more than all others, it is such an available public player, who could earn more in that way than any two organists in the city. He need not be a finished performer; for Mr. Crane, who was by no means a thorough musician, came the nearest to filling the long-felt need, of all we ever had here.

☞ Rarely indeed is it, that opportunity is offered to purchase so fine a residence as the premises advertised at auction by Capt. Henry Libbey, for Wednesday of next week. All the elegant Furniture in the house, including the splendid Steinway piano, will also be sold at the same time. Both the building and contents have been but very little used, and are almost as good as new. Particulars hereafter.

WARNING TO MARINES.—Two of these gentlemen, arrested for drunkenness on Sunday, were sent to the House of Correction on Tuesday, the officer in charge at the Barracks declining to pay any more fines on their account.

☞ The "Pantecnatheca," of which so much has been said, was unrolled for the first time last evening, and may be seen each evening during the week.

☞ Republican Caucus in Ward One, this evening.

☞ The Boston Traveller says that, with the single exception of Portland, Me., the entire commerce of New England centres in Boston. Once Salem, Gloucester, Portsmouth, Newburyport, Newport, Providence, and New Haven, had an extensive commerce with India, South America, Africa and the West Indies, but it has all departed. Once in two or three months a bark or brig from Africa arrives at Salem, but that harbor is now mainly used for coal schooners and coasters in the summer time. Gloucester has not a single square-rigged vessel left.

The Traveller has under a mistake. A ship laden with salt arrives at this port from "furrin parts" once in every three or four years.

☞ A writer in the Traveller says the travel eastward from Boston is to have greater facilities for its accommodation the coming season than heretofore. There is to be a night express, between Boston and Portland, over the Boston & Maine and Eastern Roads, to leave B. at 7 P. M., and Portland at 5 P. M. This arrangement will give New York and Southern travel an opportunity to reach Portland in about fifteen hours from New York; and supply a want long felt. It is also contemplated to connect these trains at Portland with boats to and from Bangor.

— The "hop" market has been very lively in New York. It is estimated that since the opening of the ball season there have been about six hundred balls in the metropolis, being an average of nearly thirty per week, which have been attended by four hundred thousand persons, at an estimated expenditure of seven millions of dollars.

— Charles F. Brown (Artemas Ward) passed through Portland recently on his way to his highland home, in Oxford county, where he is to sojourn a short season before his departure for an extended tour of Europe. He is in good health, and has "done well" in his Southern journeyings.

— Three thieves were found dead behind the counter of a druggist in Charleston, S. C., one day last week. Poison had been put in some food and placed in a convenient position, which the robbers had eaten of and died.

— Pennsylvania is the only State, thus far, which has actually assumed the care of the children of her dead soldiers, and 2000 of these are now in schools in that State. The cost per pupil is about $150 per annum, exclusive of clothing.

— A little boy seeing a drunken man prostrate before the door, and, putting in his head, said to the proprietor, "see here sir, your sign has fallen down."

— Aunt E. was trying to persuade little Eddy to retire at sundown—"You see, my dear, how the little chickens go to roost at that time." "Yes, Aunty," replied Eddy, "but the old hen always goes with them."

— A young man obtained a divorce from his wife in the Litchfield county (Ct.) Superior Court last year, on account of "incompatibility." A few days since the lady, who resides near Northfield, fell heir to $24,000.

— Cotton and cotton goods, had a tumble down in price in New York at the close of last week. Matters looked like a panic in the case of the latter.

THE PRUDENT BRIDE.

At Salem Meeting House, one summer day,
Two lovers, Abby Purtis and John Cole,
Were joined in holy wedlock. Off they started
To spend the honey-moon, gregarious,
At Trenton, Saratoga, and the Falls.
Reaching the last-named wonder of the world,
They went the usual round; mounted the tower
That overlooks the cataract, stood and watched
The coiling Rapids, and the whirling Pool;
Nor on the deck, O daring "Maid of the Mist,"
Failed they to buffet the tumultuous roar,
The drenching spray, the seeming perilous plunge,
Beneath the Horse-Shoe. Every where, throughout,
Abby was brave; nay, on John's stalwart arm
Leaning, was confident.
At last they reached
The Cavern of the Winds. Then changed her bearing.
Trembling she paused. In truth, the howling blasts
And gusty moans, as of imprisoned spirits,
Struck the bride's soul with terror. All aghast,
She stood before the entrance, and refused,
Firmly *refused*, to trust herself within.
John argued—she would not; coaxed—'twas all in vain;
Laughed at, and called her "little fool"—she would not.
Nay more, she prayed him by the love he bore her,
Not to set foot himself within a place
So fraught with peril. John was ungallant,
And only laughed the more. Not be the man
To set from faint-hearted "Miss Zoëlus!"
Had he not harpooned whales in Arctic seas?
Were not typhoon, white squall and hurricane
His some time playmates? It was her turn now
To coax and urge and crave—and be denied.
Chafed that her will was not a law to John,
Abby was woman still, and somewhat grieved
That he should run such risks. She kissed him fondly,
And took him tread with care, and hasten back.
Her voice was choked with sobs. Her latest words
Were scarcely audible, though through them breathed
Salem's sound training. "John," she faltered forth,
"We know not what may happen; dear, dear John,
Were it not well that you—should—leave—with—me
Your—watch—and—pocket-book?"

— R. A. Fuller, of Salisbury, Ct., found a wild cat in his bercery one day last week. The cat ran one way and Mr. Fuller the other, and they haven't met since.

— The public of Brussels has been shocked by a judgment of the Court of Appeal of that city, condemning two boys, eleven and thirteen years of age, to four and six years' imprisonment, for having stolen four apples from a tree in a garden.

☞ The Portland Transcript says there is a white sulphur spring about four miles from that city. It is said to be similar to the white sulphur springs of Virginia and Western New York.

Important to the Afflicted.
DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, BOSTON, on all diseases of a DELICATE OR DELICATE NATURE. By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of GONORRHŒA AND SYPHILIS.
SEMINAL WEAKNESS.—Dr. Dow devotes a great part of his time to the treatment of these cases—caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.—Medicines sent to all parts of the country, with full directions for use, on receiving descriptions of your cases. Dr. Dow has also for sale the French Capotes, warranted to be the best preventive. Order by mail. Three or $1 and a red stamp.
Highly Important to Females
IN DELICATE HEALTH.
Dr. DOW, Physician and Surgeon, No. 7 Endicott Street, Boston, is consulted daily for all diseases incident to the female system. Dr. Dow has no doubt had greater experience in the cure of diseases of women than any other physician in Boston. Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment. Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.
N. B.—All letters must contain one dollar, or they will not be answered. Office hours from 8 A. M. to 9 P. M.
CERTAIN CURE
In all cases, or No Charges Made.
Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street. Those who need the service of an experienced physician and surgeon should give him a call.
P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

SUFFERERS
From Dyspepsia
READ! REFLECT!! ACT!!!
TARRANT & CO
Gentlemen, I am a resident of Curacoa, and have often been disposed to write to you concerning the real value of your SELTZER APERIENT as a remedy for indigestion and dyspepsia. I desire to express to you my sincere gratitude for the great benefit the SELTZER has done my wife.
I feel it to be five years my wife has been sadly afflicted with Dyspepsia, and after being under the treatment of several Doctors for two or three years, and finally induced to seek the advice of a learned Physician, Doctor Cabinis, of Venezuela, who immediately treated her with your EFFERVESCENT SELTZER APERIENT. She began to improve at once and is now PERFECTLY WELL.
I feel it to be my duty for the good of humanity to make this statement, feeling that a medicine so valuable should be widely known.
I remain, Gentlemen, yours respectfully,
S. D. C. HENRIQUER,
Merchant, Curacoa, S. A.
New York, June 28th, 1865.
WE ASK
The suffering millions in our land to give this remedy a trial, convinced that it will do vastly more many may be relieved, many cured of
Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Dizziness, Indigestion, Piles, Costiveness, Bilious Attacks, Liver Complaints, Rhematic Affections, &c.
Read the Pamphlet of Testimonials with each bottle, and do not use the medicine against the advice of your Physician.

AMERICAN AND FOREIGN PATENTS.
R. H. EDDY,
Solicitor of Patents,
Late Agent of the U. S. Patent Office, Washington.
Has Been Established Under the Act of 1837.
78 State Street, opposite Kilby Street, BOSTON.
After an extensive practice of upwards of twenty years, continued in the Patent Office of the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, all Papers and Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign patents to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that those is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay thereby, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy* or more capable of putting their applications in form to secure for them an early and favorable consideration at the Patent Office."
CONRADO SEWELL,
Late Commissioner of Patents
Mr. R. H. Eddy has made for me THIRTEEN applications on all but one of which patents have been granted, and that is *now pending*. Such unmistakeable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART
During eight months, the subscriber, in course of his large practice, made only *three* rejected applications (DUREEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.

CHEROKEE PILLS,
Or Female Regulator,
Cure *Suppressed, Excessive and Painful Menstruation, Green Sickness, Nervous and Hysterical affections, Pains in the Back, Sick-Headache, Giddiness*, and all disorders that spring from irregularity, by removing the cause and all the effects that arise from it. They are perfectly safe in all cases, *except when forbidden by directions*, and are easy to administer, as they are nicely sugar-coated. They should be in the hands of every Maiden, Wife, and Mother in the land.
Ladies can address us in perfect confidence, and state their complaints in full, as we have all Female Pills, and prepare Medicines suitable for all diseases to which they are subject.—Thirty-two page pamphlet, in sealed envelope, free.
The Cherokee Pills are sold by all druggists at $1 per box, or six boxes for $5; or they are sent by mail, free of postage, in an ordinary letter, free from observation, by addressing the sole proprietor.
Dr. W. R. MERWIN, 37 Walker St., N. Y.
N. B.—Cherokee Pills No. 2 are prepared for *special cases*, when milder medicines fail; these are sent by mail, free of postage, on receipt of $5, *the price of each box.*

DR. WRIGHT'S
REJUVENATING ELIXIR,
Or, Essence of Life,
Cures *General Debility, Weakness, Hysteria, Hypochondria, Female, Palpitation of the Heart and all Nervous Diseases.* It restores new life to the worn out and aged, causing the hot blood of youth to course the veins, restoring the *Organs of Generation, removing Impotency and perfect "Elixir of Love," removing Sterility* and Barrenness in both sexes. To the young, middle-aged and old, there is greater boon than this "Elixir of Life." It gives a new lease of life, causing the weak and debilitated to have renewed strength and vigor, and the entire system to thrill with joy and pleasure.
Price, one bottle $2; three bottles $5; sent by express to any address.
Our medicines are sold and recommended by all respectable druggists in every part of the civilized globe; some unprincipled dealers, however, try to deceive their customers by selling cheap and worthless compounds in order to make money. Be not deceived—ask for these medicines and take no others. If the druggists have not keep them, write to us, and we will send them by express, carefully packed, free from observation. We will be pleased to receive letters with full statement, in regard to any disease with which ladies or gentlemen are afflicted. Address all letters for medicines, pamphlets, or advice, to the sole proprietor,
Dr. W. R. MERWIN, 37 Walker St., N. Y.

AN INTERESTING LETTER.—Last summer Pres. Johnson transmitted to his Provisional Governor, Sharkey, of Mississippi, the following letter:

EXECUTIVE MANSION,
Washington, D. C., Aug. 15, 1865.

Gov. William L Sharkey, Jackson, Miss.:—I am gratified to see that you have organized your convention without difficulty. I hope that without delay your Convention will amend your State Constitution, abolishing slavery, and denying to all future Legislatures the power to legislate that there is property in man; also that they will adopt the amendment to the Constitution of the United States abolishing slavery. If you could extend the elective franchise to all persons of color who can read the Constitution of the United States in English, and write their names, and to all persons of color who own real estate valued at not less than $250, and pay taxes thereon, you would completely disarm the adversary, and set an example the other States will follow. This you can do with perfect safety, and you thus place the Southern States, with reference to free persons of color, upon the same basis with the Free States. I hope and trust your Convention will do all this, and as a consequence, the radicals, who are wild upon negro franchise, will be completely foiled in their attempts to keep the Southern States from renewing their relations to the Union, by not accepting their Senators and Representatives.

ANDREW JOHNSON,
President of the United States.

— What proof is there in the Bible that Pharaoh was a carpenter? He made Joseph a ruler.

— At Vienna, pork has been dropped from the bill of fare at most of the leading hotels, and the pig dealers have telegraphed to their agents in Servia and Hungary not to send them any more of the animals. The Jews are in ecstacies, and sausage makers in despair.

— One day last week D. A. Rider of Bennington, Vt., cut open a perfectly sound pumpkin, and found the seeds had all commenced to sprout, some of them shooting up more than an inch in length, while the roots were strongly fastened in the pumpkin, which was completely filled with vegetation.

TO THE LADIES.
Miss GUILD offers to the public her superior Crystal Palace Chart for curing diseases, which is conceded by competent judges to surpass any invention of the kind ever offered to the American public. She feels fully warranted in saying that it is as perfect a fit as human ingenuity can render it, and should be in the possession of every lady. It is simple, easy, and graceful, adapted to fit every form and size, from little girls of seven years to the largest adults. Directions printed in full on every Chart. None genuine unless the Crystal Palace is engraved on it, and the address of the inventress printed. Copyright secured and no infringement allowed.
Agents are wanted in every part of the country. This Chart will be sent to any person on receipt of $2 addressed to
Miss LUCY GUILD, Rupert, Vt.
Ladies wishing a tape measure must inclose 15 cents extra.
Miss Guild warns people from buying, selling or using a chart called the National Chart by Miss Jane Eddy, Nashua, N. H., as it is an infringement of her copyright. Any person printing, selling or using the counterfeit chart will be prosecuted according to law. One Albert J. Warden has been extensively engaged in selling the counterfeit chart, and is supposed to be the perpetrator of the forgery. Any information leading to his arrest will be liberally rewarded.

VINELAND
FARM AND FRUIT LANDS.
In a mild and healthful climate. Thirty miles *south* of Philadelphia by Railroad, in New Jersey, on the same line of latitude as Baltimore, Md.
The soil is rich and *productive*, varying from a clay to a sandy loam, suitable for Wheat, Grass Corn, Tobacco, Fruits and Vegetables. This is a *great fruit country*. Five hundred Vineyards and Orchards have been planted out by experienced fruit-growers. Grapes, Peaches, Pears, &c., produce immense profits. Vineland is already one of the most beautiful places in the United States. The entire territory, consisting of fifty square miles of land, is laid out upon a general system of improvements. The land is sold only to actual settlers with provision for public adornment. The place, on account of its great beauty, as well as other advantages, has become *the resort of people of taste*. It has increased five thousand people within the past three years. Churches, Stores, Schools, Academies, Societies of Art and Learning, and other elements of refinement and culture have been introduced. Hundreds of people are constantly coming to Vineland, and new houses are being constructed. Price of Farm land, twenty acre lots and upward, $25 per acre. Five and ten acre and Villages, has been sold.
Fruits and Vegetables ripen earlier in this district than in any other locality north of Norfolk, Va. Improved places for sale.
Opening for all kinds of business. Lumber Yards, Manufactories, Foundries, Stores and the building of Steam Power, will find room, can be rented.
For persons who desire mild winters, a health ful climate, and a good soil, in a country beautifully improved, advantageously situated for possessing all other social privileges, in the heart of civilization, it is worthy of a visit.
Letters answered, and the Vineland Rural, a paper giving full information, and containing Reports of Solon Robinson, Agricultural Editor of The Tribune: *It is one of the most extensive fertile tracts, in an almost level position and suitable condition for pleasant farming that we know of this side of the Western Prairies.*

THE LIGHT OF THE WORLD.
DR. MAGGIEL'S
PILLS AND SALVE.
These Life-giving remedies are now, for the first time, given publicly to the world. For over a quarter of a century of private practice the ingredients in these
Life-giving Pills!
Have been used with the greatest success. Their mission is not to only prevent disease, but to cure. They search out the various maladies by which the patient is suffering, and re-invigorate the failing system. To the aged and infirm a few doses of these valuable PILLS will prove to be
A Very Fountain of Youth,
For in every case they add new life and vitality, and restore the waning energies to their pristine state. To the young and middle aged, they will prove most invaluable, as a ready, specific, and sterling medicine. *Here is a dream realized, that Ponce-de-Leon sought for three hundred years ago, and never found.* He looked for a fountain that would restore the old to youth and make youth ever
AN ETERNAL SPRING!
It was left for this age and hour to realize the dream, and show, in one glorious fact, the magic that made it fair.
These Famous Remedies
Cannot stay the flight of years, but they can force back and hold aloof, diseases that might triumph over the aged and the young. Let none hesitate then, but seize the favorable opportunity that offers. When taken as prescribed—
FOR BILIOUS DISORDERS
Nothing can be more productive of cure than these Pills. Their almost magic influence is felt at once; and the usual concomitant of this most distressing disease are removed. These remedies are made from the purest
VEGETABLE COMPOUNDS.
They will not harm the most delicate female, and can be given with good effect in prescribed doses to the youngest babe.
For Cutaneous Disorders
And all eruptions of the skin, the SALVE is most invaluable. It does not heal externally alone, but penetrates with the most searching effects to the very root of the evil.
DR. MAGGIEL'S PILLS
Invariably Cure the Following Diseases;

THURSDAY, MARCH 8, 1866.

GEN. GRANT AND THE PRESIDENCY.—The Washington correspondent of the Boston Herald says:—

In most every other portion of the country but the great political centre at Washington, the serious question of the next Presidential campaign would be looked upon as absurd. Not so here. The recent political divisions, the possibility of new party lines and a dozen concomitants arising from political necessities, have all sufficed as reasons for the discussion of the issues for the next campaign as well as the candidates to be placed upon them. The Republicans almost unanimously centre on Lieutenant General Grant as their candidate, not only on the ground of his evident availability, but because they regard him as standing squarely on the principles of their platform, on which he fought the war successfully, and in accordance with which the re-union of these States is to be effected. It is useless to disguise the fact that the Union Republican party rely greatly on what they regard as the certainty, if nominated, of Gen. Grant's election. On the other hand the Democrats do not look with great favor on General Grant as a candidate, but at the same time declare that new issues are to be made and met in the two years yet to come before the nomination takes place. They declare that the Union will be restored by that time, and that they will secure every Southern electoral vote, and enough Northern ones to elect their candidate. They also assume—and it begins to look as if it were going to prove true—that every constitutional amendment looking to a change of the basis of representation would be defeated in the end, and that the Southern States will retain their preponderance in the electoral college. So much for the understanding of the political palace for most of those who agitated the country during the past two weeks.

Whether the supposition be true or not, it certainly would be an amusing sight to see the copperheads relying on the rebel States to defeat Gen. Grant in the next campaign. They relied on the same force to do the same thing in the last campaign. They failed and may fail again.

THE TESTIMONY OF OUR GENERALS, on the actual condition and temper of the ex-rebels, goes to show that in the matter of reconstruction, it will be wise as well as right for us to make haste *slowly*. Gen. Thomas, our present commander in Kentucky, Tennessee, Georgia, Alabama and Mississippi, was born in the South, and since he has been in the U. S. army has always been stationed in southern or border States. He does not believe it *safe* to withdraw the U. S. troops nor to abolish or cripple the Freedmen's Bureau. Speaking of Alabama he says:

If national troops and the Freedmen's Bureau were to be withdrawn from the State, at this time, I don't believe the Union men or the freedmen could have justice done them. Injustice toward them would commence by suits in courts for petty offences and neighborhood combinations annoy them so much that they could not reside among them. I am satisfied that until a better state of feeling shall arise there—if all restraint should be removed—the freedmen would be thrown back into a condition of virtual slavery; that is they would be compelled by legislative enactments to labor for little or no wages, and legislation would assume such form that they would not dare leave their employers for fear of punishment; and unless white men, who had been Union men through the war had very strong personal friends, they could not live in the State.

Gen. T., does not believe the negroes are favorable to being colonized, for he says:

I think the mass of them desire very much to continue to live in their old neighborhoods, and with their old masters—invariably where they have been treated well as slaves. There is no danger of trouble from negroes remaining where they are, unless whites treat them so badly that they are compelled, in self-defense, to rise up against them.

The disposition of negroes for education is universal—especially among the younger portion of them.

Gen. T. has received information of secret organizations at the South, hostile to the U. S. government,—and the informers beg him not to make their *names* known, for they would not be safe. He states the object of these conspirators to be:

To embarrass the Government of the United States in the proper administration of the affairs of the country, by endeavoring, or making strong efforts, to gain very important concessions to the people of the South if possible, to repudiate the national debt incurred in consequence of the rebellion, or to *gain such an ascendency in Congress* as to make provision for the assumption by Congress of the debt incurred by the rebel government; also in case that the United States government can be involved in a foreign war, to watch their opportunity and take advantage of the first that occurs to strike for the independence of the States lately in rebellion.

Generals Grierson and Saxton give testimony, very favorable to the freedmen, but unfavorable to the ex-rebels, considering that the great favors shown to the latter have encouraged them to be more arrogant than before.

The testimony of these and many more witnesses, does not sustain the Policy of Sec. Seward & Co., but it does show that the people and their Representatives should stand firm.

VALUABLE TESTIMONY.—In the late examination before the Reconstruction Committee of Congress:—

W. A. P. Dillingham, of Waterville, Maine, testifies that among the people of Mississippi, after the policy of President Johnson had been thoroughly inaugurated, the old bitterness seemed to develope itself. They desired to have the arrangement and control of their own State in their own hands. Mississippi would prefer the re-establishment of the Confederacy, at least by three-fourths of the people.

Mr. Dillingham is well known here as a former pastor; and he has had a good opportunity to judge in the case.

Clara Barton of Massachusetts testified that she thought the people of the South had no respect for the United States. They have less friendship for the negroes than when they owned them. They say the people would again reduce them to slavery. The freedmen have the best of feeling towards the Government and Northern people.

Miss Barton, too, has been among the ex-rebels, and knows whereof she speaks.

A BABY LOST. — An amusing scene occurred on the cars between Schenectady and Utica last Friday. A gentleman and his wife took passage in the cars at Schenectady for the West, and came away without their infant child, which had been left at the depot in Schenectady, each supposing the other had "took the baby." They were not long in discovering that they had "left something," and getting off at St. Johnsville, telegraphed back for the missing responsibility, which was brought to them by a trusting conductor on the next train.

☞ In the city election in Bath, Me., on Monday the Republicans had the field to themselves, only one vote being cast against John Hayden for Mayor. All the Aldermen and Councilmen on the Republican ticket were elected.

GOLD, Wednesday, 133 1-8.

— Forty-nine newspapers are represented in the reporting galleries of Congress.

— A "Snow Shoe Express" was running in California last month.

— The higher an ass holds his head, the plainer we see his ears.

— The nett proceeds of the recent Freedmen's Fair in Portland exceed twelve thousand dollars.

— The annual gold yield of the Oregon mines is about six and a half millions of dollars.

— The Methodist Episcopal Church at Moulton's Mills, Osipee, was dedicated Jan. 30.

— The consolidation of the United States telegraph with the Western Union makes a monster company of $28,000,000 capital.

— Major General J. H. Wilson, who captured Jeff. Davis, is in Indianapolis, luxuriating on a year's leave of absence.

— Marriages in high life and among the middle classes in New York are said to be on the decline. It costs too much to get married in these times.

— Bierstadt is no "two cent dauber;" he he has made $120,000 with his brush in three years, and drives one of the most stylish teams in Central Park.

— The charter elections in the small cities in New York State have mostly gone for the republicans; but Troy chooses a democratic mayor, and Ithica elects a "Johnson ticket."

— On Tuesday night of last week, Mr. A. P. Nichols and wife, at Haverhill, came near death by suffocation by the gas from their furnace, the dampers being too closely shut.

— The evidence elicited in the trial of Major Gee, late rebel commander of Saulsbury (N. C.) Prison, shows that of 10,000 prisoners confined in that prison, over 5000 died from ill treatment in five months.

— Louis Col n, formerly foeriga clerk of Duncan, Sherman & Co., New York city, is imprisoned on a charge of embezzling $40,000 in bonds, &c. He gambled in stocks.

— On Sunday night, below Memphis, Tenn., the steamer Lockwood blew up and was burned. Twenty persons were killed and twenty-five injured. The boat was valued at $60,000; not insured.

— Geo. Gardner, alias Dutch Heinrich, robbed a man who was depositing money in the Broadway Bank, New York, Tuesday, but was caught and caged. He stole $10,000 in gold, in bags, from the Bank of Commerce last year.

— A wool-grower made the statement at a late convention in Vermont, held on a bitter cold day, that every rag of clothes he had on was made of foreign wool, while he had at home three clips of wool from his own flocks which he could not sell.

— A negro on a steamer at Cincinnati was struck the other day with an umbrella by the second mate, the end of it penetrating his right eye, lodging in the brain and breaking off. The piece was so firmly wedged as to require a strong pair of pincers to draw it out, and the wound was so severe that the negro survived the brutal assault but a few days.

PRISONERS ESCAPED AND JAILORS LOCKED IN.—Those three precious scamps, Handy, Eldredge and Cahoon, who broke jail some months since, and were but recently re-arrested, again made their escape in company with two other prisoners—Thomas Crocker and —— Fuller—yesterday morning. It appears that on entering the cell of the former prisoners in the morning, Mr. Esterbrooks, the keeper, was asked to fix the stove-pipe, which was out of place. He proceeded to do so, when they all rushed out of the cell simultaneously, closing and bolting the door, thus making Mr. E. a prisoner within the cell. They then unlocked the cell containing Fuller and Crocker, thus liberating them, when they all left the jail, locking the door behind them. No trace of them has yet been found. The key of the outer jail door was found on the ground in the vicinity. Mr. Esterbrooks was not locked in till late in the afternoon.—*Barnstable Patriot, 6th.*

A smaller trick of the same sort was played by some of the prisoners in the Danville (Va.) jail on the sheriff of that place last week, by the escape of three prisoners. It seems they had, in apparent amusement, rolled several high snow-balls against the wall inside the jail yard; one of the party got between the piles of snow and there dug a hole through the wall through which they made their exit. They have not been recaptured.

The jailors in both these cases were rather green; but the Barnstable jailor was the greenest man we have heard of for a long time, when he undertook a job which three able-bodied criminals ought to have done themselves.

A HORROR DISPOSED OF.—W. E. Waters, Assistant Surgeon, U. S. A., writes to the St. Louis Republican that there is no such officer in the regular army as Captain John Hill, reported to have murdered, and who excused himself for murdering an infant Indian in California. Dr. W. also gives a letter from Major General Canby, denying that while he was in command on the Pacific any atrocities were committed on the aborigines, men, women or children, after their capture, and asserting that the conduct of our troops, officers and men, was uniformly humane—one of the latter losing his life in endeavoring to protect the squaws of a hostile tribe.

IN THE U. S. SENATE, March 6th, Mr. Clark called up the joint resolution to give the consent of Congress to the annexation of the counties of Berkeley and Jefferson, belonging to Virginia, to the State of West Virginia. Mr. Riddle moved to amend by adding a proviso that the question be determined by a vote of the people of those counties. After debate Mr. Riddle's proviso was rejected. The joint resolution was then passed—32 yeas against 5 nays. The nays were Messrs. Davis, Guthrie, McDougall, Riddle, Saulsbury.

The House reconsidered its order in reference to the Military Academy bill, that Mr. Schenck might offer an amendment providing none of the money appropriated be applied to pay of subsistence for any Cadet from any State declared in rebellion against the Government of the United States appointed after the 1st of January, 1866, until such State has been returned to its original relations to the Union by an act of Congress. Mr. Stevens supported Mr. Schenck's amendment, which was adopted, 89 against 39, and the bill then passed.

— As a singular incident of Parisian court life, it is mentioned that Teresa, whose celebrity is due to her singing of indecent French songs in the French cafes, been presented to the Emperor Napoleon, who was delighted with her vocalism.

— A female teacher in Belfast, Me., has just recovered two hundred and seventy-one dollars from a physician there, who charged her in one of the newspapers with having expressed joy at the death of President Lincoln, thereby depriving her of her pupils.

— The Belfast Age states that there is a perfect mania prevailing throughout most of the interior towns of Maine on the subject of local lotteries. Schemes embracing farms, mills, spavined horses, cheap watches, brass jewelry, &c., are more plentiful than snowflakes have been this winter.

— George Anderson of Booneville, Missouri, sometime since married the daughter of a rich brewer in that city, against the father's will. After a short time the wife died. Anderson subsequently married a sister of his former wife, who also died in a few months, and now he has eloped with another married sister.

Communication.

NEW CITY HALL.—The Portsmouth correspondent of the Boston Herald says:

Two questions of importance are now being discussed by our citizens, viz., a reception of the "Sons" on the coming Fourth of July, and the subject of building a new City Hall. There is pretty nearly a unanimous feeling in favor of the former proposition, while there is a division on the latter. The taxes the present year will necessarily be high, appropriations being needed for a new ward room in Ward Three, a new Bridewell, alterations of Jefferson Market, and the purchase of one more steam fire engine. Our share of the State tax this year is rising $37,000, and of the county tax over $11,000. A special meeting of the inhabitants is called for the 20th inst., for the purpose of obtaining an expression of the voters in regard to building a new City Hall. The vote will probably be overwhelming in favor of the project, yet decides nothing, as the City Council will not make the necessary appropriation for such a purpose unless with the consent of the large tax payers. Portsmouth is sadly in need of a City Hall, and although taxes are high our people were never more able to pay than now. The Temple, our only public hall, is a standing disgrace to the city, and is a dangerous place in case of fire. A proper display of public spirit would give us a hall that would accommodate a large audience and be a source of profit to the city.

We trust that the "large tax payers" will evince their appreciation of the fact that every good public building adds to the value of their real estate, when the question comes up for the expression of public sentiment. It does not follow that because we are in absolute need of a hall that we must have one built in so costly a manner as to be ever after a monument of municipal folly. Let the plans be drawn and the proposals advertised,—then take the lowest responsible parties bidding therefor, and we may obtain a hall which will not only redeem our city from the stigma which has so long attached to it, but may even prove a source of public revenue.

'Twould be a lasting shame if the ladies were obliged to build us a City Hall after all, but I trust we shall not come to that. Instances are by no means rare that have come to my knowledge where persons having no real estate to be benefitted thereby have expressed their willingness to pay a quadruple poll tax to aid in such an enterprise.

Let there be a full attendance at the Court House on the 20th inst. H.

LYCEUM.—At an adjourned meeting of the Lyceum Committee, on Saturday evening last, it was found that a surplus of $21.78 remained after paying all demands. This sum was voted to the Freedmen's Aid Society, in accordance with a previous decision. A communication was received from Mr. James H. Head, resigning his position as Corresponding Secretary. In accepting this resignation, the Committee would assure Mr. Head that they duly appreciate his many valuable suggestions and co-operation generally during his term of office, and that he retires with the best wishes of each and every member of the Association.

The Committee are corresponding and taking the preliminary steps to secure a first-class course of lectures the coming autumn. In several respects, it will differ from any that has preceded it. Indeed, if the plans of the Committee are carried out, as we believe they will be, the entertainments of the next course will be superior to anything of the kind ever enjoyed in this city. The officers of the Association are—A. M. Payson, President and Corresponding Secretary; E. P. Kimball, Treasurer; A. C. Hoyt, Recording Secretary; C. A. Shannon, F. W. Miller, E. A. Joy, Executive Committee.

PANTECNATHECA.—All who wish to make the tour of the world without the attendant expense, and remain at home at the same time, should not neglect to visit the grand scenic and artistic exhibition at the Temple. All the effects of scenery by land and sea are given, and it is difficult for spectators to convince themselves that they are not "travelling on" and witnessing the scenes so graphically spread out before them. The proprietor of this exhibition has hit upon a novel plan to advertise his exhibition. One hundred presents are given away nightly, consisting of splendid family bibles, photograph albums, ice pitchers, cake baskets, castors, &c. &c. The presents are given to advertise the exhibition, and each person who accepts a present, agrees with the proprietor to tell a certain number of persons of the merits of the exhibition. For beauty, elegance, and attractiveness, this exhibition has hardly been surpassed by anything ever brought to this city. *

To the Honorable Judge of Probate for the County of Rockingham in the State of New Hampshire.

Respectfully shews JAMES R. HALL of Portsmouth, in the County of Rockingham, that he is Guardian of ALICE A. FERNALD, a minor child of CHARLES H. FERNALD, late of said Portsmouth, deceased, by the appointment of the Judge of Probate for the said County of Rockingham; that his said Ward is seized of three-fourths in common and undivided of a certain piece or parcel of land, situated in said Portsmouth, bounded easterly on Anthony Street sixty-four feet; southerly one hundred feet on land of Leonard Cotton; westerly by land of Lorenda Patchen; and northerly by land of Ebenezer H. Ward and running northerly by Mary Jane's Laue fourteen feet, then turning and running east rly by land now or formerly owned by Mary Jane Brackett, forty-eight feet, then turning and running southerly by land before named of said Ward fourteen feet, thence turn ing and running westerly by the last mentioned land forty-eight feet to Walton's Lane, the place began at. The last-named lot being premises conveyed to Charles H. Fernald by Mary Jane Brackett Jan. 24, 1858. The whole of each of the above premises being subject to the right of dower of the widow of said deceased, and that it is necessary for the support and education of said ward, and will be conducive to her interest to have the premises sold; wherefore he prays that he may be licensed and authorized to sell the same at public auction, according to statute in such case made and provided.

JAMES R. HALL, Guardian.

By his Attorney WILLIAM H. HACKETT.

ROCKINGHAM, SS. Probate Office at EXETER in said County, March 5th, A. D. 1866.

Upon the foregoing Petition, it is *Ordered*, that a hearing be had thereon at the Court of Probate to be holden at Portsmouth in said County, on the second Tuesday of May next; and that the Petitioner notify all persons concerned therein to appear at said Court, and show cause, if any they have, why the prayer of said petition should not be granted, by causing said petition and this order thereon to be published three weeks successively in the DAILY CHRONICLE, a newspaper printed at Portsmouth in said County, the last publication whereof to be at least thirty days prior to said Court.

By order of the Judge,

THOMAS LEAVITT, Register of Probate.

Light! Light! Light!

PHOTOLEUM.

This is a new discovery, the product of Petroleum, and affords the very best light of this enlightened age, has been thoroughly tested, and is offered with confidence as the *most economical, safe* and *valuable* illuminating oil ever before the public, giving a *soft, steady* and *brilliant* flame, surpassing even gas-light for reading and leaving all other oils far out of sight. It needs but a trial to convince the most skeptical of its superiority. *Photoleum* emits no sickening odor when burning, even with the smallest flame, rendering it invaluable in a sick room, neither does it char the wick or smoke the chimney, so that once trimming will suffice for a week or more. Photoleum produces a flame that does *not diminish*, but continues the same until every drop of oil is consumed. It is, therefore, very desirable for lighting churches, railroad and horse cars, manufactories and public buildings. The public are invited to call and examine.

Manufactured and for sale by the AMERICAN PHOTOLEUM COMPANY. Office at C. F. WYMAN & CO.'s, 87 Water Street, Boston.

THE WARRANTEE DEED.

A lawyer there was, whom I'll call Mr. Clay;
He had but few clients, and thinks didn't pay;
At length of starvation he grew so afraid,
That he courted and married a wealthy old maid.

At the wedding this lawyer made one great mistake;
'Twas not in omitting the cards or the cake;
The ring was well chosen, the parson well fee'd,
But the groom did not ask for a warrantee deed.

At night, in their chamber, the lady arose,
And began to prepare to retire to repose;
While her husband sat near her, admiring the charms
Which it gave him such pleasure to clasp in his arms.

She went to the wash stand to bathe her fair face,
But the process destroyed all its beauty and grace;
The rose on her cheek, whether ruddy or faint,
When dipped in the towel was nothing but "paint!"

She went to the mirror to take down her hair;
But when she had done so, her cranium was bare!
Said she, "Don't be frightened to see my poor head;
I shall put on my cap when I get into bed."

Her husband next saw, with amazement and grief,
A curious performance of hers with her teeth;
She took them all out with her fingers and thumbs!
Said she, "I'm accustomed to sleep in my gums."

Then she loosened the robes which enveloped her waist,
And took something out which within them was placed;
Said she, "When I'm dead, let it not be forgotten,
You can make a small fortune, my love, on this cotton."

The groom had been sitting in stupid surprise,
To see such strange doings before his own eyes;
But now he leaped up, and rushed out at the door,
And swore Mrs. Clay never saw him no more!

Young man, when you go to agree for a wife—
'Tis the gravest agreement you'll make in your life—
Don't trust to good looks—of my counsel take heed;
But be sure and *insist on a warrantee deed!*

ISRAEL MARDEN & CO.,
No. 39 Congress St., Portsmouth, N. H.
—DEALERS IN—
S. Vance's Submerged Well PUMP.

This unsurpassable Invention, now being first introduced, will, it is believed, supersede all other Well Pumps now in use.

ITS ADVANTAGES.

FIRST, SIMPLICITY.—This Pump is composed of but three parts, and is so simple in its construction that any one can easily put it together.

SECOND, DURABILITY.—Its peculiar construction, and the fact that it is always submerged combine to make it the most durable of all Pumps yet invented.

THIRD, NEVER FREEZES.—The valves are so constructed that, when not in motion, they allow all the water above to pass down into the well, and thus prevent freezing.

FOURTH, POWER.—For the amount of power applied, this Pump exceeds anything known. It throws one-third part more water than ordinary pumps, and works so easily that even a child can pump without fatigue. It is in this way the greatest labor-saving pump now offered to the public.

FIFTH, IT IS INVALUABLE.—For a well pump it is invaluable, as all the iron which is below is submerged consists of but three small pieces, and these galvanized. It can in no way corrode, consequently it brings up pure water at every stroke.

SIXTH, CHEAPNESS.—This Pump is so made that it costs but a trifle, and is warranted to keep in use for years. No repairs at all are needed. It is very light, and thus the cost of transportation is very small.

☞ Manufactured by S. VANCE & CO., No. 31 Liberty Street, Newburyport, and for sale in Portsmouth by the Sole Agents for N. H.,

ISRAEL MARDEN & CO.,
39 Congress Street.

☞ We are permitted to refer to Mr. MONROE HOLMES and to Mr. FRANK W. MILLER of the Daily Chronicle, who have these new Pumps in use on their premises,—for testimony to their excellence.

SUFFERERS
From Dyspepsia
READ! REFLECT!! ACT!!!

FARRANT & CO

Gentlemen, I am a resident of Curacao, and have often been disposed to write to you concerning the real value of your SELTZER APERIENT as a remedy for indigestion and dyspepsia. I desire to express to you my sincere gratitude for the great benefit the SELTZER has conferred upon me.

For four or five years my wife has been sadly afflicted with Dyspepsia, and after being under the treatment of several Doctors for two or three years, she was finally induced to seek the advice of a learned Physician, Doctor Cabinis, of Venezuela, who immediately treated her with your EFFERVESCENT SELTZER APERIENT. She began to improve at once and is now PERFECTLY WELL.

I feel to be my duty for the good of humanity to make this statement, feeling that a medicine so valuable should be widely known.

Trusting that you will give this publicity, and repeating my earnest gratitude and thanks,

I am very respectfully yours,
S. D. C. HENRIQUEZ,
Merchant, Curacao, S. A.

New York, June 28th, 1865.

WE ASK

The suffering millions in our land to give this remedy a trial, convinced that by timely use many may be relieved, many cured of

Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Dizziness, Indigestion, Piles, Costiveness, Bilious Attacks, Liver Complaints, Rheumatic Affections, &c.

Read the Pamphlet of Testimonials with each bottle, and do not use the medicine against the advice of your Physician.

AMERICAN AND FOREIGN PATENTS.

R. H. EDDY,
Solicitor of Patents,

Late Agent of the U. S. Patent Office, Washington, under the Act of 1857.

78 State Street, opposite Kilby Street, BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries, specifications, Drafts, Diagrams, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that since the ABOLITION OF THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for patents more moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, with full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."

CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person more competent and *trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."

EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakeable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and very reasonable charges."

JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.

R. H. EDDY.

CHEROKEE PILLS,
Or Female Regulator,

Cure *Suppressed, Excessive and Painful Menstruation, Green Sickness, Nervous and Spinal Affections, Pains in the Back, Sick-Headache, Giddiness*, and all disorders of the Female Constitution, by removing the cause and all the effects that arise from it. They are perfectly safe in all cases, *except when forbidden by directions*, and are easy to administer, and they are nicely *sugar-coated*. They should be in the hands of every Maiden, Wife, and Mother in the land.

Ladies can address us in perfect confidence, and state their complaints in full, as we treat all Female Complaints, and prepare Medicines suitable for all diseases to which they are subject.—Thirty-two page pamphlet, in a sealed envelope, 25 cents.

The Cherokee Pills are sold by all druggists at $1 per box, or six boxes for $5; or they are sent by mail, free of postage, on receipt of money, free from observation, by addressing the sole proprietor,

Dr. W. R. MERWIN, 37 Walker St., N. Y.

N. B.—Cherokee Pills No. 2 are prepared for *special cases*, when milder medicines fail; these are sent by mail, free of postage, on receipt of $5, *the price of each box.*

DR. WRIGHT'S
REJUVENATING ELIXIR,
Or, Essence of Life,

Cures *General Debility, Weakness, Hysterics in Females, Palpitation of the Heart and all Nervous Diseases.* It restores the youthful vigor of the aged, causing the hot blood of youth to course the veins, restoring the *Organs of Generation, removing Impotency and this Elixir rejuves Debility, restoring Manliness into the young, and full vigor, thus curing, overcome disease*, perfect "*Elixir of Love*," removing *Sterility* and Barrenness in both sexes. To the young, middle-aged, and old, there is no greater boon than this "Elixir of Life." It gives a new lease of life, causing the weak and debilitated to have renewed strength and vigor, and the entire system to thrill with joy and pleasure.

Price, one bottle $2; three bottles $5; sent by express to any address.

Our medicines are sold and recommended by all respectable druggists in every part of the civilized globe; some unprincipled dealers, however, try to deceive their customers by selling cheap and worthless compounds in order to make a profit. We not deceived—ask for these medicines and take no others. If the druggist does not keep them, write to us, and we will send them by express, carefully packed, free from observation. We will be pleased to receive letters with full statements in regard to any disease with which ladies or gentlemen are afflicted. Address all letters for medicines, pamphlets, or advice, to the sole proprietor,

Dr. W. R. MEERWIN, 37 Walker St., N. Y.

HIGHLY IMPORTANT TO
UNFORTUNATE FEMALES!

DR. BRISCOE'S FEMALE DROPS are unsurpassed by virtue and efficacy in removing all complaints of a female nature, peculiar to females. He continues, with his usual success, to medically and surgically remove Obstructions, Engorgements, Leucorrhœa, Whites, General Debility, &c., and suppressions of all kinds; also all complaints of the Lungs, Liver, Kidneys, Spleen, Bladder, &c.

His medicines will be sent to any part of the country by express or mail; addressed by a communication stating particulars, will receive prompt attention.

Office, No. 23 Endicott street.

Persons at a distance can consult Dr. BRISCOE, by letter, describing the case, and have the medicines securely put up, and forwarded to any part of the United States, with full directions for use. Office arranged with separate apartments, so that atients see none but the Doctor himself.

TWO DOG STORIES.—A lady residing in Campton recently owned a dog, which, because of age and infirmity, had ceased to be of use. One day she remarked to a laboring man connected with the family that she would give a half dollar if he would take the old fellow off out of the way, and kill him. The servant promised to do so if he might have the dog's skin to make therefrom, for his own use and comfort, a pair of gloves. At this stage in the conversation, the old dog, who had been lying quietly on the hearth, arose, and giving the conspirators a look, more in sorrow than in anger, left the house. On a rise of ground not far away he stopped and gave a lingering gaze at the house and vicinity, then plunged into the woods, never to return. He was never seen or heard of afterward.

A lawyer in Lowell, Mass., has a large Newfoundland dog which he prises highly, and on one occasion took him to a photograph-saloon to sit for a picture. It was found impossible to keep him sufficiently quiet for the purpose, and after several trials the idea was given up, and the dog taken home, where he received a sharp reprimand for bad behavior. On the following day the dog proceeded alone to the same saloon, and took a suitable place to be photographed, while the artist, understanding the seeming purpose of the animal, secured an excellent picture, when the creature jogged home, apparently greatly relieved.—*Statesman.*

CHOLERA AND CESS-POOLS.—"In the year 1854 the cholera ravaged the London. Up to Aug. 31st that year not more than thirty cases had occurred in the parish of St. James, Westminster. On that night upwards of 100 cases of cholera occurred in the neighborhood of Broad street, and more than one half died. The next day the disease increased, and for four days it went on. Never was such mourning and desolation known in London since the days of the great plague. Upwards of 500 persons were killed in those five days. What could be the cause of this terrible outbreak? At first all was confusion. In the midst of the plague the late Dr. Snow accused the pump in Broad street. It was shut up, and the plague ceased. After this event the Vestry appointed a committee to investigate the subject. On that committee were Dr. Snow, Dr. King, Mr. Marshall, the Rev. Mr. Whitehead, myself and others. We investigated the whole attack from house to house. At last the fact became only too evident, that wherever water had been drunk from the pump in Broad street between the 31st of August and the 4th of September, there cholera had been the result. The pump was afterwards examined, and it was found that the well communicated with a cess pool in an adjoining house. No evidence can be more convincing than that brought forward by this committee, that the impure water of this pump was the active cause of the outbreak of cholera."—*Dr. Lankester, F. R. S.*

Important to the Afflicted.
DR. DOW continues to be consulted at his office, Nos 7 and 9 ENDICOTT STREET, BOSTON, on all diseases of a PRIVATE OR DELICATE NATURE. His long continued and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of GONORRHŒA AND SYPHILIS.
SEMINAL WEAKNESS.—Dr. Dow devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.—Medicines sent to all parts of the country, with full directions for use, on receiving descriptions of your cases. Dr. Dow has also for sale the French Capotes, warranted the best preventive. Order by mail. Three for $1 and a red stamp.
Highly Important to Females
IN DELICATE HEALTH.
Dr. DOW, Physician and Surgeon, No. 7 Endicott Street, Boston, is consulted daily for all diseases incident to the female system. Dr. Dow has no doubt had greater experience in the cure of diseases of women than any other physician in Boston. Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment. Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.
N. B.—All letters must contain one dollar, or they will not be answered. Office hours from 8 A. M. to 9 P. M.

CERTAIN CURE
in all cases, or No Charges Made.
Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street. Those who need the service of an experienced physician and surgeon should give him a call.

TO THE LADIES.
Miss GUILD offers to the public her superior Crystal Palace Chart for CUTTING DRESSES, which is conceded by competent judges to surpass any invention of the kind ever offered to the American public. She feels fully warranted in saying that it is as perfect a fit as human ingenuity can render it, and should be in the possession of every lady. It is simple, easy, and graceful; adapted to fit every form and size, from little girls of seven years to the largest adults. Directions printed in full on every Chart. None genuine unless the Crystal Palace is engraved on it, and the signature of the inventor printed. Copyright secured, and no infringement allowed.
Agents are wanted in every part of the country. The Chart will be sent to any person on receipt of $2 addressed to
MISS LUCY GUILD, Rupert, Vt.
Ladies wishing a tape measure must inclose 15 cents extra.

VINELAND
FARM AND FRUIT LANDS,
In a mild and healthful climate. Thirty miles south of Philadelphia by Railroad, in New Jersey, on the same line of latitude as Baltimore, Md.
The soil is rich and productive, varying from a clay to a sandy loam, suitable for Wheat, Grass Corn, Tobacco, Fruits and Vegetables. This is a great fruit country. Five hundred Vineyards and Orchards have been planted out by experienced fruit-growers. Grapes, Peaches, Pears, &c., produce immense profits. Vineland is already one of the most beautiful places in the United States. The entire territory, consisting of fifty square miles of land, is laid out upon a general system of improvements. The land is only sold to actual settlers with provision for public adornment. The place, on account of its great beauty, as well as other advantages, has become *the resort of people of taste*. It has increased five thousand people within the past three years. Churches, Stores, Schools, Academies, Societies of Art and Literature, and other elements of refinement and culture have been introduced. Hundreds of people are constantly settling. Hundreds of new houses are being constructed. Farm lands, twenty acre lots and upward, $25 per acre. Five and ten acre and Village lots for sale.
Fruits and Vegetables ripen earlier in this district than in any other locality north of Norfolk, Va. Improved places for sale.
Inquiries for all kinds of business. Lumber Yards, Manufactories, Foundries, Stores and the like; and Steam Power, with room, can be rented. To persons who seek a healthful home, a beautiful climate, and a good soil, in a country beautifully improved, abounding in fruits, and possessing all other social privileges, in the heart of civilization, it is worthy of a visit.
Letters answered, and the Vineland Rural, a paper giving full information, and containing Reports of Solon Robinson, sent on application.
Address CHAS. K. LANDIS, Vineland P. O., Landis Township, New Jersey.
From Report of Solon Robinson, Agricultural Editor of The Tribune: *It is one of the most extensive fruit tracts, in an almost best position and suitable condition for pleasant farming that we know of this side of the Western Prairies.* m1—dawGm

THE LIGHT OF THE WORLD.
DR. MAGGIEL'S
PILLS AND SALVE

These Life-giving remedies are now, for the first time, given publicly to the world. For over a quarter of a century of private practice the ingredients in these
Life-giving Pills!
Have been used with the greatest success. Their mission is not only to prevent disease, but to cure. They search out the various maladies by which the patient is suffering, and re-invigorate the failing system. To the aged and infirm a few doses of these valuable PILLS will prove to be
A Very Fountain of Youth,
For in every case they add new life and vitality, and restore the waning energies to their primitive state. To the young and middle-aged, they will prove most invaluable, as a ready, specific, and sterling medicine. There is a dream realized, that Ponce-de-Leon sought for three hundred years ago, and never found. He looked for a fountain that would restore the old to youth and make youth ever
AN ETERNAL SPRING!
It was left for this day and hour to realize the dream, and show, in one glorious fact, the magic that made it fair.
These Famous Remedies
Cannot stay the flight of years, but they can force back and hold aloof, *diseases that might triumph over the aged and the young.* Let none hesitate then, but seize the favorable opportunity that offers. When taken as prescribed—
FOR BILIOUS DISORDERS
Nothing can be more productive of cure than these Pills. Their almost magic influence is felt at once; and the usual concomitants of this most distressing disease are removed. These remedies are made from the purest
VEGETABLE COMPOUNDS.
They will not harm the most delicate female, and can be given with good effect in prescribed doses to the youngest babe.
For Cutaneous Disorders
And all eruptions of the skin, the SALVE is most invaluable. It does not heal externally alone, but penetrates with the most searching effects to the very root of the evil.

Morning Chronicle.

Portsmouth, N. H.

FRIDAY, MARCH 9, 1866.

GEN. GRIERSON of the U. S. army, famous for his Cavalry Raids, has been giving his testimony before the Reconstruction Committee, as to the loyalty of Missouri, Kentucky, Tennessee, Mississippi and Alabama. He has spent the last year in these States, up to the 1st of Feb. His testimony agrees generally with that of Gen. Thomas. We have room for only a few extracts.

"At the time of the surrender of Lee and Johnston my impression of the people there was that they were willing to accept almost any terms which might be granted them by Government. There appeared to be great fear manifested by them that all their property would be confiscated, and that probably they would not be allowed to remain in the country. That appeared to be the feeling among the wealthy and influential classes. I think at that time they would have been willing to accept any terms granted them, but they have grown from time to time more exacting in their demands.

* * * I think if the disloyal had been dealt with more severely there would have been less dissatisfaction and more loyalty in the South to-day. Their demands have steadily increased. At the time I left they complained that their Congressmen were not admitted, and they seemed to think that on that account they were an injured people. I think that every Congressman elected in the State of Alabama was elected by his devotion to the cause of the rebellion—some of them served at Richmond as Congressmen, and others as officers in the rebel army. But in no case that I know of was a loyal man elected. The truly loyal people of Alabama do not wish the the present elected Congressmen and Senators from that State admitted into Congress." The question was put to Gen. Grierson. "Have you any apprehension that the influence of negroes, whether they are or are not permitted to vote, would be thrown against the Government under any circumstances?" He answered "never. In my opinion I think they are true. During my whole service in the army, I have never yet found a negro who was not true to the country. They were always ready and willing to give information of great value to the service."

LATE EUROPEAN ITEMS.—The suspension of the *habeas corpus* in Ireland was received with universal approbation in England and a very general satisfaction in Ireland. At first the effect there was uneasiness and depression, but the vigor shown by the Government restored confidence and had a favorable effect. The act authorizes the arrest and detention in custody until the first of March, 1867, of any person suspected of conspiracy.

A bill has passed the House of Lords authorizing the Irish Government to take possession of the telegraph wires, if necessary.

A message from the Queen has been presented to both Houses of Parliament, asking that provision be made for the Princess Helena on her marriage, and for Prince Alfred on his coming of age.

In the House of Commons, Mr. Clay introduced a reform bill extending the franchise to all males over 21, who are fairly educated.

In the French Corps Legislatif, a draft of the address in response to the speech from the throne, expresses satisfaction at the assurance that the expedition to Mexico is to close. It alludes to the traditional sympathies of France and the United States, and says: "The latter ought not to take umbrage at the presence of French troops in Mexico. To render their recall dependent upon any other but our own convenience would attack our rights and our honor, which your Majesty guards with a solicitude worthy of France and the name of Napoleon."

The Paris Patrie gives a report that Mr. Seward is about to send a conciliatory dispatch to France, intimating the readiness of the United States to proclaim neutrality in Mexico, subject to certain conditions.

It is stated that recruiting in Austria to fill up the Austrian corps in Mexico will commence in a few days.

Austria, without recognizing the Kingdom of Italy, is negotiating for improvements in the consular and commercial relations of the two countries.

The Bank of England has reduced its rate of interest to 7 per cent.

Fenian arrests continue active.

The Paris Patrie says certain proposals have emanated from Maximilian which may render possible the return of 5000 troops from Mexico by the end of May.

— Near Toronto, Canada, two men, while boring last week for water at the bottom of an old well that had dried up, were suddenly overwhelmed by an influx of gas and suffocated to death. A candle being brought to the opening to rescue the men if possible, the gas took fire, throwing up flames eight and ten feet high. After some hours the fire was extinguished by throwing on large quantities of salt.

☞ The large dailies contain Mr. Covode's Report of his observation at the South, as made verbally to a Committee of Congress. This is in part the substance of the Report which the President said, some time ago, was not made; but which was sent, at the President's suggestion, to the War Department's files, from which it has mysteriously disappeared.

Mr. Covode's report corroborates the testimony of the Generals—all of whom, from Gen. Grant down, say it will not be safe to withdraw the military, nor destroy the Freedmen's Bureau.

IN THE U. S. SENATE, March 7, Mr. Sumner made an argumentative speech against the proposed amendment, basing the representation of the several States on voters. Mr. Doolittle spoke in its favor.

The House concurred in the Senate's amendment to the joint resolution of assent to transfer the counties of Berkeley and Jefferson to West Virginia.

Mr. Perham reported the supplementary pension bill, which was recommitted.

The House, in Committee of the Whole, considered the bill regulating trade with the British Provinces.

Several members made speeches, when Mr. Blaine moved to strike out the enacting clause of the bill.

The question was taken and negatived—yeas 53, nays 68.

USELESS LAWS.—Near the close of the last session of the British Parliament, a bill was introduced for clearing the statute book of all useless encumbrances, such as laws which have become inoperative from various causes. The period covered by this bill extends from the revolution of 1681 to the time of George III. One bill marked for repeal was passed in the ninth year of the reign of Queen Anne, and is entitled "for the preservation of white and other pine trees growing in her Majesty's colonies of New Hampshire, the Massachusetts Bay, and provinces of Maine, Rhode Island and Providence Plantation, the Narragansett country or Kings Province, and Connecticut in New England, and New York and New Jersey in America, for the mast ing her Majesty's navy."

GEN. SAXTON, of the U. S. Army, in his testimony before a Committee of Congress, says:—

I have been in the military service during the rebellion, and have been Assistant Commissioner of the Freedmen's Bureau for South Carolina, Georgia and Florida, from its organization until January 15. In August I was relieved from the charge of Florida, December from Georgia, and in January from South Carolina. I have had opportunity of observing the condition of affairs in these States through subordinate agents, from my own observation and from intercourse with leading rebels. I think a small portion of the people do earnestly desire to fulfill their obligations as citizens of the United States, but a large majority of the people are disloyal at heart, and have no love for the Union. They look foward to the time when they can set up a separate organization for themselves.

They desire to keep the negroes landless, and as nearly in the condition of slavery as possible. I think former slaveholders really know less about freedmen than any other class of people. The system of slavery has been one of concealment on the part of the negro, of all his feelings and of all his impunity, and it is so ingrained in him that he deceives his former master on almost every point. The freedman has no faith in his former master, nor has his former master any faith in the capacity of the freedman. Mutual distrust exists between them, but the freedman is ready and willing to contract to work for any person.

I do not apprehend any danger of insurrection if the negro is put in full possession of all his rights, and that is the only thing which will prevent difficulty. I think it vital to the safety and prosperity of two races in the South that the negro should be immediately put in possession of all his rights as a man. The word color should be left out of all laws, constitutions and regulations of the people; and I think it vital to the safety of the Union that this should be done. I think the effect of withdrawing the army and the Freedmen's Bureau from Georgia at this time would be fearful to contemplate.

— The Catholics at Amesbury will dedicate their new church on the 17th, St. Patrick's Day. It is a fine building, and the largest church in the town.

— Yankees are settling so fast in New Orleans that that city more than ever deserves the name of South Boston. The Crescent City is increscent.

— The wife of the Hon. John A. Kasson, Representative in Congress from Iowa, has commenced a suit for divorce in the Desmoines District Court of that State. The charge against Mr. Kasson is adultery.

— Bad luck is frequently a man with his hands in his breeches pocket and a pipe in his mouth, looking to see how it will come out. Good luck is a man of pluck to meet difficulties, his sleeves rolled up, working to make it come out right.

— The New York Daily News says that a new organization has been formed in that city, designated "The Union Restoration Association of the City of New York," with the motto, "No Taxation without Representation." Similar clubs, it is stated, are to be formed throughout the country.

CROP PROSPECTS AT THE SOUTH.—Reports from the South relative to the prospect of good crops the coming season are conflicting, but the weight of evidence is in favor of a handsome yield. The Charleston Courier of a late date has the following on the subject:

"A gentleman who owns plantations both in South Carolina and Georgia, and who is very recently from the latter State, favored us yesterday with a call and with some valuable information respecting the present condition of crops. In his opinion there is not the least cause for apprehension as to the result of the planting in either State. He expects, however, to realize a greater profit from his plantations in Georgia than from those in this State. He conceives the system of labor in Georgia to be in exact harmony with the conditions of the climate and soil. There the freedmen receive rations and a salary for their labor, and do not own any portion of the crops; here they are entitled to one-third of the product in payment for their services. Throughout the entire State of Georgia, the prospect of good yields from the soil is very flattering. The planters are encouraged and sanguine. The same may be said of South Carolina. We hear nothing at the present time of a probable failure of crops. Men are looking forward to a rich harvest. Cotton, of course, will the principal article in the market. We hear of a few planters who have given the larger portions of their land to the raising of cereals."

TERRIBLE DEATH. — An unfortunate mebriate, Joe Ralston, after having spent all his cash in the doggeries of Phillipsburg, Centre county, Pa., was thrust out to find his way home the best he could. Failing to find the bridge across the Mashannon he boldly dashed into the creek to wade it, but ere he had proceeded two-thirds across, his limbs refused to perform their office. He grasped a bough of an over-hanging tree, unable to advance further, and soon the fast congealing water cemented close about him a tomb of ice, which stretched from shore to shore. Two days after this he was found standing there rigid as an icicle, his knees imbedded in a sheet of the frozen element seven inches thick, his body inclined a little forward, hands clutching the bough, eyes astare, and despair pictured on his features.

MRS. MOTT ON THE MARRIAGE CONTRACT.—Mrs. Lucretia Mott, the celebrated Quaker preacheress, in a lecture delivered on Sunday last, said the time was fast approaching for women to ask higher recognition of their power in all the various relations of life. She thought there ought to be more equality in the marriage relation, and that women ought not to be required to promise "to obey." The marriage contract, says this gentle Quakeress, ought to partake more of the nature of a "reciprocity treaty" between the sexes than it does at present.

Mrs. Mott is probably not aware of the fact, that most ministers at this day, who are not found to use a set form in marriage, do not say any thing about *obedience* on the part of the bride.

— At this season of the year, when so many of our people are suffering from colds, we call attention to Ayer's Cherry Pectoral as a sure cure not only for coughs and colds, but all affections of the lungs and throat. Having used it in our family for many years, we can speak from personal knowledge of its efficiency. There may be other remedies that are good, but in all our experience this has proved to be by far the best. Its qualities are uniform and wholly reliable. It is pleasant to take, and should be kept at command by every family, as a protection against a class of complaints, which seem harmless in the beginning but become afflicting and dangerous if neglected.—*N. H. Register.*

THE NAVY.—Since the close of the war, according to the Navy Register for 1866, 225 vessels have been disposed of by sale, and 13 have been lost. The number of vessels retained in the service is 318, of which 73 are laid up in ordinary, 63 are building at the different navy yards, 14 fitting out for sea service, 35 are under repair, and 39 are employed at various naval stations as tugs and dispatch boats, or in the Ordnance department. This leaves 94 vessels, of which 90 are attached to our squadrons, while four are employed as supply steamers.

☞ Hall's Journal of Health for March, 1866, contains two valuable essays, one on Farmers' Houses, or Where Shall I Build? the other on Smoky Chimneys. Both are eminently practical.

— Whatever doubts may be entertained as regards the Union, there is one thing that there can be *no doubt about*, and that is (for we speak from experience) that Herrick Allen's Gold Medal Saleratus is the best and most perfectly healthy dough expander in existence. It is so far ahead of any other saleratus or soda, that all who use it, can see, at a glance or a taste, that what we say is true. Go to your Grocer and get a paper of it, and our word for it, you will never use any other. Their depot is 112 Liberty Street, New York. Most merchants sell it. 57

— Dr. David Jayne, well known to newspaper readers as the great advertising druggist, and who has expended $150,000 a year in advertising, died at Philadelphia on Tuesday, after a week's illness of typhoid pneumonia. He was 67 years of age.

Cleanse the Blood.

With corrupt, disordered or vitiated Blood, you are sick all over. It may burst out in Pimples, or Sores, or in some active disease, or it may merely keep you listless, depressed and good for nothing. But you cannot have good health while your blood is impure. AYER'S SARSAPARILLA purges out these impurities and stimulates the organs of life into vigorous action, restoring the health and expelling disease. Hence it rapidly cures a variety of complaints which are caused by impurity of the blood, such as Scrofula, or King's Evil, Tumors, Ulcers, Sores, Eruptions, Pimples, Blotches, Boils, St. Anthony's Fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ring Worm, Cancer or Cancerous Tumors, Sore Eyes, Female Diseases, such as Retention, Irregularity, Suppression, Whites, Sterility, also Syphilis or Venereal Diseases, Liver Complaints, and Heart Diseases. Try AYER'S SARSAPARILLA, and see for yourself the surprising activity with which it cleanses the blood and cures these disorders.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself has become synonymous with imposition and cheat. Still we call this compound "Sarsaparilla," and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it.—We think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. We can only assure the sick, that we offer them the best alterative which we know how to produce, and we have reason to believe it is by far the most effectual purifier of the blood yet discovered by any body.

AYER'S CHERRY PECTORAL is so universally known to surpass every other remedy for the cure of Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease, that it is useless here to recount the evidence of its virtues. The world knows them.

Prepared by DR. J. C. AYER & Co., Lowell, Mass., and sold by all Druggists and Dealers in Medicine everywhere. mb9—2aw&o2m

MAGGIEL'S

Spring and Summer Remedies.

"*Great oaks from little acorns grow.*" The worst diseases known to the human race spring from causes so small as to almost defy detection. The volumes of scientific lore that fill the tables and shelves of the medical fraternity only go to prove and elaborate these facts. Then guard yourselves while you may. The smallest pimple on the skin is a tell tale and indicator of disease. It may fade and die away from the surface of the body, but it will reach the vitals, perhaps, at last, and death be the result and final cause. MAGGIEL'S BILIOUS, DYSPEPTIC and DIARRHŒA PILLS cure where all others fail. Nor will the Sores, Scalds, Chilblains, Cuts, and all abrasions of the skin, MAGGIEL'S SALVE is infallible. Sold by J. Perry's Moth and Freckle Lotion.

☞ Chloasma, or Mothpatch, (also called Liverspot,) and Lentigo, or Freckles, are often very annoying, particularly to ladies of light complexion, for the discolored spots show more plainly on the face of a blonde than of a brunette; but they greatly mar the beauty of either and any preparation that will effectually remove them, *without injuring the texture or color of the skin*, is certainly a desideratum. DR. B. C. PERRY, who has made diseases of the skin a specialty, has discovered a remedy for these discolorations, which is at once prompt, infallible and harmless.

Prepared by B. C. PERRY, Dermatologist, No. 49 Bond Street, New York, and for sale by all druggists; price $2 per bottle. Call for

REPUBLICAN CAUCUS—WARD TWO.

The Republicans of Ward Two are requested to meet at the COURT HOUSE *This Evening,* at 7 1-2 o'clock, for the purpose of nominating Representatives to General Court, and for transacting any other business which may be brought before them.

Per order of Committee.

IN BOARD OF ALDERMEN, Thursday evening, the Joint Committee on Fire Department, to whom was referred the petition of Engine Co. No. 1 asking for more pay, reported that the petitioners have leave to withdraw. Report adopted.

The same committee, to whom was referred the petition of Ichabod Goodwin and 72 others for a reservoir near the jail, voted that the petition be granted and that a recommendation for an appropriation of $1200 be made for that purpose. Report adopted and referred to Finance Committee.

A communication from School Com. of District No. 2, relative to repairs of school houses, was referred to Com. on School Houses to report.

An ordinance which had passed the Common Council, relating to the Superintendent of the Alms House and City Farm, was read a second time and passed.

Voted to let the upper story of the Hanover street school-house to Lemuel B. Wiley and others, for $50 per year.

The Com. on Finance, to whom was referred a joint resolution providing for an appropriation for the celebration of 4th of July and a reception of the "Sons," reported it inexpedient to concur with the Common Council. The report was accepted—yeas 7, nays 1.

Voted to purchase two snow ploughs of Samuel Baker.

List of Fire Police was accepted.

Claim of B. Norton for compensation as Master of the House of Correction, was referred to a special committee consisting of Ald. Ham, Martin and Wilson.

Claim of B. F. Webster for damages to gates and fences at fire, was referred to Com. on Claims.

Voted, that the Board of Aldermen attend the funeral of the late Daniel Fernald, and that the Common Council be invited to attend.

TO SMOKERS, aside from its portability, the Piston Pipe, advertised this morning, possesses several great advantages over all other means of puffing tobacco, which will at once manifest themselves on an examination of the article. Thacher is the sole agent for its sale in this city.

☞ We have been much annoyed by having our papers stolen from doors of subscribers lately, and will pay ten dollars for evidence sufficient to convict any person guilty of such an offence. NEW HAMPSHIRE ITEMS.

—— A change in the pay day has caused a strike among the operatives of the Stark mills at Manchester.

—— Deacon Charles Holman, a prominent citizen of Marlborough, aged 78 years, recently died of injuries received by a fall on the ice.

—— Hiram Merrill's grist mill and cabinet shop at Plymouth was burned on Saturday; insured for $2600.

GOLD, Thursday, 131 5-8.

— The woods in Sandwich, Mass., were on fire Wednesday night.

— Large manufactories are now busy at Louisville, Ky., furnishing bagging, rope, plows, wagons, brooms, etc. The clay pipe factory of Stephen R. Shepard is so extensive that three hundred are made for one dollar.

— Mrs. Cane, who owns a cotton plantation of something over one thousand acres of cleared land, on Red River, opposite Shreveport, has leased it for three years to responsible parties, for $18,000 a year in currency. That's wedding the "brand of Cane" to some purpose.

BUSINESS IN NEW YORK CITY.—Burleigh writes, on Thursday, March 1:

The sky is fitful and lowering. The state of things at Washington tells directly on all the interests of life. The rumored disagreement between the President and Secretary of the Treasury on the currency, is not favorable. Every sort of merchandize is at a stand still or receding. Coal has come down from one to two dollars a ton, and will be lower. Men who have immense stores of goods don't know whether to sell or to keep them. Real estate has become dull and cannot be sold without a material reduction of price. Landlords have refused to rent, taking advantage of the exhorbitant prices to rush everything off. On the line of all the railroads within a circuit of thirty miles from New York, farms, country seats and houses are for sale without buyers. No one believes that the present inflated prices are to stand. Indeed institutions and persons who lend money will lend only on the valuation previous to the war. A house for which $10,000 is asked is put at the valuation of $6000. People are boarding, going into the country, and waiting for a change in the times and the prices. We are all at sea. The shrewdest are at fault, and none can tell in business what a day may bring forth. If anything was certain, whether we liked it or disliked it, if the country was to consist of the present number of States, or have the rebel States added, in short if anything was decided on definitely, business would adjust itself to the new order of things.

— In Rhode Island, a bill has passed prohibiting the exclusion of children from any school on account of color or race.

SKATING.—One of the most healthy sports of the present age is skating. But too much care cannot be used after skating all the evening—getting the blood heated and the pores all open, that you do not get cold and lay the foundation of throat and lung complaints. DEATHS.

In Central City, Colorado Territory, Feb. 10th DANIEL M. REED, aged 27 years, of Hollis, Me., and formerly of Kittery, son of Dawson and Lucinda Reed. He was brother of the late Post Office Clerk, with whose face every one is familiar. The sadness of the death of the young man, away from home, and thus leaving a brother to mourn, will strike every reader of this notice.—The deceased was a member of St. Andrew's Lodge of Freemasons at the time of his death, and leaves a large circle of friends to mourn his loss.

Death enters at our birth
The mould form we behold
But by hour some subtle thread dissolves,
That links the web of life: at his cold touch
Power after power decays, at time revolves,
Till earth is blent with earth.

ACTUAL RESULTS

Of the working of a Life Policy now existing in the

MUTUAL LIFE

Insurance Company

OF NEW YORK.

F. S. WINSTON, President.

Cash Assets Feb. 1st, 1865, OVER	$14,500,000
Current Income past Year, over	4,000,000

A policy issued in 1843 to a gentleman for $10,000 on the life plan, his age being 40, paid yearly $320. Up to this time, February 1st, he has paid 23 payments, amounting in all to $7,360. In case of his death his policy stands as follows:

Original Policy,	10,000
Dividends added 20 years,	8,088 70
Making the present value of his policy in case of his death,	$18,088 70
Dividend Additions,	$8,088.70
Whole Amount Paid,	7,360.00
Am't added more than paid in,	728.70

For the last three years his annual cash dividend has been $432, while his payment was only $320 a year, showing an actual nett earning on his yearly payment of 135 per cent.

We Challenge any other Company to show equal Success on a Policy of the same kind.

Could a better investment have been made in any other safe monied institution?

☞ Col. Stokes, one of the loyal Congressmen elect, in a recent speech at Nashville, made the following sensible remarks:

These States were alienated for four years, and do you suppose that this thing can be healed and reconstructed in a few hours? Not so. Take time; take time. The committee in regard to Tennessee has taken a great deal of proof. It is the duty of Congress not to let the members walk right in and take the oath, regardless of any questions, and walk to the Treasury Department and draw their pay. I know it is very acceptable. But Congress is not going to do that thing. Congress ought not do it. Its duty is to guarantee to every State a republican form of government, and enforce the laws passed in pursuance thereof. It is the duty of Congress to examine and see who voted for the amendments to the Constitution; to examine and say what class of men sit in your Legislature; what sort of laws they are passing.

QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually.

DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the latest as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.

In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Buboes, Ulcerated Throat, Sore Legs, Shoulder Bones, Cutaneous Eruptions, Biles, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.

YOUNG MEN.

Young Men addicted to secret habits, who have impaired their healths and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the Married State, should read in consulting Dr. J. Teller, they will find a friend to console and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. T. broken down in health, now rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.

TARRANT & CO

Gentlemen: I am a resident of Curacoa, and have often been disposed to write to you concerning the real value of your SELTZER APERIENT as a remedy for indigestion and dyspepsia. I desire to express to you my sincere gratitude for the great benefit the SELTZER has done my wife.

For four or five years my wife has been sadly afflicted with Dyspepsia, and after being under the treatment of several Doctors for two or three years, she was finally induced to seek the advice of a learned Physician, Doctor Caballa, of Venezuela, who immediately treated her with your EFFERVESCENT SELTZER APERIENT. She began to improve at once and is now PERFECTLY WELL.

I feel it to be my duty for the good of humanity to make this statement, feeling that a medicine so valuable should be widely known.

Trusting that you will give this publicity, and repeating my earnest gratitude and thanks,

I am very respectfully yours,
S. D. C. HENRIQUER,
Merchant, Curacoa, S. A.

New York, June 28th, 1865.

WE ASK

The suffering millions in our land to give this remedy a fair trial, convinced that by its timely use many may be relieved, many cured of

Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Dizziness, Indigestion, Piles, Costiveness, Bilious Attacks, Liver Complaints, Rheumatic Affections, &c.

Read the Pamphlet of Testimonials with each bottle, and do not use the medicine against the advice of your Physician.

AMERICAN AND FOREIGN PATENTS.
R. H. EDDY,
Solicitor of Patents,
Late Agent of the U. S. Patent Office, Washington, under the Act of 1857,
78 State Street, opposite Kilby Street,

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents by ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. Testimonials have been given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind can a very full collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full account of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."

CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."

EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all inventors* to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."

JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on *twelve* rejected applications SIX FIRST AND ONE SECOND, of which was decided in his *favor*, by the Commissioner of Patents. R. H. EDDY.

DR. KNIGHTS' HAIR DRESSING

DR. KNIGHTS' HAIR DRESSING

A VEGETABLE PREPARATION

For beautifying and promoting the luxuriant growth of the hair.

It prevents the hair from falling off or turning gray.

It removes dandruff, cleanses the scalp, cures nervous headache, and all those distressing affections induced by the use of oily or alcoholic Hair Dressings.

Its invigorating properties insure luxuriant locks, inclined to curl, and by its persistent use the hair is restored to bald heads when such a result is possible.

It is splendidly perfumed, will not stain or soil the skin or any article of apparel, and is universally approved—especially by ladies and children.

CHEROKEE PILLS,
Or Female Regulator,

Cure *Suppressed, Excessive and Painful Menstruation, Headache, Fits, Sickness, Nervous and Spinal Affections, Pains in the Back, Sick-Headache, Coldness, and all diseases that spring from Irregularity, by removing the cause and all the effects that arise from it. They are perfectly safe in all cases, except when forbidden by directions, and are easy to administer, as they are nicely sugar coated. They should be in the hands of every Maiden, Wife, and Mother in the land.*

Ladies can address us in perfect confidence, and state their complaints in full, as we treat all Female Complaints, and prepare Medicines suitable for all diseases to which they are subject.—Thirty-two page pamphlet, in a sealed envelope, free.

The Cherokee Pills are sold by all druggists at $1 per box; or six boxes for $5; or they are sent by mail, free of postage, in an ordinary letter, free from observation, by addressing the sole proprietor,

Dr. W. R. MERWIN, 37 Walker St., N. Y.

N. B.—Cherokee Pills No. 2 are prepared for *special cases*, where a stimulant is required. They are sent by mail, free of postage, on receipt of $5, *the price of such box.*

DR. WRIGHT'S
REJUVENATING ELIXIR,
Or, Essence of Life,

Cures *General Debility, Weakness, Hysterics in Females, Palpitation of the Heart and all Nervous Diseases.* It restores new life and vigor to the aged, causing the hot blood of youth to course the veins, restoring the *Organs of Generation, removing Impotency and Sterility and full vigor*, thus proving a perfect *"Elixir of Love,"* removing *Sterility and Barrenness* in both sexes. To the young, middle-aged, and aged, there is no greater boon than this "Elixir of Life." It gives a new lease of life, causing the weak and debilitated to move more briskly and vigor, and the entire system to thrill with joy and pleasure.

"As the Phœnix rises from the ashes of its fire, exemplifying the new life"—so does this Elixir rejuvenate the system and full vigor, thus proving a overcome disease.

Price, one bottle $2; three bottles $5; sent by express to any address.

Our medicines are sold and recommended by all respectable druggists in every part of the civilized world, by principal retail dealers, however, try to deceive their customers by selling cheap and worthless compounds in order to make money. Do not be deceived, but ask for these medicines and take no others. If the druggist does not keep them, write to us, and we will send them by express, carefully packed, free from observation. We will be pleased to receive letters with full statements in regard to any disease with which ladies or gentlemen are afflicted. Address, Dr. Wright's medicines, pamphlets, or advice, to the sole proprietor,

VOL. XXVII. PORTSMOUTH, N. H. SATURDAY, MARCH 10, 1866. No. 59.

The Chronicle.

☞ The most eminent copperhead in New England comes out in defence of President Johnson's reconstruction policy:

"The old negro escaping from bondage, found himself in a boat alone on Niagara river. Nearing the Falls, he paddled vigorously for the shore, but was unable to overcome the rapid current. In full view of immediate destruction, he prayed most fervently—'O, Massa Lord, if you ebber gwine to do any ting for poor old nigger now is the time.'

'Now is the time' for divine aid to Andy Johnson; 'now is the time' if ever, for the sympathies and prayers of all patriots in his behalf; the last traitor in the North is out in defense of his policy.—*Bangor Jeffersonian.*

— An elderly lady, telling her age, remarked that she was born on the 23d of April. Her husband, who was present, observed, "I always thought you were born on the first of April." "People will might think so," replied the lady, "in the choice I made of a husband."

—"That's a stupid brute of yours, John," said a Scoch minister to his parishioner, the peat dealer, who drove his merchandise from door to door in a small cart drawn by a donkey; "I never see you but the creature is braying." "Ah sir," said the peat dealer, "ye ken heart's warm when fren's meet."

— The Democrats are in extacies at the President's veto, and in some places have fired salutes in honor of the President. But what care they for the President? Nothing! Their pleasure results from the wish that the Republican organization will be broken, out of which they hope to make capital to themselves. But the Republican organization is not to be broken, even though the President may desert it; the Republican party will stand; the people will sustain its great principles, and Democracy, falsely so called, will fall before it.—*Exch.*

Important to the Afflicted.
DR. DOW continues to be consulted at his office, No. 7 and 8 ENDICOTT STREET, BOSTON, on all diseases of a PRIVATE OR DELICATE NATURE. By a long course of study and practical experience of unlimited extent, Dr. D. has now the satisfaction of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of GONORRHŒA AND SYPHILIS.
SEMINAL WEAKNESS—Dr. Dow devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.—Medicines sent to all parts of the country, with full directions for use, on receiving descriptions of your cases. Dr. Dow has also for sale the French Capotten, warranted the best preventive. Order by mail. Three or $1 and a red stamp.

Highly Important to Females
IN DELICATE HEALTH.
Dr. DOW, Physician and Surgeon, No. 7 Endicott Street, Boston, is consulted daily for all diseases incident to the female system. Dr. Dow has no doubt had greater experience in the cure of diseases of women than any other physician in Boston. Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment. Dr. Dow, since 1845, has not confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

No. 6 Tremont St., Boston. Room No. 3.

TO THE LADIES.
Miss GUILD offers to the public her superior Crystal Palace Chart for cutting DRESSES, which is conceded by competent judges to surpass any invention of the kind ever offered to the American public. She feels fully warranted in saying that it is as perfect a fit as human ingenuity can render it, and should be in the possession of every lady. It is simple, easy, and graceful, adapted to fit every form and size, from little girls of seven years to the largest adults. Directions printed in full on every Chart. None genuine unless the Crystal Palace is engraved on it, and the address of the inventress printed. Copyright secured, and no infringement allowed.
Agents are wanted in every part of the country. This Chart will be sent to any person on receipt of $2 addressed to
Miss LUCY GUILD, Rupert, Vt.
Ladies wishing a tape measure must inclose 15 cents extra.
Miss Guild warns people from buying, selling or using a chart called the National Chart by Miss Jane Eddy, Nashua, N. H., as it is an infringement of her copyright. Any person printing, selling or using the counterfeit chart will be prosecuted according to law. One Albert J. Warden has been extensively engaged in selling the counterfeit chart, and is supposed to be the perpetrator of the forgery. Any information leading to his arrest will be liberally rewarded.

NEW ADVERTISEMENTS.

VINELAND
FARM AND FRUIT LANDS,
In a mild and healthful climate. Thirty miles south of Philadelphia, by Railroad, in New Jersey, on the same line of latitude as Baltimore, Md.
The soil is rich and *productive*, varying from a clay to a sandy loam, suitable for Wheat, Grass Corn, Tobacco, Fruits and Vegetables. This is a *great fruit country.* Five hundred Vineyards and Orchards have been planted out by experienced fruit-growers. Grapes, Peaches, Pears, &c., produce immense profits. Vineland is already one of the most beautiful places in the United States. The entire territory, consisting of fifty square miles of land, is laid out upon a general system of improvements. The land is only sold to actual settlers with provision for a public adornment. The place, on account of its great beauty, as well as other advantages, has become *the resort of people of taste.* It has increased five thousand people within the past three years. Churches, Stores, Schools, Academies, Societies of Art and Learning, and other elements of refinement and culture have been introduced. Hundreds of people are constantly settling. Hundreds of new houses are being constructed. Price of Farm lands, twenty acre lots and upward, $25 per acre. Five and ten acre and Village lots for sale.
Fruits and Vegetables ripen earlier in this district than in any other locality north of Norfolk, Va. Improved places for sale.
For persons to sell a stock of business, Lumber Yards, Manufactories, Foundries, Stores and the like; and Steam Power, with room, can be rented.

THE LIGHT OF THE WORLD.
DR. MAGGIEL'S
PILLS AND SALVE.
These Life-giving remedies are now, for the first time, given publicly to the world. For over a quarter of a century of private practice the ingredients in these
Life-giving Pills!
Have been used with the greatest success. Their mission is not only to prevent disease, but to cure. They search out the various maladies by which the patient is suffering, and re-invigorate the failing system. To the aged and infirm a few doses of these valuable PILLS will prove to be
A Very Fountain of Youth,
For in *every case they add new life and vitality,* and restore the wasting energies to their pristine state. To the young and middle aged, they will prove most invaluable, as a ready, specific, and sterling medicine. Here is a dream realized, that Ponce-de-Leon sought for three hundred years ago, and never found. He looked for a fountain that would restore the old to youth and make youth ever
AN ETERNAL SPRING!
It was left for this day and hour to realize the dream, and show, in one glorious fact, the magic that made it fair.
These Famous Remedies
Cannot stay the flight of years, but they can force back and hold aloof, diseases that might triumph over the aged and the young. Let none hesitate then, but seize the favorable opportunity that offers. When taken as prescribed—
FOR BILIOUS DISORDERS
Nothing can be more productive of cure than these Pills. Their almost magic influence is felt at once; and the usual concomitants of this most distressing disease are removed. These remedies are made from the purest
VEGETABLE COMPOUNDS.
They will not harm the most delicate female, and can be given with good effect in prescribed doses to the youngest babe.
For Cutaneous Disorders
And all eruptions of the skin, the SALVE is most invaluable. It does not heal externally alone, but penetrates with the most searching effects to the very root of the evil.

Portsmouth, N. H.

SATURDAY, MARCH 10, 1866.

THE BLAINE AMENDMENT.—The proposed constitutional amendment now pending in the Senate—sometimes call the Blaine amendment, and sometimes the Conkling amendment, is as follows:

"Resolved, by the Senate and House of Representatives of the United States of America in Congress assembled, two-thirds of both Houses concurring, That the following article be proposed to the Legislatures of the several States as an amendment to the Constitution of the United States, which when ratified by three-fourths of said Legislatures, shall be valid as a part of the Constitution: 'Representation shall be apportioned among the several States which may be included within this Union, according to their respective numbers, counting the whole number of persons in each State, excluding Indians not taxed, provided that whenever the elective franchise shall be denied or abridged in any State on account of race or color all persons of such race or color shall be excluded from the basis of representation.'"

The resolution passed the House, March 31, by the large vote of 120 to 46—considably over the requisite two-thirds. A full Senate consists, at the present session, of of fifty-one members. Eighteen opposition votes, therefore, would defeat the amendment in that body,—and it may very probably be defeated.

It is, really, open to some serious objections. We prefer the President's amendment, to which he alludes in the following semi-official statement, made some weeks ago; for tho' it is by no means perfect, it is better than nothing, and it would probably be ratified by the proper number of States.

If, however, amendments are to be made to the Constitution changing the basis of representation and taxation, and the President did not deem them at all *necessary* at the present time,—he knew of none *better* than a simple proposition embraced in a few lines, making in each State the number of qualified voters the basis of representation, and the value of property the basis of direct taxation. Such a proposition could be embraced in the following terms:—Representatives shall be apportioned among the several States which may be included within this Union according to the number of qualified voters in each State. Direct taxes shall be apportioned among the several States which may be included within this Union according to the value of all taxable property in each State. An amendment of this kind would, in his opinion, place the basis of representation and direct taxation upon correct principles. Such an amendment, the President suggested would remove from Congress all issues in reference to the political equality of the races. It would leave the States to determine absolutely the qualifications of their own voters with regard to color, and thus the number of Representatives to which they would be entitled in Congress would depend upon the number upon which they conferred the right of suffrage.

Having expressed our preference of the latter to the former, we must add, that *impartial suffrage, either* with *uniform* qualification, would be far better than either! In the United States Constitution *as it is*, there is power conferred on *Congress* to enact thus:—but it is not probable that Pres. Johnson would approve such a bill; nor does it appear that a two-thirds vote could be had in the Senate over his veto. Yet it is possible. U. T.

LOYAL OFFICERS SOUTH.—Amid some things in President Johnson's reply to the Virginia delegation not wholly acceptable to the North, there are others so true and vital that they should not be overlooked, nor their importance undervalued. The Virginia resolutions had bespoken his sympathy on the ground that constitutional amendments were in danger of being forced upon her while "she had no voice in the councils of the nation." But the President lays down principles which directly rebuke her delinquency in this very respect. He says, in language which was omitted from the regular report of his remarks:

"In going into the recent rebellion or insurrection, against the government of the United States you erred, and in returning and resuming your relations with the federal government I am free to say that all the responsible positions and places ought to be confined distinctly and clearly to men who are loyal. If there were only five thousand loyal men in a State, or less number, but sufficient to take charge of the political machinery of the State, those five thousand men, or the lesser number, are entitled to it, *and all the rest should be excluded.*"

This is actually a bolder position than is assumed by many who criticize the President for his alleged leniency. [But what if the loyal men has black skins?]

— It appears from the February report of the Superintendent of the Freedmen's School Department at Washington, that there are 43 schools and 4294 pupils, more more than three-fourths of whom can read. The number of scholars in Alexandria is 1200.

— Oscar T. Burns of Albion, N. Y., is reported an absentee and defaulter to the amount of more than $200,000. He was largely engaged in a speculation in real estate and stocks. A large number of banks largely involved by the transaction.

FAST DAY.—Gov. Smyth, on the 27th of Feb. 1866, in the 90th year of Independence, by advice of Council, issued, through Sec. Harriman, the following Proclamation for the Annual Fast in New Hampshire.

In accordance with the custome of the fathers, the usage of my predecessors, and in conformity with the injunctions of the Lord of God, I do hereby, with the advice and consent of the Council, appoint Thursday, the fifth day of April next, to be observed throughout the State, as a day of humiliation, fasting and prayer.

Let us all, on that day, remember that, as individuals and as a State, we have come very far short in our fealty to the Supreme Lord and Ruler of Nations; and that we should humbly confess and forsake our manifold sins and transgressions, to the end that His wrath be averted, and His generous hand return and keep us in the paths of peace and prosperity.

In order that the purposes of this observance may be better fulfilled, let us each, on that day, abandon our usual avocations, and reverently honor God by assembling in houses devoted to His worship.

But above all, wherever we may be, let us remember that we are not alone to regard the outward and visible signs of fast, but that "Thus speaketh the Lord of hosts, saying, Execute true judgment, and show mercy and compassion, every man to his brother; and oppress not the widow, nor the fatherless, the stranger, nor the poor; and let none of you imagine evil against his brother in your heart."

And let us humbly hope and believe that the observance of these conditions brought God's blessing to His chosen people, so in like manner he will be merciful to us in our day of need, and forgive our individual and national sins, through the merits of our Divine Redeemer.

☞ In the March number of the "Service Magazine," will be found an interesting and graphic sketch of "The Sixth Army Corps," by Brevet Maj. Gen. M. T. McMahon, long Chief of Staff to its lamented Commander, Maj. Gen. Sedgwick. It is one of a series of sketches of the several Army Corps, now appearing. Also, a thoughful and suggestive article on "The National Guard," by Col. R. B. Irwin. All the other articles in the present number are full of interest and value. C. B. Richardson, New York, publisher.

THE REBEL COLONY IN MEXICO.—The New York Freeman's Journal, a pro-southern sheet, says the ex-rebel colony at Cordova, under the auspices of Sterling Price, and which has "been there half a year, have neither gathered nor planted one ear of corn, nor one beanstalk." Its adds tearfully that this same colony, "with its Confederate exiles, is under an Imperial Prefect and the Department of Cordova, who is a black negro."

— The Postmaster General has ordered petroleum to be used instead of gas, in the post office at Washington. It is thought that at several hundred dollars will be saved monthly by the change.—*Exchange.*

If the change should happen to result in burning the post office, or the contents thereof, the saving might not be worth mentioning.

☞ A fellow called Scratch Gravel *alias* Hodge, now in the Massachusetts State Prison, is said to be the murderer of the Joyce children, at Roxbury; and he has confessed it partially.

☞ The Herald of Health, for March, is a rich table of contents, and is, as ever, valuable and interesting, even to those who do not agree with its views.

— A portion of the city of San Antonio, Texas, is called Chihuahua, from the number of Mexicans—one thousand, at least—who have left Chihuahua on account of the continued civil troubles in their own country.

— Mamma, if I am good I shall go to heaven, 'shant I?" "Yes, love." "And who will be there besides?" "Angels—dear, beautiful, good angels." "Ah," hesitated the boy, "all angels—all good, beautiful boys! Mamma dear, do you think if I am very good they will let me have just one little devil to play with?"

— The Queen of Spain's new baby has one hundred and twelve names; his real name is Francisco de Asis. This little prince makes the sixth child living that the Queen rejoices in. Some new names must be invented, if many more are to have such appellations, unless they call "all the rest John Smith."

— A case that was in the German courts for over 300 years, involving a large amount of property, has just been settled, and one of the heirs, who lives in Detroit, has received his share, which was an 840th part!

— Gen. Neal Dow's shirt, the only one he had to wear for seven months, while in Libby prison, is one of the articles of interest at the Freedmen's Fair in Portland. The reporters say that it bears evidence that the General learned to darn while incarcerated.

— Maj. Gen. Augur, commanding the Department of Washington, has issued an order to prevent litigation, declaring that persons who have acquired real estate and other property from the Government as confiscated, shall not be disturbed by suits in the civil courts of this District or of the adjacent States, but that all such suits shall be brought in the Federal courts.

GRAND UNION RALLY.

The UNION REPUBLICANS of Portsmouth are requested to meet at the TEMPLE on MONDAY Evening, March 12, at 7 o'clock.

The Hon. SAMUEL WHEELER of Dover, and JACOB H. ELA, Esq., of Rochester, will address the meeting on the questions involved in the coming election.

Let every loyal man and woman who has stood faithful to the Government, and been true to the Soldiers, and the principles of Freedom for which they have fought, rally for mutual encouragement, and prepare for one more glorious victory in the old Granite State.

The Portsmouth Cornet Band will be present to discourse patriotic music, and all can "keep step to the Union."

Per order of the Committee.

☞ At the Republican Caucus in Ward Two, on Friday evening, the following named gentlemen were nominated for Representatives to the General Court: Lewis W. Brewster, A. J. Patterson, Robert C. Sides, Nathan F. Mathes.

Ward Three—Wm. H. Rollins, Ezra A. Stevens.

☞ The number of marines at the House of Correction is fast approximating the number left at the Barracks; in view of which it has been suggested that a drill master be sent to the former place of rendezvous.

FIRE.—The alarm of fire last night at half past nine, was caused by the burning of William Claggetts house in the western part of the city. Mr. Claggett says that the house was set on fire from the outside. Granite State engine company No. 5, was promptly on the spot.

☞ The Pennsylvania Republican State Convention adopted a list of eighteen resolutions. The first is complimentary to President Johnson for his past career, and appeals to him "to stand firmly by the side, and to lean upon the support, of the loyal masses, whose votes formed the foundation of his promotion, and who pledged to him their unswerving support in all measures by which treason shall be stigmatized, loyalty recognized, and the freedom, stability and purity of the National Union secured." An amendment to this, indorsing the future policy of the administration in advance, was offered, and withdrawn after some debate, when the original resolution was adopted by a vote of 109 to 21. The resolutions censure Senator Cowan for his coure on reconstruction, and request him to resign, and they also compliment Sec. Stanton and Gen. Grant. They heartily commend the course of Congress.

☞ The Fenian movements are producing great alarm in Canada; and the Colonial Militia are turning out in great numbers, to resist an expected attack. Rumor assigns St. Patrick's Day as the time, and reports that a body of Fenians are to cross from the States into Toronto, take part in the procession and get up a row, while armed Fenians are to make raids on the border. It is also said that 10,000 of them have seized Navy Island; and that application has been made to Gov. Fenton of New York, to call out three regiments to prevent Fenian raids from Ogdensburg on Canada.

GOLD, Friday, 130 3-4.

— Gen. Lee stated in his evidence before the Reconstruction Committee, that in his opinion the people of Virginia are disposed to pay the rebel debt.

— A package of papers was received in Salem on Monday from Newbern, N. C., which had been sent by officers of the Mass. 24 Heavy Artillery, at the time the rebels attempted to capture that place early in February, 1864. They had been more twenty-five months on the passage.

—— Frank Reed, who hired a horse and buggy of J. S. Burtt, of Hillsborough Bridge, to go to Hancock, in December last, and sold the same at Winchester, appropriating the funds, was recently arrested near Brattleborough, Vt. and since been examined and held for trial.

— A shooting affray came off in a saloon on India street, Portland, Monday evening, between the proprietor and his bar tender, in which one got shot through the hand and the other through the head. A fancy woman was the cause of the bloody affair.

— In Richmond, Ind., a man insured his wife's life for $50,000. He then sent her away, and having procured a corpse which resembled her, represented it to be that of his wife, had a funeral, and claimed the insurance money. The fraud was for some time undiscovered.

— Ladies, if you wish a treat, either go yourself or coax your husband to go to your grocer, and get a few bars of that justly celebrated article known as the J. Monroe Taylor Gold Medal Soap. We have tried it and know that it is far superior to any soap in the world; it is truly called the woman's companion and friend on a washing day, besides it only takes half as much to do the same work.

Cleanse the Blood.

With corrupt, disordered or vitiated Blood, you are sick all over. It may burst out in Pimples, or Sores, or in some active disease, or it may merely keep you listless, depressed and good for nothing. But you cannot have good health while your blood is impure. AYER'S SARSAPARILLA purges out these impurities and stimulates the organs of life into vigorous action, restoring the health and expelling disease. Hence it rapidly cures a variety of complaints which are caused by impurity of the blood, such as Scrofula, or King's Evil, Tumors, Ulcers, Sores, Eruptions, Pimples, Blotches, Boils, St. Anthony's Fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ring Worm, Tumor or Cancerous Tumors, Sore Eyes, Female Diseases, such as Retention, Irregularity, Suppression, Whites, sterility, also Syphilis or Venereal Diseases, Liver Complaints, and Heart Diseases. Try AYER'S SARSAPARILLA, and see for yourself the surprising activity with which it cleanses the blood and cures these disorders.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself has become synonymous with imposition and cheat. Still we call this compound "Sarsaparilla," and intend to apply such a remedy as shall redeem the name from the load of obloquy which rests upon it.—We think we have ground for believing it has cured what are irresistible by the ordinary run of the diseases it is intended to cure. We can only assure the sick, that we offer them the best alterative which we know how to produce, and we have reason to believe it is by far the most effectual purifier of the blood yet discovered for any body.

AYER'S CHERRY PECTORAL is so universally known to surpass every other remedy for the cure of Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease, that it is useless here to recount the evidence of its virtues. The world knows them.

Prepared by Dr. J. C. AYER & Co., Lowell, Mass., and sold by all Druggists and Dealers in Medicine everywhere. mh9—2aw2m

THE GREAT FEMALE REMEDY FOR IRREGULARITIES.

These Drops are a scientifically compounded fluid preparation, and better than any Pills, Powders or Nostrums. Being liquid, their action is direct and positive, rendering them a reliable, speedy and certain specific for the cure of all obstructions and suppressions of nature. Their phenomenal sale indicates the fact that over 100,000 bottles are annually sold and consumed by the ladies of the United States, every one of whom speaks in the strongest terms of praise of their great merits. They are rapidly taking the place of every other Female Remedy, and are considered by all who know aught of them, as the surest, safest and most infallible preparation in the world for the cure of all female complaints, the removal of all obstructions of nature, and the promotion of health, regularity and strength. Explicit directions stating when they may be used, and explaining when and why they should not, nor could not be used without producing effects contrary to nature's chosen laws, will be found carefully folded around each bottle, with the written signature of JOHN L. LYON, without which none are genuine. **Price $1.50.**

ALLCOCK'S POROUS PLASTERS

CURE LUMBAGO, PAINS OF THE SIDE, VARICOSE VEINS, SORE CHEST, &c.

An Electrician, who has great experience of their effects in *local rheumatism*, in *tic doloreaux*, and deep-seated nervous and other pains, and in affections of the kidneys, etc., etc., attributes all their sedative, stimulative, and pain-relieving effects to their *electric* qualities. He asserts they restore the healthy electric condition (equilibrium) of the part, and *that* being restored, pain and morbid action cease.

LAME BACK.

Brandreth House, N. Y., Nov. 22, 1859.

T. ALLCOCK & Co.—Gentlemen: I lately suffered severely from a weakness in my back. Having heard your plasters much recommended in cases of this kind, I procured one, and the result was all that I could desire. A single Plaster cured me in a week.

Yours respectfully, J. G. BRIGGS.

CLOCK'S
Excelsior Hair Restorer

Is warranted to restore GRAY HAIR in all cases to its original color, whether black or brown.

It will not stain the skin or the finest linen.

It will instantly arrest the hair from falling off; cause hair to grow on BALD HEADS when fallen off by disease; and is a complete dressing for the hair, keeping it moist and glossy and perfumed longer than any other preparation in the market.

This article is warranted to do as represented, or the money will be refunded. It is positively the greatest discovery in hair preparations of the age.

For sale in Portsmouth by J. H. TBACHER, Apothecary, opposite the Post Office, and at No. 12 Market Square.

AGED PEOPLE.—*Messrs. Editors:*—In your recent interesting article relative to some of our aged fellow-citizens, you omitted to mention two examples of remarkable longevity in our community—Mr. Francis Dupray, 86 years old, and ex-Mayor Greenleaf, who will reach his 81st birthday on Monday next. Mr. Dupray is yet hale, vigorous, and wonderfully well-preserved; walks firm and erect; has not seen a sick day for nearly sixty years; attends to his business regularly, and manifests a lively interest in passing events. Upwards of 50 years ago he took passage for Boston in a vessel of which the late Capt. Fernald was master, purchased his winter stock of goods, shipped them in Capt. F.'s vessel, and returned to his post after a fortnight's absence. No visionary Munchausenite dared dream at that time of cars propelled by volcanic steam, or news transmitted on lightning wings to the remotest part of the continent.

Hon. Abner Greenleaf is quite active, and may frequently be seen on our streets, wending his meditative way to market, to buy butter at 55 cents per pound, such as in times of yore he often purchased at from 10 to 12 cents, and other articles in the same ratio. Mr. Greenleaf has never enjoyed perfectly robust health; indeed, when he was about 25 years of age, he was so ill with a pulmonary complaint that he expected to survive but a short time. But Hygeia subsequently smiled upon his pathway of life; and after rearing a family of twelve children, and experiencing his share of earthly trials and vicissitudes, he is now able to perform more mental and manual labor than when one-third of his present ripe old age.

While upon this subject, it is befitting to mention two other very aged people, who, although not residents of our city, are yet so well known among us as to be reckoned as such. Reference is had to the venerable Capt. Thomas E. Oliver, of New Castle, now in his 87th year, and his estimable helpmeet, who has reached the extraordinary age of 89. Both Capt. O. and his wife were recently very ill, but it is gratifying to learn that they are convalescent. It is a noteworthy fact that Capt. O. was a partner in business with Mr. Dupray more than fifty years ago, at a time when three dollars was considered a good price for a cord of hard wood, and five to six dollars a satisfactory rate for a thousand feet of merchantable lumber. E. P. N.

[Communication.]

"ROBERT" is a gem. He hath an eye for a wheelbarrow—especially an eye for his own; but we saw him pause on the sidewalk, heedless of the passing crowd, still holding the handles of his own, whilst he cast the scrutinizing glance of a connoisseur upon the wheel and forward fixtures of another wheelbarrow. After some moments' contemplation, he sighed [perhaps he saw an improvement on his own,] and passed on, wholly absorbed in his reflections and in the *round* of business *before* him.

Who does not like Robert, with his genial words and smiles for the children? For the most part, however, Robert is rather a silent observer than a commentator upon his surroundings. Only in times of great political excitement his sagacious reflections tumble over the brim of his too full reservoir; his sentiments, occasionally then outbursting, have been of the most loyal character during the late war; but how he will regard the recent course of the President doth not yet appear. When he speaks, we shall. R.

POLICE COURT, March 9th.—Mrs. Catherine Wright, who boards at George Garland's in Water street, had the sum of three dollars and twenty-five cents stolen from her room. An Irish girl, by the name of Annie Dolan, who was formerly a servant girl at Dr. Gibon's at the Navy Yard, and lately at the house of a family on Richards Avenue, had been in the room just prior to the time the money was missing. Per order of the City Marshal she was arrested by officer Johnson and taken to the Marshal's office,—$1.70 was found in her pocket—the one dollar bill being the same bill described by Mrs. Wright. The girl positively denied all knowledge of the money said to have been stolen, and ingeniously evaded answering any questions that would criminate her, until at last she had to give up and confessed the case at the court. She pleaded guilty, was ordered to pay a fine of $3, and costs of court $6.68 more; also to pay to Mrs. Wright treble the amount stolen.

☞ Davis Brothers have closed their connection with the rooms recently occupied by Mr. Gregory on Congress street. Tintypes as well as all other kinds of Photographic work, are made at their Gallery on Pleasant street.

☞ Besides the evening exhibition at the Temple, there will be a matinee this afternoon. Go, and take the little ones,—they will enjoy it hugely.

— It is now questioned whether the man who "left the house" ever had any idea of taking it with him.

SALERATUS BY THE ACRE.—Fitzhugh Ludlow, in his overland trip to California, found between Utah and the Humboldt mountains a large desert composed, as he says, of "sand of snowy alkali." He describes it as one of the most dismal and forbidding spots that was ever traversed by the foot of man; but, in view of the extension through it of the Atlantic and Pacific Railroad, he suggests an interesting possibility as to its future use. He says: "In its crudest state the alkaline earth of the desert is sufficiently pure to make violent effervescence with acids. No elaborate process is required to turn it into commercial soda and potash. Coal has already been found in Utah. Silex exists abundantly in all the desert uplifts. Why should not the greatest glass-works in the world be reared along the desert section of the Pacific road? And why should not the entire market of the Pacific coast be supplied with refined alkalies from the same tract?

— A traveller dining at a hotel, in the interior of Kentucky, not long since, seeing "Union Marignes" on the bill of fare, called for some. When brought, he found them striped with secesh colors, red and white. Calling the "cullud pusson" waiting on the table, he inquired: "Do you call these red and white things Union? Where is the blue?" "Yah! yah!" says Sambo, "dem's good nuf Union for dis place. Giniel Grant didn't cum long here wid any of de hard licks to put in de blue; das ony get scratch heetle, make de red an' white come; da-at's so; dem's good nuf Union for dis yerr place!"

—DEALERS IN—

S. Vance's Submerged Well PUMP.

This unsurpassable invention, now being first introduced, will, it is believed, supersede all other Well Pumps now in use.

ITS ADVANTAGES.

FIRST, SIMPLICITY.—This Pump is composed of but three parts, and is so simple in its construction that any one can easily put it together.

SECOND, DURABILITY.—Its peculiar construction, and the fact that it is always submerged combine to make it the most durable of all Pumps yet invented.

THIRD, NEVER FREEZES.—The valves are so constructed that, when not in motion, they allow all the water above to pass down into the well, and thus prevent freezing.

FOURTH, POWER.—For the amount of power applied, this Pump exceeds anything known. It throws one-third part more water than ordinary pumps, and works so easily that even a child can pump without fatigue. It is in this way the greatest labor-saving pump now offered to the public.

FIFTH, IT IS INVALUABLE.—For a well pump it is invaluable, as all the iron which is submerged consists of but three small pieces, and these galvanized. It can in no way corrode, consequently it brings up pure water at every stroke.

SIXTH, CHEAPNESS.—This Pump is so made that it costs but a trifle, and is extraordinarily cheap in use for years. No repairs at all are needed. It is very light, and thus the cost of transportation is very small.

☞ Manufactured by S. VANCE & CO., No. 31 Liberty Street, Newburyport, and for sale in Portsmouth by the Sole Agents for N. H.,

SUFFERERS

From Dyspepsia

READ! REFLECT!! ACT!!!

TARRANT & CO

Gentlemen, I am a resident of Curacoa, and have often been disposed to write to you concerning the real value of your SELTZER APERIENT as a remedy for indigestion and dyspepsia. I desire to express to you my sincere gratitude for the great benefit the SELTZER has done my wife.

For four or five years my wife has been sadly afflicted with Dyspepsia, and after being under the treatment of several Doctors for two or three years, she was finally induced to seek the advice of a learned Physician, Doctor Cabiale, of Venezuela, who immediately treated her with your EFFERVESCENT SELTZER APERIENT. She began to improve at once and is now PERFECTLY WELL.

I feel it to be my duty for the good of humanity to make this publication, testifying that a medicine so valuable should be widely known.

Trusting that you will give this publicity, and repeating my earnest gratitude and thanks,

I am very respectfully yours,

S. D. C. HENRIQUEZ,

Merchant, Curacoa, S. A,

New York, June 28th, 1865.

WE ASK

The suffering millions in our land to give this remedy a trial, convinced that by its timely use many may be relieved, many cured of

Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Dizziness, Indigestion, Piles, Costiveness, Bilious Attacks, Liver Complaints, Rheumatic Affections, &c.

Read the Pamphlet of Testimonials with each bottle, and do not use the medicine against the advice of your Physician.

AMERICAN AND FOREIGN PATENTS.

R. H. EDDY,

Solicitor of Patents,

Late Agent of the U. S. Patent Office, Washington, under the Act of 1837,

78 State Street, opposite Kilby Street, BOSTON.

After an extensive practice of upwards of twenty years, continued to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions, and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting one Dollar. Assignments recorded at Washington.

The Agency is not only the largestin New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to those which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has every reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessary expenses of journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. EDDY as one of the *most capable and successful* practitioners with whom I have had official intercourse."

CHARLES MASON,

Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."

EDMUND BURKE,

Late Commissioner of Patents

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakeable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."

JOHN CAGGART

During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.

GEN. BUTLER AND THE NEW ORLEANS GOLD.—The statements that have been going the rounds of the Copperhead press that Maj. Gen. Butler had been obliged to deliver over to Smith & Co., of New Orleans, the sum of $80,000 in gold, seized by him while in command of the Department of the Gulf, together with interest, poundage, Sheriff's fees and costs, are untrue. The facts are briefly these:

About three weeks since, ex-Judge Pierpont, counsel for the plaintiffs, wrote the General that his clients were satisfied that he (the General) had reasonable grounds for making the seizure, was fully justified in his course, and that if he would satisfy them that the gold had not been sold or speculated with, but had been religiously held intact, and deliver it to them, they would receipt therefor in full, make no demand for interests or costs, and pay his counsel fees. Gen. Butler replied that as he was now a citizen, and had for three years held this money subject to the order of the Government, who had never made a decision in the matter, he should accept their offer. Accompanying their letter he sent proof of the fact that the money was, and had been since its seizure, in a bank of Boston. This proving satisfactory to the plaintiffs, an order was forwarded to the bank to turn over the money to them, and full receipts were exchanged. Not a dollar more than the exact sum seized was either asked or given.—*Exch.*

A DROLL POSTMASTER.—In the days of Andrew Jackson, his Postmaster-General, Amos Kendall, wanting to know whereabouts was the source of the Tombigbee rive, wrote for the required information to the postmaster of a village on its course. "Sir," wrote the higher officer to the lower, "this department desires to know how far the the Tombigbee river runs up. Respectfully, &c." The reply was brief and read thus: "Sir, the Tombigbee river doesn't run up at all; it runs down. Very respectfully, &c." The Postmaster General continued the correspondence in this style: "Sir, your appointment as postmaster at ——— is revoked. You will turn over the funds, papers, &c., pertaining to your office to your successor. Respectfully, &c." The droll understrapper closed the correspondence with this parting shot: "Sir, the revenues for this office for the quarter ending Sept. 30, have been 95 cents; its expenditures same period, for tallow candles and twine, were $1.05. I trust my successor is entrusted to adjust the balance due me. Most respectfully."

— When was Ruth very rude to Boaz? When she pulled his *ears* and trod on his *corn*.

— Jones was carried home from the Burns Festival, on a shutter, and his anxious wife enquired in great alarm, "Is he dead?" "No" said one of the bearers, "he's Scotched, but not killed."

TO THE LADIES.
Miss GUILD offers to the public her superior Crystal Palace Chart for CUTTING DRESSES, which is conceded by competent judges to surpass any invention of the kind ever offered to the American public. She feels fully warranted in saying that it is as perfect a fit as human ingenuity can render it, and should be in the possession of every lady. It is simple, easy, and graceful, adapted to fit every form and size, from little girls of seven years to the largest adults. Directions printed in full on every Chart. None genuine unless the Crystal Palace is engraved on it, and the address of the inventress printed. Copyright secured, and no infringement allowed.
Agents are wanted in every part of the country. This Chart will be sent to any person on receipt of $2 addressed to
Miss LUCY GUILD, Rupert, Vt.
Ladies wishing a tape measure must inclose 15 cents extra.
Miss Guild warns people from buying, selling or using a chart called the National Chart by Miss Jane Eddy, Nashua, N. H., as it is an infringement of her copyright. Any person printing, selling or using the counterfeit chart will be prosecuted according to law. One Albert J. Warden has been extensively engaged in selling the counterfeit chart, and is supposed to be the perpetrator of the forgery. Any information leading to his arrest will be liberally rewarded.

VINELAND
FARM AND FRUIT LANDS,
In a mild and healthful climate. Thirty miles *south* of Philadelphia by Railroad, in New Jersey, on the same line of latitude as Baltimore, Md.
The soil is rich and *productive*, varying from a clay to a sandy loam, suitable for Wheat, Grass Corn, Tobacco, Fruits and Vegetables. This is a *great fruit country*. Five hundred Vineyards and Orchards have been planted out by experienced fruit-growers. Grapes, Peaches, Pears, &c., produce immense profits. Vineland is already one of the most beautiful places in the United States. The entire territory, consisting of fifty square miles of land, is laid out upon a general system of improvements. The land is only sold to actual settlers with provision for public adornment. The place, on account of its great beauty, as well as other advantages, has become *the resort of people of taste*. It has increased five thousand people within the past three years. Churches, Stores, Schools, Academies, Societies of Art and Learning, and other elements of refinement and culture have been introduced. Hundreds of people are constantly settling. Hundreds of new houses are being constructed. Price of Farm land, twenty acre lots and upward, $25 per acre. Five and ten acre and Village lots for sale.
Fruits and Vegetables ripen earlier in this district than in any other locality north of Norfolk, Va. Improved places for sale.
Opening for all kinds of business. Lumber Yards, Manufactories, Foundries, Stores and the like; and Steam Power, with room, free of rent.
For persons who desire mild winters, a healthful climate, and a good soil, in a country beautifully improved, abounding in Churches, affording all other social privileges, in the heart of civilization, it is worthy of a visit.
Letters answered, and the Vineland Rural, a paper giving full information, and containing Reports of Solon Robinson, sent to applicants.
Address CHAS. E. LANDIS, Vineland P. O., Landis Township, New Jersey.
From Report of Solon Robinson, Agricultural Editor of The Tribune: *It is one of the most extensive fertile tracts, in an almost level position and suitable condition for pleasant farming that we know of this side of the Western Prairies.* al—dawtu

THE LIGHT OF THE WORLD.
DR. MAGGIEL'S
PILLS AND SALVE.
These Life-giving remedies are now, for the first time, given publicly to the world. For over a quarter of a century of private practice the ingredients in these

Life-giving Pills!
Have been used with the greatest success. Their mission is not *only* to prevent disease, but to cure. They search out the various maladies by which the patient is suffering, and re-invigorate the failing system. To the aged and infirm a few doses of these valuable PILLS will prove to be

A Very Fountain of Youth,
For in every case they add new life and vitality, and restore the waning energies to their pristine state. To the young and middle-aged, they will prove most invaluable, as a ready, specific, and sterling medicine. Here is a dream realized, that Ponce-de-Leon sought for three hundred years ago, and never found. He looked for a fountain that would restore the old to youth and make youth ever

AN ETERNAL SPRING!
It was left for this day and hour to realize the dream, and show, in one glorious fact, the magic that made it fair.

These Famous Remedies
Cannot stay the flight of years, but they can force back and hold aloof, diseases that might triumph over the aged and the young. Let none hesitate then, but seize the favorable opportunity that offers. When taken as prescribed—

FOR BILIOUS DISORDERS
Nothing can be more productive of cure than these Pills. Their almost magic influence is felt at once; and the many concomitants of this most distressing disease are removed. These remedies are made from the purest

VEGETABLE COMPOUNDS.
They will not harm the most delicate female, and can be given with good effect in prescribed doses to the youngest babe.

For Cutaneous Disorders
And all eruptions of the skin, the SALVE is most invaluable. It does not heal externally alone, but penetrates with the most searching effects to the very root of the evil.

DR. MAGGIEL'S PILLS
Invariably Cure the Following Diseases:
Asthma,
Bowel Complaints,
Coughs,
Colds,
Chest Disease,
Costiveness,
Dyspepsia,
Diarrhœa,
Dropsy,
Debility,

Portsmouth, N. H.

MONDAY, MARCH 12, 1866.

IN THE U. S. SENATE, Friday, March 9 the Maine Amendment to the U. S. Constitution was taken up. The question was on Mr. Henderson's substitute for the pending amendment the following words: "No State in presenting the qualifications requisite for elections therein, shall discriminate against any person on account of race or color." It was rejected—yeas 10, nays 37. The resolution offered by Mr. Sumner as a substitute for the proposition of the Committee was rejected—8 against 37. Various other amendments were offered and rejected; and finally the proposed Constitutional amendment was defeated by the votes of the following nays:

Messrs. Brown, Buckalew, Cowan, Davis, Dixon, Doolittle, Guthrie, Henderson, Hendricks, Johnson, Lane of Kansas, Nesmith, Norton, Pomeroy, Riddle, Saulsbury, Stewart, Stockton, Sumner, Van Winkle, Willey and Yates—22.

Those who voted in favor of the amendment were Messrs. Anthony, Chandler, Clark, Conness, Cragin, Creswell, Fessenden, Foster, Grimes, Harris, Howe, Kirkwood, Lane of Indiana, McDougall, Morrill, Nye, Poland, Ramsey, Sherman, Sprague, Trumbull, Wade, Williams and Wilson—25.

Messrs. Foot, Howard and Wright were absent.

Mr. McDougall, who had been retained in the Senate by his Democratic friends when he should have been permitted to go home, was asleep in his chair when his name was called, and on being aroused voted "aye," to the surprise of his political associates, and to the amusement of Union men on the floor and in the galleries. He doubtless believed he was voting on an amendment of his own which he had previously introduced, and it was not deemed judicious to attempt to undeceive him.

The Chair announced that the joint resolution having received less than two-thirds of the votes, had failed.

Mr. Henderson moved a reconsideration of the vote, which prevailed. This brought the joint resolution again before the Senate, and Mr. Doolittle offered the following amendment:

That the following articles be proposed to the Legislatures of the several States as amendments to the Constitution of the United States, which, when ratified by three-fourths of said Legislatures, shall be valid as a part of said Constitution, viz:

After the census to be taken in 1870 and each succeeding census, Representative shall be apportioned among the several States which may be included within the Union according to the number in each State of male electors over 21 years of age qualified by the laws thereof to choose members of the most numerous branch of its Legislature, and direct taxes shall be apportioned among the several States according to the value of the real and taxable property situated in each State, not belonging to the State or the United States.

The further consideration of the subject was postponed to Thursday.

IN THE HOUSE, the civil rights bill was taken up. A motion to table the bill was lost. The vote was then taken on the amendment, which was rejected. The bill was finally recommitted—yeas 82, nays 70.

RECONSTRUCTED REBELS.—A Union man in Texas raised the Federal flag over his house after the close of the war. He was waited upon by the citizens, and told that the flag must be hauled down; that while the people of Texas might accept the situation of their defeat, they could not submit to any thing of this kind. He refused to take down the flag, and he paid for his refusal with his life.

☞ By our New Orleans files we see that Texas is beginning to develope the manufacturing resources, in which we know her to be rich. A cotton and wool factory near Houston is expected to be in full operation by the first of September next. It will run 1600 spindles, and work up 1000 pounds of cotton, and 500 pounds of wool per day. The cotton factory lately established at New Braunfels, operated by water power, cannot begin to supply the demand for thread and goods, especially the former. There are plenty of fine sites in Texas for the establishment of carding machines, and of factories, with raw material at their very doors.

GOLD, Saturday, 140 1-2. Sent to Europe $141,000.

— A Texas letter represents that the freedmen are contented and working well. They are generally disposed to remain with their former masters.

— Governor Welles and Gen. Canby have proclaimed at New Orleans, a ten days minimum quarantine on vessels from the West Indies and the ajacent Mexican and Central American coast.

— The cattle plague having shortened the supply of meat in the English markets, poultry becomes a staple article of food. In order to furnish a better quality and larger stocks, the agricultural societies are increasing the displays of fowls at their exhibitions, and announcing larger premiums for the best.

NOTES OF FORMER DAYS.

Collected and Collated by UNCLE TOBY.

New Hampshire Bank, 1792—Leverett Hubbard — Rev. Mr. Ogden — Piscataqua Bridge—Portsmouth Oracle—Old and New Markets.

In 1792, a bank was established in Portsmouth by the name of the New Hampshire Bank, to continue fifty years, under the management of a President, and seven directors; with a capital of one hundred and sixty thousand dollars.

The honourable Leverett Hubbard, died the 2d day of January, 1793, aged sixty-nine. He was born in Rhode Island, and was educated at Harvard College, where he obtained the reputation of a good classical scholar, and received the honors of the College in 1742. He was of a warm, sanguine disposition, and, being disappointed in not having any part assigned him in the public exercises on commencement day, he took a conspicuous place in the gallery, and delivered a severe philippic in Latin against the President; who in vain endeavored to stop him. The corporation at first refused him his degree, but through the intervention of his friends, granted it afterwards. He studied law in Rhode Island, but never became eminent as a lawyer. He came to Portsmouth about the year 1760, and was soon appointed Controller of the customs; in 1763 he was appointed a Justice of the Superior Court of Judicature for the province, but did not excel as a Judge. He indulged himself in bold flights of imagination. When Mr. West first came to the bar, he was engaged for the demandant in a real action for five hundred acres of land. In Judge Hubbard's address to the Jury, he observed that the cause had been managed in a masterly manner, especially by the young gentleman who appeared for the plaintiff, that he should be willing to give the whole land, if it was covered with money, to be able to argue a cause as he had done, but said he, "I check myself in the thought, for it appears to me like the impious wish of Simon Magus to purchase the Holy Spirit with money." Judge Hubbard was of a very benevolent, friendly disposition, and courteous in his deportment. When the State Constitution went into operation in 1784, he was not re-appointed, which left him in very straitened circumstances, and his mind became in some measure deranged, a few years before his death.

A general dissatisfaction having taken place in the minds of his parishoners, with the Rev. Mr. Ogden, of St. John's Church, in consequence of which, his usefulness was destroyed, it became necessary to dissolve the connection between them. He was accordingly dismissed on the 30th day of January, 1793.

"Rev. John Cosens Ogden, a native of New Jersey, and ordained by bishop Seabury, became Rector, in December, 1786. He was a preacher of popular talents, but too great a bigot for this age of catholicism. Some imprudences, which were more the fault of his head, than of his heart, occasioned dissatisfaction in the minds of his people, so that he found it expedient to leave them, in 1793. He afterwards, at times, showed symptoms of a mental derangement, and is said to have died suddenly at Charlestown, Maryland, in 1800.

His publications, which the author has seen, are, 1. A sermon from Nehemiah v. 19, delivered in Concord, New Hampshire, at the annual election, in June, 1790. 2. A sermon from 1 Corinthians i. 10, preached in Nottingham, 7th September, 1790, before the Columbian Lodge. 3. An address delivered at the opening of Mr. Benjamin Dearborn's academy in Portsmouth, on Easter Monday, 1791. 4. Letters occasioned by the publication of an epistolary correspondence, which had been carried on between him and the late doctor M'Clintock."—*Alden.*

March 26th, 1793, the town purchased of John Peirce, Esq. as Attorney of John Fisher, Esq., a lot of land of Portsmouth in possession of James Grouard, near the parade, for the purpose of erecting a market thereon, for the sum of four hundred and fifty pounds. [The Brick Market stands on it.]

The town of Portsmouth agreed to take a number of shares in the bridge, proposed to be built across Piscataqua river, from Newington to Durham, to the amount of one thousand pounds, provided the shares are not subscribed for by individuals.

The bell at the South Parish, having been broken by striking it with a hammer according to the direction of the selectmen, instead of tolling it for funerals; the town authorized the selectmen to pay the wardens of that parish a sum of money equal to the expense of procuring and hanging a bell in the belfry of the meeting house of that parish, of the same weight of the present bell, deducting the net proceeds of the sale of the same.

Charles Peirce commenced the publication of a newspaper, entitled The United States Oracle of the Day, on the 4th of June, 1793. [Now the Portsmouth Journal.]

June 27th, 1793, the town appointed a committee, whom they empowered to sell and convey all the land on spring hill, where the old market stood, and the lands contiguous, reserving such sufficient street or streets, and water privilege, as they may deem necessary for the use of the town; and to make and execute good and lawful deeds of the same in behalf of the town, with covenants of warranty, to be fully and completely obligatory upon the town. [Mr. Stokell's store now (1866) occupies the spot.]

Correspondence of the Chronicle.

WASHINGTON, D. C., March 8.

Mr. Editor:—My excuse for so long silence is absence, which the President seems to have taken advantage of to stultify himself, without danger of seeing it reported in the Chronicle by your own correspondent.

On my return from a delightful trip into the jaws of a New Hampshire winter, where I was at first ice-bound, and then blockaded by a freshet which played eccentric pranks with the ice, the bridges and the railroads, I find the political world in a similar chaotic state. Perhaps, however, a more apt figure would be a dog-fight—the President and the "radicals" personating the combatants, the Democrats pulling their ears, throwing hot water and cheering them on, each against the other, and the "conservatives" playing the *role* of peace-makers.

All parties feel a little chagrined at the unpardonable folly of the Chief Magistrate in degrading himself to the level of the vulgar rabble by his wonderfully undignified speeches; unless, perhaps, I should except the Democrats, who are only pleased by the country's disgrace. It has been suggested that if the stringent "Maine Law" were operative here, and impartially enforced, we might have escaped the shame that has been thus repeatedly thrust upon us.

The Copperheads are straining every nerve to make all this enure to their benefit. The people of New Hampshire have an excellent example of their tactics in the misrepresentation of Postmaster General Denison's views, which recieved such an effective *quietus* from that gentleman's letter to Mr. Patterson. It is gratifying to know from the canvass that the State will not stultify itself at the election just at hand. A large number of her patriotic citizens resident here are turning their faces homeward to help the great cause.

Congress, from the ardor displayed at first, which was believed to promise an early close of the session, has declined into a track of discussion that is somewhat beaten, and seems to be but little nearer the end than ever. Should the cholera visit us, as many fear, much must remain undone. Cholera and a quorum can hardly exist together.

Some measures are being taken, to be sure, to remove some of the sources of malaria—of which we are favored with many; but I have no confidence that anything will be accomplished. Each Spring brings a hue and cry, but it dies away without a result. The Canal, which has for years received and retained all the sediment from the sewers, sends up from its putrid surface a most unhealthy stench. Thrifty housewives rid themselves of all *sorts* of filth, technically called garbage, by piling it in the streets and gutters; and whatever animal, from a horse to a rat, happens to be overtaken in the street by death, lies where he falls, till the weather wastes him or the passing vehicle grinds him up. Can you wonder, then, that a man's nose is in Summer here his greatest affliction?

The *animus* of our Southern "brethren" [quondam masters] was well displayed in the Alexandria election, where the loyal men were not only voted down, but insulted by the "graybacks," who are there in force, and who are united as one man against every one who was not of their party during the war. I think we had better wait and see what they will do in another year, before admitting their candidates to the floor of either House of Congress.

The Reciprocity Treaty seems not to be popular. There is much doubt if *any* substitute can be agreed upon, and possibly 'tis best to shut out our friends over the border for a time, so that when again admitted to the privileges we choose to grant, they may enjoy a suitable appreciation of the favor.

Mr. Sumner yesterday pronounced another of his classical orations before the Senate in opposition to the pending amendment touching congressional representation. Some of his points are good ones, and it may be that New England will conclude to waive the objections she has to the plan he advocates. But we have none too many representatives now, and it would go hard to reduce them still further. R.

— Mrs. E. Blanche of Pittsfield, Mass., has obtained a verdict for $3000 against Dr. H. Cole of that town for malpractice. She dislocated her shoulder and Dr. Cole treated her for a broken arm. Mrs. Blanche suffered for sixty-five days before the dislocation was discovered, and sixty-eight days before the bones in her shoulder were adjusted. Her sufferings have been great, and, in the opinion of some surgeons, she will never recover the use of her arm.

— "A feast of reason and flow of soul," said the woman, when she took her pan of Biscuit from the oven, and threw away four kinds of villainous compounds which she had purchased, and which they called Saleratus. The same lady keeps on talking, and says, after one trial of Herrick Allen's Gold Medal Saleratus, if any one is not then satisfied that there is nothing like it, their unbelief will be their ruin. At retail everywhere, and at wholesale by most of the wholesale Grocers. Depot 112 Liberty street, New York. 58

— There is a fire now raging in the Sandwich, Mass., woods, and at this time there have been over 4000 acres burnt over, and there is no telling how much further it will extend. There was a fire in these woods four months ago, which burnt over more than 30,000 acres.

— The five men who broke jail in Barnstable, and locked the jailer in, on the 5th inst., have not yet been caught.

— The Cape Cod Central Railroad is doing a very fair business since it opened in December last—much better business than was anticipated before it was opened.

Cleanse the Blood.

With corrupt, disordered or vitiated Blood, you are sick all over. It may break out in Pimples or Sores, or in some active disease, or it may merely keep you listless, depressed and good for nothing. But you cannot have good health while your blood is impure. AYER'S SARSAPARILLA purges out these impurities and stimulates the organs of life into vigorous action, restoring the health and expelling disease. Hence it rapidly cures a variety of complaints which are caused by impurity of the blood, such as Scrofula, or King's Evil, Tumors, Ulcers, Sores, Eruptions, Pimples, Blotches, Boils, St. Anthony's Fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ring Worm, Cancer or Cancerous Tumors, Sore Eyes, Female Diseases, such as Retention, Irregularity, Suppression, Whites, Sterility, and Syphilis or Venereal Disease, Liver Complaints, and Heart Diseases. Try AYER'S SARSAPARILLA, and see for yourself the surprising activity with which it cleanses the blood and cures these disorders.

During late years the public have been misled by nauseous potions, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself has become synonymous with imposition and cheat. Still we call this compound "Sarsaparilla," and intend to supply such a remedy as shall redeem the name from the load of obloquy which rests upon it.—We think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. We can only assure the sick, that we offer them the best alterative which we know how to produce, and we have reason to believe it is by far the most effectual purifier of the blood yet discovered by any body.

AYER'S CHERRY PECTORAL is so universally known to surpass every other remedy for the cure of Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease, that it is useless here to recount the evidence of its virtues. The world knows them.

Prepared by DR. J. C. AYER & CO., Lowell, Mass., and sold by all Druggists and Dealers in Medicine everywhere. mh9—2ws&2m

Lyon's Periodical Drops!

THE GREAT FEMALE REMEDY FOR IRREGULARITIES.

These Drops are a scientifically compounded fluid preparation, and better than any Pills, Powders or Nostrums. Being liquid, their action is direct and positive, rendering them a reliable, speedy and certain specific for the cure of all obstructions and suppressions of nature. Their popularity is indicated by the fact that over 100,000 bottles are annually sold and consumed by the ladies of the United States, every one of whom speak in the strongest terms of praise of their great merits. They are rapidly taking the place of every other female Remedy, and are considered by all who know the full efficacy of them, as the surest, safest and most infallible preparation in the world for the cure of all female complaints, the removal of all obstructions of nature, and the promotion of health, regularity and strength. Explicit directions stating when they may be used, and explaining when and why they should not, nor could not be used without producing effects contrary to nature's chosen laws, will be found carefully folded around each bottle, with the written signature of JOHN L. LYON, without which none are genuine. **Price $1.50.**

Prepared by Dr. JOHN L. LYON, 250 Chapel Street, New Haven, Conn, who can be consulted either personally, or by mail, (enclosing stamp,) concerning all private diseases and female weaknesses. **Price $1.50 per bottle.**

Sold by Druggists everywhere.

Perry's Moth and Freckle Lotion.

☞ Chloasma, or Mothpatch, (also called Liver-spot,) and Lentigo, or Freckles, are often very annoying, particularly to ladies of light complexion, for the discolored spots show more plainly on the face of a blonde than of a brunette; but they greatly mar the beauty of either and any preparation that will effectually remove them, *without injuring the texture or color of the skin*, is certainly a desideratum. B. C. PERRY, who has made diseases of the skin a specialty, has discovered a remedy for these discolorations, which is at once prompt, infallible and harmless.

Prepared by B. C. PERRY, dermatologist, No. 49 Bond Street, New York, and for sale by all druggists; price 82 per bottle. Call for PERRY'S MOTH & FRECKLE LOTION.

Sold by all Druggists in Portsmouth and elsewhere. 1ysndao—oct19

A Card to Invalids.

A Clergyman, while residing in South America as a missionary, discovered a safe and simple remedy for the Cure of Nervous Weakness, Early Decay, Diseases of the Urinary and Seminal Organs, and the whole train of disorders brought on by baneful and vicious habits. Local.

FIRE.—The large wooden house, corner Vaughan and Hill Streets, was burned on Saturday night. The fire began in the barn attached—which Mr. Moses H. Tilton had just rented for a stable, and had that day moved his hay into. The premises belonged to the estate of the late Wm. Hill; and the house was occupied by Mrs. Hill, and by Mr. Gideon Walker as a boarding house. The alarm was given about half-past 10, and the Fire Department was promptly on hand, and worked hard and well, or the flames would have caught the wooden buildings which so closely hemmed the fire in on two sides. As it was, the barn and shed were entirely destroyed, and the house damaged so as probably to be valueless.

There is probably some insurance on the house—said to be only $1500; and it was reported that Mr. Walker's furniture, which was mostly removed, was insured only since Jan. 1st. The origin of the fire is unknown; as is also the cause of an explosion which took place in the kitchen, blowing out windows, severely injuring Night Policeman Rand, it is said cutting a woman's eye, and certainly knocking off some hats and frightening everybody. It may have been caused by gunpowder placed there for the purpose, but more likely came from the kerosene can which was left in a closet.—The events of the night proved the efficiency of our Fire Department, including the new Fire Police; the indispensable worth of the steamers; and the well known fact that we have not reservoirs or water enough. Marshal Kent and Officer Sides, among other good things, at the very last minute, and at the risk of their lives, rescued $200 from a closet, at the request of Mrs. W.

For the Chronicle.

FIRE.—On Friday evening last, at about 8 o'clock, an incendiary set fire to the northerly part of a projection of the dwelling house of Hon. W. Claggett, on Boyd's road, while the cold wind was blowing violently from the north. After some efforts of Mr. C. and another man to extinguish the flames, they soon found it impossible. At this time, in the adjacent room on the south, the family had to escape from the suffocating smoke, and the fire was breaking through the partition, so that very few articles could be taken out. Nearly all the furniture and wearing apparel was consumed, and had the fire been set late at night, the family would probably have been suffocated. Mr. C. says he would not have lost his library and valuable papers for a thousand dollars, and estimates the loss of his house, shed, furniture, wearing apparel, and other articles, at not less than two thousand dollars, and had no insurance, although fearing danger from the same agency which set fire to the barn near the house in June last, he applied to an agent to get insurance some time since. The evidence is perfectly conclusive that the fire was set by design. No person entered the room where the fire originated after dusk. It was set outside, near the surface of the ground. The sparks from the chimney, if any, would be carried southerly. COM.

☞ At a recent meeting of the Board of Trade of the "Workingmen's Union Protective," Mr. Samuel J. Dodge was chosen salesman or managing agent of the new Grocery which is soon to be started. Mr. Dodge is well known to every citizen of Portsmouth as an A 1 grocer, and also as a thorough gentleman. We can but congratulate the workingmen of this city and vicinity, engaged in this new enterprise, on their good fortune in securing the services of so competent a man for their business agent. We learn that the new Union grocery will go into operation in about a fortnight, at the corner of Daniel and Penhallow streets,—Old Custom House and Post Office building; the work of transforming it into a store, having already commenced. Messrs. Editors:—I noticed in the last Portsmouth Journal an extract from a New York paper, stating that the circumstance of two full moons in January, and none in February, and two in March, which have and will occur in the present year, will not take place again for millions of years. This is not true, and is a very great mistake in astronomical calculation—for the same occurrence took place in 1790, 1809, 1828 and in 1847, as in 1866, and the same phenomena will take place in 1885. I find by calculation founded on the tables from Ferguson's Astronomy and Enfield's Philosophy, (the text-books of Harvard University,) that the full moon for the year 1885 will take place January 1st, between the hours of 2 and 5 in the morning of that day, which will produce the same results as the present year as regards the moon. It is possible after the year 1900, the phenomenon may be somewhat changed. I hand you two almanacs, 1828 and 1847, which will prove two of my assertions. Yours, N. D.

Portsmouth, March 8, 1866.

POLICE COURT, March 10th.—William Reardon was charged by Mary Reardon his "worser half" in his estimation with beating her. He said he didn't know much about it anyhow, perhaps he did kick her once or twice, but she wouldn't get him anything to eat. He was fined $8.86. Reardon heretofore has enjoyed a good character, and his employees Fisher & Co. say he is a good workman.

SMART FELLOWS.—A young man by the name of Wm. L. Parkhurst deserted from the Vandalia. City Marshal Kent traced him to Lawrence, Mass., and from thence to Claremont, N. H. He telegraphed to the officers at Claremont to arrest him. They did so, but he "stuffed them" with the idea that an old uncle of his was the deserter, and they let him go.—Runaways, Claremont is the place for you.

ACCIDENT.—On Saturday last, a man giving his name as Jacob Holmes of Rye, while in a state of inebriation bordering on unconsciousness, fell from his wagon somewhere in Pleasant street in this city, and for a time was insensible. He was taken to the Station House and properly cared for. We should judge him to be about 70 years of age. Too old a man to thus tamper with the few remaining days of his life.

Communication.

There seems to be a general impression about the city that I am the prime mover in regard to the petition circulated to call a public meeting to take into consideration the feasibility of building a new City Hall; and also that an article in your paper, signed "H.," emanated from my pen. I would say that I had no hand in drawing up or circulating said petition, and no interest in the matter whatever. Neither did I write the article signed "H.," in favor of a new City Hall. A citizen who was getting signatures to a petition for that object called on me, soliciting my name—he stating that there were a number of papers circulating through the city for that purpose. Without much thought in regard to the matter, I signed the petition, thinking it would not make much difference, pro or con.

GRAND UNION RALLY.

The UNION REPUBLICANS of Portsmouth are requested to meet at the TEMPLE on MONDAY Evening, March 12, at 7 o'clock.

The Hon. SAMUEL WHEELER of Dover, and JACOB H. ELA, Esq., of Rochester, will address the meeting on the questions involved in the coming election.

Let every loyal man and woman who has stood faithful to the Government, and been true to the Soldiers, and the principles of Freedom for which they have fought, rally for mutual encouragement, and prepare for one more glorious victory in the old Granite State.

The Portsmouth Cornet Band will be present to discourse patriotic music, and all can "keep step to the Union."

GOVERNOR SMYTH.

New-Hampshire never had a more deservedly popular incumbent of the gubernatorial chair than the present chief magistrate. Having attained his present position in society by honest, earnest, personal effort, his heart is still with the toiling masses that constitute the basis of New Hampshire society. From him the bronzed laborer receives a more hearty greeting than the jeweled fop. Being a good financier, he is eminently fitted for the position which he holds; the present being a time when the finances of the State and country require tact and discretion for their proper management. His past conduct is a guarantee that he will industriously apply the requisite skill for the proper adjustment of our money matters. His devotion to the interests of our citizen soldiers has endeared him to the "boys in blue," and they will generally esteem it a privilege to deposite a ballot for him at the March election. As a matter of policy it would have been wise in the Democratic party to have made no nomination in opposition to Mr. Smyth. Whatever may be his merits, their candidate will not receive the full vote of his party. Said an ex-soldier to us a few days since, "I am a Democrat, but I shall vote for Fred. Smyth, he has been so true a friend to the soldiers." We have traveled over a large portion of the State since Gov. S. entered upon his official duties, and we have yet to hear the first reproachful word spoken against him. Such a record as he has in the hearts of the people places his opponent in the gubernatorial race in an unfortunate position. The hardy yeomanry of our State need not fear that they are building up a monarchy aristocracy when they vote for such a man as Frederick Smyth. — *Cor. of Wolfboro' News.*

THE REPUBLICANS OF CHICAGO held an immense meeting on Monday evening, to sustain Congress; both an indoor and out-of-door assemblage. The gathering was remarkable for its vast numbers, and the influential men who participated in its proceedings. One of the resolutions adopted was as follows:

Resolved. That the President's harangue to the assemblage in front of the White House, his general behavior on that occasion, especially his denunciation of two members of Congress, whose loyalty to the Union and freedom is above suspicion, must be regarded not only as an affront to an intelligent and liberty-loving nation, but as an unprecedented and ill toding departure from the dignity and proprieties of a position hitherto universally revered.

ROCKPORT, Mch 3rd.—*Painful Accident.*—Two young men while on a gunning excursion were drowned here last Thursday afternoon, towards night, near Milk Island, just off South Shore, so called, on the southern side of the cape. They were out on a gunning excursion, and their names were David Parsons, aged 21 years, and Charley Dade, aged 18 years, sons of John Parsons and Reuben Dade of this place.

It seems that these two, with another companion named Allen, rowed to the island in a wherry, and landed. While there, young Parsons went to look after some sheep which his father kept on the island, and then the company returned to the boat and were rowing away from the island, when they discovered that a blind or door of the barn, where the sheep were kept, was left open. They immediately rowed back to the island, and after landing Allen for the purpose of closing the barn, the two in the boat saw a bird on the flats a little distance from the island, and rowed out towards it to get a shot at it; and while in the vicinity of their game the boat was brought side to a heavy sea, for it was quite rough at the time, and the boat was upset. Parsons swam towards the island, while Dade got upon the bottom of the boat and was vainly endeavoring to get ashore. Persons stopped short of the island on some flats where he could touch bottom, and saw the perilous condition of his companion still clinging to the boat. While resting a moment Allen called out from the island for him to swim ashore; but he answered, "No; I shan't leave Charley," and immediately swam back to the boat. They were both excellent swimmers—They both together tried to get the boat ashore, but having by this time been in the cold sea so long they had unconsciously got so chilled that they could neither secure the boat or get ashore themselves, and the last seen of them, *they took hold of hands and went down together.*

It seems they attempted to secure the boat, which belonged to another party, and thus two valuable lives were periled and lost.

There is reason to believe that the perpetrator of the double murder of the two children, Isabella N. and John Joice, in Bussey's Woods, West Roxbury, has been discovered. The narrative of the efforts leading to his detection is most thrilling and startling, and displays a character remarkably hardened and villanous in the guilty wretch.

He is a Spaniard by birth, 27 years of age. He was the adopted son of Aaron Dodge of Hamilton, Mass. He had taken the name of Charles Aaron Dodge.

U. S. SENATE.—The Navy Department knows nothing of the anticipated release of Raphael Semmes, of the pirate Alabama notoriety. Neither the Secretary nor his Assistant are at all willing that the indictments of the redoubtable rebel captain should be quashed without even bringing him before a court.

A number of the former officers of the Kearsarge have received orders to hold themselves in readiness to attend the Semmes court martial at Washington.

The Great State Military Ball in Boston, for the benefit of the soldiers who responded to their country's call, came off on Monday evening the 5th. There were judged to be present about 1000 couple—the avails about $15,000. "This sum," says the Journal account of proceedings and splendid displays, "will, of course, *defray the expenses, and probably* have a surplus for the object! The economy of expenditure, in view of so deserving an object, appears to have been lost sight of, in the most gorgeous and expensive displays. The music was very fine, as it should be with no less than "112 Instrumentalists — band and orchestra combined."

SUFFERERS

From Dyspepsia

READ! REFLECT!! ACT!!!

TARRANT & CO

Gentlemen, I am a resident of Curacoa, and have often been exposed to write to you concerning the real value of your SELTZER APERIENT as a remedy for indigestion and dyspepsia. I desire to express to you my sincere gratitude for the great benefit the SELTZER has done my wife.

For four or five years my wife has been sadly afflicted with Dyspepsia, and after being under the treatment of several Doctors for two or three years, she was finally induced to seek the advice of a learned Physician, Doctor Cabialis, of Venezuela, who immediately treated her with your EFFERESCENT SELTZER APERIENT. She began to improve at once and is now PERFECTLY WELL.

I feel it to be my duty for the good of humanity to make this statement, feeling that a medicine so valuable should be widely known.

I trusting that you will give this publicity, and repeating my earnest gratitude and thanks,

I am very respectfully yours,
S. D. C. HENRIQUEZ,
Merchant, Curacoa, S. A,

New York, June 28th, 1865.

WE ASK

The suffering millions in our land to give this remedy a trial, convinced that by its timely use many may be relieved, many cured.

Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Dizziness, Indigestion, Piles, Costiveness, Bilious Attacks, Liver Complaints, Rhematic Affections, &c.

Read the Pamphlet of Testimonials with each bottle, and try the medicine against the advice of your Physician.

AMERICAN AND FOREIGN PATENTS.

R. H. EDDY,

Solicitor of Patents,

Late Agent of the U. S. Patent Office, Washington, under the Act of 1837,

78 State Street, opposite Kilby Street, BOSTON.

After an extensively practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished for twenty Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND EXPERIENCE, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the claims of patentees more ably prosecuted.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a very extensive collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessary of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."

CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."

EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part, I deem it necessary for all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART

During eight months, the subscriber, in course of his legal practice, made on their behalf application SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.

CHEROKEE CURE,

THE GREAT

INDIAN MEDICINE,

Cures all diseases caused by Mercury, viz: *Rheumatism, Sciatica, Sarcocele, Seminal - Weakness, Night - Emissions, Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Pale Countenance, Insanity, Consumption* and all diseases that follow as a sequence of youthful indiscretions.

The Cherokee Cure will restore health and vigor, stop the emissions, and effect a permanent cure after all other medicines have failed. Thirty-two page pamphlet sent in a sealed envelope, free to any address.

Price $3 per bottle, or three bottles for $8. Sold by all druggists; or will be sent by express to any portion of the world, on receipt of price, by the sole proprietor.

Dr. W. R. MERWIN, 37 Walker St., N. Y.

Cherokee Remedy,

Cures all Urinary Complaints, viz: *Gravel, Inflammation of the Bladder and Kidneys, Retention of Urine, Strictures of the Urethra, Dropsical Swellings, Brick Dust Deposits,* and all diseases that require a diuretic, and when used in conjunction with the

CHEROKEE INJECTION,

does not fail to cure *Gonorrhea, Gleet and all Mucous Discharges* in Male or Female, curing *recent cases in from one to three days*, and is especially recommended in those *cases of Four Abuse or Whites in Females.* The two medicines used in conjunction will not fail to remove this disagreeable complaint, and in those cases where other medicines have been used without success.

Price, Remedy, One Bottle, $2, Three Bottles, $5.
" Injection, " $2, " " $5.

The Cherokee "*Cure*" "*Remedy*," and "*Injection*" may be found in all well regulated drug stores, and are recommended by physicians and druggists all over the world, for their intrinsic worth and merit. Any respectable dealer, however, try to deceive their customers, by selling cheap and worthless compounds,—in order to make money—in place of these. *Be not deceived!* If the druggists will not buy them for you, write to us, and we will send them to you by express, securely packed and free from observation. We treat all cases to which the human system is subject, and will be pleased to receive full and explicit statements from those who have fallen victims to relief heretofore. Ladies or gentlemen can address us in *perfect confidence.* We desire to send our thirty-two page pamphlet free to every lady and gentleman in the land. Address all letters for pamphlets, medicines, or advice, to the sole proprietor,

Dr. W. R. MERWIN, 37 Walker St., N. Y.

HIGHLY IMPORTANT

TO

UNFORTUNATE FEMALES!

DR. BRISCOE'S FEMALE DROPS are unsurpassed by virtue and efficacy in curing all complaints, of whatever nature, incident to females. He continues, with his usual success, to medically and surgically remove Obstructions, Engorgements, Leucorrhœa, Whites, General Debility, &c., and Suppressions of all kinds; also cures diseases of the Lungs, Liver, Kidneys, Spleen, Bladder, &c.

His medicines will be sent to any part of the country by express or mail; addressed by a communication stating particulars, will receive prompt attention.

Office, No. 23 Endicott street.

Persons at a distance can consult Dr. BRISCOE, by letter, describing the case, and have the medicines securely put up, and forwarded to any part of the United States, with full directions for use. Office arranged with separate apartments, so that attendants see none but the Doctor himself.

Address Dr. BRISCOE, at No. 23 Endicott St., Boston, Mass., stating symptoms. All communications are confidential.

Patients furnished with rooms and board if desired, and secresy observed in every case.

Office hours from 8 A. M. to 9 P. M.

Boston, July 15, 1865. ThSly

DR. M. BRISCOE still continues his successful treatment of all Private Diseases and also female complaints at his old established office, No. 23 Endicott street.

N. B.—The sick and afflicted will do well to give him a call. A short consultation will cost you nothing, but a word of friendly advice may save you years of suffering.

P. S.—Ladies who wish to stay in the city under my care a few days, can be furnished with kind nurses. Charges moderate.

GEN. BUTLER AND THE NEW ORLEANS GOLD.—The statements that have been going the rounds of the Copperhead press that Maj. Gen. Butler had been obliged to deliver over to Smith & Co., of New Orleans, the sum of $80,000 in gold, seized by him while in command of the Department of the Gulf, together with interest, poundage, Sheriff's fees and costs, are untrue. The facts are briefly these:

About three weeks since, ex Judge Pierpont, counsel for the plaintiffs, wrote the General that his clients were satisfied that he (the General) had reasonable grounds for making the seizure, was fully justified in his course, and that if he would satisfy them that the gold had not been sold or speculated with, but had been religiously held intact, and deliver it to them, they would receipt therefor in full, make no demand for interests or costs, and pay his counsel fees. Gen. Butler replied that as he was now a citizen, and had for three years held this money subject to the order of the Government, who had never made a decision in the matter, he should accept their offer. Accompanying their letter he sent proof of the fact that the money was, and had been since its seizure, in a bank of Boston. This proving satisfactory to the plaintiffs, an order was forwarded to the bank to turn over the money to them, and full receipts were exchanged. Not a dollar more than the exact sum seized was either asked or given.—*Exch.*

A DROLL POSTMASTER.—In the days of Andrew Jackson, his Postmaster-General, Amos Kendall, wanting to know whereabouts was the source of the Tombigbee river, wrote for the required information to the postmaster of a village on its course. "Sir," wrote the higher officer to the lower, "this department desires to know how far the the Tombigbee river runs up. Respectfully, &c." The reply was brief and read thus: "Sir, the Tombigbee river doesn't run up at all; it runs down. Very respectfully, &c." The Postmaster General continued the correspondence in this style: "Sir, your appointment as postmaster at ——— is revoked. You will turn over the funds, papers, &c., pertaining to your office to your successor. Respectfully, &c." The droll understripper closed the correspondence with this parting shot: "Sir, the revenues for this office for the quarter ending Sept. 30, have been 95 cents; its expenditures same period, for tallow candles and twine, were $1.05. I trust my successor is entrusted to adjust the balance due me. Most respectfully."

— When was Ruth very rude to Boaz? When she pulled his *ears* and trod on his *corn*.

TO THE LADIES.
Miss GUILD offers to the public her superior Crystal Palace Chart for CUTTING DRESSES, which is conceded by competent judges to surpass any invention of the kind ever offered to the American public. She feels fully warranted in saying that it is as perfect a fit as human ingenuity can render it, and should be in the possession of every lady. It is simple, easy, and graceful, adapted to fit every form and size, from little girls of seven years to the largest adults—directions printed in full on every Chart. None genuine unless the Crystal Palace is engraved on it, and the address of the inventress printed. Copyright secured, and no infringement allowed.
Agents are wanted in every part of the country. This Chart will be sent to any person on receipt of $2 addressed to
MISS LUCY GUILD, Rupert, Vt.
Ladies wishing a tape measure must inclose 15 cents extra.
Miss Guild warns people from buying, selling or using a chart called the National Chart by Miss Jane Eddy, Nashua, N. H., as it is an infringement of her copyright. Any person printing, selling or using the counterfeit chart will be prosecuted according to law. One Albert J. Warden has been extensively engaged in selling the counterfeit chart, and is supposed to be the perpetrator of the forgery. Any information leading to his arrest will be liberally rewarded.

VINELAND
FARM AND FRUIT LANDS,
In a mild and healthful climate. Thirty miles *south* of Philadelphia by Railroad, in New Jersey, on the same line of latitude as Philadelphia. The soil is rich and *productive*, varying from a clay to a sandy loam, suitable for Wheat, Grass Corn, Tobacco, Fruits and Vegetables. This is a *great fruit country*. Five hundred Vineyards and Orchards have been planted out by experienced fruit-growers. Grapes, Peaches, Pears, &c., produce immense profits. Vineland is already one of the most beautiful places in the United States. The entire territory, consisting of fifty square miles of land, is laid out upon a general system of improvements. The land is only sold to actual settlers with provision for public adornment. The place, on account of its great beauty, as well as other advantages, has become *the resort of people of taste*. It has increased five thousand people within the past three years. Churches, Public Schools, Academies, societies of Art and Learning, and other elements of refinement and culture have been introduced. Hundreds of people are constantly settling. Hundreds of new houses are being constructed. Price of Farm land, twenty acre lots and upward, $25 per acre. Five and ten acre and Village lots for sale.
Fruits and Vegetables ripen earlier in this district than in any other locality north of Norfolk, Va. Improved places for sale.
Opening for all kinds of business. Lumber Yard, Manufactories, Stores, Shops, Saw Mills, and Steam Power, with room, can be rented.
For persons who desire mild winters, a healthful climate, and a good soil, in a country that is fully improved, abounding in fruits, and possessing all other social privileges, in the heart of civilization, it is worthy of a visit.
Letters answered, and the Vineland Rural, a paper giving full information, and containing Report of Agriculture, Specimen Copy, sent free. Address CHAS. K. LANDIS, Vineland P. O., Landis Township, New Jersey.
From Report of Solon Robinson, Agricultural Editor of The Tribune: *It is one of the most extensive fertile tracts, in an almost level position and suitable condition for pleasant farming that we know of this side of the Western Prairies.* nl—dawôm.

THE LIGHT OF THE WORLD.
DR. MAGGIEL'S
PILLS AND SALVE
These Life-giving remedies are now, for the first time, given publicly to the world. For over a quarter of a century of private practice the ingredients in these

Life-giving Pills!
Have been used with the greatest success. Their mission is not only to prevent disease, but to cure. They search out the various maladies by which the patient is suffering, and restore to the failing system. To the aged and infirm a few doses of these valuable PILLS will prove to be

A Very Fountain of Youth,
For in every case they add new life and vitality, and restore the waning energies to their pristine state. To the young and middle-aged, they will prove most invaluable, as a ready, specific, and sterling medicine. Here is a dream realized, that Ponce-de-Leon sought for three hundred years ago, and never found. He looked for a fountain that would restore the old to youth and make youth ever

AN ETERNAL SPRING!
It was left for this day and hour to realize the dream, and show, in one glorious fact, the magic that made it fair.

These Famous Remedies
Cannot stay the flight of years, but they can force back and hold aloof, diseases that might triumph over the aged and the young. Let none hesitate then, but seize the favorable opportunity that offers. When taken as prescribed—

FOR BILIOUS DISORDERS
Nothing can be more productive of cure, than these Pills. Their almost magic influence is felt at once; and the usual concomitants of this most distressing disease are removed. These remedies are much the best

VEGETABLE COMPOUNDS.
They will not harm the most delicate female, and can be given with good effect in prescribed doses to the youngest babe.

For Cutaneous Disorders
And all eruptions of the skin, the SALVE is most invaluable. It does not heal externally alone, but penetrates with the most searching effects to the very root of the evil.

TUESDAY, MARCH 13, 1866.

SIFTING AND SEPARATION.—The Boston Recorder informs us that the *Bibliotheca Sacra* for January contains an article by Prof. Phelps of Andover, entitled "Conversion—its Nature." And the Recorder criticises and severely condemns Prof. P's peculiar views, in an editorial of two columns, besides extracts. It quotes Prof. P., as saying:

"The idea of character is advanced upon the idea of nature. Character in a soul, conceived of as an effect of God's working, is a more sublime product than the make of that soul. Do you conceive of moral character as a something in the constitution of a soul, like the grain of a piece of wood? By such a conception you abuse the soul itself, for the purpose of moral government, to a level with a piece of wood. Do you define to yourself depravity as a viciousness ingrained in the very build of a spirit, like the gnarl of an oak? By such a definition you precipitate the spirit itself, for the ends of moral government, to a level with the gnarl of an oak. * * * Is it then, to be supposed that such conceptions as these underlie the scriptural emblems of that change which a sinner needs to render him an object of God's complacency?

The necessity of creating a character is the most transcendent privilege, and at the same time the most appalling peril, of a moral being. * * * Character, in the ultimate conception of it as a moral phenomenon, is unique. It is not a metal; it is not a mind. It has laws of its own. Its laws are but the expression of the human mind which creates it. * * * Matter and mind are God's creation. Human character is man's creation. The creative power is as absolute in the one case as in the other."

On this, among many other comments, the Recorder remarks:

"Were such a view to prevail, the effect would be most disastrous to revivals and to our churches, rendering another dreadful sifting and separation inevitable at no very distant day, and hence our great sorrow and protest."

Reference here is undoubtedly made, looking *back*, to the *sifting* out of the Unitarians through the bottom of the Congregational Sieve, while the Trinitarians remained safely inside;—and a like reference is made, looking *forward*, to another dreadful but inexorable *sifting*, when Professor Phelps and Andover Institution, being first pulverized by the critics, are also to be sifted out through the bottom, like the small dust of the balance.

The Recorder says, toward the close of the article:

"We have no unfriendly feeling towards Andover. We recall, with ardent gratitude to God, the early history of that institution; the noble Christian liberality which founded it; the bright names which have adorned its annals. With similar gratitude we recognize the happy influence it has exerted on the church, and on the world. We can not but feel *prefound regret*, however, at some of the utterances which are there heard on themes of Christian *doctrine*. May we not hope that those who enjoy the privileges of that 'hill of Zion' will 'take heed what they hear.' Let them not receive without due examination, whatever representations may be made to them touching the doctrinal views of our olden divines. Let them read Edwards and kindred writers for themselves. Let them not be greatly moved by any words of disparagement, in reference to what is sometimes called, slightingly, 'the Old Divinity.'"

We do not question the orthodoxy of either party;—but it is manifest that Andover and the Recorder do not *agree* in doctrine: there is heresy, and there may be schism, tho' we think not. Both agreed to the *old* platform *for substance*, at the Boston Convention,—but *if* that Convention had made or tried to make a new platform, probably the members that composed it would have made half a dozen. Under that general assent, there was a variety of views; exactly in the same way as the Bishops, Presbyters and members of the English Church believe and preach variously, but all assent to the 39 articles, and all read the same service.

THE AMERICAN LECTURESHIP.—In the debate at Cambridge, England, on the proposition of Mr. H. Y. Thompson to establish a Lectureship on American History, the Professor to be selected by the Faculty of Harvard College, strong opposition was manifested to the project by leading men, and fears expressed that democratic ideas would be expressed, to the injury of those attending the lectures. The subject occupied great attention in the University at Cambridge, and pamphlets deprecating the acceptance of Mr. Thompson's offer were issued. When the vote was taken, the proposition was rejected, the members of the Senate of the different Colleges preferring to remain unenlightened upon the progress making in the United States.

— A gentleman sent to the Treasury Department, Thursday, a large bundle of partially burned treasury notes for redemption. They were given to one of the lady clerks to separate and paste upon sheets so as to determine their total value. The lady succeeded in reproducing nearly $2000 more than the anxious owner had been able to do, and he evinced his appreciation of her skillful dissection by the presentation of $100.

☞ The following item, it would seem, might open the eyes of all sober thinking men, and indeed of all except the wilfully blind:

Mr. Vallandigham made a speech at Dayton, Ohio, Saturday night, 3d, in praise of President Johnson. He said he had "a slight suspicion that just now a political draft on the White House bearing his (Mr. V.'s) name, would be as readily honored as one bearing the name of Stevens, Sumner or Schenck." Of the President's talk of the 22d, he said it was a most timely speech, showing not only that he "meant to fight the infernal Thugs who have arrayed themselves against his policy," but that "he was one of the half dozen men in the United States who understand that the devil of fanaticism is to be fought with fire." He had a firm hope that the President would go on as he had begun; and if he would only reorganize his Cabinet, he should feel sure of it.

A TRAGEDY IN INDIANA.—The Indianapolis Herald gives the particulars of a fearful tragedy which recently took place in Bedford, Indiana. A Professor Evans had betrayed the daughter of Dr. Newland, and after some time the daughter had confessed her condition to her father, revealing at the same time the author of her dishonor. The frenzied father armed himself with a revolver and knife, and meeting Evans on the street, shot him. Evans fell to the earth and began to implore Newland to spare him, but the latter plunged his long knife into the neck of his victim, almost severing the head from the body, and then stabbed him repeatedly. Prof. Evans was a minister of the Christian Church, and at one time enjoyed a position of considerable eminence. He was once a Professor in the Northwestern Christian University. This was not his only offence of the kind.

— Dan Duncan, a landlord in Indianapolis, called on a poor tenant to collect his rent. He found the poor woman toiling at the wash tub, with the evidences of destitution all around her. Duncan took a look around, and concluded he didn't want to collect rent as bad as he thought he did. He gave the woman a receipt for the two months due, and two months in advance, and then calling on some friends, rent her a load of provisions to see her through the winter. Will not some other landlords emulate Duncan's example?

— During the late gales off the Cornish coast, the lighthouse in course of erection on the dangerous point known as Wolf Rock, was leveled with the crag on which it stood. Every stone in it weighed three tons, and was secured by immense iron let in with molten lead; yet not one stone now stands upon another.

— The John T. Monroe, who has been nominated by the Democrats for Mayor of New Orleans, is the man who held that office when Gen. Butler took possession of the city and displaced him. Putting him back again is, we suppose, in accordance with traitors' ideas of reconstruction.

—— A family of five persons resided upon a farm in Derry, for a period of fifty-three years, during which time there was neither a birth, death or marriage in the family. Neither did they during that time put a letter into the post office, take one out, or take a newspaper.

— An interesting paper recently read before the French Academy of Medicine, shows that impediments in speech are very often caused by the adhesion of certain portions of the front of the brain to the skull.

— The amount allowed to Mr. Peterson, the owner of the house where Mr. Lincoln died, for damage to his house, furniture, &c., was $2[illegible]3.50, and not $22,350, as reported by telegraph.

— The National Intelligencer learns that the expediency is seriously discussed in official circles of allowing the payment of ten per cent. of the duties on imports in "greenbacks," and ninety per cent. in gold.

— The man who has but one virtue of charity is very much like the hen that has but one chicken. The solitary chicken calls forth an amount of clucking and scratching that a whole brood seldom causes.

— The Arlington estate, the late property of Robert E. Lee, which was sold for taxes and purchased by Government, is to be divided into 5-acre lots and rented to freedmen.

— Ex-President Buchanan is said to spend most of his time telling stories about the grandeur of his administration. The "old public functionary" is evidently in his anecdotage.

— A field of wheat buried under an avalanche in Switzerland for 25 years, proceeded on its growth as soon as the snow had melted.

— The Charleston Courier says there is not the least cause for apprehension about the crops, either in Georgia or North Carolina.

— The Georgia Senate has passed a bill giving to the freedmen all the rights in the courts enjoyed by white men.

— Michael Brogan, a porter, was found dead in his bed recently, in Liverpool, after drinking 20 pints of ale.

☞ The Canadian blockade runners, who did so much to keep the Confederacy alive during the late rebellion, are growling fearfully over Fenianism in this country, and declaring that its encouragement is a poor repayment of the friendly government action toward this country during the late war! It is somewhat remarkable that the Canadian organs which were loudest in their sympathy with the rebels, are the most noisy against our alleged encouragement of Fenian designs against Canada—an allegation which is perfectly gratuitous. Many who can look on the state of affairs in Canada in its true aspect declare that the whole excitement and rushing to and fro of armed men there, at every foundationless rumor of invasion, has been got up, carefully, in order to favor the confederation of the Provinces, which the government has not been able to bring about when the people were not under false excitement.

IN CONGRESS, Saturday, March 10, the House went into Committee of the Whole.

Mr. Orth spoke in defence of Congress and against the President's policy.

Mr. Stevens made a humorous speech, in which he denied that the President made a speech on the 22d ult., alleging it must have been a Copperhead hoax.

During the speech of Mr. Stevens he was several times interrupted by questions from Messrs. Rice of Iowa, Winfield of New York, and Niblack of Indiana, which, with the replies of Stevens, caused much laughter. Stevens professed high personal regard for the president, and exhibited in his speech some fine points of good nature, wit and irony.

NEW YORK ITEMS, 10th.—$200,000 reward is offered for the detection of the thief who stole the million and a half dollars to-day from Lord's banking house.

Some thirty distilleries in this city and vicinity were seized yesterday and to-day by the revenue officers for alleged violation of the revenue act. One of the officers, named Cummings, while inspecting the premises of one of them, fell into a vat and was drowned.

Chas. Foster, proprietor of a brewery in Brooklyn, had his skull smashed yesterday by his foreman. The latter was arrested.

The Legislature to-day voted down the resolution favoring the eight hour labor movement.

— A young lady affianced to an ardent youth in Bridgeport refused to fix the happy day, and her lover made up a surprise party for her, got up tableaux, and persuaded Miss Indecision to help him represent a marriage. She did, and found the knot securely tied. She says now she is glad of it.

—— Eldad Granger died at Alstead on the 2d inst, wanting only fifteen days of being 100 years old. He voted for every President from George Washington to Abraham Lincoln.

GOLD, Monday, 131 3-4.

— The manufacturers of the J. Monroe Taylor Gold Medal Soap have signally succeeded in placing that valuable article foremost of all the soaps in existence, and we congratulate them upon the eminent success which has already crowned their efforts. It should be in every household from the Atlantic to the Pacific. It is indispensably necessary for the comfort, pleasure, and happiness of every family in the land, and the mitigation of a very heavy burden upon womankind; try it and you will ever buy it. Depot 112 Liberty St., New York. 38

Light! Light! Light!

PHOTOLEUM.

This is a new discovery, the product of Petroleum, and affords the very best light of this enlightened age, has been thoroughly tested, and is offered with confidence as the most *brilliant, safe* and cheapest illuminating oil ever before the public, giving a *soft, steady* and *brilliant* flame, surpassing even gas-light for reading and leaving all other oils far out of sight. It needs but a trial to convince the most skeptical of its superiority. *Photoleum* emits no sickening odor when burning, even with the smallest flame, rendering it invaluable in a sick room, neither does it char the wick or smoke the chimney, so that once trimming will suffice for a week or more. Photoleum produces a flame that does not *diminish*, but continues the same until every drop of oil is consumed. Therefore, very economical for lighting churches, railroad and horse cars, manufactories and public buildings. The public are invited to call and examine.

Manufactured and for sale by the AMERICAN PROFOLEUM COMPANY. Office at C. F. WYMAN & Co.'s, 37 Water Street, Boston.

☞ For sale in Portsmouth by BAILEY & GLINES, 72 State St., at wholesale and retail.

Lyon's Periodical Drops!

THE GREAT FEMALE REMEDY FOR IRREGULARITIES.

These Drops are a scientifically compounded fluid preparation, and better than any Pills, Powders or Nostrums. Being liquid, their action is direct and positive, rendering them a reliable, speedy and certain specific for the cure of all obstructions and suppressions of nature. Their popularity is indicated by the fact that over 100,000 bottles are annually sold, and constantly by the ladies of the United States, every one of whom speak in the strongest terms of praise of their great merits. They are rapidly taking the place of every other Female Remedy, and are considered by all who know aught of them, as the surest, safest and most infallible preparation in the world, for the cure of all female complaints, the removal of all obstructions of nature, and the promotion of health, regularity and strength. Explicit directions stating when they may be used, and explaining when and why they should not, are could not be used without producing effects contrary to nature's chosen laws, will be found carefully folded around each bottle, with the written signature of JOHN L. LYON, without which none are genuine. **Price $1.50.**

Prepared by Dr. JOHN L. LYON, 195 Chapel Street, New Haven, Conn., who can be consulted either personally or by mail, (inclosing stamp,) concerning all private diseases and female weaknesses. **Price $1.50 per bottle.**

Perry's Moth and Freckle Lotion.

☞ Chloasma, or Mothpatch, (also called Liverspot,) and Lentigo, or Freckles, are often very annoying, particularly to ladies of light complexion, for the discolored spots show more plainly on the face of a blonde than of a brunette; but they greatly mar the beauty of either and any preparation that will effectually remove them, without injuring the texture of the skin, is certainly a desideratum. DR. B. C. PERRY, who has made diseases of the skin a speciality, has discovered a remedy for these discolorations, which is at once prompt, infallible and harmless.

Prepared by B. C. PERRY, Dermatologist, No. 49 Bond street, New York, and for sale by all druggists; price $2 per bottle. Call for PERRY'S MOTH & FRECKLE LOTION.

Local.

THE ELECTION for State and County officers, and for Senators and Representatives in the General Court of New Hampshire, takes place to-day. The polls open at 10 o'clock, in this city, and voting commences without delay. The election is to be contested on National grounds, and every effort possible will be put forth, by those who declared the war a failure, to regain the power which they lost a few years ago by their alliance with the rebellious slave power. Their success would be a calamity, which faithful and loyal men should endeavor to avert, by a full vote put into the boxes at an early hour, for Governor Smyth and the whole ticket headed by him.

PERSONAL.—U. S. Senator Clark, Hon. E. H. Rollins and Hon. J. W. Patterson have returned from Washington to deposit their ballots in favor of the Union. E. A. Rollins, Commissioner of Internal Revenue, passed through here yesterday, en route from Washington to Great Falls, for the same purpose. Hon. Thos. L. Tullock is also here. Senator Cragin and Gen. Marston remain in Washington.

— The President told an official on Saturday that the assessment of clerks for political purposes, and their going to New Hampshire to vote, thereby neglecting their duties at Washington, was contrary to his views. He said an order prohibiting it at the Portsmouth (N. H.) Navy Yard had been issued.—*Boston Herald.*

Prohibiting what? Surely not prohibiting Clerks on the Portsmouth Navy Yard from going *home* to Portsmouth to vote. That is their business—not his:—but the whole story sounds fishy.

☞ We think there never was so valuable a House and Furniture sold by Auction in this city, as that announced for sale on Wednesday by Mr. Wendell—the property of Capt. Henry Libbey, who is breaking up housekeeping. The house, as is well known, was built by Mr. James Moses, one of our best architects, but a few years ago; and was designed for his own occupancy, and of course was constructed and finished in a very thorough manner.

And Capt. Libbey has also greatly improved it—by putting in a Magee Furnace, finishing off a large attic chamber, inserting closets, and a hundred of those little nameless improvements which cost so much money, and go to make home all the more attractive. This is one of the most eligible and desirable residences in the city; the lot is of good size; and the premises, outside and in, are in excellent condition, all ready to occupy.

All the elegant and substantial Furniture in the House—a few of the chief articles of which are named in the advertisement—are also to be sold. There is a great supply of all kinds of furnishings needed for housekeeping—and all of prime quality, and in complete order. It will be observed that the premises are to be open to-day for inspection.

ANOTHER DESERTER.—Thomas Parker deserted from the Vandalia, April 1st, '65, leaving eight hundred dollars on board the vessel in the Paymaster's hands. He was arrested yesterday (Monday) in the cars at Hampton, by Marshal Kent and Officer Johnson. He was on his way to this city to ship in a schooner now lying at the North End. He was at once returned to the Vandalia.

For the Chronicle.

PANTECNATHECA.—The steady increase of patronage to this truly excellent exhibition has induced the proprietor to remain at the Temple two nights longer, Tuesday & Wednesday. The lovers of the fine arts will find plenty here to admire; combining as the Pantecnatheca does, a series of views of both the old and new world, it cannot fail to please all. The scenes are portrayed in a skilfull and artistic manner, and the effects are exceedingly well produced. The White Mountains of New Hampshire are true to nature, as also are the views of Niagara Falls. The views in the Mammouth Cave are georgeous and sublime, yet we cannot doubt but they are as true to nature as they are meritorious as works of art.

The voyage across the Atlantic ocean from New York to Liverpool, is a good feature of this exhibition, introducing as it does a variety of marine views,—sunrises, sun-sets, and a dioramic effect of the moon rising from the sea, showing the ripple upon the water in a manner mocking reality. The storm at sea is produced, accompanied by all its characteristic phenomena. The exhibition closes with views of the Swiss Alps and the ascent of Mont Blanc, introducing some very thrilling scenes.

The whole exhibition is well gotten up, and placed before the people in a very acceptable manner, and cannot fail to please and instruct all classes.

In addition to the paintings there is another feature of this exhibition—that which the manager takes to advertise it. He selects nightly from his audience one hundred advertisers, and pays them very liberally with beautiful presents, such as family bibles, photograph albums, silver ware, &c. The exhibition is well worth the time and money it costs to see it, and should you be selected to become an advertiser, you will get a handsome present. The *Pantecnatheca* man advertises for to-night, a splendid silver ice pitcher, a large family bible, a beautiful photograph album, and one hundred smaller presents. Remember to-morrow is the last chance; one word more, go.

1td*

☞ The Masonic Procession at Capt. Daniel Fernald's funeral on Sunday, was well ordered and prompt, as usual, and with the music of the Portsmouth Cornet Band, formed an imposing and solemn pageant. As Capt. F. was an Old South Parishioner, the Religious Services were performed in the Stone Church, by Rev. Nath'l S. Folsom, who made impressive remarks suitable to the occasion, rendered perhaps the more apposite by the fact that he was in the place providentially, being called here by the illness of his aged father, who has since died, and occupying for the time the pulpit of Rev. Mr. DeNormandie, who is absent on a similar visit of filial piety in a distant State.

PORTLAND & ROCHESTER RAILROAD.—Col. Clapp of Portland was in Rochester the first of the week, looking after the interests of this new road. He is one of the directors and largest owners in the corporation. We understand that it is the present intention of the owners to extend the road from Saco river and Alfred to Rochester by next Fall. Arrangements are now being made to commence work as soon as the frost is out of the ground. An act has just passed the Legislature of Maine empowering the city of Portland to subscribe to $300,000 of the stock, and there is every prospect that the city will do so. But whether it does or does not, the road will be built through to Rochester. Its further extension to Nashua, forming a direct route to New York, will then depend somewhat upon the encouragement it receives along the route. As it will greatly add to the material prosperity of Rochester, we trust our leading men will give it material encouragement.—*Rochester Cour.*

Important.

DR. STEVENS, No 5 Daniel Street, would give notice that he has reduced the price of Permanent Sets of ARTIFICIAL TEETH on the Vulcanite Base, to that charged for them before the war.

He would also give notice that he is doing a new style of work for Under Sets of Teeth, called the COMBINATION BASE (Gold and Vulcanite) which produces by far the finest work offered to the public. The price is something in advance of that charged for the Vulcanite alone, but the strength, durability, ease of bearing, and beauty of finish obtained by it, more than double the Teeth. mh12

OF NEW YORK.

F. S. WINSTON, President.

Cash Assets Feb. 1st, 1865, OVER	$14,500,000
Current Income past Year, over	4,000,000

A policy issued in 1843 to a gentleman for $10,000 on the life plan, his age being 40, paid yearly $320. Up to this time, February 1st, he has paid 23 payments, amounting in all to $7,360. In case of his death his policy stands as follows:

Original Policy,	10,000
Dividends added 20 years,	8,088 70
Making the present value of his policy in case of his death,	$18,088 70
Dividend Additions,	$8,088.70
Whole Amount Paid,	7,360.00
Am't added more than paid in,	728.70

For the last three years his annual cash dividend has been $432, while his payment was only $320 a year, showing an actual nett earning on his yearly payment of 135 per cent.

We Challenge any other Company to show equal Success on a Policy of the same kind.

— A retiring Western editor says that "all is vanity." From the hour he started his paper to the present time, he has been solicited to lie upon every given subject, and can't remember ever having told a wholesome truth without diminishing his subscription list or making an enemy. Under these circumstances of trial, and having a thorough contempt for himself, he retires in order to recruit his moral constitution.

— A verdant couple, married by the Mayor of Terre Haute, Ind., after spending about four months of honey moon, or rather vinegar moon, came and very innocently asked to have the knot untied.

— The town of Gray, Me., has paid off its war debt, and has about $3000 in the treasury. The assessment for the purpose was about 9 per cent., but the patriotic people answered the demand bravely.

— The Ellsworth Journal says that a distinct shock of an earthquake was felt in that place Friday, 21 inst. 'Twould take more than an earthquake to awaken some of our citizens to a knowledge of their municipal wants.

—DEALERS IN—

S. Vance's Submerged Well PUMP.

This unsurpassable invention, now being first introduced, will, it is believed, supersede all other Well Pumps now in use.

ITS ADVANTAGES.

First, SIMPLICITY.—This Pump is composed of but three parts, and is so simple in its construction that any one can easily put it together.

Second, DURABILITY.—Its peculiar construction, and the fact that it is always submerged combine to make it the most durable of all Pumps yet invented.

Third, NEVER FREEZES.—The valves are so constructed that, when not in motion, they allow all the water above to pass down into the well, and thus prevent freezing.

Fourth, POWER.—For the amount of power applied, this Pump excels anything known. It throws one-third part more water than ordinary pumps, and works so easily that even a child can pump without fatigue. It is in this way the greatest labor-saving pump now offered to the public.

Fifth, IT IS INVALUABLE.—For a well pump it is invaluable, as all the iron which is submerged consists of but three small pieces, and these galvanized. It can in no way corrode, consequently it brings up pure water at every stroke.

Sixth, CHEAPNESS.—This Pump is so made that it costs but a trifle, and is warranted to keep in good repair for years. No repairs at all are needed, it is very light, and thus the cost of transportation is very small.

☞ Manufactured by S. VANCE & CO., No. 81 Liberty Street, Newburyport, and for sale in Portsmouth by the Sole Agents for N. H.,

ISRAEL MARDEN & CO.,

☞ We are permitted to refer to Mr. MONROE HOLMES and to Mr. FRANK W. MILLER of the Daily Chronicle, who have these new Pumps in use on their premises,—for testimony to their excellence.

SUFFERERS

From Dyspepsia

READ! REFLECT!! ACT!!!

TARRANT & CO

Gentlemen, I am a resident of Curacoa, and have often been disposed to write to you concerning the real value of your SELTZER APERIENT as a remedy for indigestion and dyspepsia. I desire to express to you my sincere gratitude for the great benefit the SELTZER has done my wife.

For four or five years my wife has been sadly afflicted with Dyspepsia, and after being under the treatment of several Doctors for two or three years, she was finally induced to seek the advice of a learned Physician, Doctor Cabialis, of Venezuela, who immediately treated her with your EFFERVESCENT SELTZER APERIENT. She began to improve at once and is now PERFECTLY WELL.

I feel it to be my duty for the good of humanity to make this statement, feeling that a medicine so valuable should be widely known.

Trusting that you will give this publicity, and repeating my earnest gratitude and thanks,

I am very respectfully yours,
D. C. HENRIQUEZ,
Merchant, Curacoa, S. A,

New York, June 28th, 1865.

WE ASK

The suffering millions in our land to give this remedy a trial, convinced that by its timely use many may be relieved, many cured of

Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Dizziness, Indigestion, Piles, Costiveness, Bilious Attacks, Liver Complaints, Rheumatic Affections, &c.

Read the Pamphlet of Testimonials with each bottle, and do not use the medicine against the advice of your Physician.

AMERICAN AND FOREIGN PATENTS.

R. H. EDDY,

Solicitor of Patents,

Late Agent of the U. S. Patent Office, Washington, under the Act of 1857,

78 State Street, opposite Kilby Street,

BOSTON, MASS.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for obtaining patents not possessed by the majority of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below will prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that the testimonials below are not the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

He has also a large private library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."

CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."

EDMUND BURKE,
Late Commissioner of Patents

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is now *pending*. Such unmistakable evidence of great skill and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges.

JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Board of Commissioners.

R. H. EDDY.

CHEROKEE CURE,

THE GREAT

INDIAN MEDICINE,

Cures all diseases caused by self-abuse, viz:—*Spermatorrhœa, Seminal Weakness, Night-Emissions, Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Pale Countenance, Hopelessness, Consumption*, and all diseases that follow as a sequence of youthful indiscretions.

The Cherokee Cure will restore health and vigor, stop the emissions, and effect a permanent cure after all other medicines have failed. Thirty-two page pamphlet sent in a sealed envelope, free to any address.

Price $2 per bottle, or three bottles for $5. Sold by all druggists; or will be sent by express to any portion of the world, on receipt of price, by the sole proprietor,

Dr. W. R. MERWIN, 37 Walker St., N. Y.

Cherokee Remedy,

Cures all Urinary Complaints, viz: *Gravel, Inflammation of the Bladder and Kidneys, Retention of Urine, Stricture of the Urethra, Dropsical Swellings, Brick Dust Deposits, &c.* It is a powerful diuretic, and when used in conjunction with the

CHEROKEE INJECTION,

does not fail to cure *Gonorrhœa, Gleet and all Mucous Discharges* in Male or Female, curing *recent cases in from one to three days*, and is especially recommended in those cases of *Fluor Albus or Whites in Females*. The two medicines used in conjunction will fail to cure any this disagreeable complaint, and in those cases where other medicines have been used without success.

Price, Remedy, One Bottle, $2, Three Bottles, $5.
" Injection, " " $2, " " $5.

The Cherokee "*Cure*," "*Remedy*," and "*Injection*" are to be found in all well regulated drug stores, and recommended by physicians and druggists all over the world, for their intrinsic worth and merit. Some unprincipled dealers, however, try to deceive their customers, by selling cheap and worthless compounds,—in order to make money, in place of these. *Be not deceived.* If the druggists will not buy them for you, write to us, and we will send them to you by express, securely packed and free from observation. We treat all diseases to which the human system is subject, and will be pleased to receive full and explicit statements from those who have failed to receive relief heretofore. Ladies or gentlemen can address us in perfect confidence. We desire to send our thirty-two page pamphlet free to every lady and gentleman in the land. Address all letters for pamphlets, medicines, or advice, to the sole proprietor,

No. 39 Congress St., Portsmouth, N. H.,
—DEALERS IN—
S. Vance's Submerged Well PUMP.

This unsurpassable invention, now being first introduced, will, it is believed, supersede all other Well Pumps now in use.

ITS ADVANTAGES.

FIRST, SIMPLICITY.—This Pump is composed of but three parts, and is so simple in its construction that any one can easily put it together.

SECOND, DURABILITY.—Its peculiar construction, and the fact that it is always submerged combine to make it the most durable of all Pumps yet invented.

THIRD, NEVER FREEZES.—The valves are so constructed that, when not in motion, they allow all the water above to pass down into the well, and thus prevent freezing.

FOURTH, POWER.—For the amount of power applied, this Pump excels anything known. It throws one-third part more water than ordinary pumps, and works so easily that even a child can pump without fatigue. It is in this way the greatest labor-saving pump now offered to the public.

FIFTH, IT IS INVALUABLE.—For a well pump it is invaluable, as all the iron which is submerged consists of but three small pieces, and these galvanized. It can in no way corrode, consequently it brings up pure water at every stroke.

SIXTH, CHEAPNESS.—This Pump is so made that it costs but a trifle, and is warranted to keep in good repair. No repairs at all are needed. It is very light, and thus the cost of transportation is very small.

☞ Manufactured by S. VANCE & CO., No. 31 Liberty Street, Newburyport, and for sale in Portsmouth by the Sole Agents for N. H.,
ISRAEL MARDEN & CO.,

☞ We are permitted to refer to Mr. MONROE HOLMES and to Mr. FRANK W. MILLER of the Daily Chronicle, who have these new Pumps in use on their premises,—for testimony to their excellence.

TO THE LADIES.

Miss GUILD offers to the public her superior Crystal Palace Chart for CUTTING DRESSES, which is conceded by competent judges to surpass any invention of the kind ever offered to the American public. She feels fully warranted in saying that it is as perfect a fit as human ingenuity can render it, and should be in the possession of every lady. It is simple, easy, and graceful, adapted to every form and size, from little girls of seven years to the largest adults. Directions printed in full on every chart. None genuine unless the Crystal Palace is engraved on it, and the address of the inventress printed. Copyright secured, and no infringement allowed.

Agents are wanted in every part of the country. This Chart will be sent to any person on receipt of $2 addressed to
MISS LUCY GUILD, Rupert, Vt.

Ladies wishing a tape measure must inclose 15 cents extra.

Miss Guild warns people from buying, selling or using a chart called the National Chart by Miss Jane Eddy, Nashua, N. H., as it is an infringement of her copyright. Any person printing, selling or using the counterfeit chart will be prosecuted according to law. One Albert J. Warden has been extensively engaged in selling the counterfeit chart, and is supposed to be the perpetrator of the forgery. Any information leading to his arrest will be liberally rewarded.

NEW ADVERTISEMENTS.

VINELAND
FARM AND FRUIT LANDS,

In a mild and healthful climate. Thirty miles south of Philadelphia by Railroad. In New Jersey, on the same line of latitude as Baltimore, Md.

The soil is rich and *productive*, varying from a clay to a sandy loam, adapted for Wheat, Grass Corn, Tobacco, Fruits and Vegetables. This is a *great fruit country*. Five hundred Vineyards and Orchards have been planted out by experienced fruit-growers. Grapes, Peaches, Pears, &c., produce immense profits. Vineland is already one of the most beautiful places in the United States. The entire territory, consisting of fifty square miles of land, is laid out upon a general system of improvements. The land is only sold to actual settlers with provision for public improvement. The place, on account of its great beauty, as well as other advantages, has become *the resort of people of taste*. It has increased five thousand people within the past three years. Churches, Stores, Schools, Academies, Societies of Art and Learning, and other elements of refinement and culture have been introduced. Hundreds of people are constantly settling. Hundreds of new houses are being constructed. Price of farm lands, twenty acre lots and upward, $25 per acre. Five and ten acre and Village lots for sale.

Fruits and Vegetables grow earlier in this district than in any other locality north of Norfolk, Va. Improved places for sale.

Opening for all kinds of business. Lumber Yards, Manufactories, Foundries, Stores and the like; and Steam Power, with room, can be rented.

For persons who desire mild climate, a healthful climate, and a good soil, in a country beautiful, fully improved, abounding in fruits, and possessing all conveniences, to the heart of civilization, it is worthy of a visit.

Letters answered, and the Vineland Rural, a paper giving full information, and containing Reports of Solon Robinson, sent to applicants.

Address CHAS. S. LANDIS, Vineland P. O., Cumberland County, New Jersey.

From Report of Solon Robinson, Agricultural Editor of The Tribune: *It is one of the most extensive fertile tracts, in as almost every quality and suitable condition for pleasant farming that we know of this side of the Western Prairies.* nl—dawsm

DR. MAGGIEL'S
PILLS AND SALVE

These Life-giving remedies are now, for the first time, given publicly to the world. For over a quarter of a century of private practice the ingredients in these

Life-giving Pills!

Have been used with the greatest success. Their *mission is not only to prevent disease,* but to cure. They search out the various maladies by which the patient is suffering, and re-invigorate the failing system. To the aged and infirm a few doses of these valuable PILLS will prove to be

A Very Fountain of Youth,

For in every case they add new life and vitality, and restore the waning energies to their pristine state. To the young and middle-aged, they will prove most invaluable, as a ready, specific, and sterling medicine. Here is a dream realized, that Ponce-de-Leon sought for three hundred years ago, and never found. He looked for a fountain that would restore the old to youth and make youth ever

AN ETERNAL SPRING!

It was left for this day and hour to realize the dream, and show, in one glorious fact, the magic that made it fair.

These Famous Remedies

Cannot stay the flight of years, but they can force back, and hold aloof, diseases that might triumph over the aged and the young. Let none hesitate then, but seize the favorable opportunity that offers. When taken as prescribed—

FOR BILIOUS DISORDERS

Nothing can be more productive of cure than these Pills. Their almost magic influence is felt at once; and the usual concomitants of this most distressing dis

A dispatch from Concord at 10 1-2 o'clock says the returns from 98 cities and towns give Smyth 20,500, Sinclair 15,481. Democratic net gain 890.

A dispatch dated Concord, 12 P. M., says Merrimac County is probably Republican by less than 100 majority. Returns indicate the choice of Democratic Councillors in two of the five Districts, and three of the 12 Senators. Smyth for Governor will have about 4600 majority. Legislature Republican by about last year's majority, but much cut up between the aspirants for U. S. Senator. It is so large as to present an excellent chance for a lively quarrel. John Abbott was chosen Mayor of Concord.—The Democratic gain here is 85.

GREENLAND.—This is the first Town Meeting which has been held since that which broke up in a copperhead row last year. The "Democrats," so called, or "Democratic Republicans," if anybody knows what that is, have now carried the town—though we hope they won't carry it far. Ephram Packer, dem., was elected Representative, having 100 votes to 89 for Rufus W. Weeks, rep. George E. Brackett, dem., is elected Town Clerk; the Moderator was Howard F. Marston; Selectmen, F. J. Berry,—Chapman,—Foss—all dem.

☞ Perley telegraphs from Washington on Tuesday:

All of those Senators who have heretofore acted with the Union party were invited to meet in caucus this morning and there was a general attendance, including Messrs. Doolittle, Stewart and Lane. Mr. Dixon was kept at home by indisposition.

The proceedings of the caucus were not public, but it is understood that there was a manifest desire to preserve harmony among the Union Senators.

On motion of Mr. Wilson the various proposed Constitutional amendments were referred to the Union Senators on the Committee of Reconstruction, with instructions to report a proposition if possible which will receive the united support of the Union Senators.

Gen. Sherman has written a letter, which Gen. Grant approves, recommending the enlistment of a thousand Indians to serve as mounted scouts on the frontiers.

☞ Mayor Charles A Shaw of Biddeford,—one of the very few and select Democratic similar officers in New England, was re-elected on Monday.

— Fast Day in Connecticut, Friday, March 30th—Good Friday.

IN THE U. S. SENATE, Monday, March 12, Mr. Grimes offered the following Constitutional amendment:—

"Representatives shall be apportioned among the several States which may be included within this Union, according to their respective numbers, counting the whole number of persons in each State, including Indians not taxed; but whenever in any State the elective franchise shall be denied to any portion of its male citizens above the age of twenty-one years, except for crime or disloyalty, the base of representation in such States shall be reduced in proportion to the number of male citizens so excluded to the whole number of male citizens over twenty-one years of age."

The House went into Committee of the Whole, and resumed the consideration of the bill regulating trade with the British North American Provinces.

After debate the enacting clause of the bill was struck out by a vote of 68 to 37.

The Committe rose, and the bill was reported to the House, which concurred in the last named action—75 to 52. This kills the bill.

The House instructed the Committee on Printing to inquire into the propriety of 20,000 extra copies of the reports and testimony before the Reconstruction Committee.

The House then went into Committee of the Whole on the fortification bill. It appropriates a million and a half dollars.

TENNESSEE LEGISLATURE. Governor Brownlow has issued a proclamation for a new election to take place in certain districts of the State for Representatives to the Legislature. It appears that twenty members of that body, being unable in any other way to defeat the passage of the franchise bill, withdrew and published an appeal to their constituents in justification of their course. The franchise bill has been under consideration a long time, and was amendatory of that of June, 1865. Its provisions were very stringent and virtually excluded from the polls all who had ever borne arms against the United States, with a few specified exceptions. The Legislature would have stood 21 to 45 on the measure, could it have been brought to a vote. Governor Brownlow, in his proclamation, says that although the districts thus notified may return men pledged to the same course of conduct, he intends to throw on them the responsibility of obstructing the government of the State and injuring its credit.

JAMAICA.—The Commission sent from England to investigate the facts concerning the recent terrible slaughter of Jamaica blacks, are pushing forward their labors with diligence. Upward of one hundred and fifty persons have already been arrested, and our last arrival from that quarter states that more prisoners are still coming in from the interior. The tables are now decidedly turning, and instead of pursuing and shooting down helpless inoffensive blacks, Eyre's base tools are now being hunted down and brought to justice. It is very clear that more than one person will swing for this business, unless the government wishes to raise a storm all throughout England. The people are satisfied that a great crime has been done, and will not rest contented until the guilty parties are made to suffer for it.

—— Rev. T. H. Miller is to preach at South Hampton, Sunday, March 25.

Local.

A VETERAN SKIPPER.—The Traveller's Portsmouth correspondent, E. P. N., sends the following contribution, which is of sufficient local interest to be copied here:

Capt. Daniel Fernald, our oldest citizen, died last Wednesday evening. He was born on the 19th of November, 1767, and was therefore in the 99th year of his age. Capt. F. was noted for his regular habits of industry and sobriety, for his exhaustless energy and sterling common sense, for honest and honorable dealings, and for his traits of moral courage and persistency. During his protracted experience as master of coasting vessels, Capt. F. proved himself equal to any emergency. He had several vessels totally wrecked, and was once so unfortunate as to lose his entire crew by cold and exposure. Capt. F. was one of our most fearless and daring skippers during the war of 1812. On one occasion while bringing cannon covered with general merchandise, from Boston to this port, he was overhauled by a British cruiser, and searched,—the vigilant and sagacious enemy throwing overboard most of his cargo of goods, in order to ascertain whether he had on board anything of a "contraband" character, but their backs and arms becoming fatigued, they desisted before making the threatened discovery, not however without approaching within a single thin layer of the precious cannon.

Another time the captain proved less fortunate, was captured and for some time imprisoned by the British. This remarkable man, some thirty years since, performed a great feat. He was at Portland with his vessel, when, his crew being ashore on a spree, the wind being fair at the appointed time of departure, he cast off, set sail, and single-handed, brought his vessel safely round to Portsmouth. As the redoubtable captain gracefully neared the wharf and cast anchor, he was saluted with the inquiry —"Hallo, skipper, where's your crew?" "All on deck!" was the nervous and laconic response. Capt. Fernald's hearing was good to the last, he could read fine print without the aid of spectacles, and he of choice sawed and split his own wood up to the before his death. There is a gentleman still in business here, who, upwards of fifty years ago, accompanied Capt. F. to Boston, to purchase goods, at a time when flour was $20, pork $60 per barrel, and corn $2.50 per bushel.

☞ Those interested will not forget that Auctioneer Wendell is to raise his inexorable hammer over the beautiful house of Capt. Libby, and all its contents, this morning. We shall only add to what we have already said, and what everybody knows,—that never before, to our knowledge, was so good a chance offered to buy a nice house all ready to live in—no doubt some thousands of dollars cheaper than it could be built and furnished now. And a look over the premises will show at once that both house and furniture are literally as good as new—very many articles, in fact, never having been used at all, and scarcely one being "worn" in the least.

The amount of furniture is very large—there is almost every conceivable article for use or ornament, and all are of the best quality—the house is full of nice things from cellar to garret; and as to the taste displayed in the selection, we must say, that if we were going to fit and furnish such a house, we should like to employ as much good judgment as Capt. Libbey has here displayed; and those who don't think it would be worth at least one thousand dollars to oversee such a job, had better try it once for themselves, that's all.

Next in value to the house, comes the splendid Steinway Piano Forte, with a rich cover and stool; and whoever gets that instrument may be sure of a nice one—as may also be truly said of almost every other article in the house. It will be seen that the sale commences at 10 o'clock; and as Mr. Wendell has a large job before him, we have no doubt that those who want to secure the good bargains will have to keep their eyes open and speak quick for them.

☞ The great Pantecnatheca reopens at the Temple again this evening. And besides the real merit of the pictures, themselves, exhibited—a number of valuable and desirable articles will be presented to the audience. The show is pronounced a good one by all see it; and we have no doubt, from an acquaintance with the gentlemanly managers, that it is all conducted in an entirely honorable and satisfactory manner, and is well worth attending.

☞ Philharmonic Rehearsal this (Wednesday) evening. Also Friday evening. It will be remembered that the Society are to give a Concert in Dover on the 20th inst., and in Portsmouth on Fast Night, April 5th.

☞ It will be seen that Cotton, Murphy & Smith's California Minstrels—one of the best troupes that ever travelled—announce another of their fine concerts in this city next week.

WASHINGTON ITEMS.—The Boston Herald's Washington Correspondent says:—

There are six Southern Senators elect in this city, all of whom have come to the conclusion that there is no possible chance for the admission of Southern Representatives during this or even the next session of Congress.

The Commissioner of Customs has received additional information of the complete system of smuggling on the Southern coasts by parties formerly engaged in blockade running.

Lyon's Periodical Drops!

THE GREAT FEMALE REMEDY FOR IRREGULARITIES.

These Drops are a scientifically compounded fluid preparation, and better than any Pills, Powders or Nostrums. Being liquid, their action is direct and positive, rendering them a reliable, speedy and certain specific for the cure of all obstructions and suppressions of nature. Their popularity is indicated by the fact that over 100,000 bottles are annually sold and consumed by the ladies of the United States, every one of whom speak in the strongest terms of praise of their great merits. They are rapidly taking the place of every other Female Remedy, and are considered by all who know aught of them, as the surest, safest and most infallible preparation in the world for the cure of all female complaints, the removal of all obstructions of nature, and the promotion of health, regularity and strength. Explicit directions stating when they may be used, and explaining when and why they should not, accompany each bottle. Not to be used without producing effects contrary to nature's chosen laws, will be found carefully folded around each bottle, with the written signature of JOHN L. LYON, without which none are genuine. **Price $1.50.**

Prepared by Dr. JOHN L. LYON, 195 Chapel Street, New Haven, Conn., who can be consulted either personally, or by mail, (enclosing stamp,) concerning all the peculiar diseases of female weaknesses. **Price $1.50 per bottle.**

Perry's Moth and Freckle Lotion.

☞ Chloasma, or Mothpatch, (also called Liver spots,) and Lentigo, or Freckles, are often very annoying, particularly to ladies of light complexion, for the discolored spots show more plainly on the face of a blonde than of a brunette; but they greatly mar the beauty of either and any preparation that will effectually remove them, *without injuring the texture or color of the skin,* is certainly a desideratum. Dr. H. PERRY, who has made diseases of the skin a speciality, has discovered a remedy for these discolorations, which is at once prompt, infallible and perfectly innocuous.

Prepared by H. C. PERRY, Dermatologist, No. 49 Bond Street, New York, and for sale by all druggists. Price $2 per bottle, half pint.

ALLCOCK'S POROUS PLASTERS

CURE LUMBAGO, PAINS OF THE SIDE, VARICOSE VEINS, SORE CHEST, &c.

An Electrician, who has great experience of their effects in *local rheumatism*, in the *sciatica*, and deep-seated nervous and other pains, and in affections of the kidneys, etc., etc., attributes all their sedative, stimulative, and pain relieving effects to their *electric* qualities. He asserts they restore the healthy electric condition (equilibrium) of the part, and *that* being restored, pain and morbid action cease.

LAME BACK.

Brandreth House, N. Y., Nov. 23, 1859.

T. ALLCOCK & Co.—Gentlemen: I lately suffered severely from a weakness in my back. Having heard your plasters much recommended in cases of this kind, I procured one, and the result was all that I could desire. A single Plaster cured me in a week.

Yours respectfully, J. G. BRIGGS.

CLOCK'S

Excelsior Hair Restorer

Is warranted to restore GRAY HAIR in all cases to its original color, whether black or brown.

It will not stain the skin or the finest linen.

It will instantly arrest the hair from falling off; causes hair to grow on BALD HEADS when fallen off by disease; and is a complete dressing for the hair, keeping it moist and glossy and perfumed longer than any other preparation in the market.

This article is warranted to do as represented, or the money will be refunded. It is positively the greatest discovery in hair preparations of the age.

For sale in Portsmouth by J. H. THACHER, Apothecary, opposite the Post Office, and at No. 12 Market Square.

ELECTION IN PORTSMOUTH.

Tuesday was a mild day for the season, and thus favorable for a full vote; and there was great interest in the election, arising chiefly from the strange movements of the President, and the reviving hopes of the leaders among his *new friends*, that they might climb over his back into the power which they wielded so long in favor of their own places and pockets. The voting was as follows:

☞ In March 1864, Gov. Gilmore had 1229 votes in Portsmouth; Mr. Harrington 659; Rep. maj. 570.

In November, Pres. Lincoln had 1228; McClellan, 678; maj. 550.

In March 1865, the Union vote for Smyth was 1245, and he had 708 majority. He had the largest vote we ever gave any governor.

This year, the Union vote for Smyth is 1095 and he has 413 majority—making a net loss of 295, and a corresponding gain to the "Democratic Republican" ticket. This change is accounted for, partly by the shifting of many votes first forward and then backward, of Navy Yard employees, who wish to keep their bread buttered on both sides, and vote accordingly, hoping now to creep under the president's wing; but partly by the removal from our city of large numbers of workingmen who have been discharged in months past, and who voted mostly the republican ticket last March, when the Navy Yard was full of people.

This result was foreseen by the republican canvassers of the city, and was wonderfully magnified by a writer in the Boston Herald of Wednesday last week, who stated that there were about 2500 men on the Yard, and that the President's orders would so affect them, as to change the complexion of the State! It has almost changed Ward 3:—but there happen to be not half 2500 men on the Yard; only about half of them vote in New Hampshire; and probably not half of these are any way coppery.

☞ Thanks to Clerks of Ward One and Three for returns.

☞ The Funeral of Mr. Folsom, this Afternoon, we presume will be attended by the Mechanic Association and the Free Masons. The deceased was formerly President of the Mechanics, and it is hoped that all the members will attend—the Association being now furnished with suitable banner, &c., for such appearance.

☞ An advertisement of interest to farmers and gardeners will be found in another column of this paper—from the Agricultural Tool and Seed Store of Messrs. Goodwin, Sweetser & Co., which is coming to be appreciated as a great institution for farmers and the community generally.

☞ B. M. Parker, Esq., advertises to attend to the late Pension and Claim Agency affairs of J. E. Rider, Esq. And we don't know many men who "mind their business," whatever it may be, any better than Ben does; and as to that, we never knew one who attended to it any better than his late lamented predecessor.

ROCKINGHAM PEAT COMPANY.—We learn that the new company formed for the purpose of manufacturing peat and the sale of rights to manufacture in the County of Rockingham and Strafford, met at the office of William H. Hackett, in this city on Monday. A. W. Haven, Esq., was chosen chairman of the meeting, Wm. W. Palfry, Secretary. It was voted that the management of the affairs of the company be placed in the hands of trustees to act until a charter be obtained for the company. His honor Mayor Bailey, Admiral Bailey and Col. J. M. Jones of the U. S. marine corps, were appointed Committee to nominate trustees, and they reported the names of Messrs. B. F. Chandler and Geo. W. Tucker of Portsmouth, and John E. Bickford, Esq., of Dover, who were unanimously chosen trustees with power to proceed to carry out the purposes for which the company was formed.

We understand that this company, are to operate under the patent rights owned by the American Peat Company of Boston.

The meeting was largely attended, several gentlemen being present from Portland, Saco, Biddeford, &c., in addition to many solid men of our own community.

THE FENIAN SCARE IN CANADA.—The excitement is very great in all parts of Canada, and the people fully believe that before this week passes away, Gen. Sweeney, with an army numbering thousands of well-armed and disciplined Fenians, will sweep down upon the borders; but nearly all are sanguine of their ability to repel them.

DENTAL NOTICE!

No. 60 Congress Street.

Having adopted the C. O. D. system of doing business, **Dr. E. B. GOODALL** informs his patients and the public that he now inserts whole sets of block teeth on VULCANITE BASE for $30.00 each (upper and lower,) and warrants them as good and as serviceable as sets on GOLD, which they thus closely resemble.

He also keeps a fresh supply of PURE NITROUS OXYDE GAS to answer the numerous calls made for painless anesthetic, and administers PURE ETHER, when desirable.

All other operations in Dentistry performed at reasonable remuneration. mch14

Important.

DR. STEVENS, No 5 Daniel Street, would give notice that he has REDUCED the price of Permanent Sets of ARTIFICIAL TEETH on the Vulcanite Base, to that charged for them before the war.

He would also give notice that he is doing a new style of work for Under Sets of Teeth, called the COMBINATION BASE (Gold and Vulcanite) which produces by far the finest work offered to the public. The price is something in advance of that charged for the Vulcanite alone, but the strength, durability, ease of bearing, and beauty of finish obtained by it, more than double the value of the teeth. mh12

GEORGE F. WEED,

S-u-r-g-e-o-n D-e-n-t-i-s-t,

FIRST ASSISTANT in the office of Dr. STEVENS, No. 5 DANIEL STREET.

DR. WEED can be found at his place of business at all hours of the day and night, for the performance of any of the operations that come within the call of his profession.

Dr. A. P. STEVENS, No. 5 Daniel St., makes the saving of ULCERATED and painful front teeth, a specialty in his business. He also successfully restores to their natural shape broken or badly decayed teeth, by building out corners and sides with PURE GOLD. (In many cases teeth so restored are as strong as any of their brother members, and in all cases are rendered eminently useful for a long series of years.) DISEASED TEETH, in all stages, treated, and in a very large majority of cases entire success attained.

Charges for such operations necessarily high, but nothing in comparison to the value of the Teeth. mch14

FLOUR OF BONE!

Do you want to improve your lands and your crops, successfully and permanently? Use "FLOUR OF BONE." Warranted Pure.

The most economical and best Fertilizer in use
Manufactured by Boston Milling & Manufacturing Co.

UNADULTERATED and UNBURNT.

Send for pamphlet, and
Read the following testimonials:

TRIBUNE OFFICE, NEW YORK, Dec. 11, 1865.

MR. CHAS. H. GARDNER:—It will give me pleasure to do or say anything which will increase your sales of the "Flour of Bone." Your article, character because known to me, by examination and use, I have persisted in its recommendation as the most economical concentrated fertilizer that farmers can purchase; and I feel that I can induce them to use the article more extensively, I shall be doing them a much greater favor than I shall the *Boston Milling and Manufacturing Company*, or you as their Agent. I therefore authorize you to make such use of this note as you may think will promote their mutual interests.

Respectfully, &c.,
SOLON ROBINSON,
Agricultural Editor N. Y Tribune.

WISCASSET, Me., Sept. 24, 1865.

GENTLEMEN:—I have tried your *Flour of Bone* on my land with the finest results. On all my vegetables it has a wonderful effect, producing a very full, heavy and thrifty crop; though we have had a very dry season, yet my crop of all kinds is far ahead of any other raised by me in former years. Where I have put the *Flour of Bone*, it has forwarded the growth from two to three weeks ahead of other places where not used. This season I have not used any other fertilizer, and after this shall use nothing else, as I consider it the *best fertilizer known.*

Very truly yours,
OAKES RUNDLETT.

SUFFERERS

From Dyspepsia

READ! REFLECT!! ACT!!!

TARRANT & CO

Gentlemen:—I am a resident of Curacoa, and have often been disposed to write to you concerning the real value of your SELTZER APERIENT as a remedy for indigestion and dyspepsia. I desire to express to you my sincere gratitude for the great benefit the SELTZER has done my wife.

For four or five years my wife has been sadly afflicted with Dyspepsia, and after being under the treatment of several Doctors for two or three years, she was finally induced to seek the advice of a learned Physician, Doctor Cabialis, of Venezuela, who immediately treated her with your EFFERVESCENT SELTZER APERIENT. She began to improve at once and is now PERFECTLY WELL.

I feel it to be my duty for the good of humanity to make this statement, feeling that a medicine so valuable should be widely known.

Trusting that you will give this publicity, and repeating my earnest gratitude and thanks,

I am very respectfully yours,
S. D. C. HENRIQUER,
Merchant, Curacoa, S. A.

New York, June 28th, 1865.

WE ASK

The suffering millions in our land to give this remedy a trial, convinced that by its timely use many may be relieved, many cured of

Dyspepsia, Heartburn, Sour Stomach, Sick Headache, Dizziness, Indigestion, Piles, Costiveness, Bilious Attacks, Liver Complaints, Rheumatic Affections, &c.

Read the Pamphlet of Testimonials with each bottle, and do not use the medicine against the advice of your Physician.

CHEROKEE CURE,

THE GREAT

INDIAN MEDICINE,

Cures all diseases caused by self-abuse, viz:—*Spermatorrhea, Seminal - Weakness, Nocturnal - Emissions, Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Pale Countenance, Insanity, Consumption*, and all diseases that follow as a sequence of youthful indiscretions.

This Cherokee Remedy will restore health and vigor, stop the emissions, and effect a permanent cure after all other medicines have failed. Thirty-two page pamphlet sent in a sealed envelope, free to any address.

Price $2 per bottle, or three bottles for $5. Sold by all druggists; or will be sent by express for any portion of the world, on receipt of price, by the sole proprietor,

Dr. W. R. MERWIN, 37 Walker St., N. Y.

Cherokee Remedy,

Cures all Urinary Complaints, viz: *Gonorrhea, Inflammation of the Bladder and Kidneys, Retention of Urine, Strictures of the Urethra, Dropsical Swellings, Brick Dust Deposits*, and all diseases that require a diuretic, and when used in conjunction with the

CHEROKEE INJECTION,

does not fail to cure *Gonorrhea, Gleet and all Mucous Discharges* in Male or Female, curing *recent cases in from one to three days*, and is especially recommended in those cases of *Fluor Albus or Whites in Females.* The two medicines used in conjunction, will not fail to remove this most obstinate complaint, and in those cases where other medicines have been used without success.

Price, Remedy, One Bottle, $2, Three Bottles, $5.
" Injection, " $2, " $5.

The Cherokee "*Cure*," "*Remedy*," and "*Injection*" are to be found in all well regulated drug stores, the human system is subject, and will be druggists all over the world, for their intrinsic worth and merit. Some unprincipled dealers, however, try to deceive their customers, by selling other and worthless compounds,—in order to make money—in place of these. *Be not deceived.* If the druggists will not buy them, write to us, and we will send them to you by express, securely packed and free from observation. We treat all diseases to which the human system is subject, and will be pleased to receive full and explicit statements from those who have failed to receive relief heretofore. *Ladies or gentlemen can write us in perfect confidence.* We desire to send our thirty-two page pamphlet free to every lady and gentleman in the Union. Address all letters, pamphlets, medicines, or advice, to the sole proprietor.

Dr. W. R. MERWIN, 37 Walker St., N. Y.

ISRAEL MARDEN & CO.,
No. 39 Congress St., Portsmouth, N. H.,
—DEALERS IN—
S. Vance's Submerged Well PUMP,
This unsurpassable invention, now being first introduced, will, it is believed, supersede all other Well Pumps now in use.
ITS ADVANTAGES.
FIRST, SIMPLICITY.—This Pump is composed of but three parts, and is so simple in its construction that any one can easily put it together.
SECOND, DURABILITY.—Its peculiar construction, and the fact that it is always submerged combine to make it the most durable of all Pumps yet invented.
THIRD, NEVER FREEZES.—The valves are so constructed that, when not in motion, they allow all the water above to pass down into the well, and thus prevent freezing.
FOURTH, POWER.—For the amount of power applied, this Pump excels anything known. It throws one-third part more water than ordinary pumps, and works so easily that even a child can pump without fatigue. It is in fact, the greatest labor-saving pump now offered to the public.
FIFTH, IT IS INVALUABLE.—For a well pump it is invaluable, as all the iron which is submerged consists of but three small pieces, and these galvanized. It can in no way corrode, consequently it brings up pure water at every stroke.
SIXTH, CHEAPNESS.—This Pump is so made that it costs but a trifle, and is warranted to keep in use for years. No repairs at all are needed. It is very light, and thus the cost of transportation is very small.
☞ Manufactured by S. VANCE & CO., No. 31 Liberty Street, Newburyport, and for sale in Portsmouth by the Sole Agents for N. H.,
ISRAEL MARDEN & CO.,
39 Congress Street.
☞ We are permitted to refer to Mr. MONROE HOLMES and to Mr. FRANK W. MILLER of the Daily Chronicle, who have these new Pumps in use on their premises,—for testimony to their excellence.

TO THE LADIES.
MISS GUILD offers to the public her superior Crystal Palace Chart for CUTTING DRESSES, which is conceded by competent judges to surpass any invention of the kind ever offered to the American public. She feels fully warranted in saying that it is as perfect a fit as human ingenuity can render it, and should be in the possession of every lady. It is simple, easy, and graceful, adapted to fit every form and size, from little girls of seven years to the largest adults. Directions printed in full on every Chart. None genuine unless the Crystal Palace is engraved on it, and the address of the inventress printed. Copyright secured, and no infringement allowed.
Agents are wanted in every part of the country. This Chart will be sent to any person on receipt of $2 addressed to
Miss LUCY GUILD, Rupert, Vt.
Ladies wishing a tape measure must inclose 15 cents extra.
Miss Guild warns people from buying, selling or using a chart called the National Chart by Miss Jane Eddy, Nashua, N. H., as it is an infringement of her copyright. Any person printing, selling or using the counterfeit chart will be prosecuted according to law. One Albert J. Warden has been extensively engaged in selling the counterfeit chart, and is supposed to be the perpetrator of the forgery. Any information leading to his arrest will be liberally rewarded.

VINELAND
FARM AND FRUIT LANDS.
In a mild and healthful climate. Thirty miles *south* of Philadelphia by Railroad, in New Jersey, on the same line of latitude as Baltimore, Md.
The soil is highly productive, varying from a clay to a sandy loam, suitable for Wheat, Grass, Corn, Tobacco, Fruits and Vegetables. This is a *great fruit country*. Peach Orchards, Vineyards and Orchards have been planted out by experienced fruit-growers. Grapes, Peaches, Pears, &c., produce immense profits. Vineland is already one of the most beautiful places in the United States. The entire territory, consisting of fifty square miles of land, is laid out upon a general system of improvements. The land is only sold to actual settlers with provision for public adornment. Vineland, on account of its great beauty, as well as other advantages, has become *the resort of people of taste*. It has increased five thousand people within the past three years. Churches, Stores, Schools, Academies, Societies of Art and Learning, and other elements of refinement and culture have been introduced. Hundreds of people are constantly settling. Hundreds of new houses are being constructed. Price of Farm land, twenty acre lots and upward, $25 per acre. Five and ten acre and Village Lots for sale.
Fruits and Vegetables ripen earlier in this district than in any other locality north of Norfolk, Va. Improved Farms for sale.
Opening for all kinds of business. Lumber Yards, Manufactories, Foundries, Stores and the like. Land Steam Power, with room, can be rented.
For persons who desire mild winters, a healthful climate, and a good soil, in a country beautifully improved, abounding in Churches, possessing all other social privileges, in the heart of civilization, it is worthy of a visit.
Letters answered, and into Vineland Rural, a paper giving full information, and containing Reports of Solon Robinson, sent to applicants.
Address CHAS. K. LANDIS, Vineland P. O., Landis Township, New Jersey.

THE LIGHT OF THE WORLD.
DR. MAGGIEL'S
PILLS AND SALVE
These Life-giving remedies are now, for the first time, given publicly to the world. For over a quarter of a century of private practice the ingredients in these

Life-giving Pills!
Have been used with the greatest success. Their *mission is not only to prevent disease, but to cure. They search out the various maladies by* which the patient is suffering, and re-invigorate the failing system. To the aged and infirm a few doses of these valuable PILLS will prove to be

A Very Fountain of Youth,
For in every case they add new life and vitality, and restore the waning energies to their pristine state. To the young and middle-aged, they will prove most invaluable, as a ready, specific, and sterling medicine. Here is a dream realized, that Ponce-de-Leon sought for three hundred years ago, and never found. He looked for a Fountain that would restore the old to youth and make youth ever

AN ETERNAL SPRING!
It was left for this day and hour to realize the dream, and show, in one glorious fact, the magic that made it fair.

These Famous Remedies
Cannot stay the flight of years, but they can force back, and hold aloof, diseases that might triumph over the aged and the young. Let none hesitate then, but seize the favorable opportunity that offers. When taken as prescribed—

FOR BILIOUS DISORDERS
Nothing can be more productive of cure than these Pills. They almost magic influence is felt at once; and the usual symptoms of this most distressing disease are removed. These remedies are made from the purest
VEGETABLE COMPOUNDS.
They will not harm the most delicate female, and can be given with good effect in prescribed doses to the youngest babe.
For Cutaneous Disorders
And all eruptions of the skin, the SALVE is most invaluable. It does not heal externally alone, but penetrates with the most searching effects to the very root of the evil.

Morning Chronicle.

Portsmouth, N. H.

THURSDAY, MARCH 15, 1866.

NEW HAMPSHIRE ELECTION, as it appears by returns from 129 towns, results in reelecting Gov. Smyth by the handsome majority of 5000, Maj. Savage Railroad Commissioner by the same figures. Four and probably all five, of the Councillors are Republicans, as are also nine at least of the twelve Senators. The House of Representatives will have a Republican majority of about one hundred. The Republicans also carry seven of the ten Counties, leaving only to the copperheads, Belknap, Carroll and Coos, as usual. In fine, the victory is complete and sweeping.

The Monitor says, "The President will understand from it that New Hampshire does not endorse his veto or speech, but does most emphatically endorse Congress. Very few public meetings have been held in the State, but there has been a deep undercurrent of feeling among the people that cropped out in a cheering manner. The people are right on the great questions of the day, and they ask that their servants at Washington, from the President down, shall heed their wishes and execute justice."

The Independent Democrat adds,—"Support the President," reiterated with noisy din, could not work forgetfulness of infamous treason to Country, Liberty, and Humanity, which finds its appropriate synonym in Copperheadism. The voice of New Hampshire is heard clearly pronouncing upon the great issue of the hour, "Make haste slowly in the work of Reconstruction, do it thoroughly, botch it not by compromise with sin, and let it rest upon the sure basis of eternal Right." This is the voice of New Hampshire. She is radical—and radically right.

RESTORATION OF SLAVERY.—A Savannah paper expresses the fear that the profitable business of raising rice will never be renewed in that State, and that the rice fields will become unproductive swamps.—It says that the white man, even the acclimated and native, is unable to cultivate these plantations, and the negro will not, unless compelled to. The only remedy it sees lies in the hope that Congress will consent that the State shall make laws compelling the negroes to labor. The pretence under which this may be done is thus foreshadowed: "For many years the negro population must form a large proportion of the paupers, vagrants and criminals in our midst. The States of South and North Carolina have no penitentiaries; and it is well they have not, or they would be speedily crowded. Let those States, then, provide settlements where negro criminals and vagrants can be placed for penal servitude; let them buy up these rice fields that are reverting to swamp (which they can do for a song), and send their negro criminals there to work them. Such a plan would inflict the punishment, attain the desired end, and prove a source of great revenue to the State, and of benefit to the people at large. It will be perfectly safe labor, as far as the negro's health is concerned; for the disagreeable, he can stand it."

TROUBLES IN GEORGE.—In the affray in Stewart county, Georgia, the negroes on Jack Calbert's plantation seemed to have acted wholly on the defensive. Three white men visited the plantation and arbitrarily demanded that the negroes should be removed, making violent demonstrations. The negroes pitched into them, killing one, cracking the skull of another and breaking the arm of a third. The Sheriff of the county was at the head of the party which went the next day to arrest the negroes, but setting about it in a violent and disorderly manner a desperate fight ensued, in which one white man was killed, one mortally wounded, and four negroes killed. Sixteen negroes were arrested and lodged in jail. Three soldiers, who went down to investigate the affair, took a large force of negroes and started toward Florence in pursuit of the Sheriff's party, but were by some means induced to turn back. A larger squad of soldiers were then sent out to restore order.

THE DRY GOODS MARKET.—The Philadelphia Ledger says several of the cotton and woolen mills in the neighborhood of that city recently suspended operations, as they supposed temporarily, expecting to work off their stocks of goods in a month or two without serious loss, but in this they have been disappointed, and one mill has a stock of goods which six weeks ago was valued at $400,000, now stacked in the mills, as it would not realize three-fourths of that sum if put on the market.

— At a caucus of the Republican Senators, held in Washington Tuesday, it was decided that the Reconstruction Committee should report a constitutional amendment in regard to representation, which the party would agree upon and carry through both Houses.
